

PART 1

It's been three days now

Already? Are you sure?

A 3D rendered scene of a bathroom. In the center, a bald mannequin wearing a yellow long-sleeved shirt stands in profile, facing left. To the left is a white door with a gold handle. To the right is a white vanity with a sink and a large mirror. The walls are light gray.

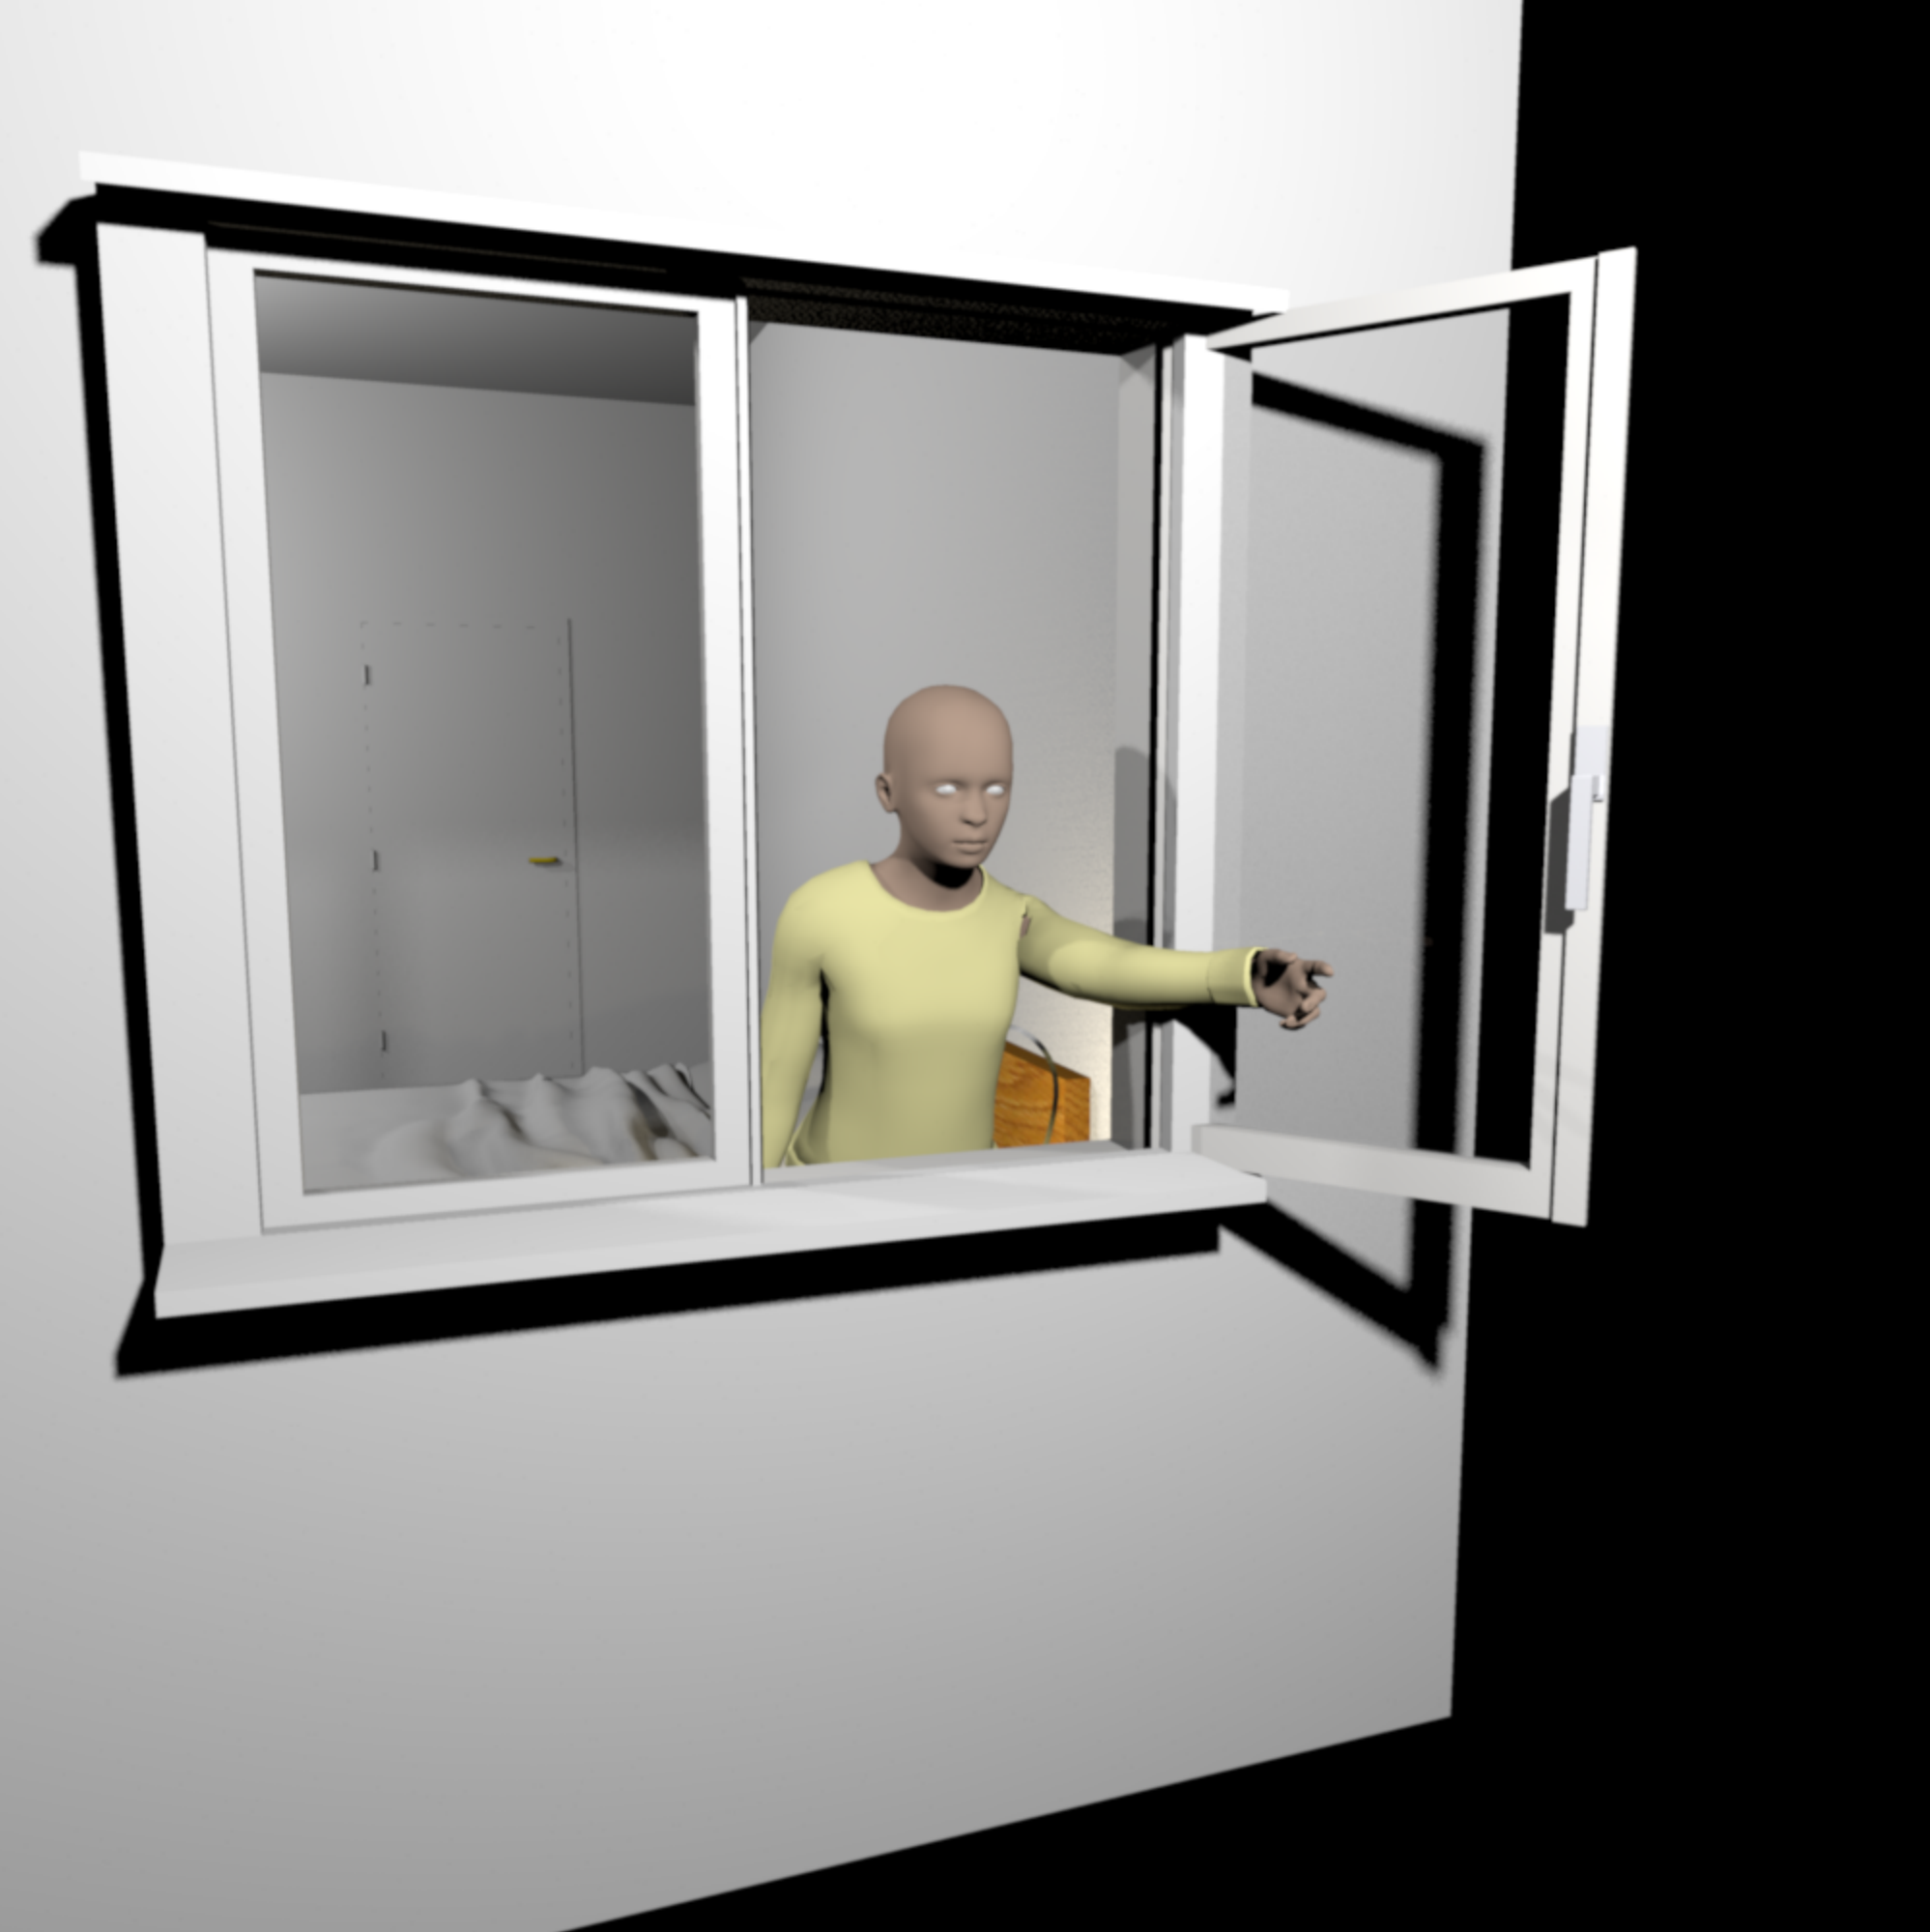

It's your turn

I know, I know
I'll bring her back tonight

It's easy enough

Just leave the window open

and go to sleep

It's you!
From TV!

It's time to come home
You've been out for too long

I get to go with you?
Into the TV show?
I hate it here

A 3D rendered character with a bald head and a yellow jumpsuit, looking down in a dark, starry environment. The character is standing with their arms slightly away from their body. The background is a dark, textured surface with a starry sky above. A white speech bubble is positioned in front of the character.

I'm taking you back to your real home
You've just forgotten

Wait

We're not supposed to stay out so long
You know that

I remember now

Not this place
Please
Not here

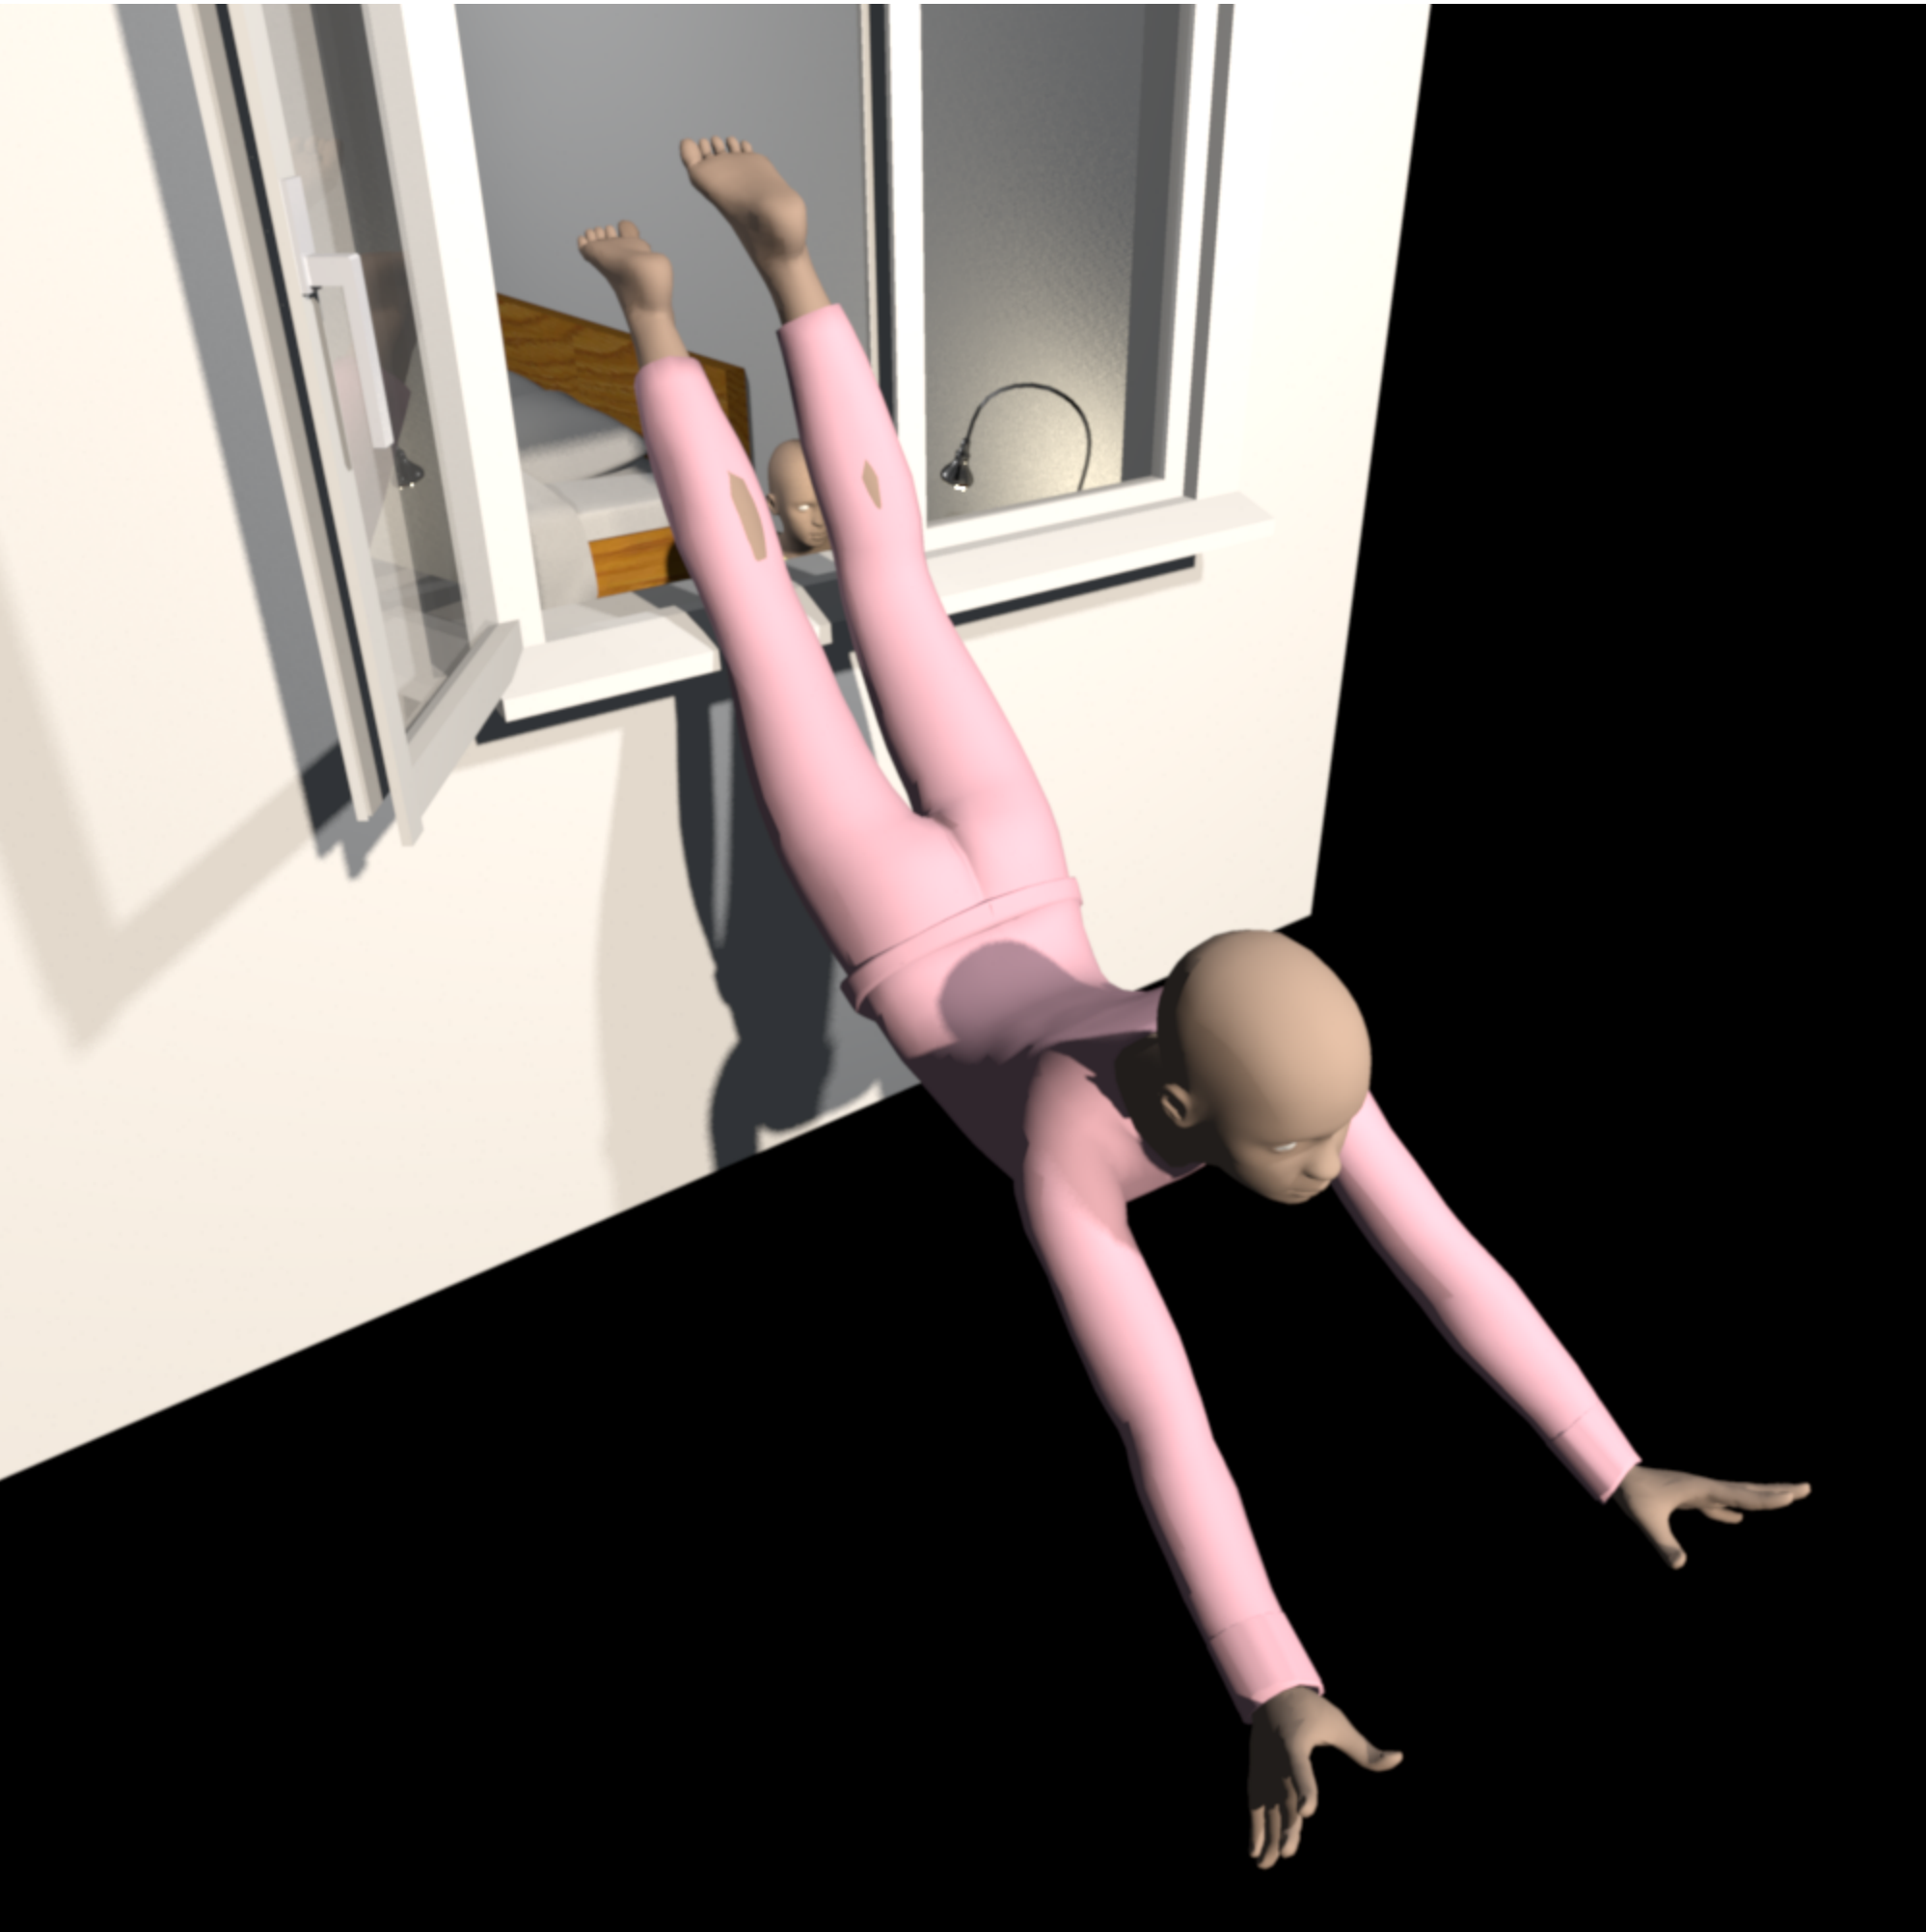

You can't stay there. We've all tried. We decided:
Better to keep remembering than to forget and
remember and forget over and over again

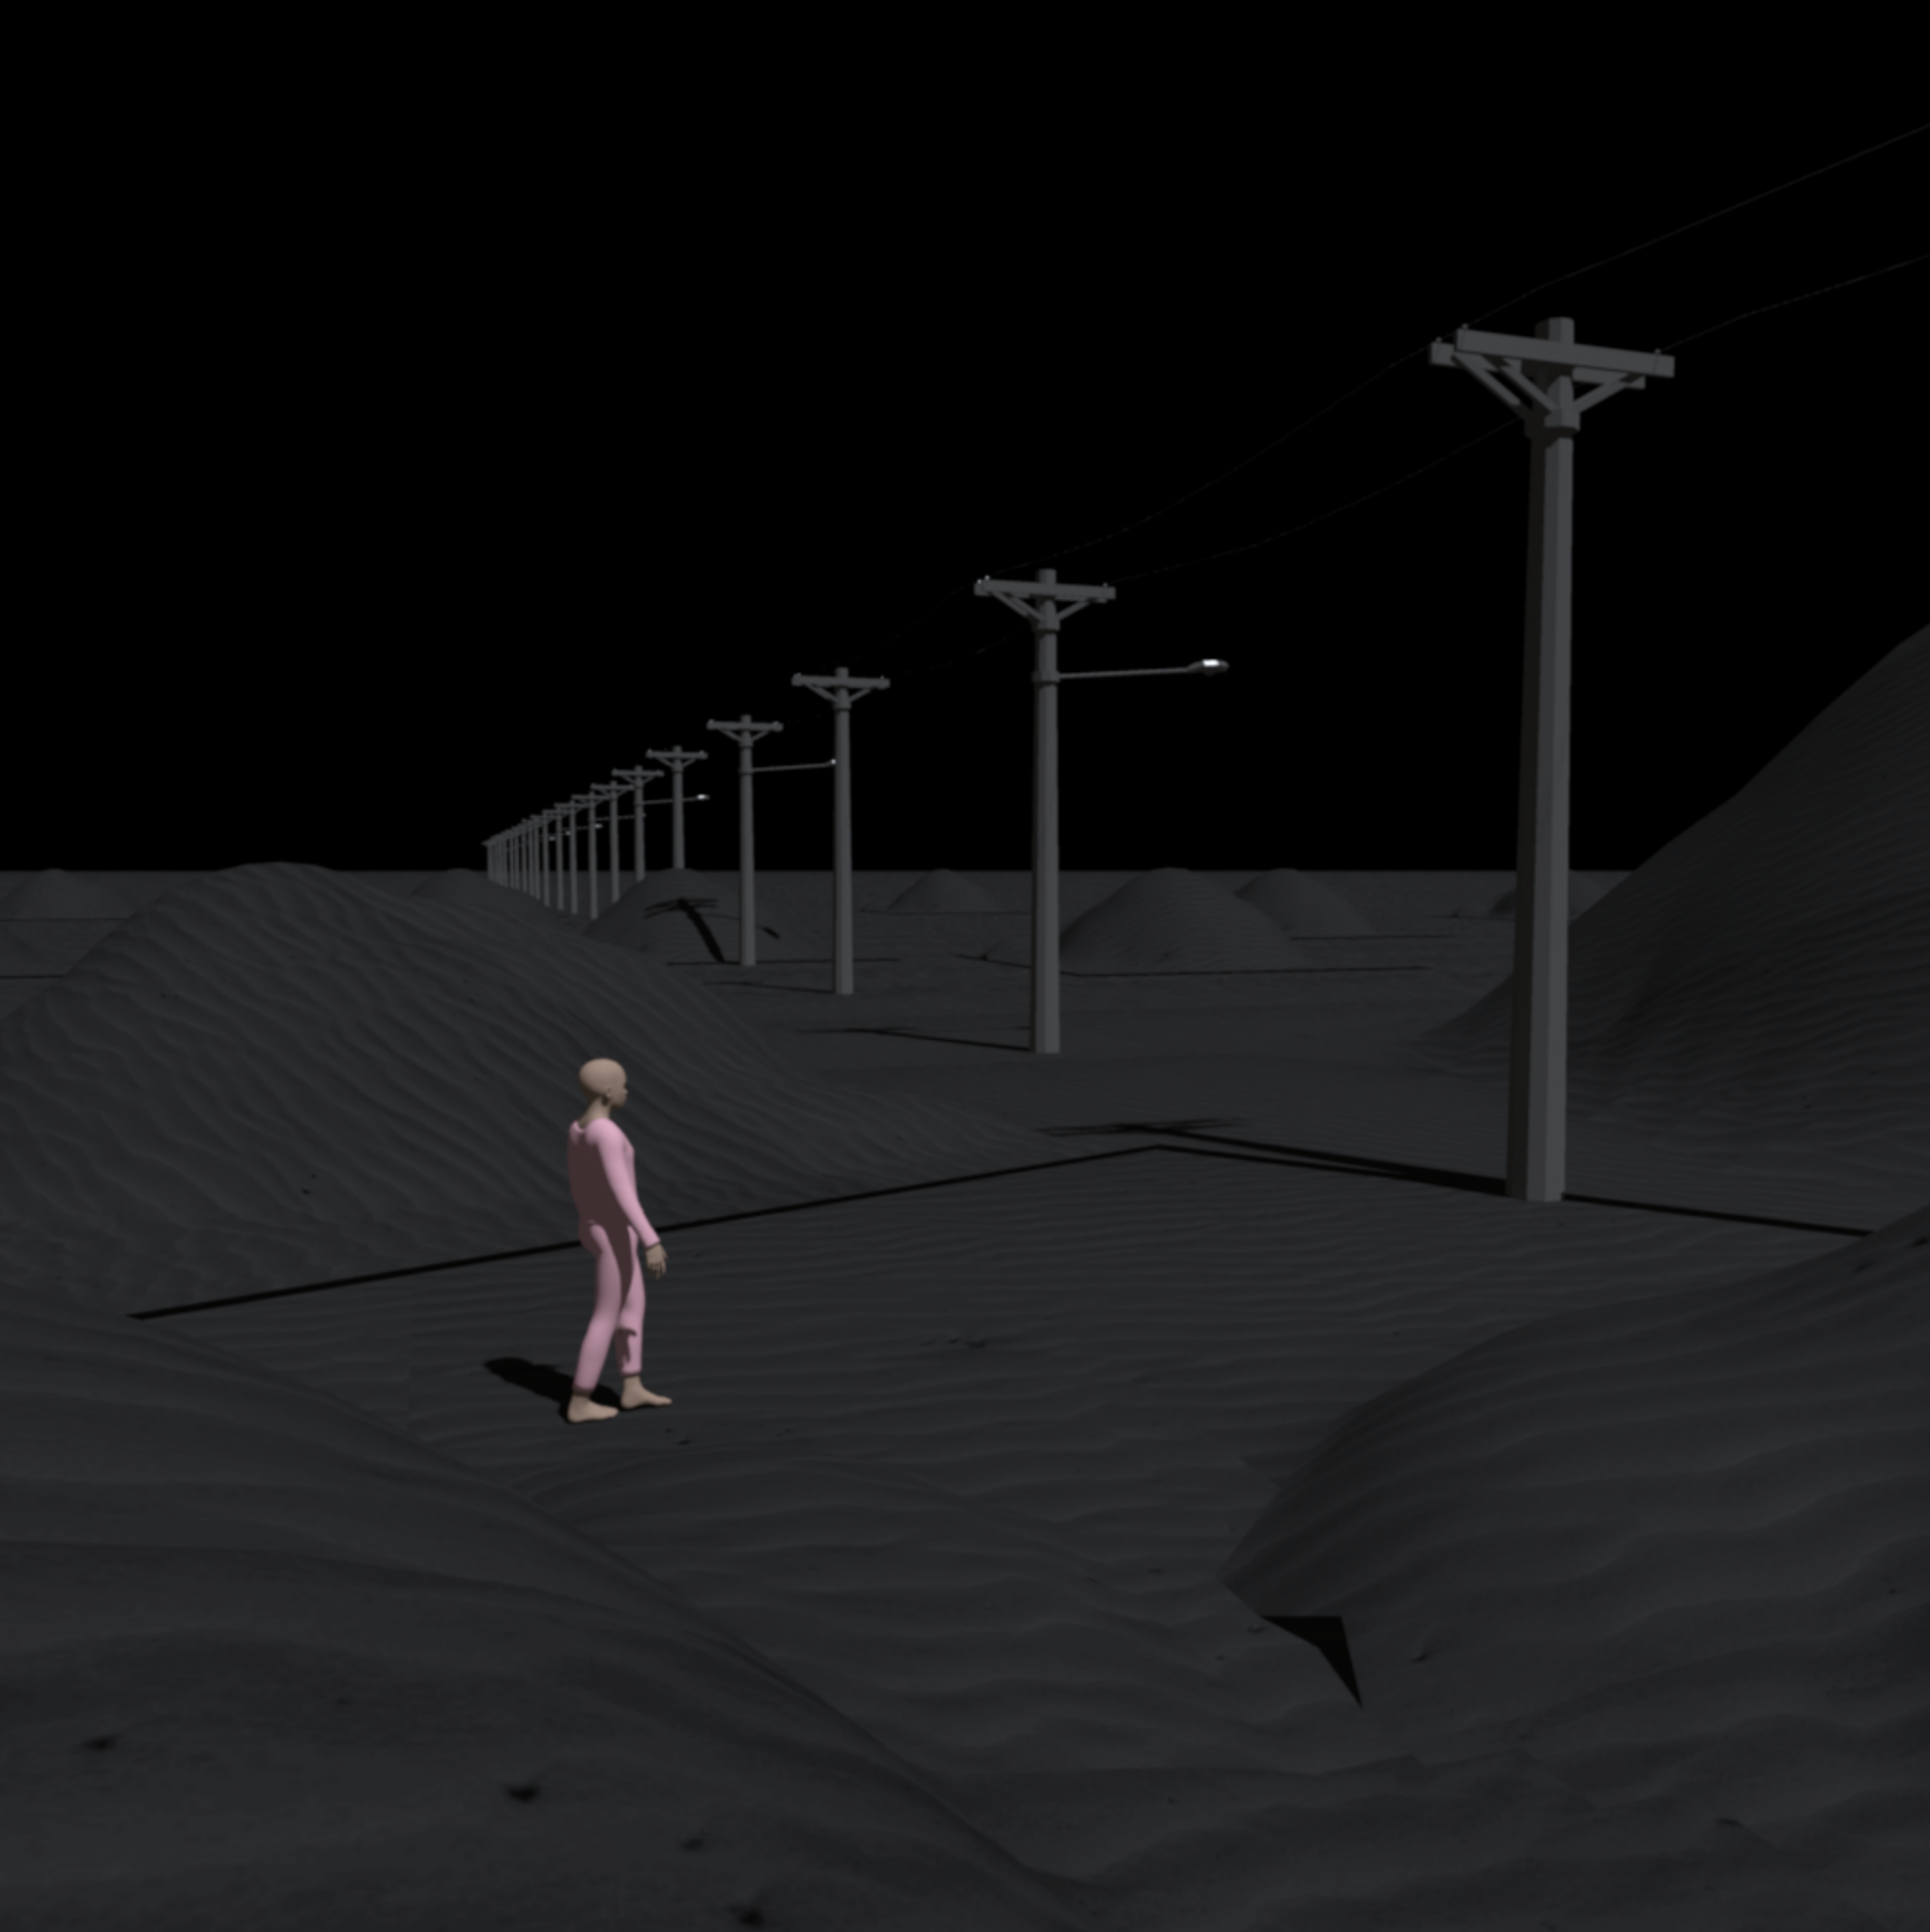

PART 2

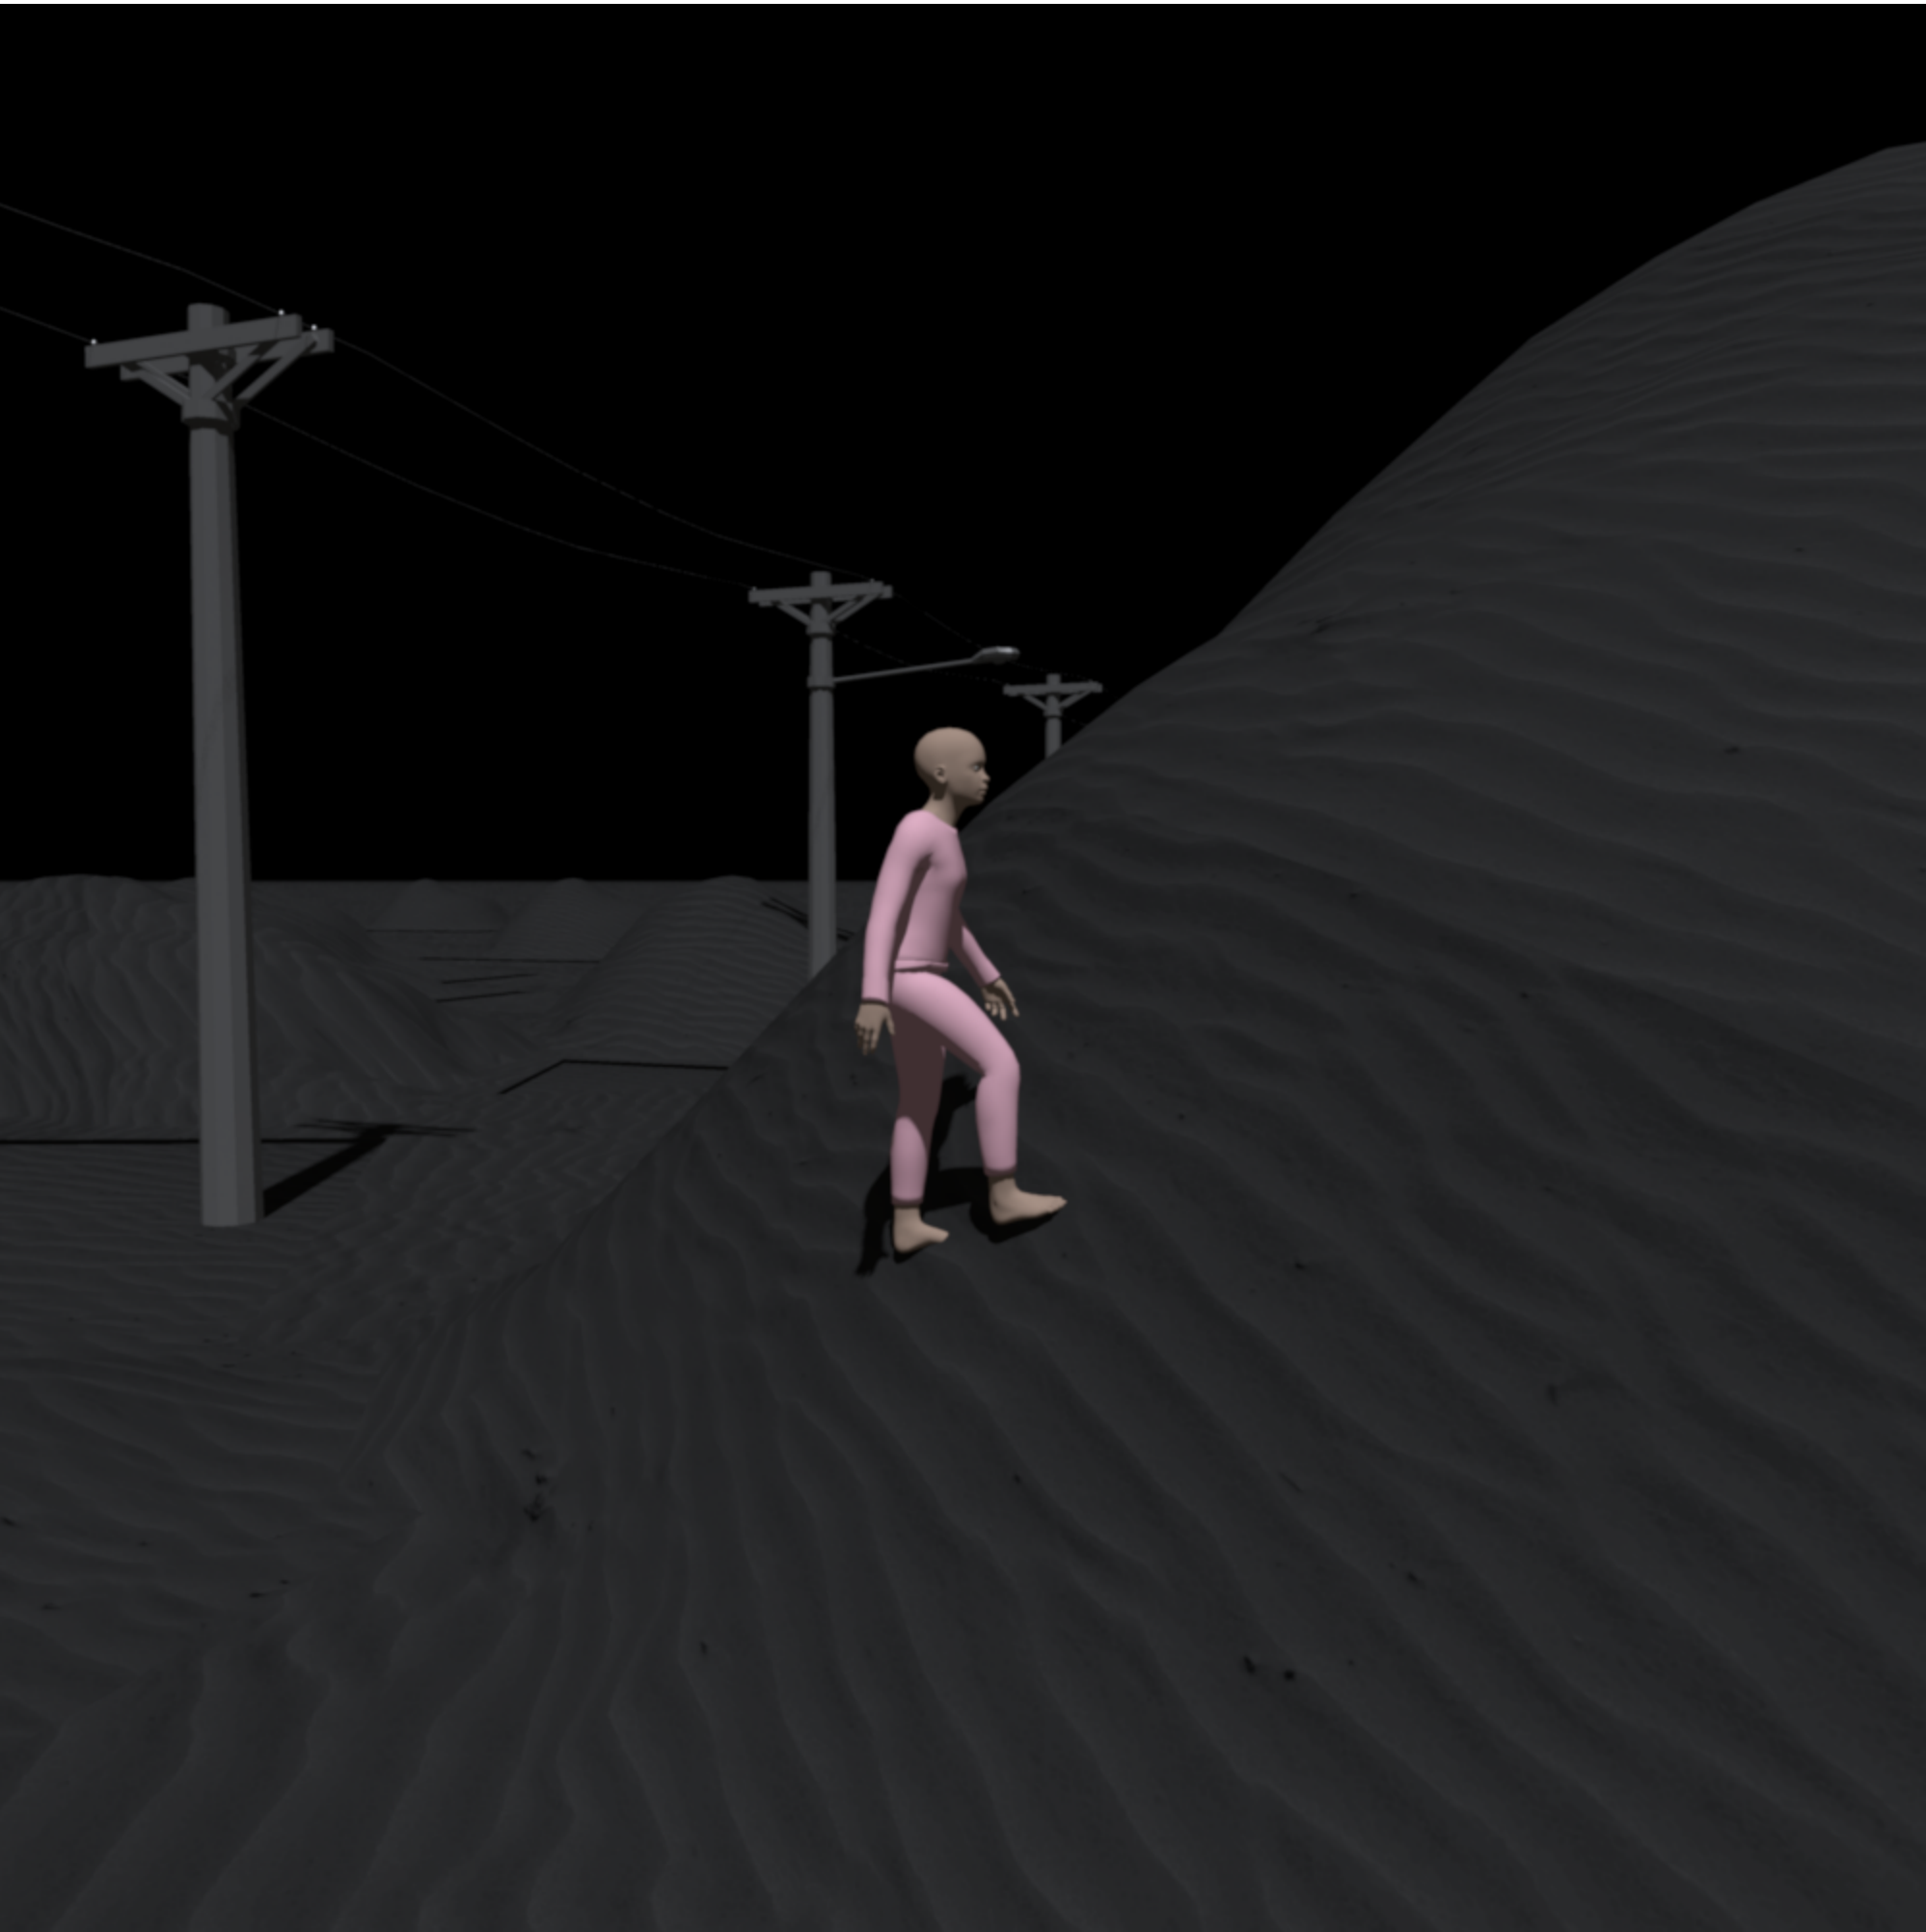

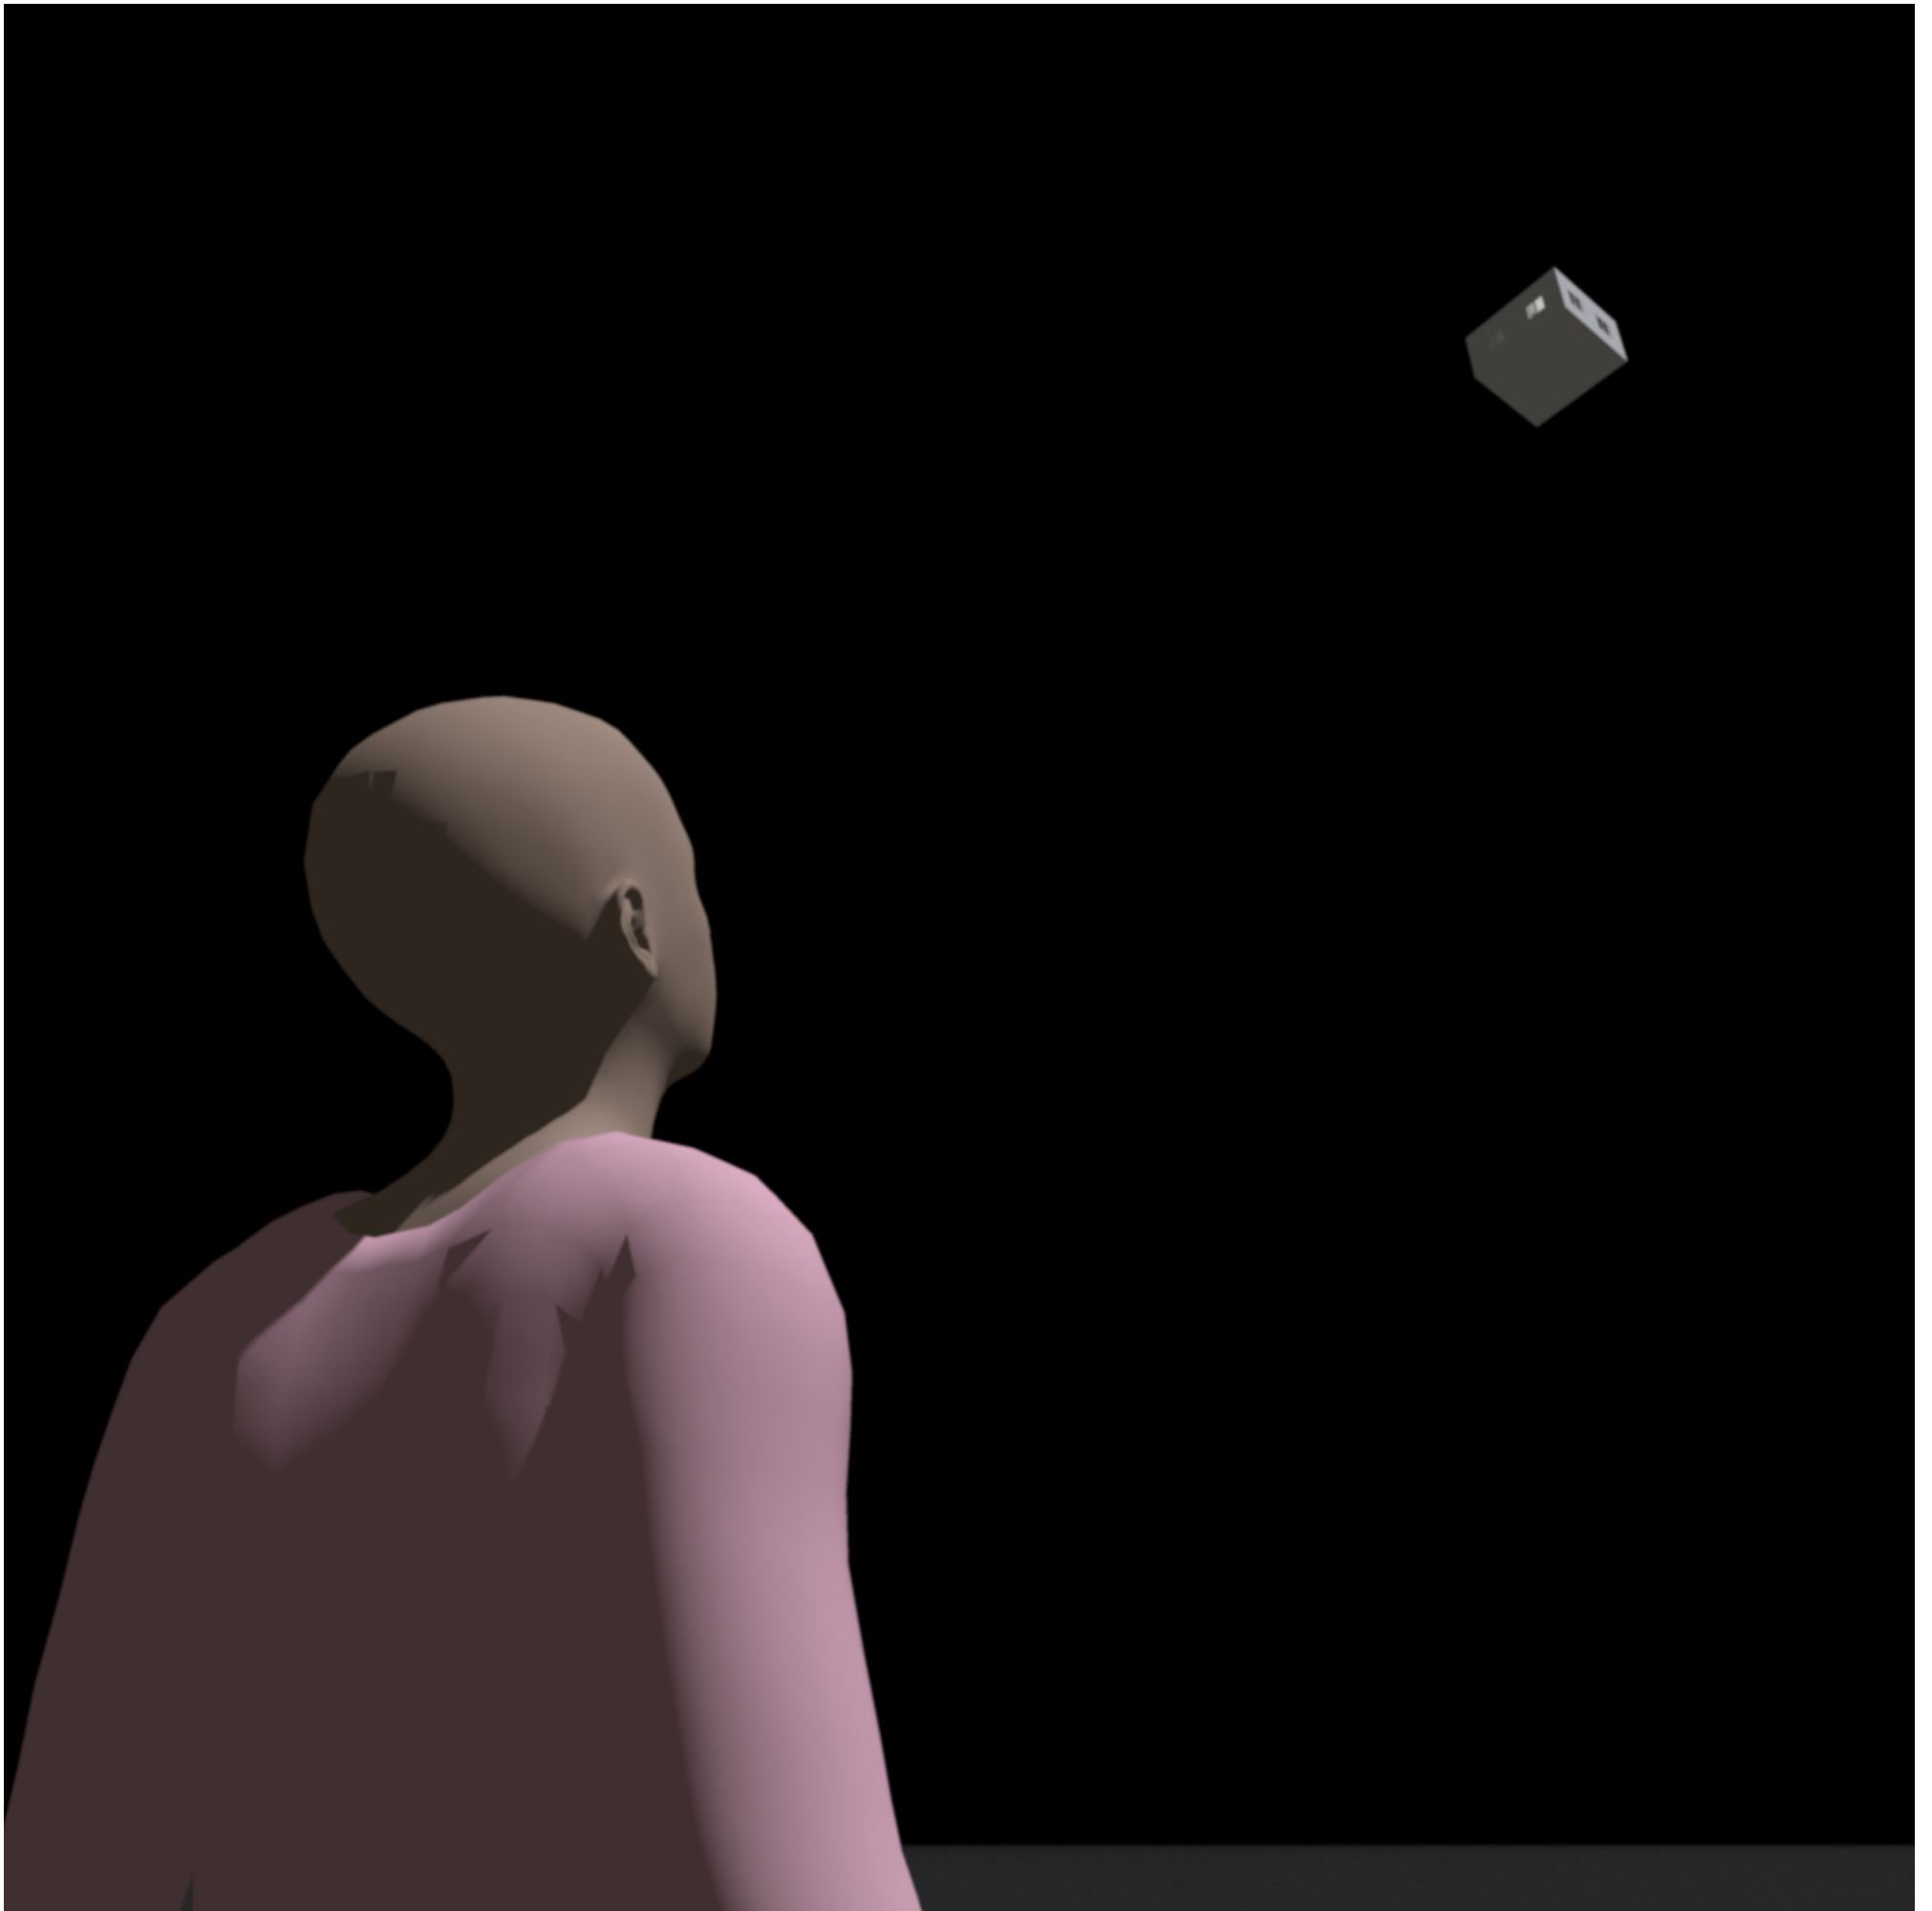

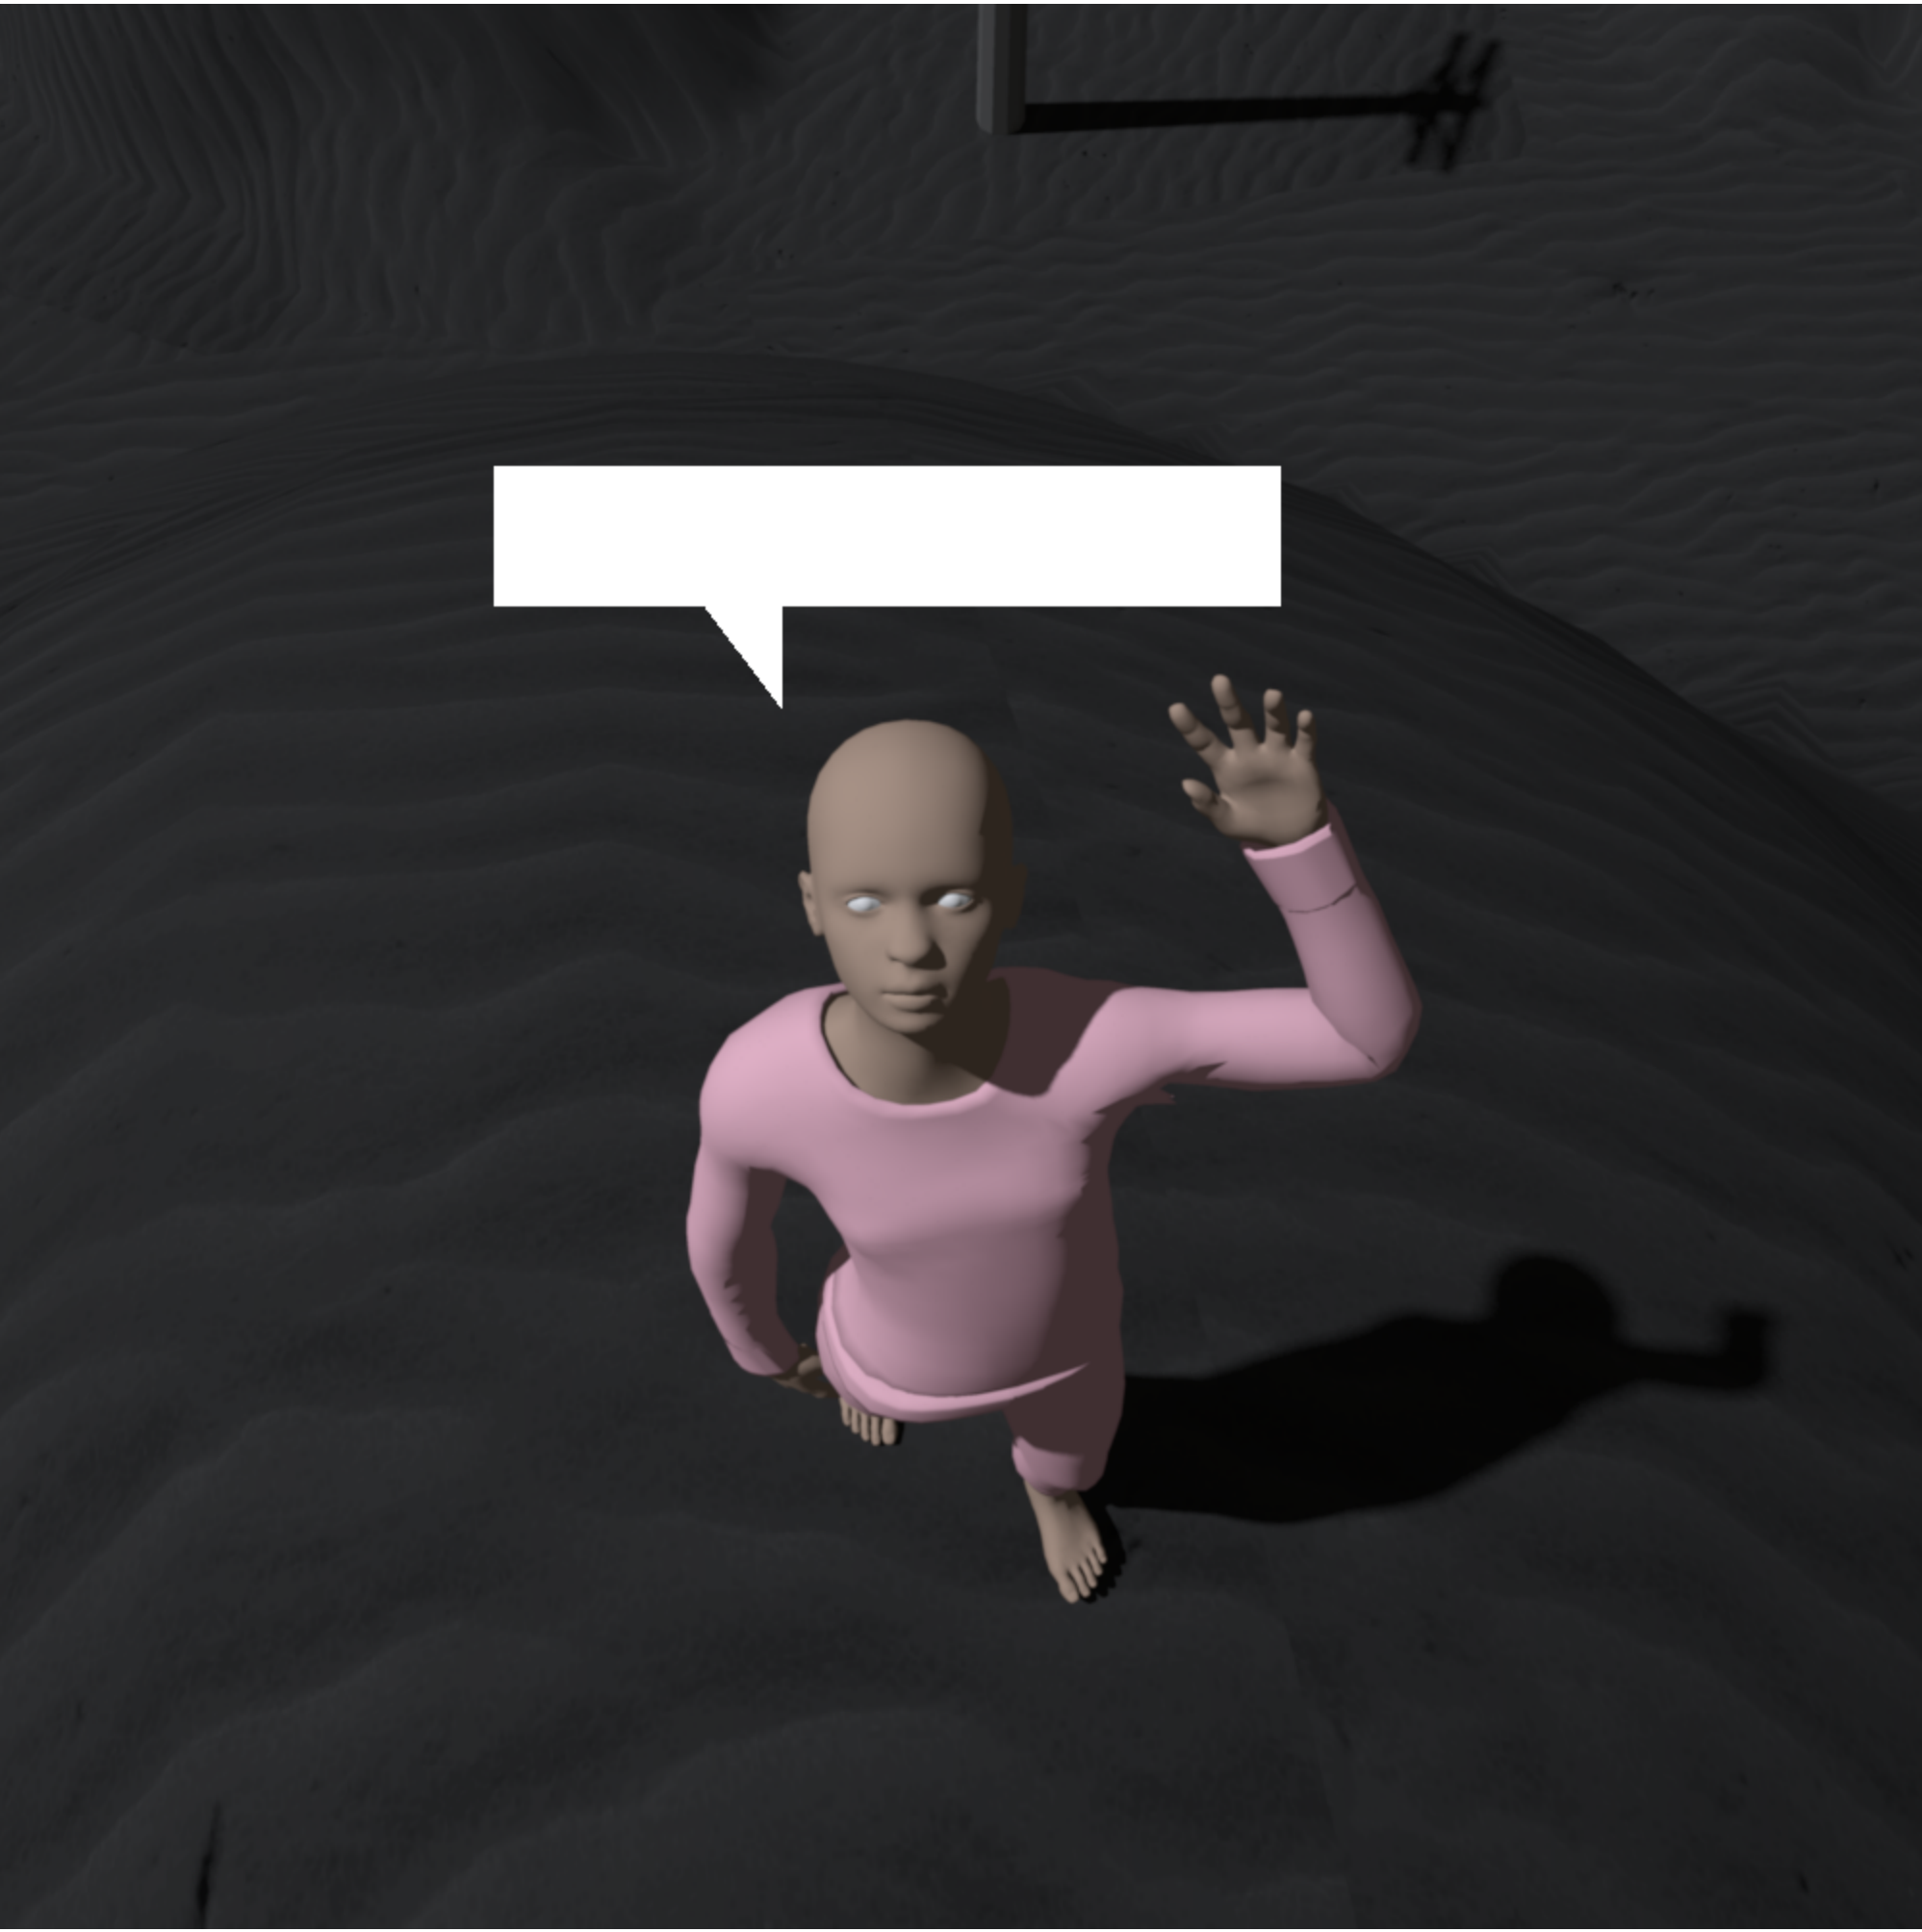

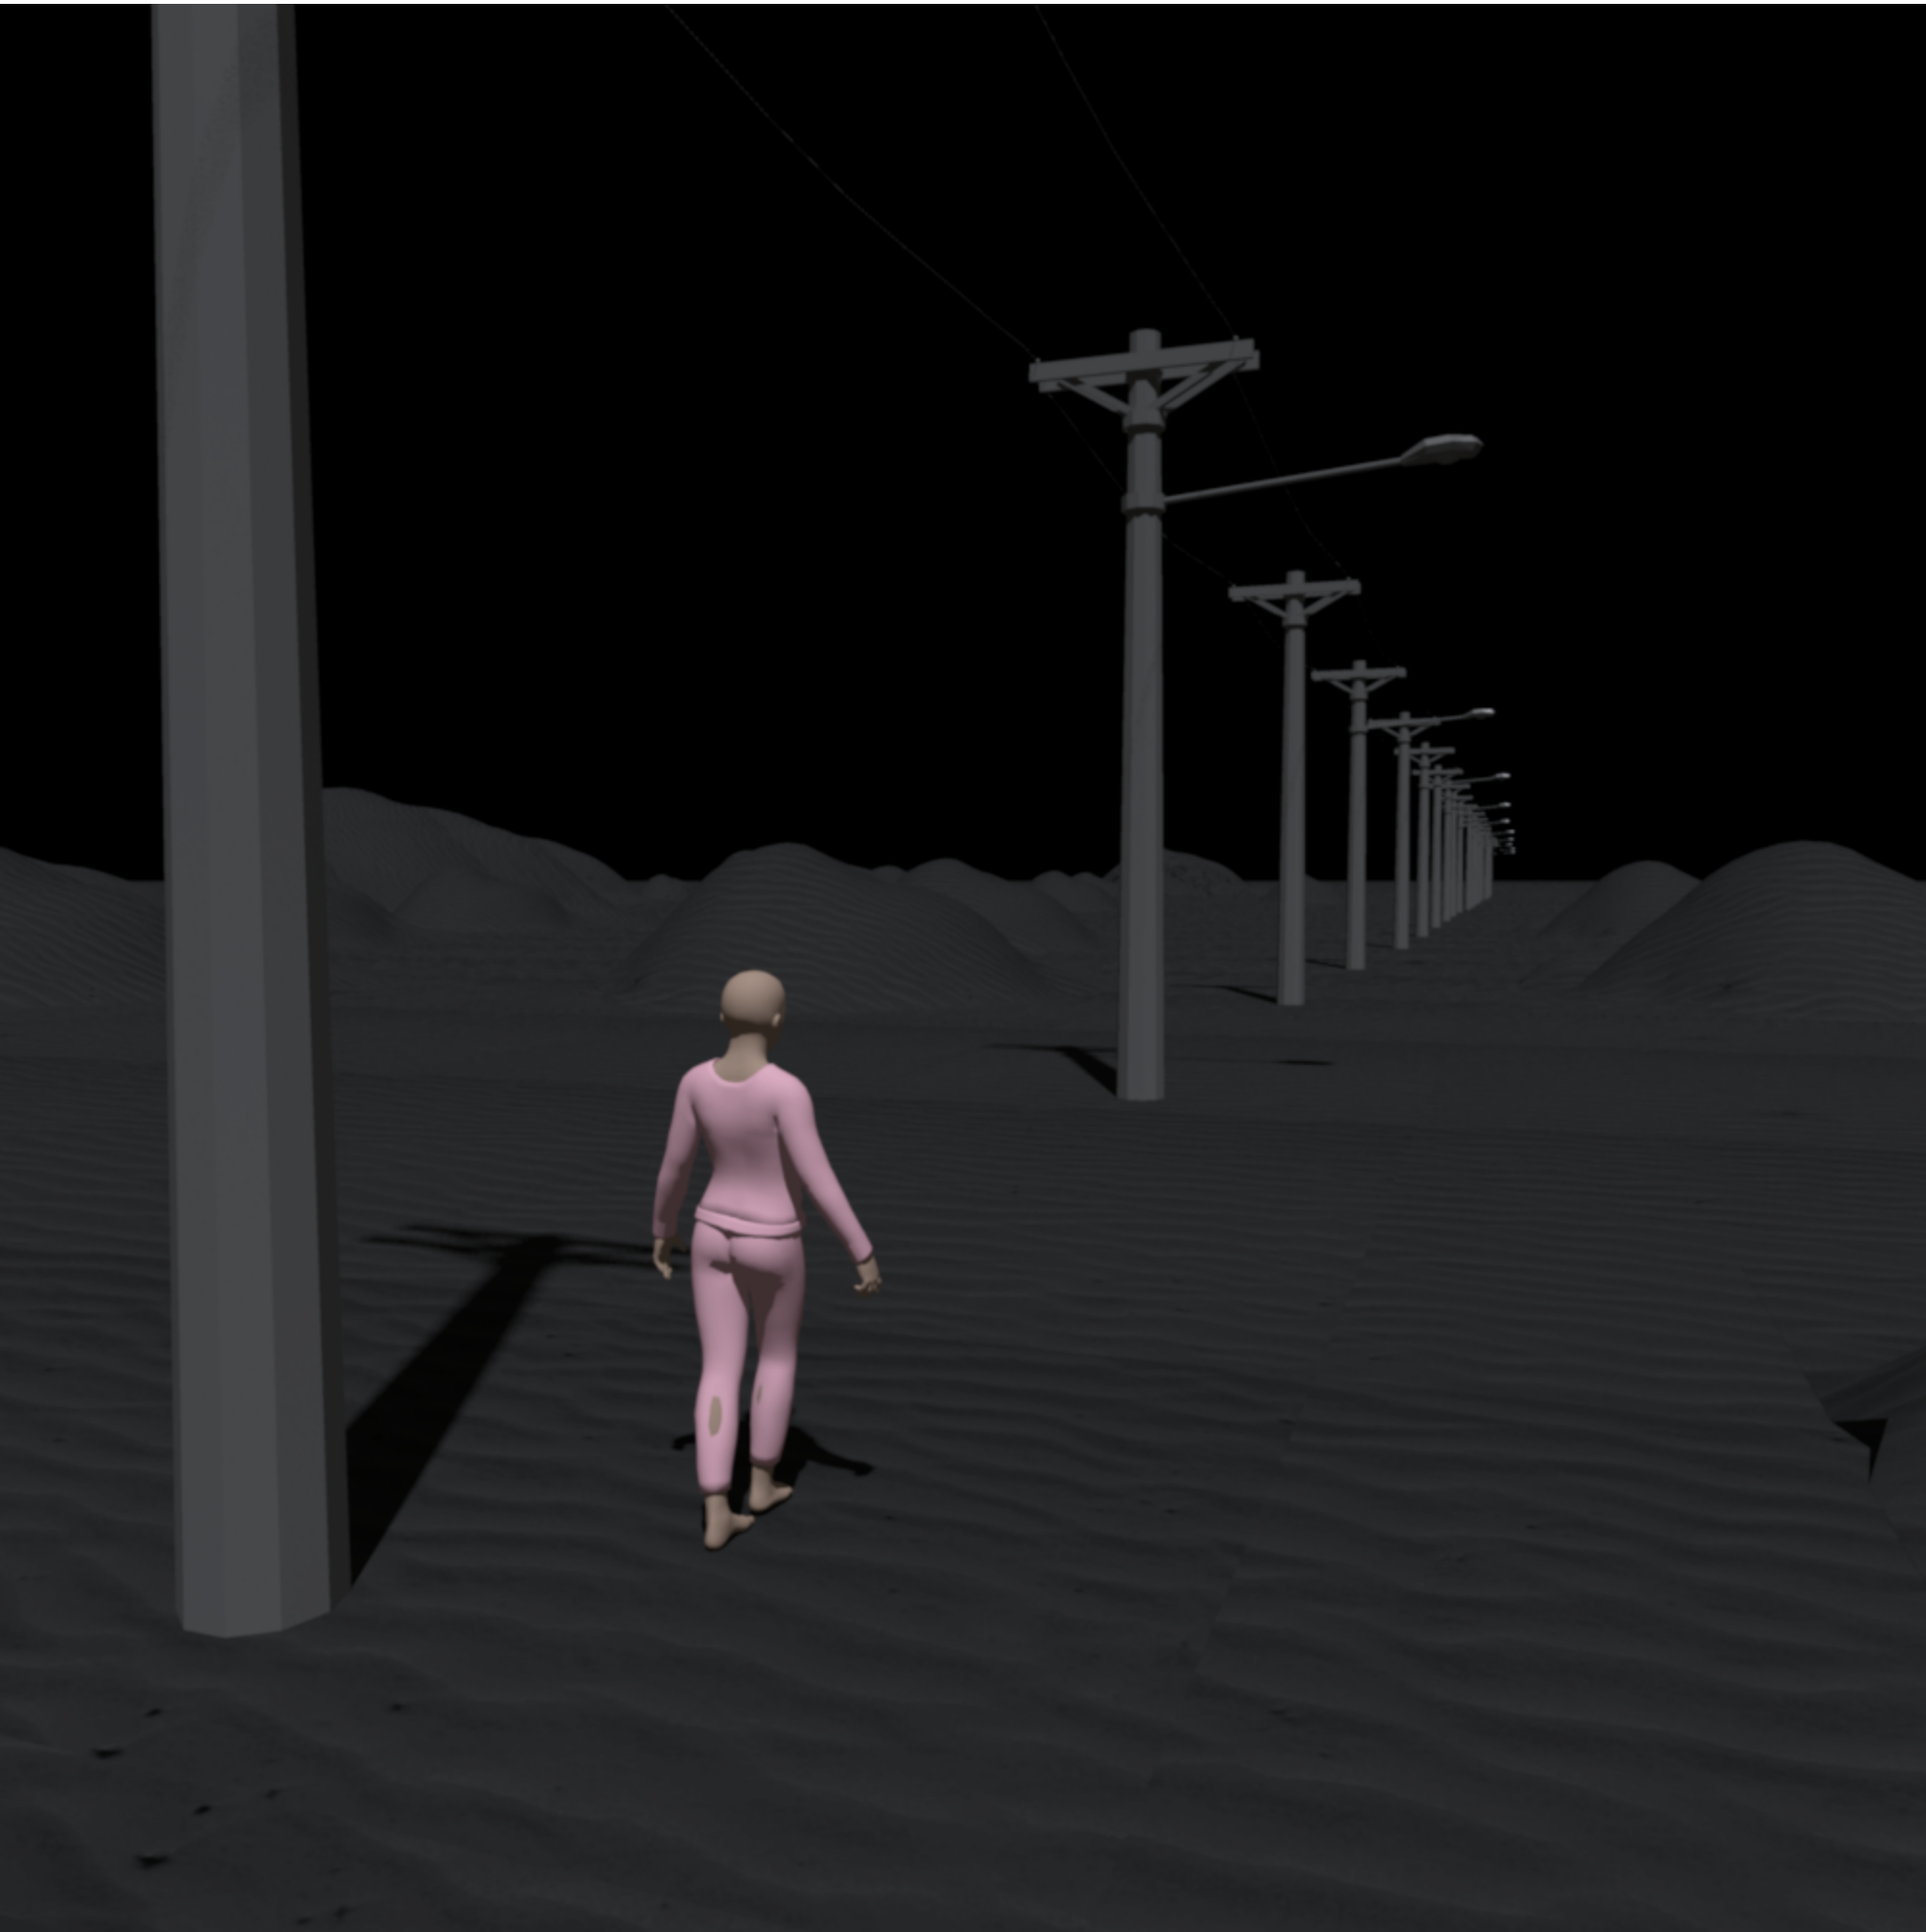

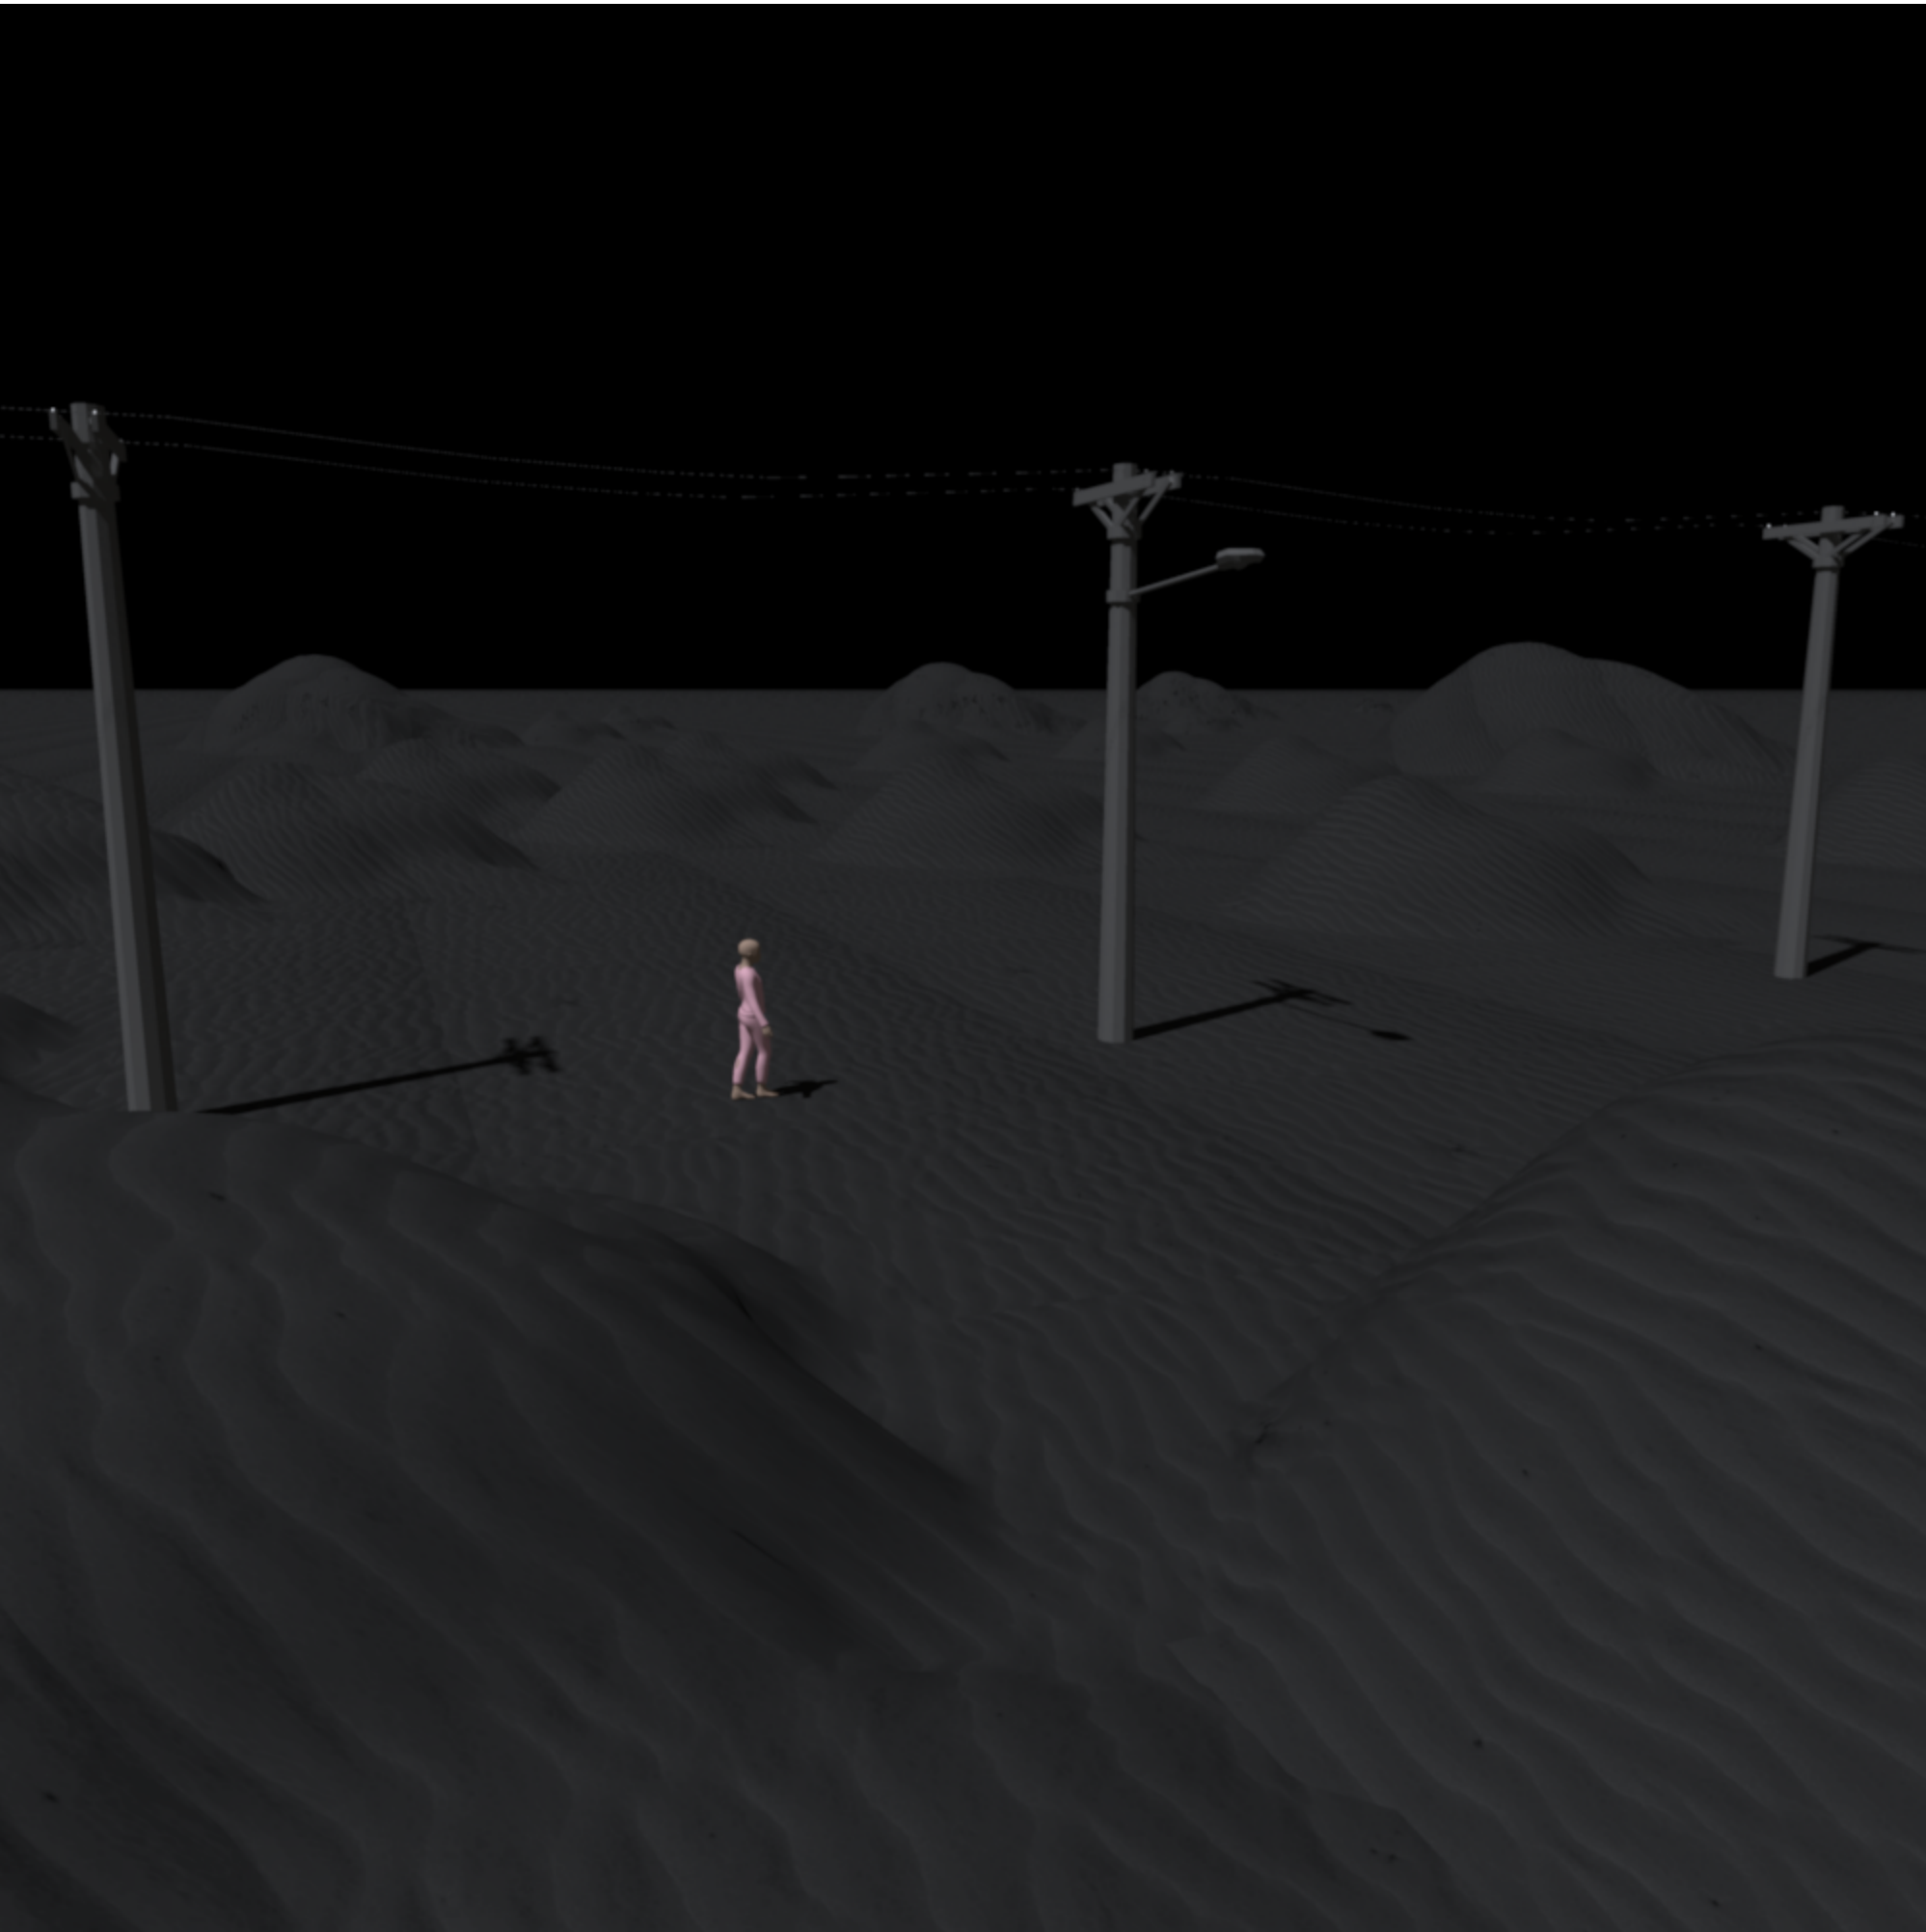

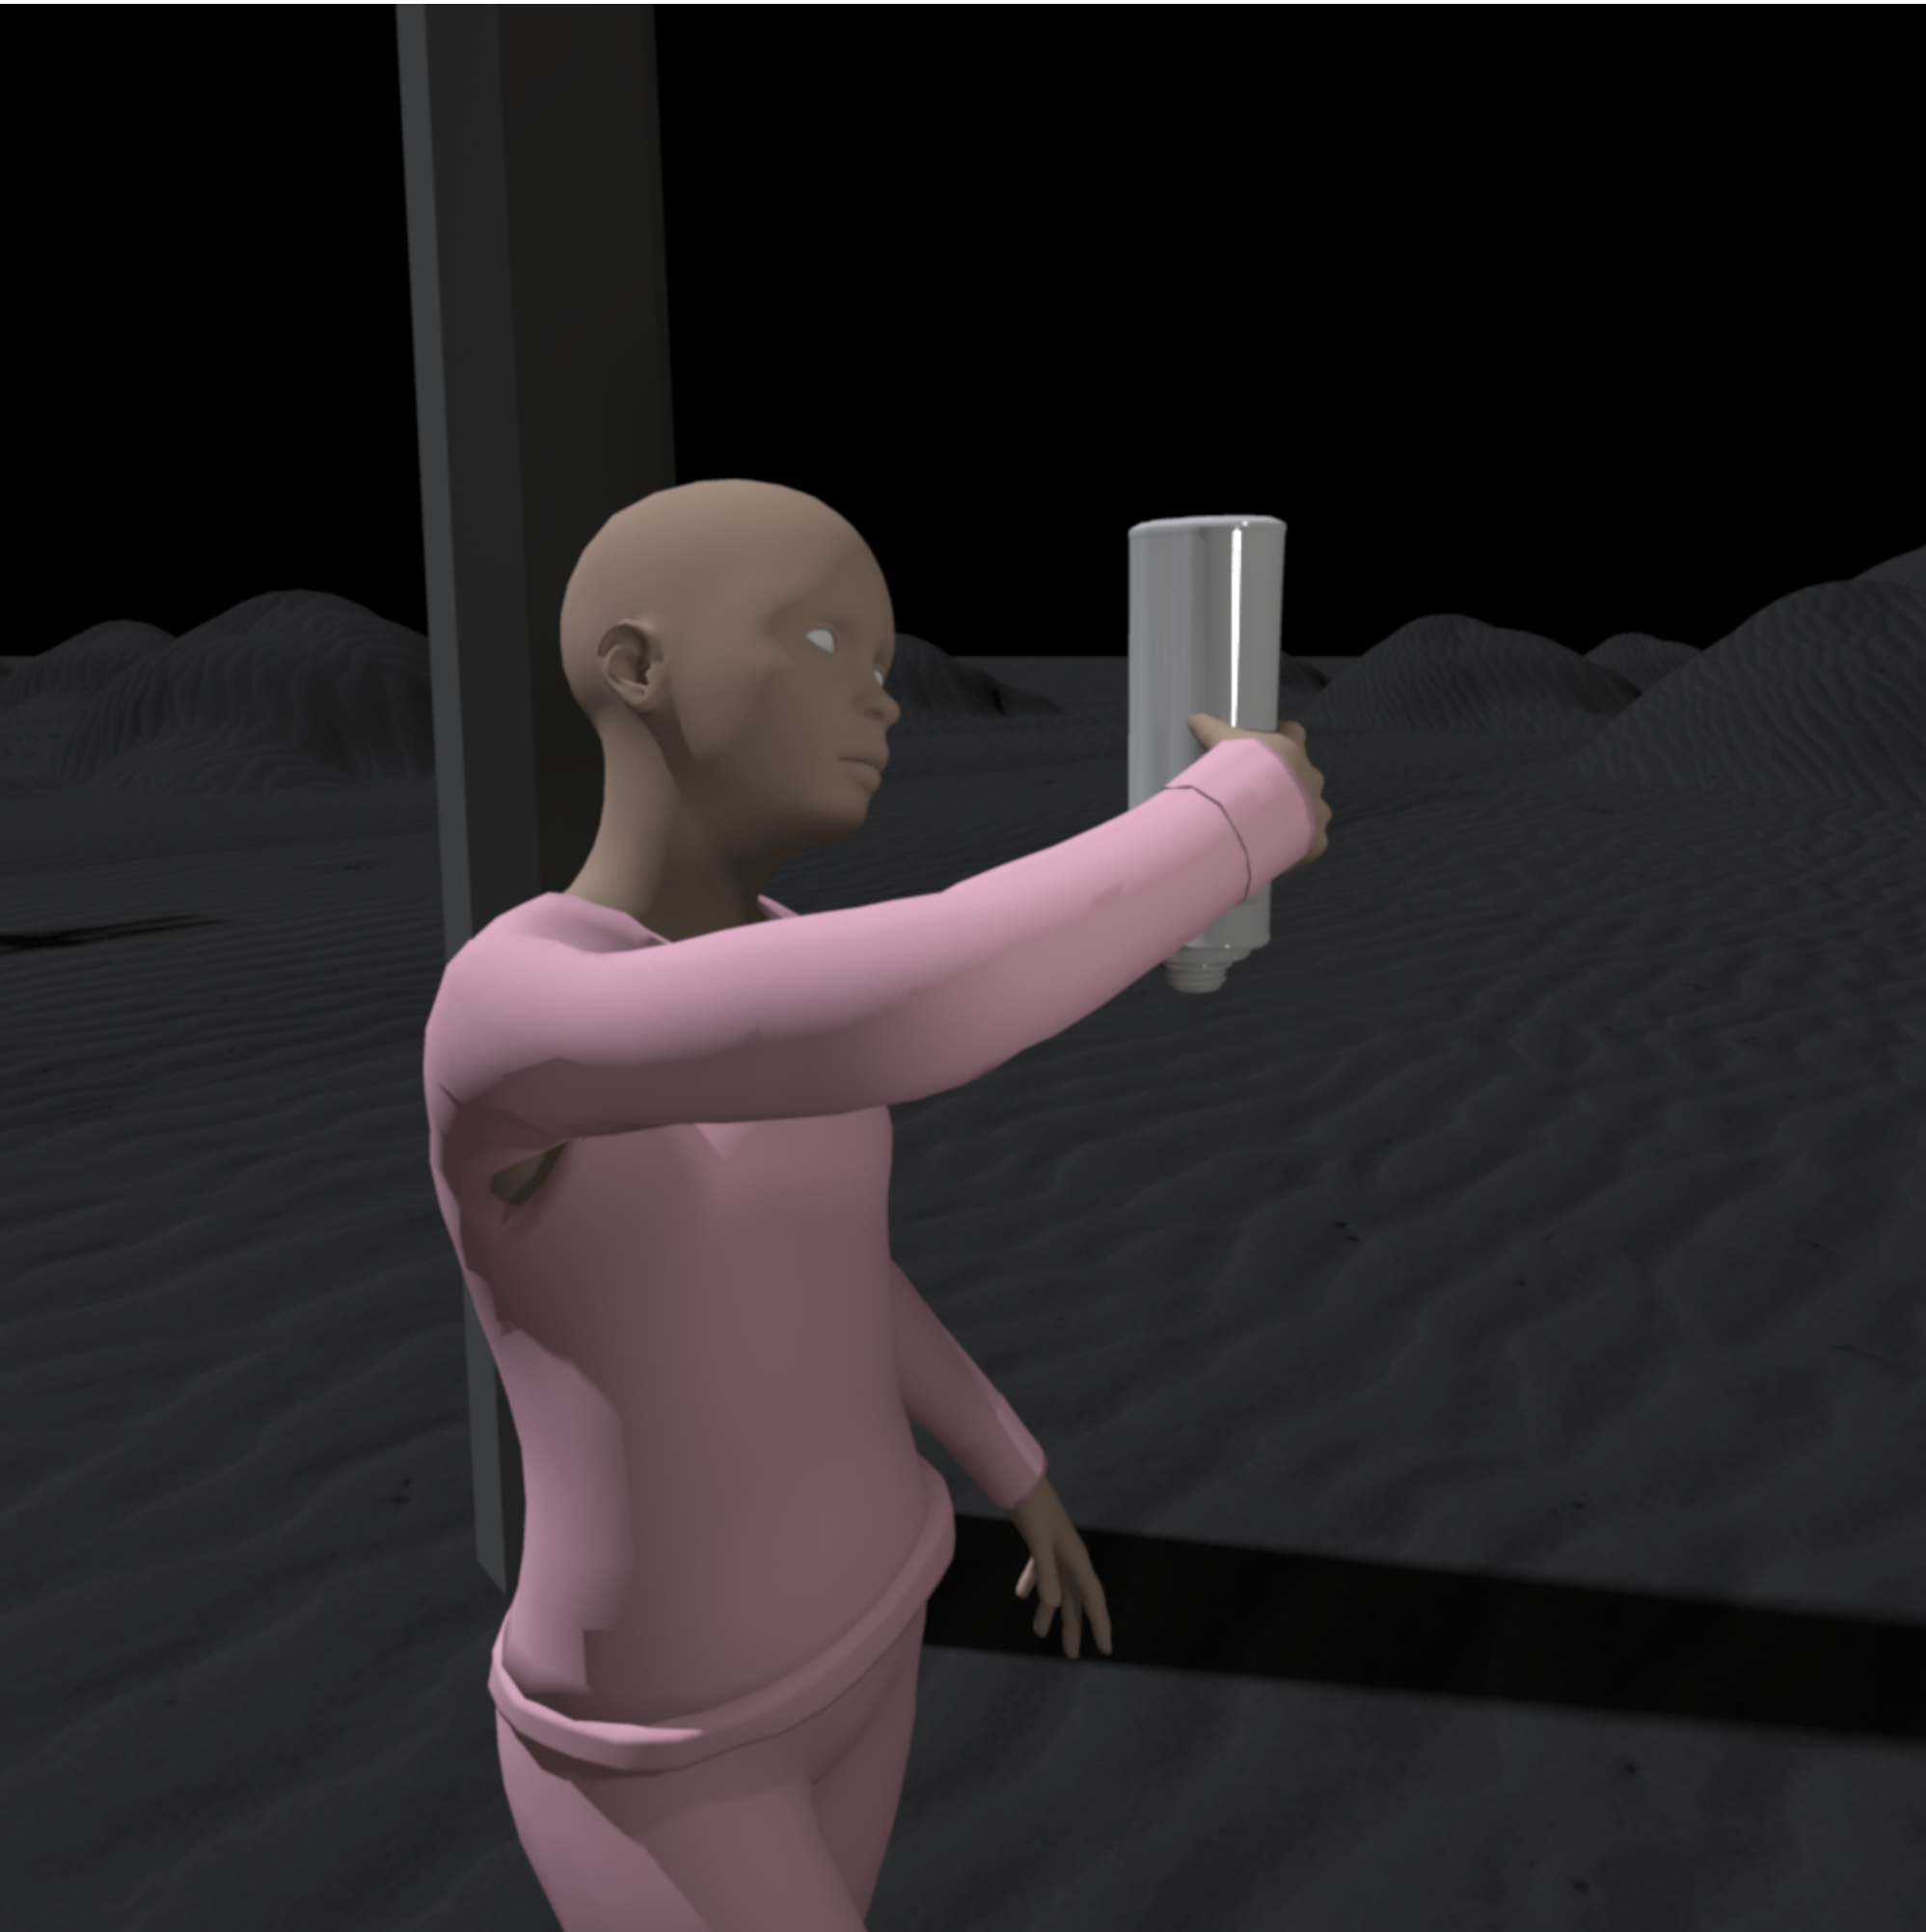

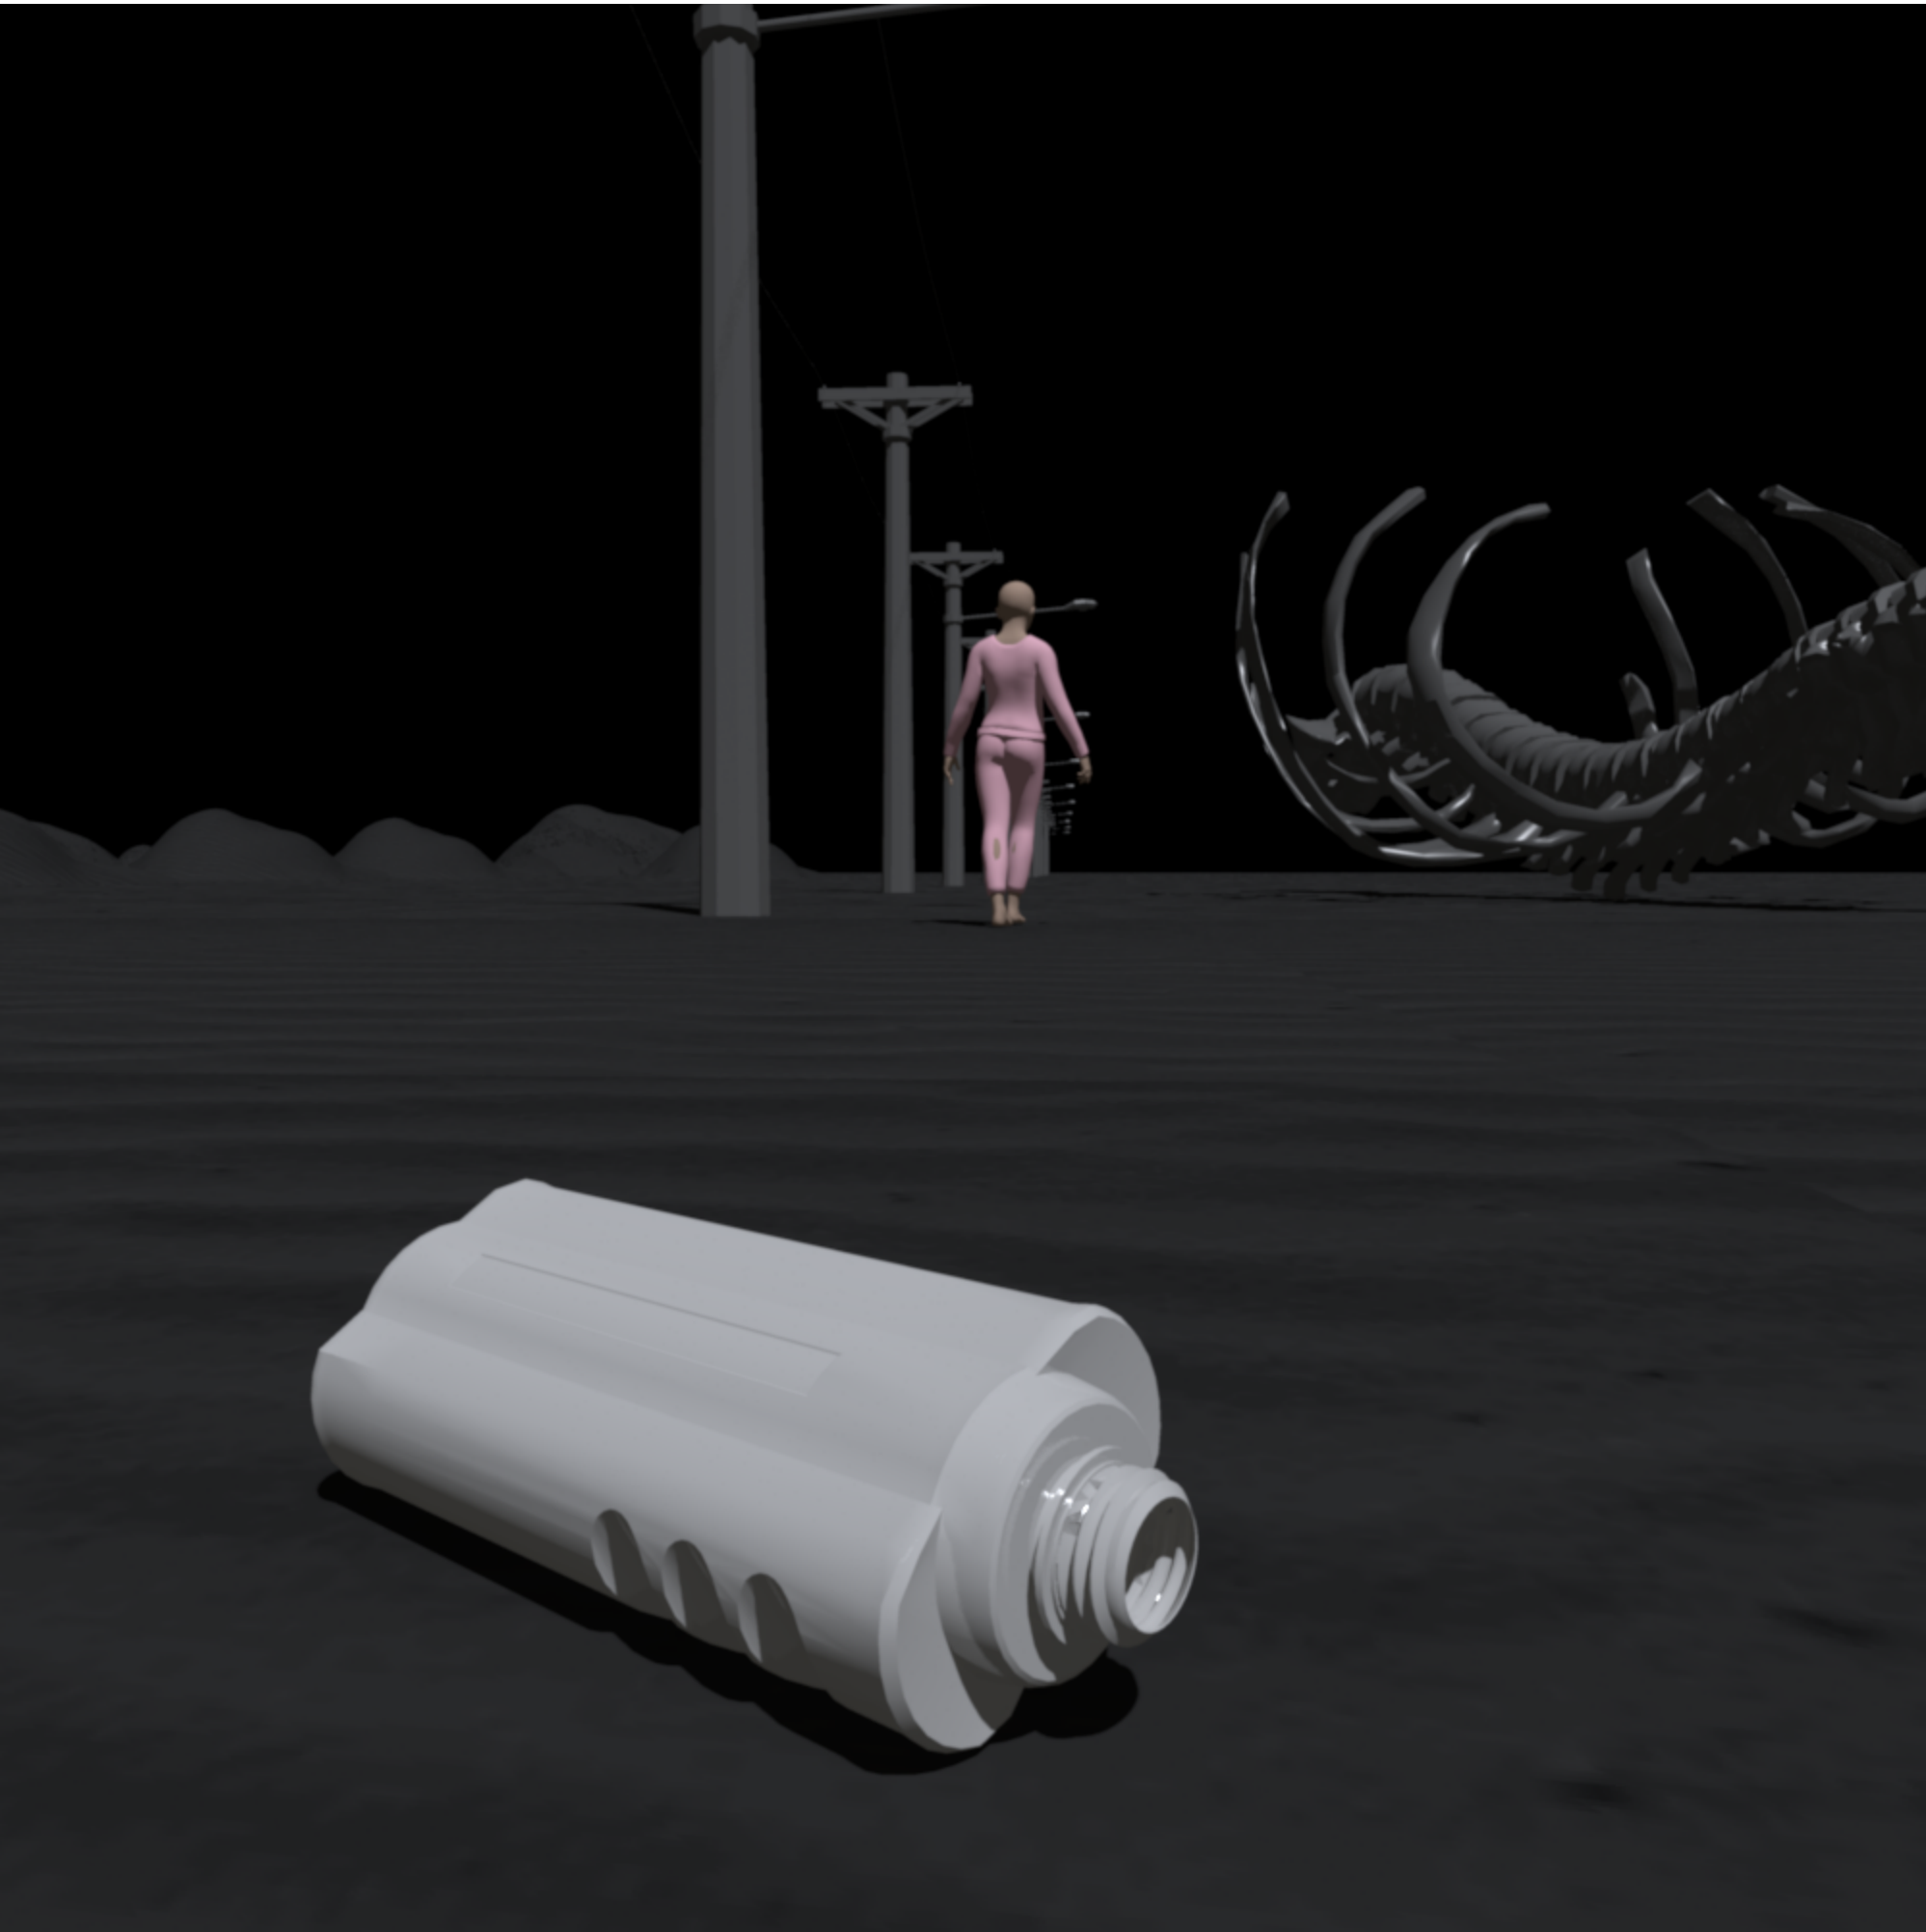

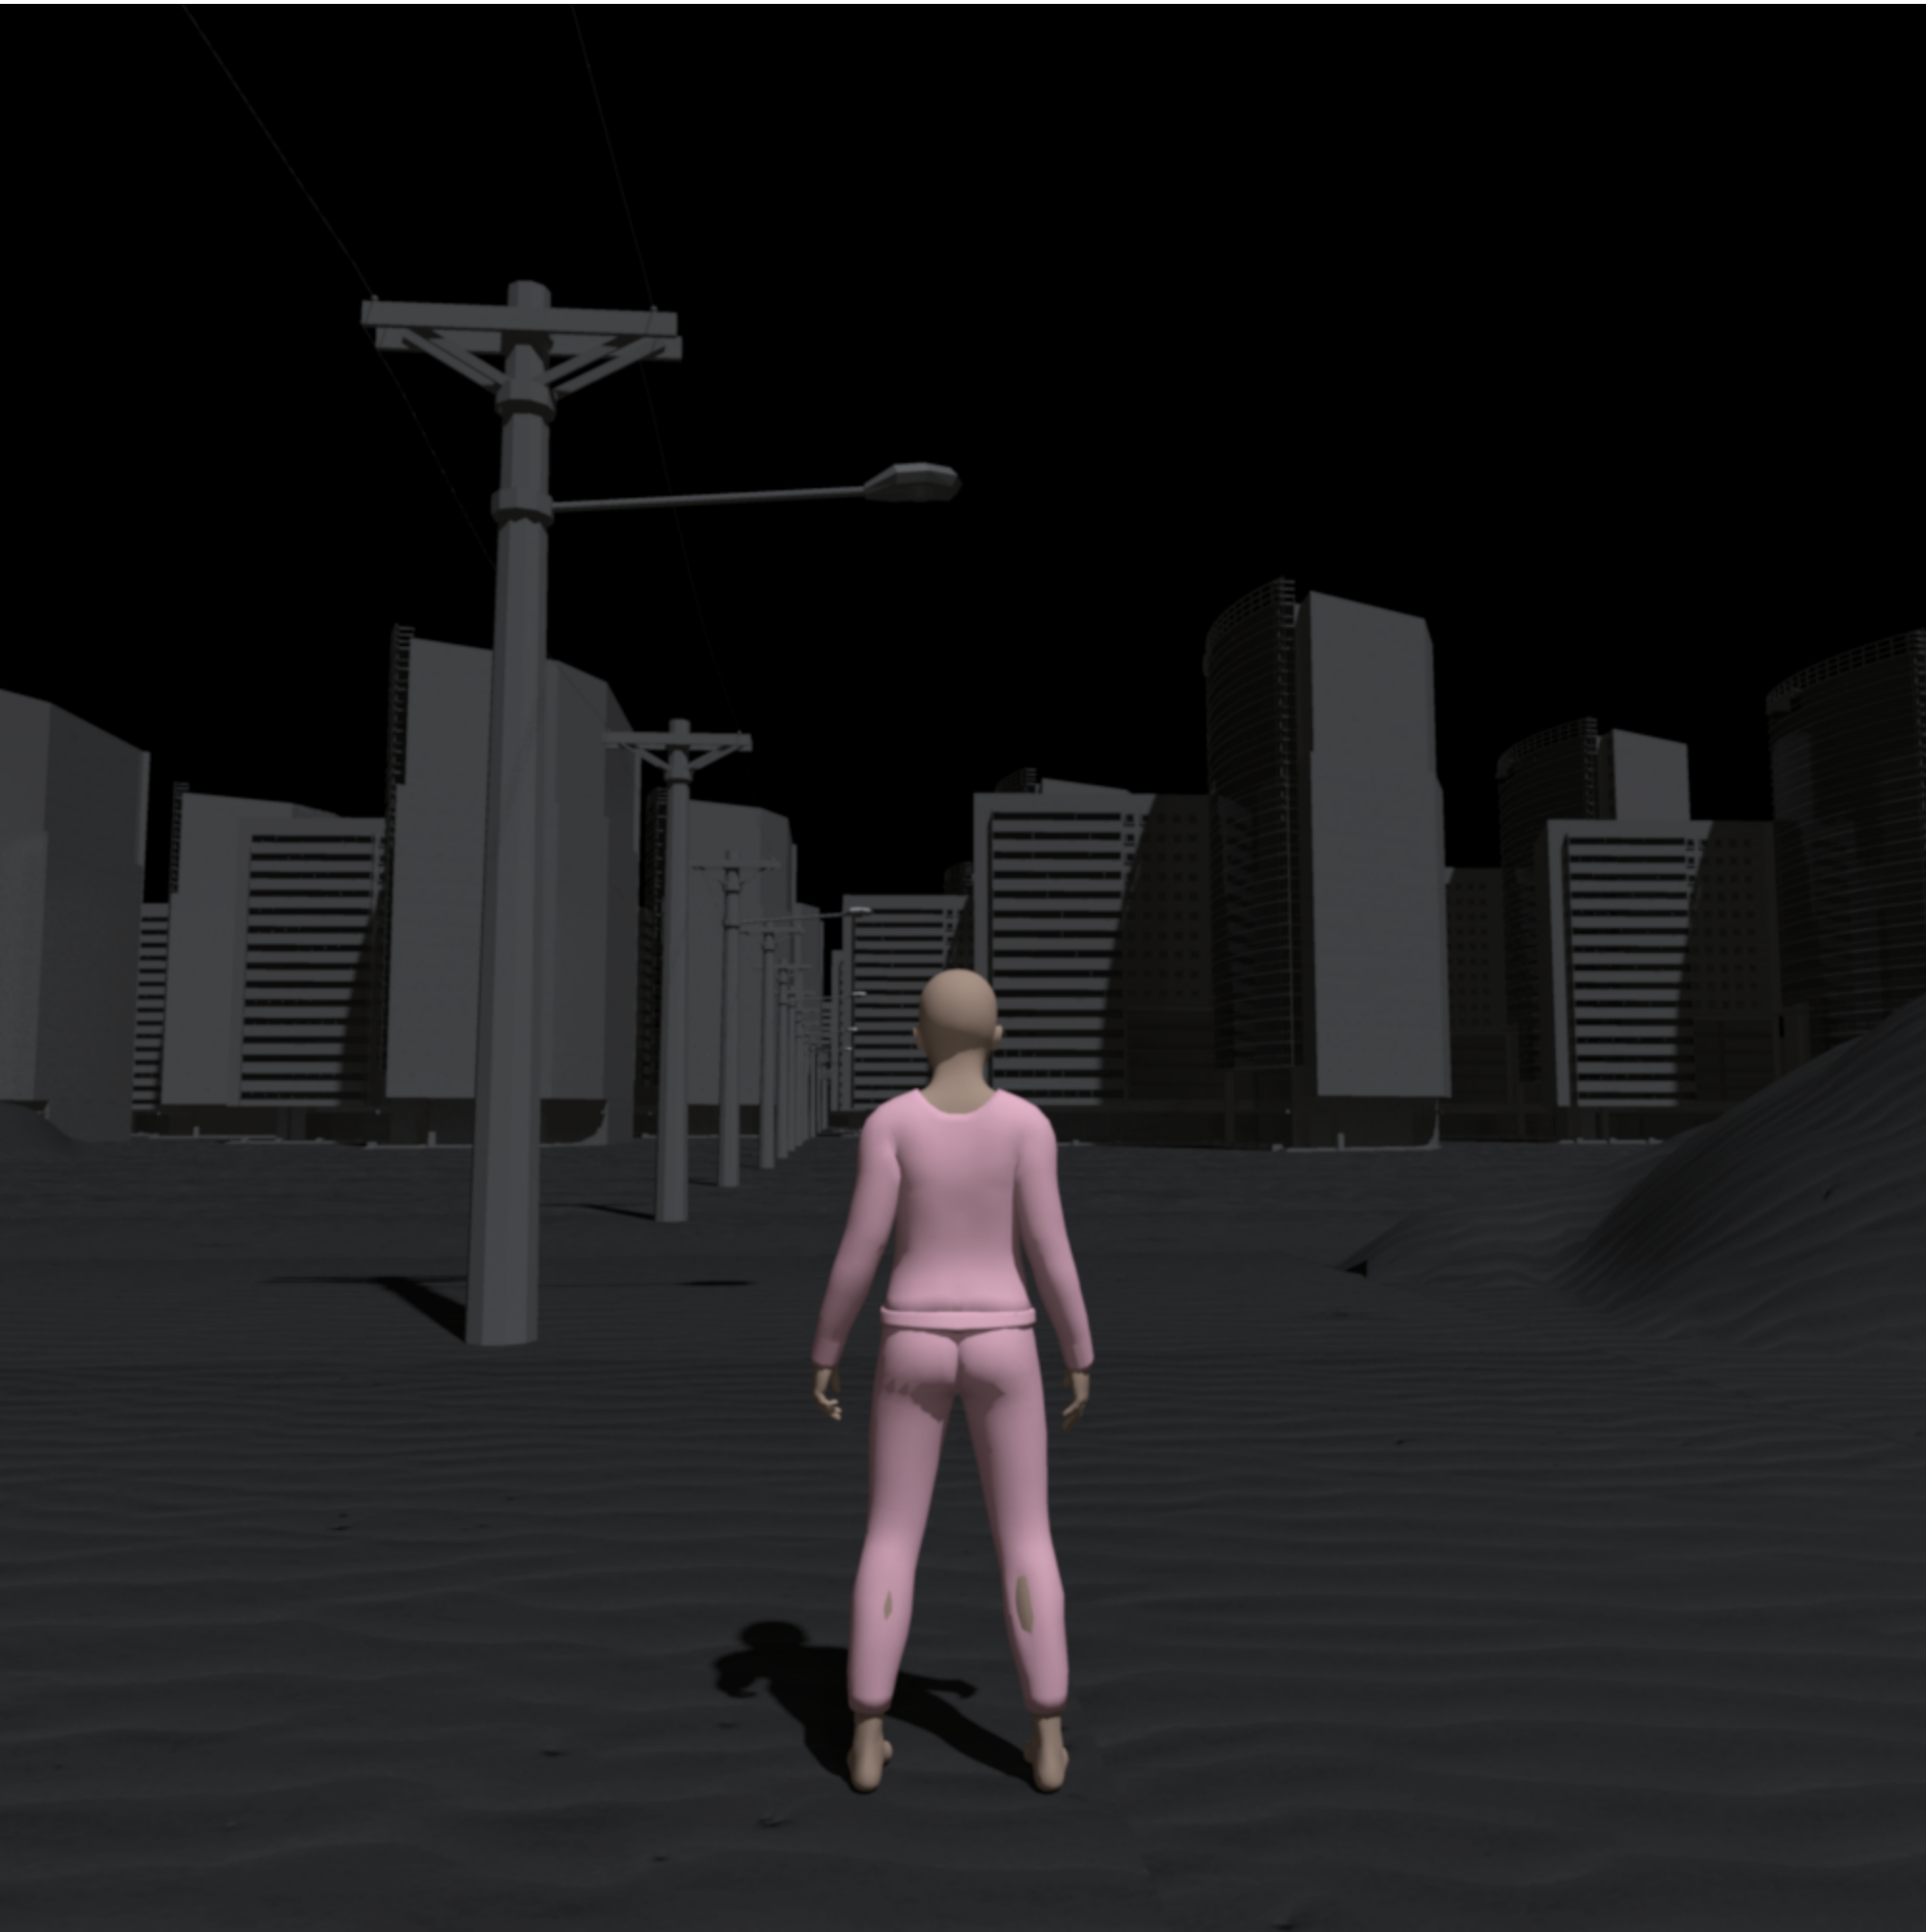

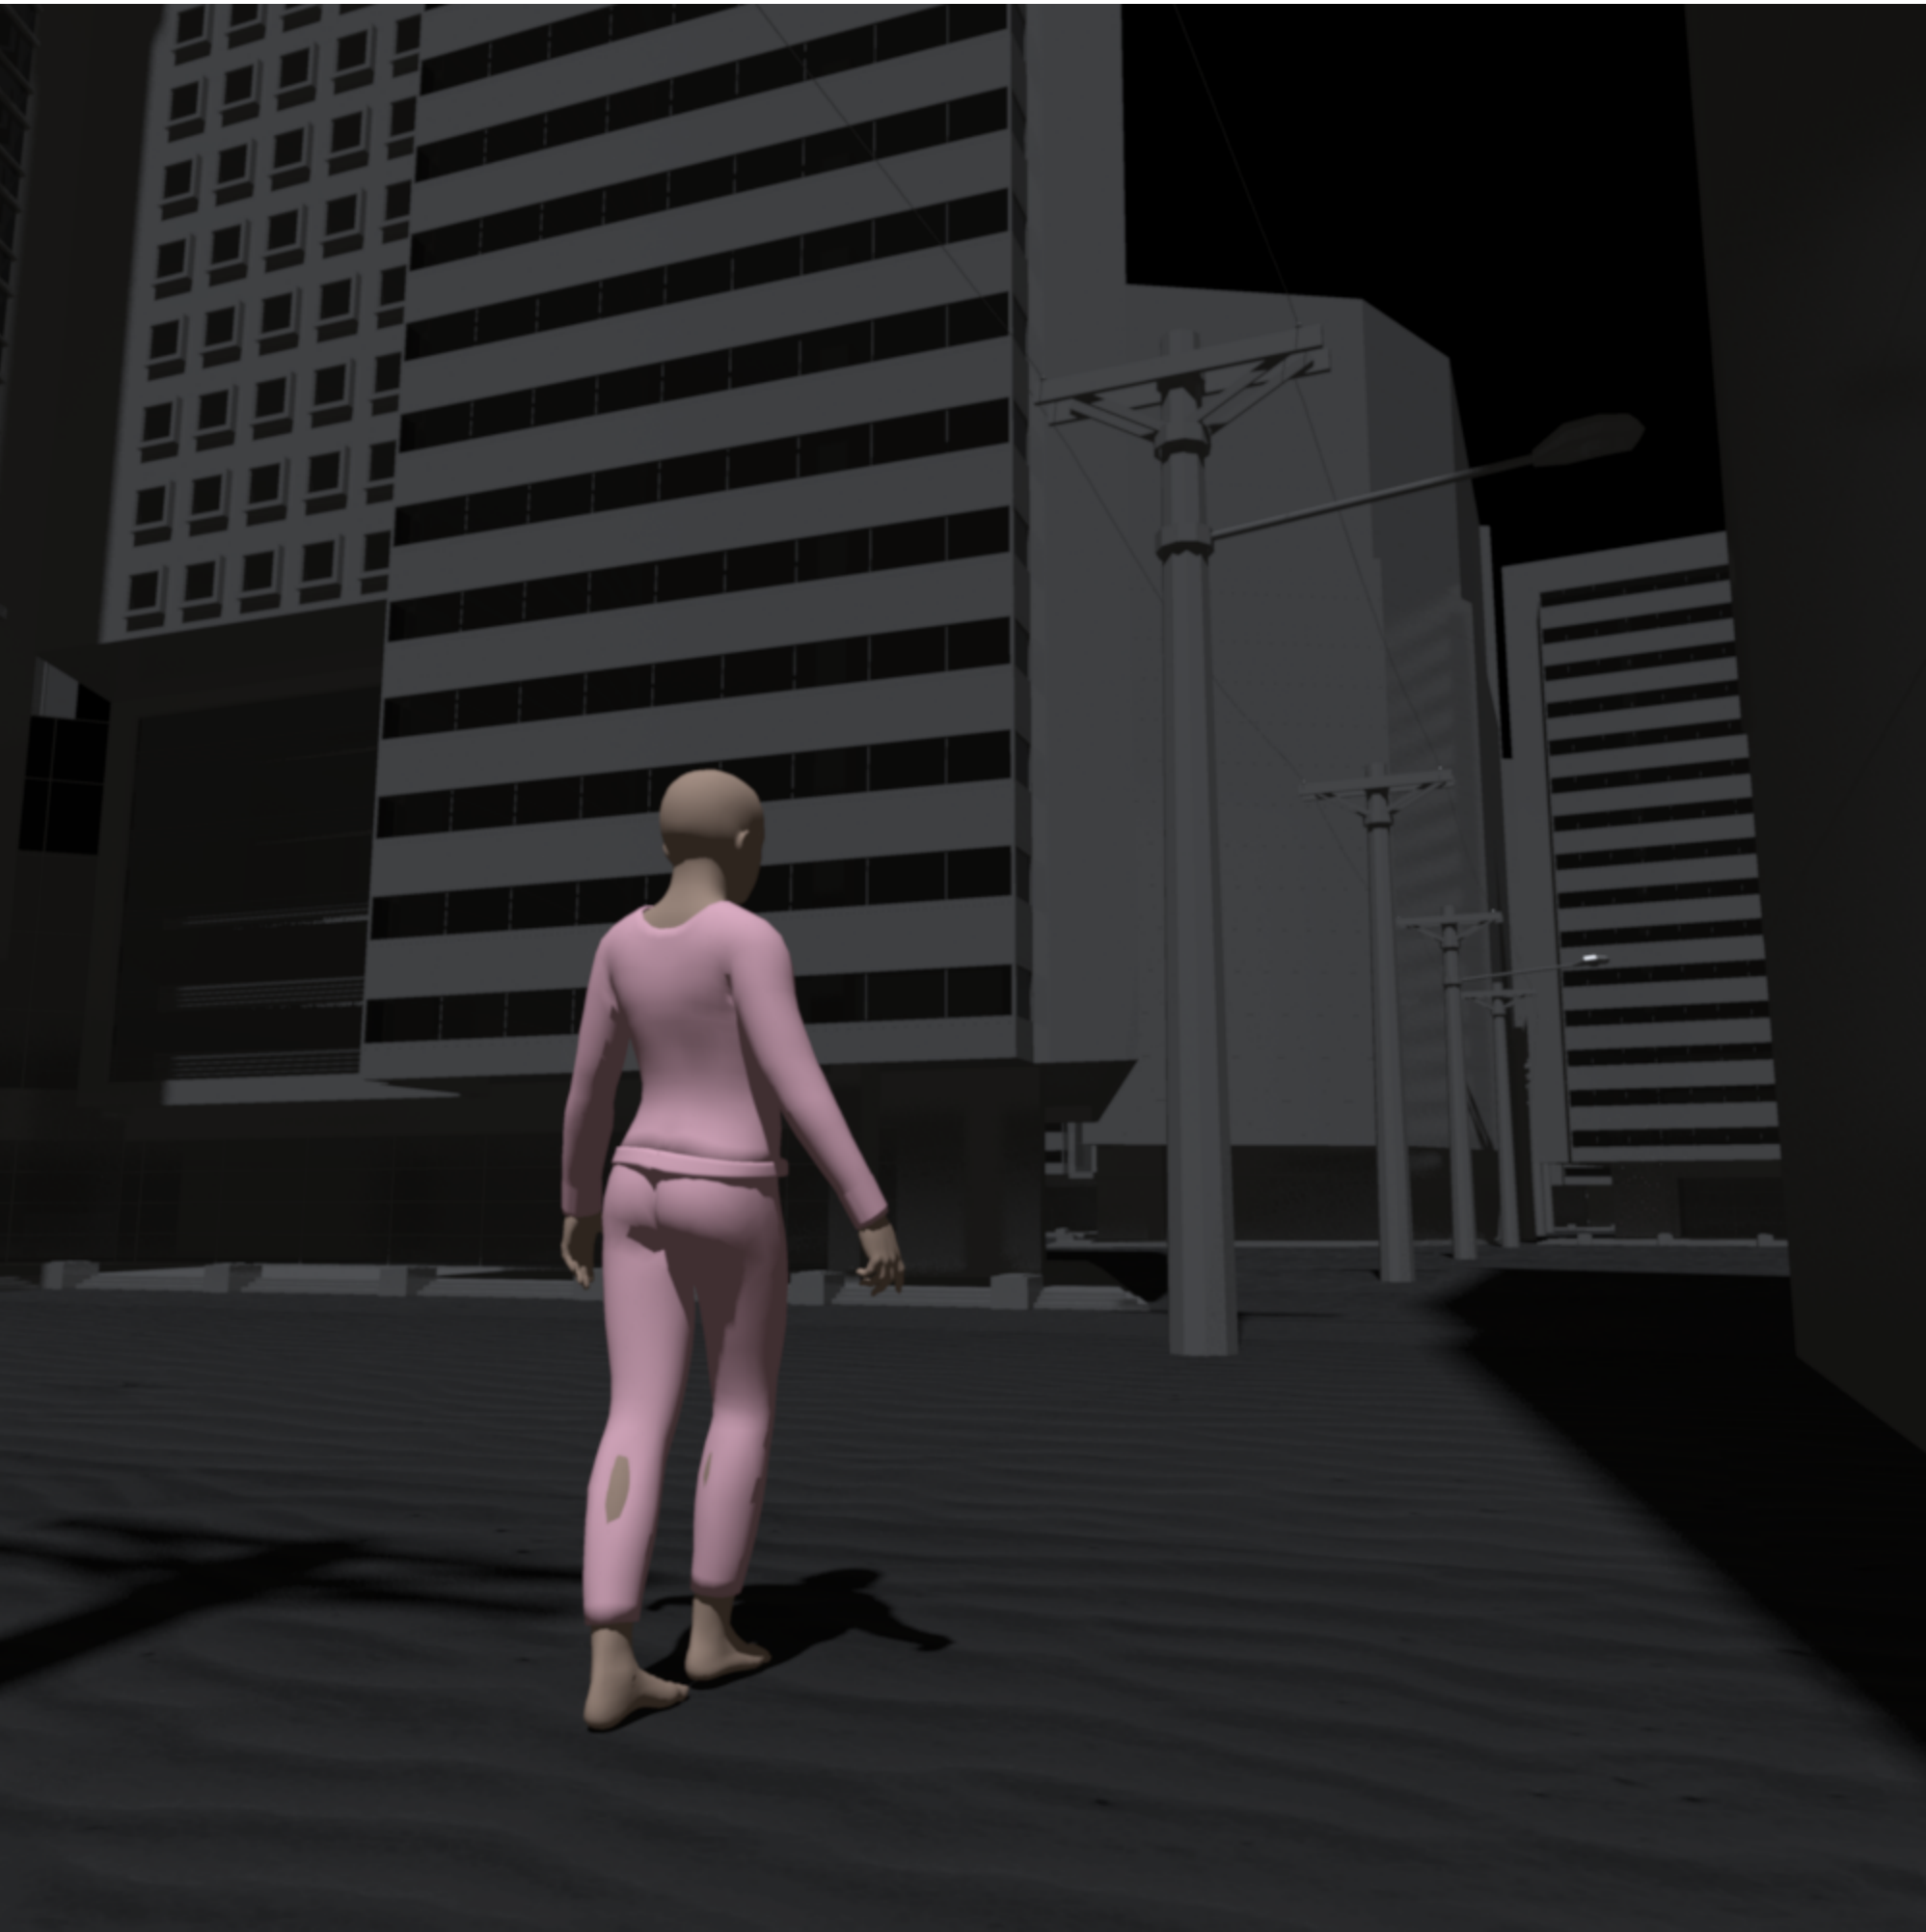

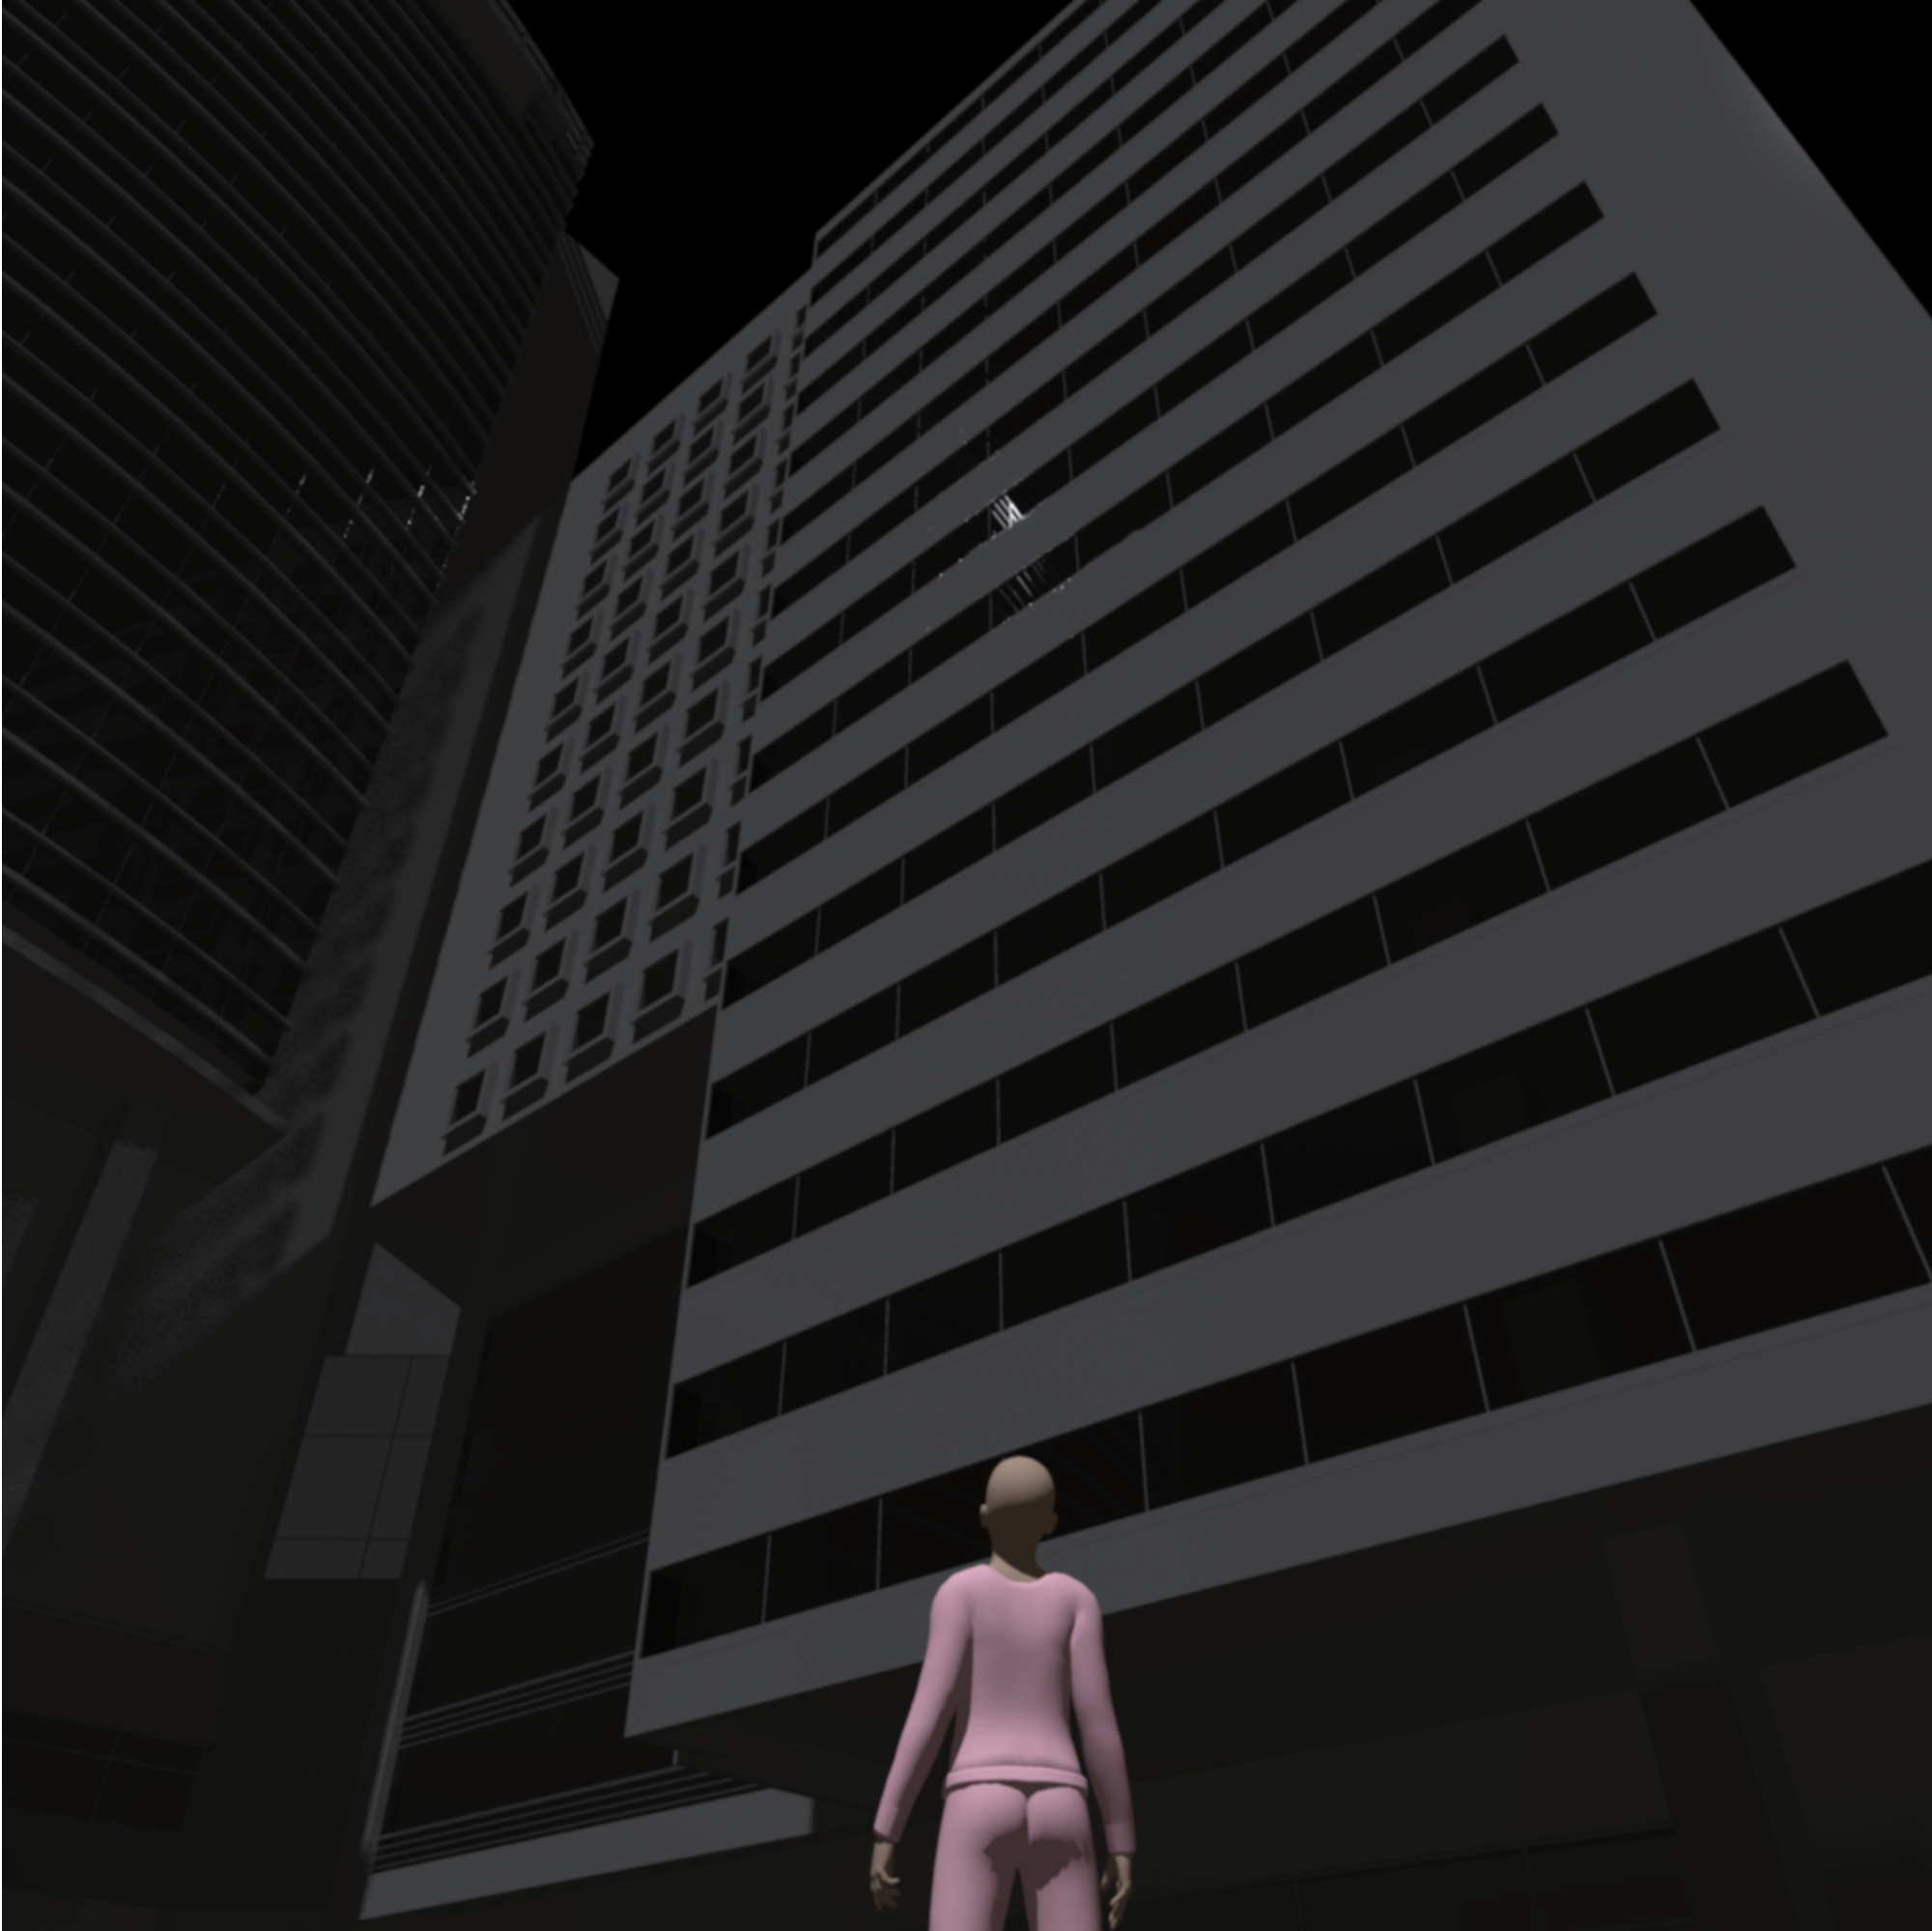

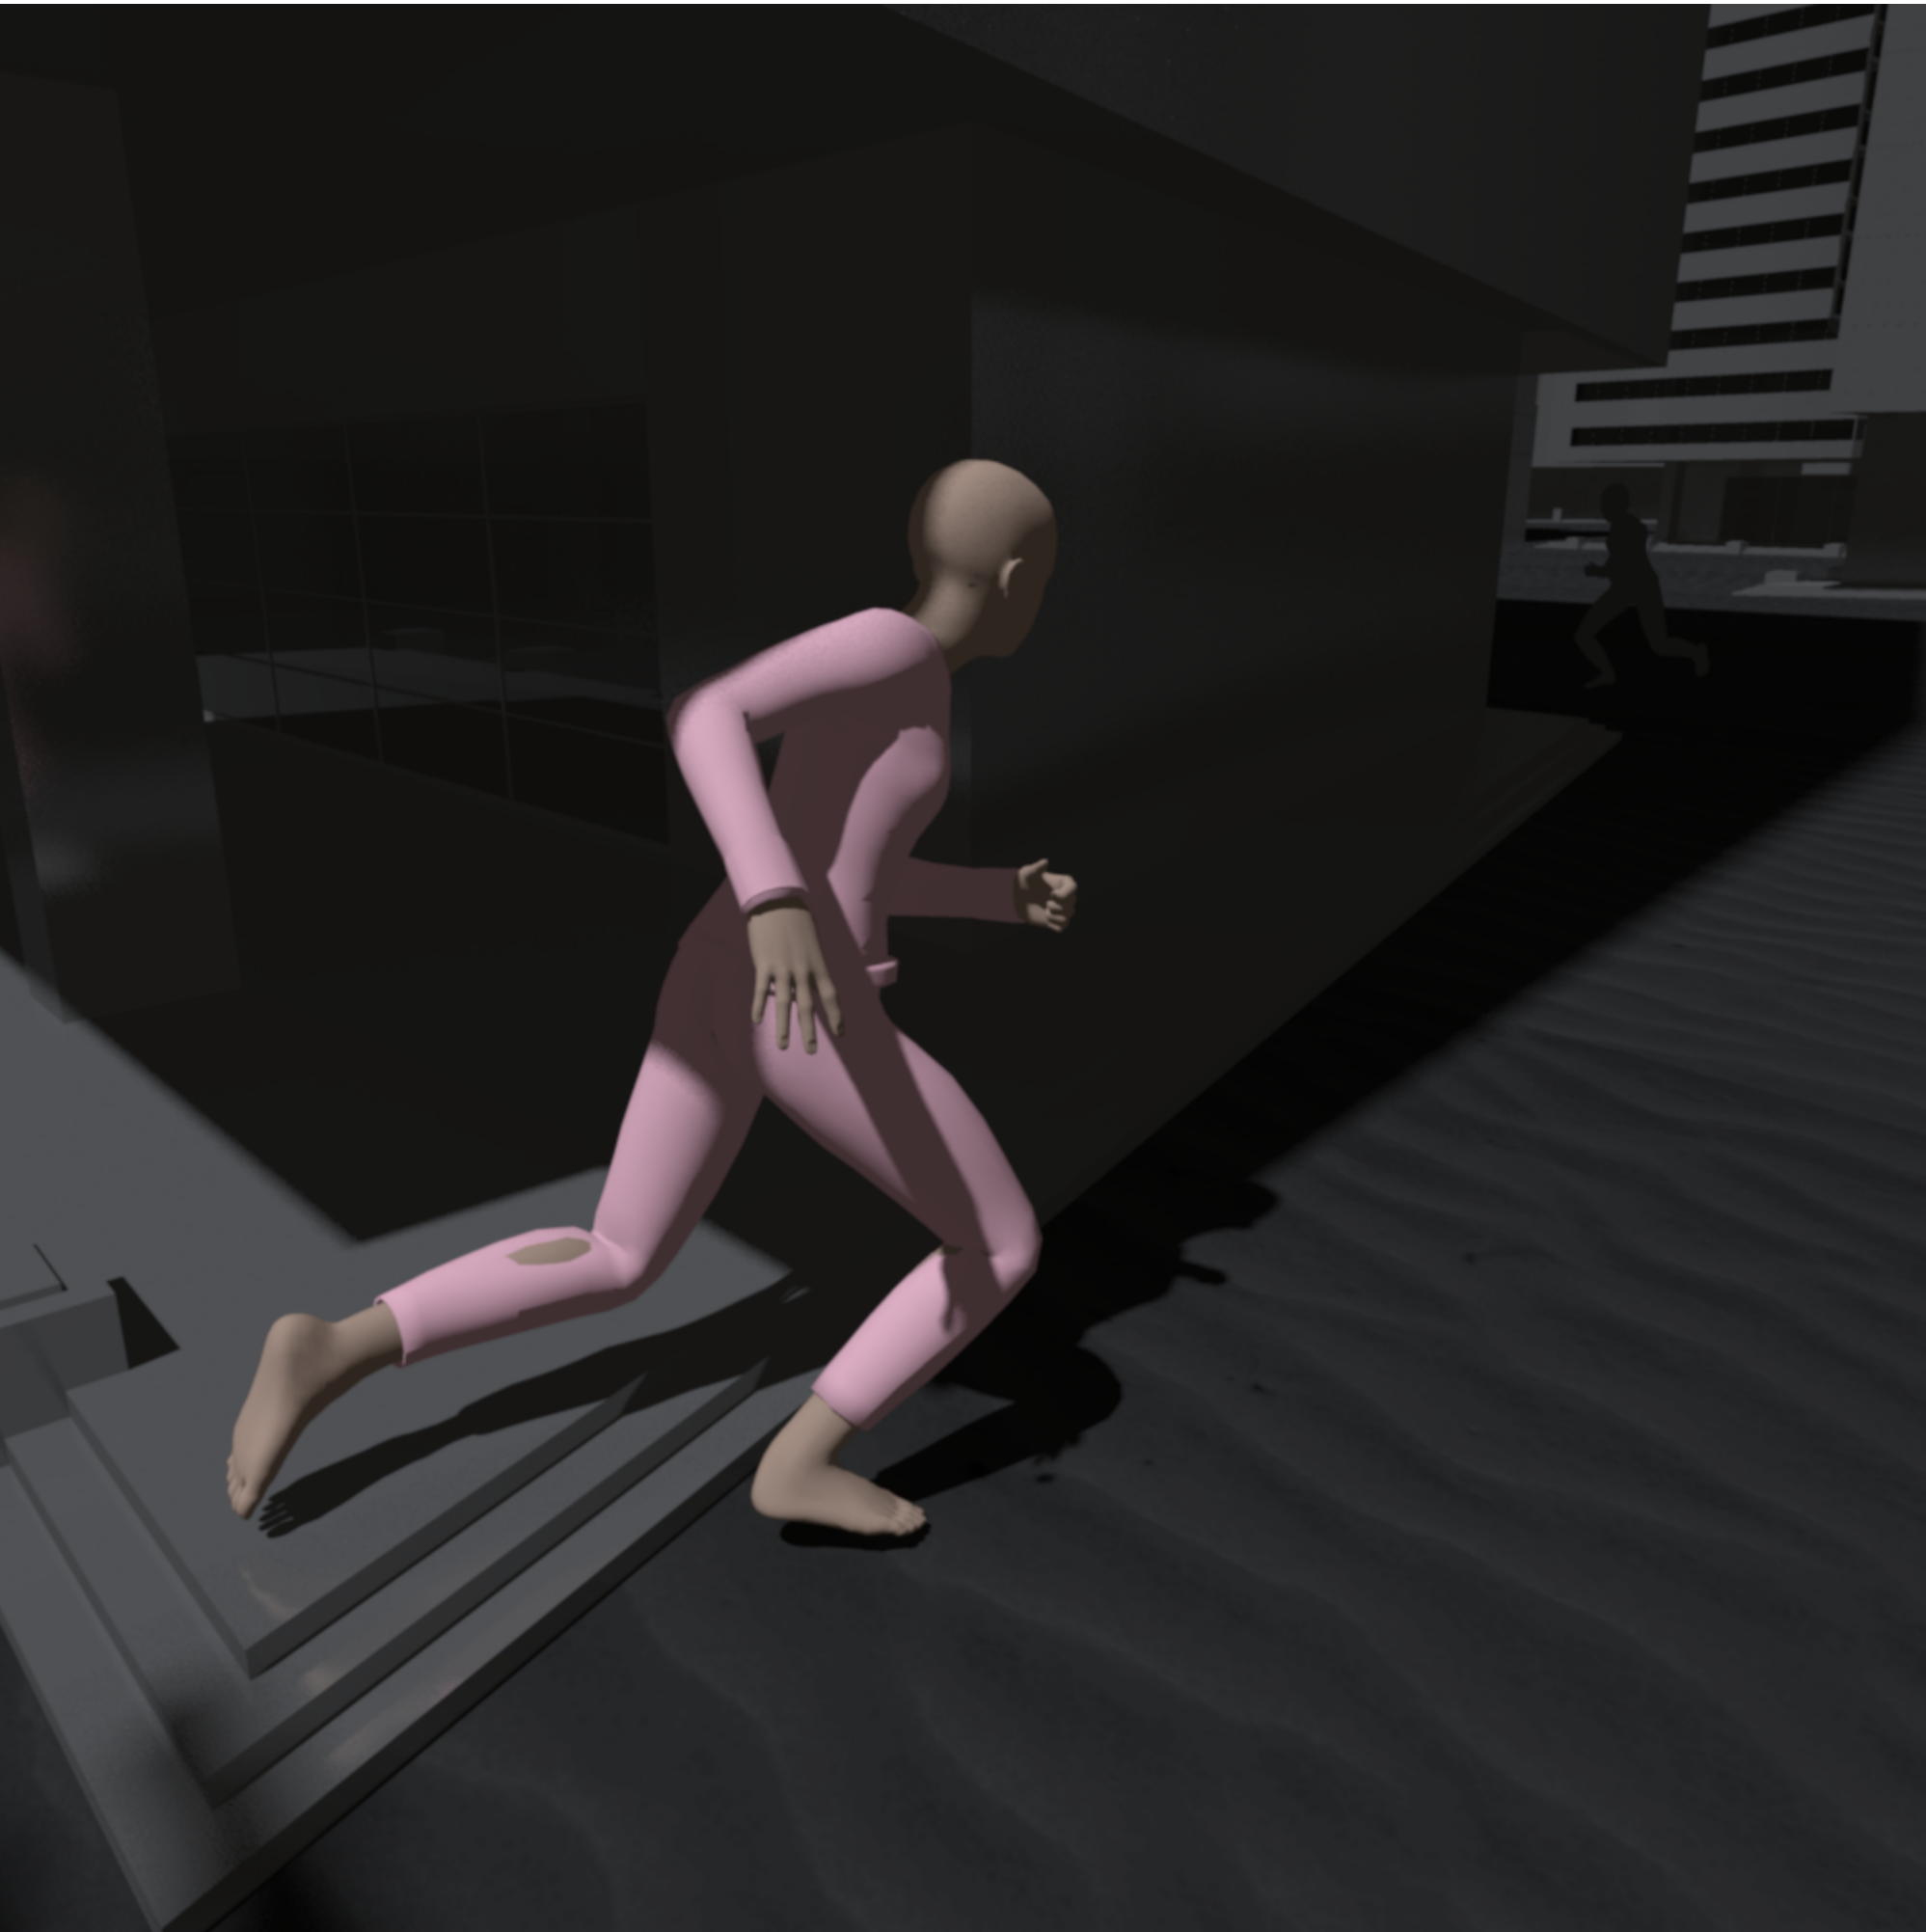

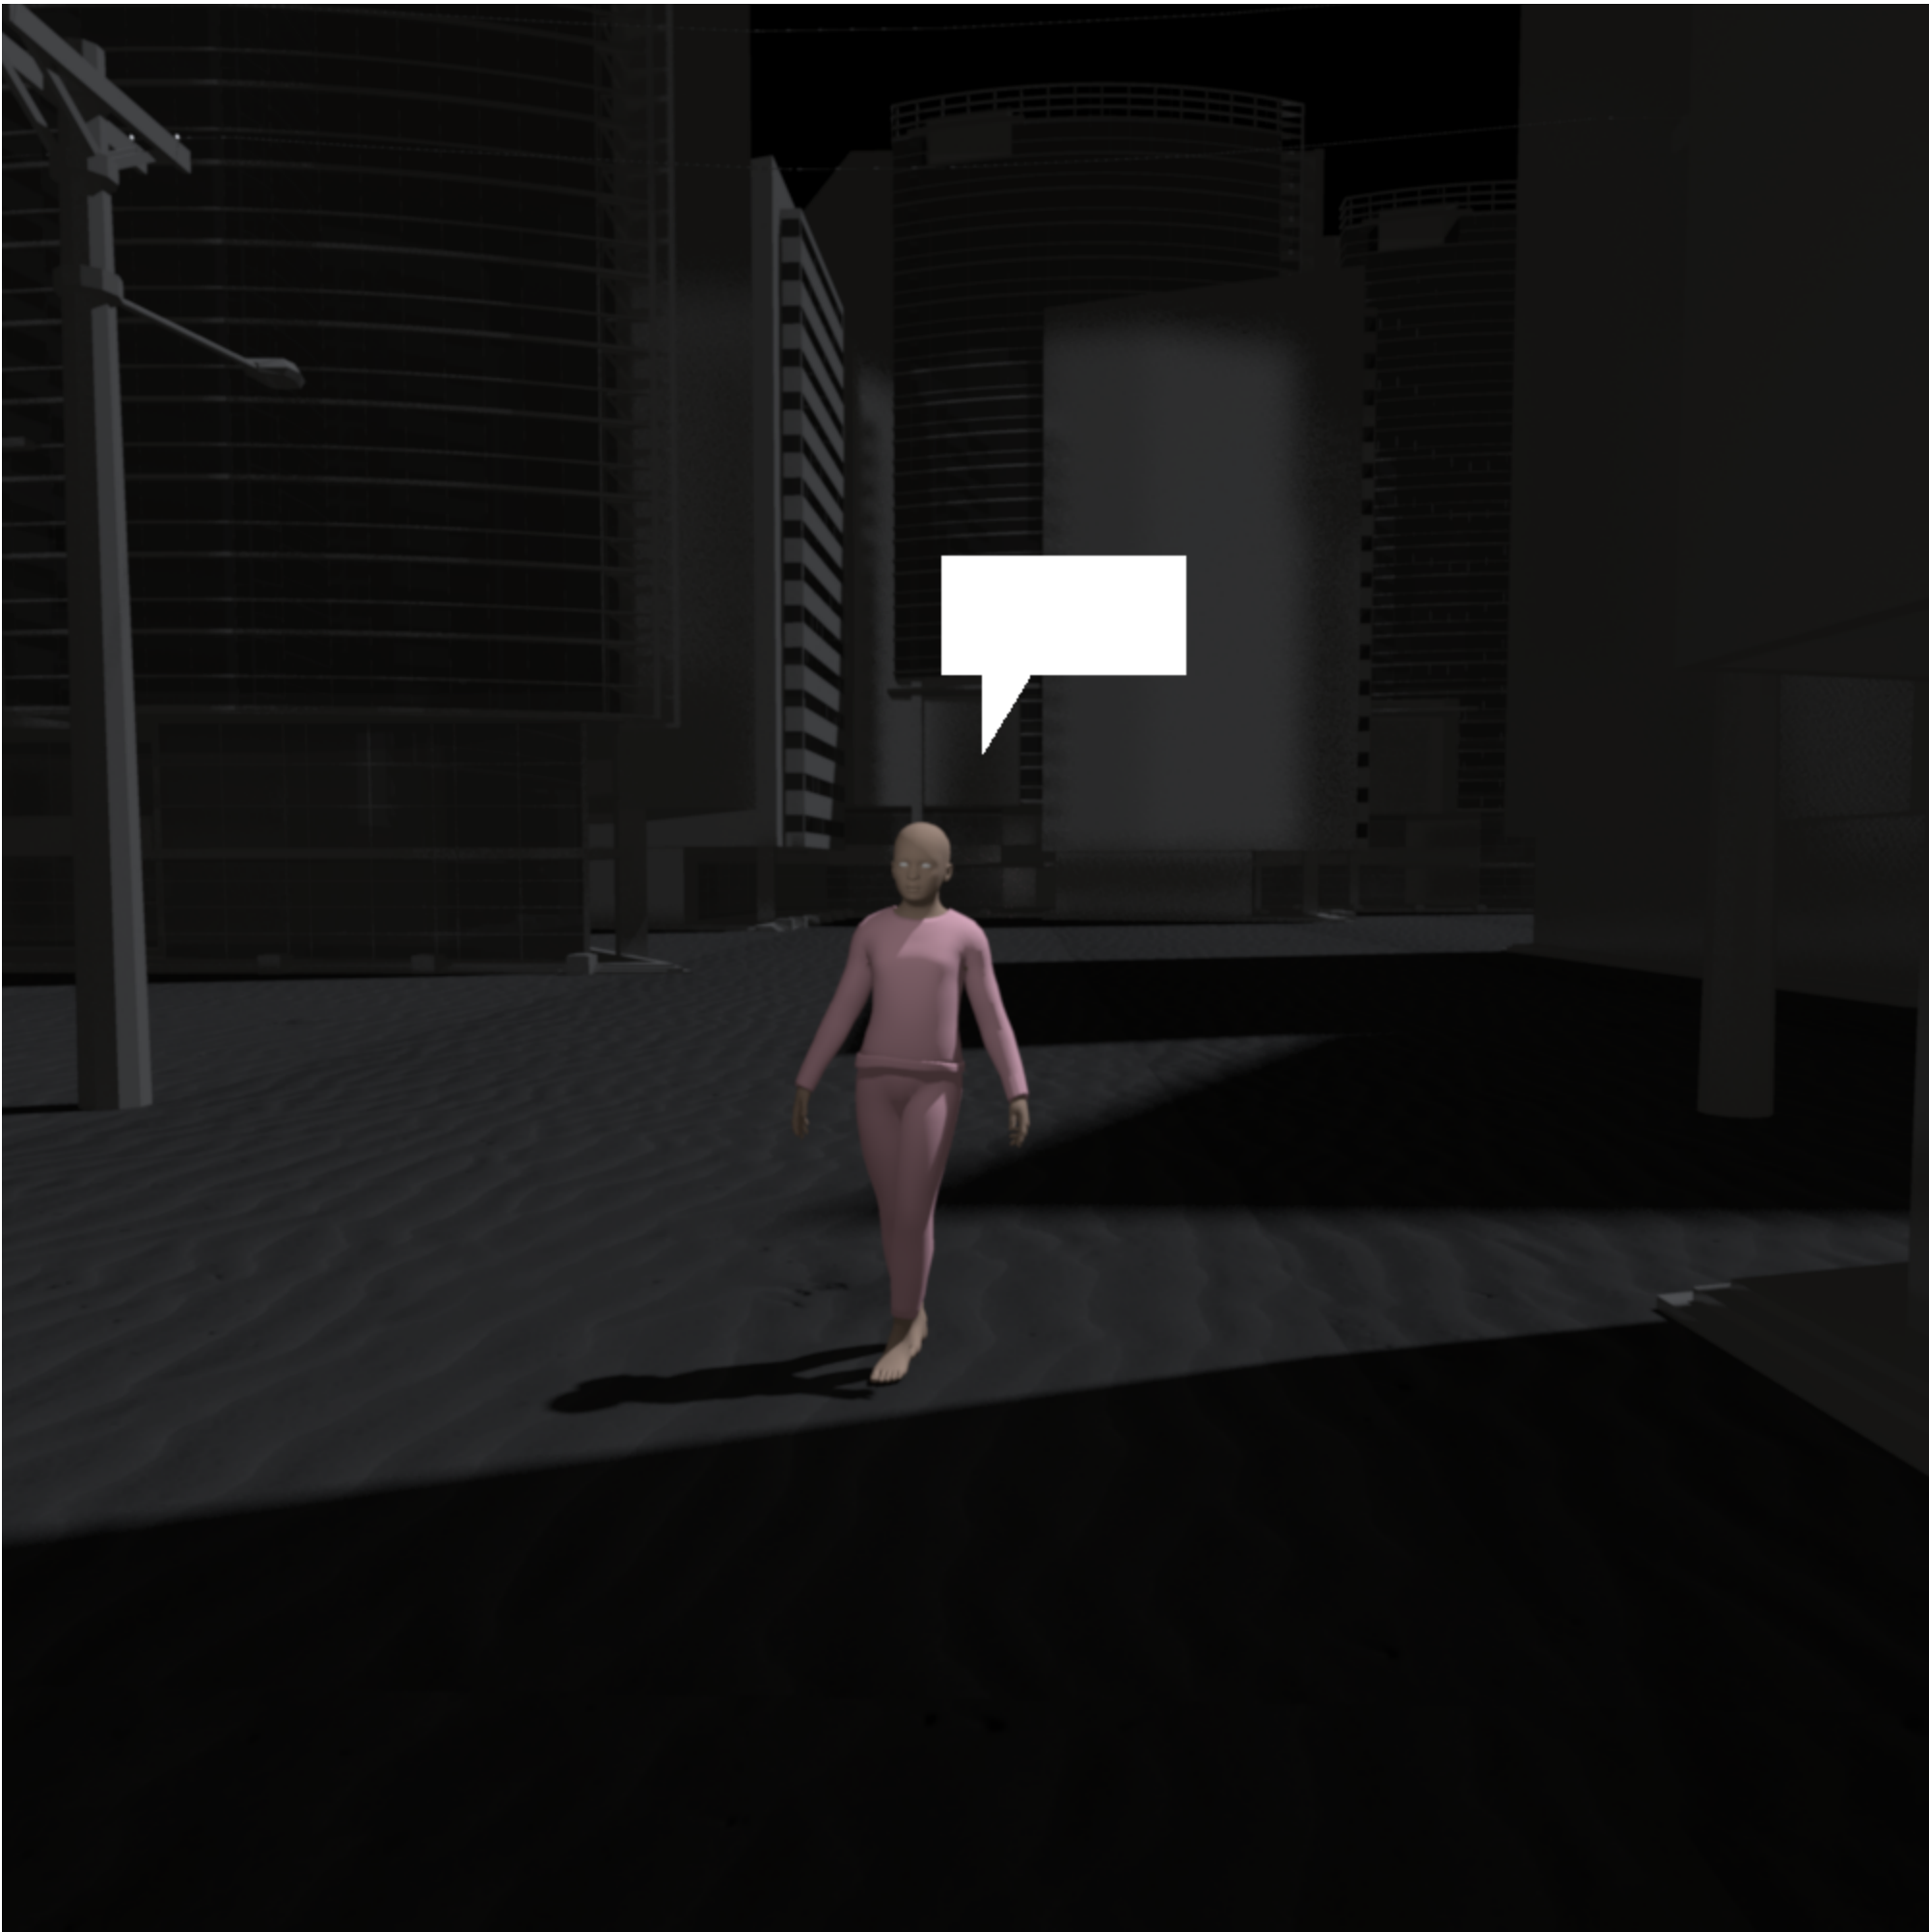

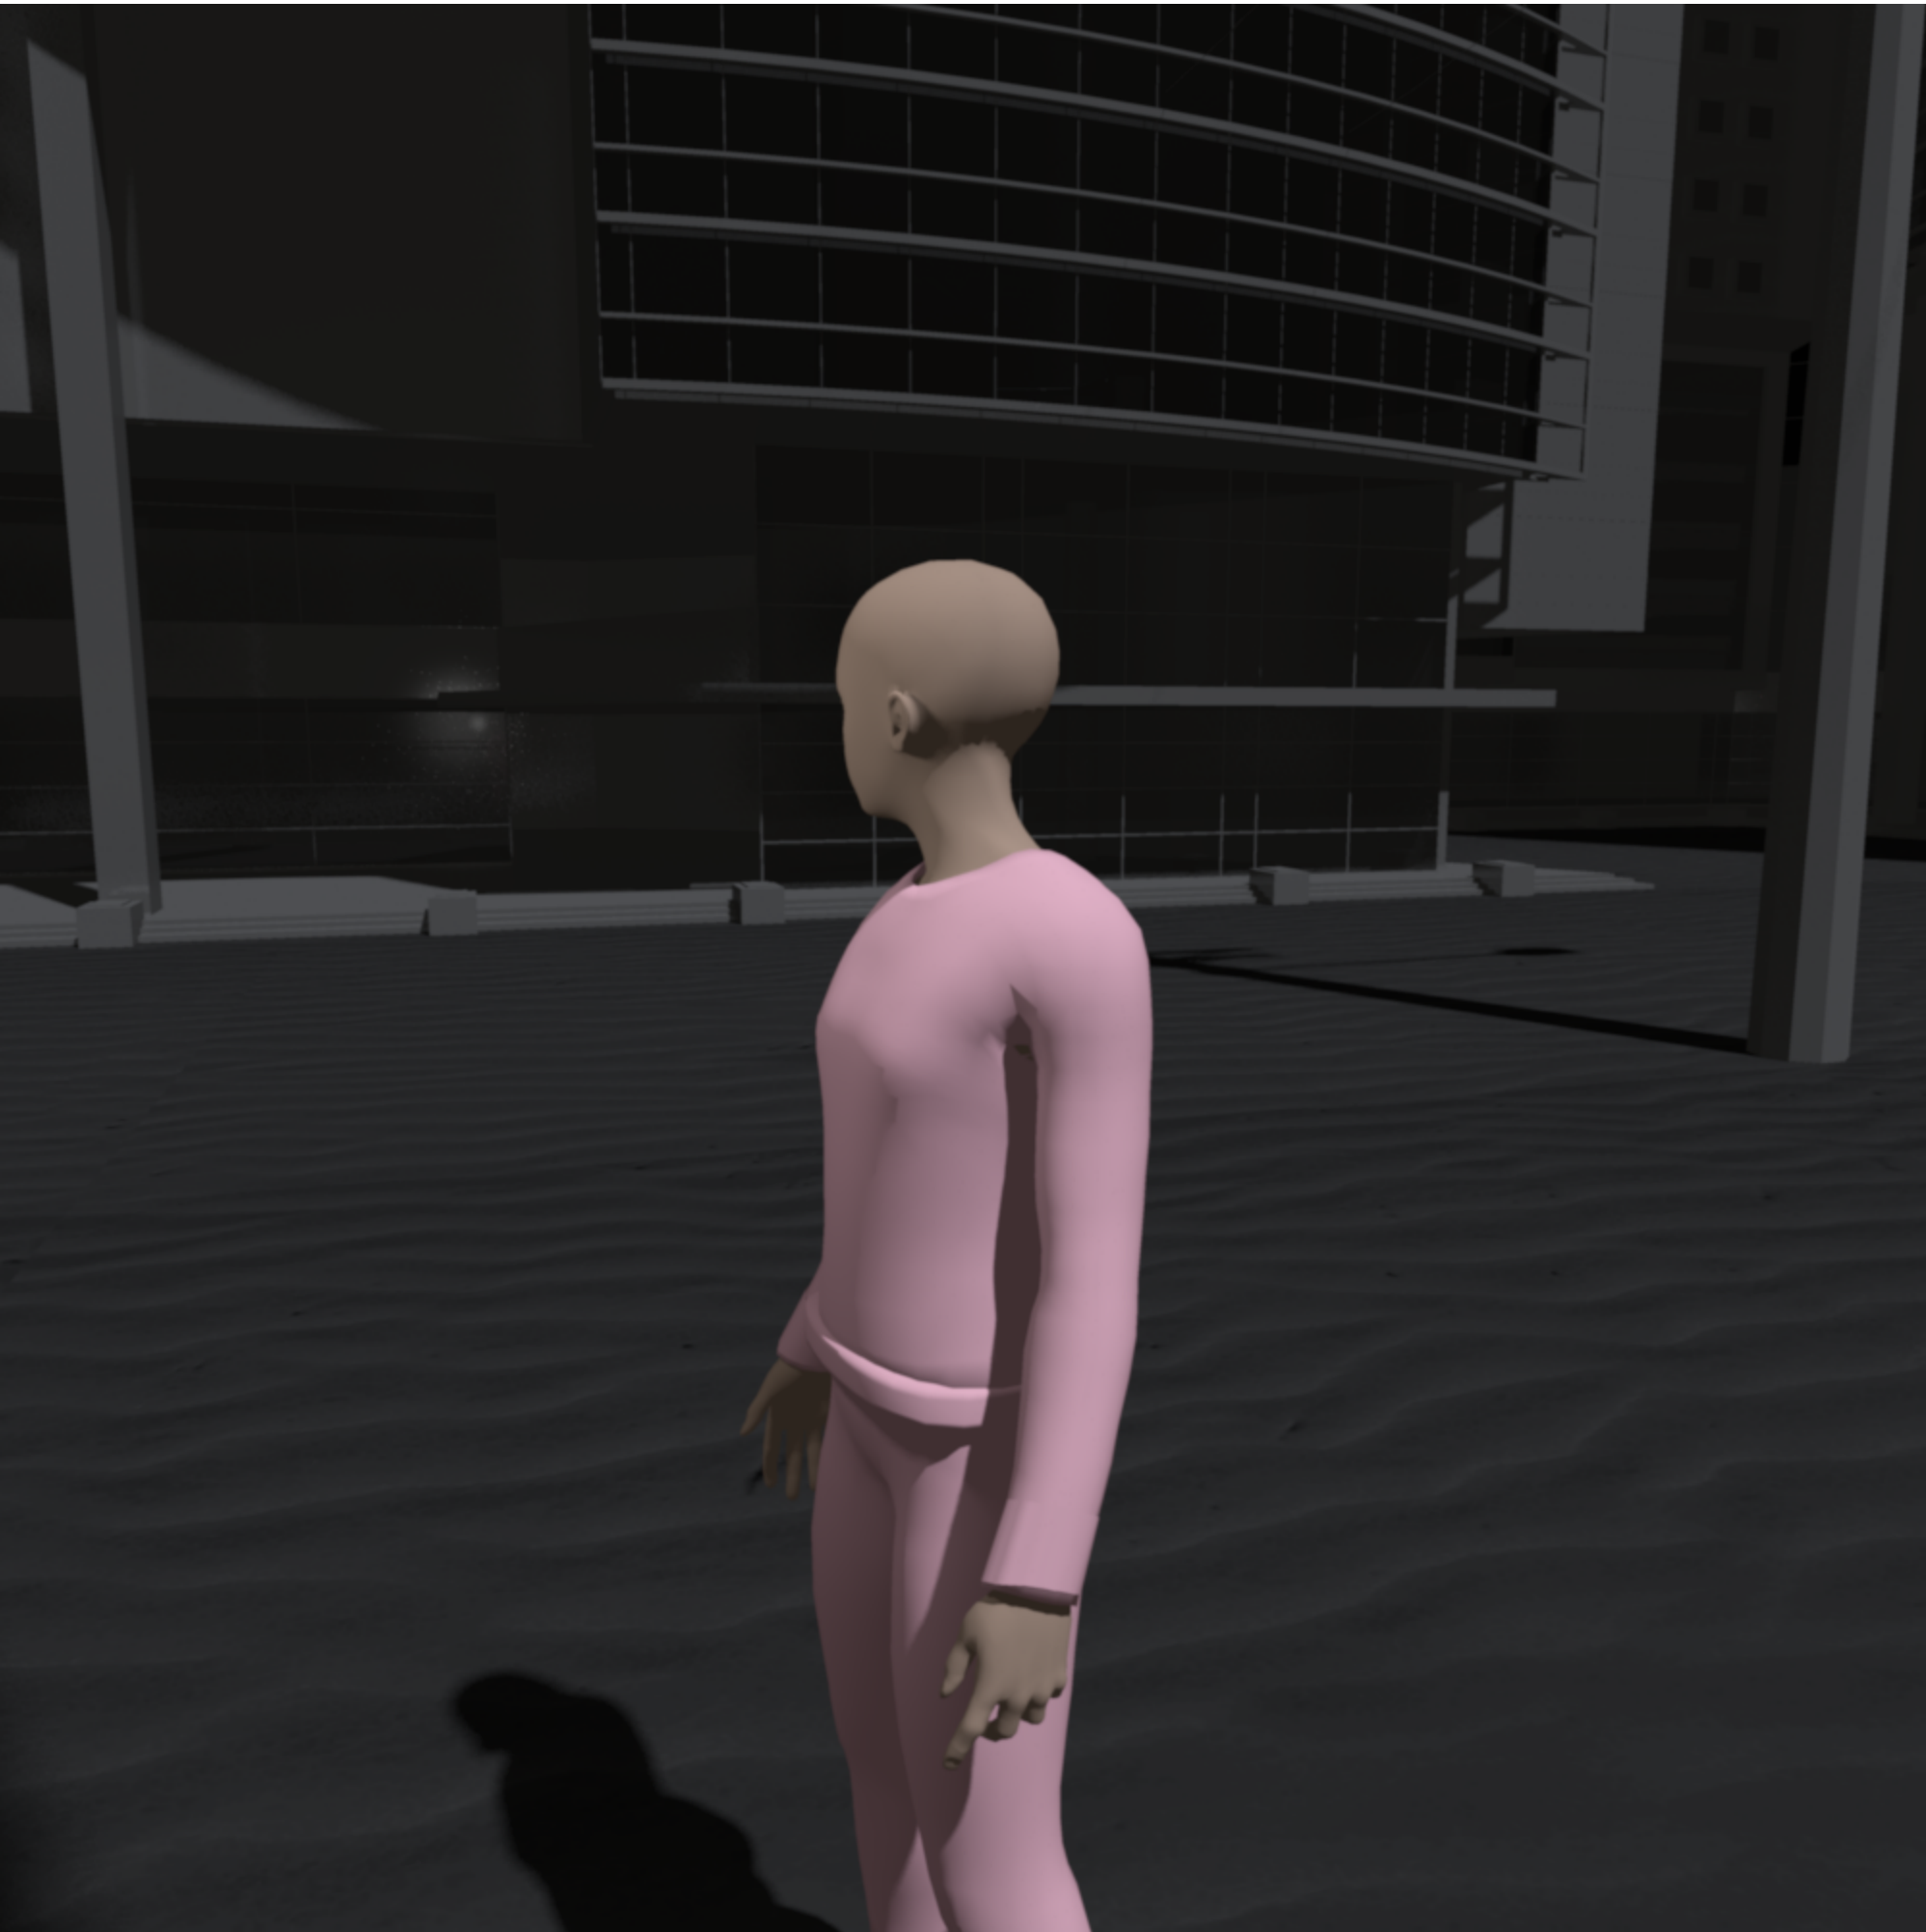

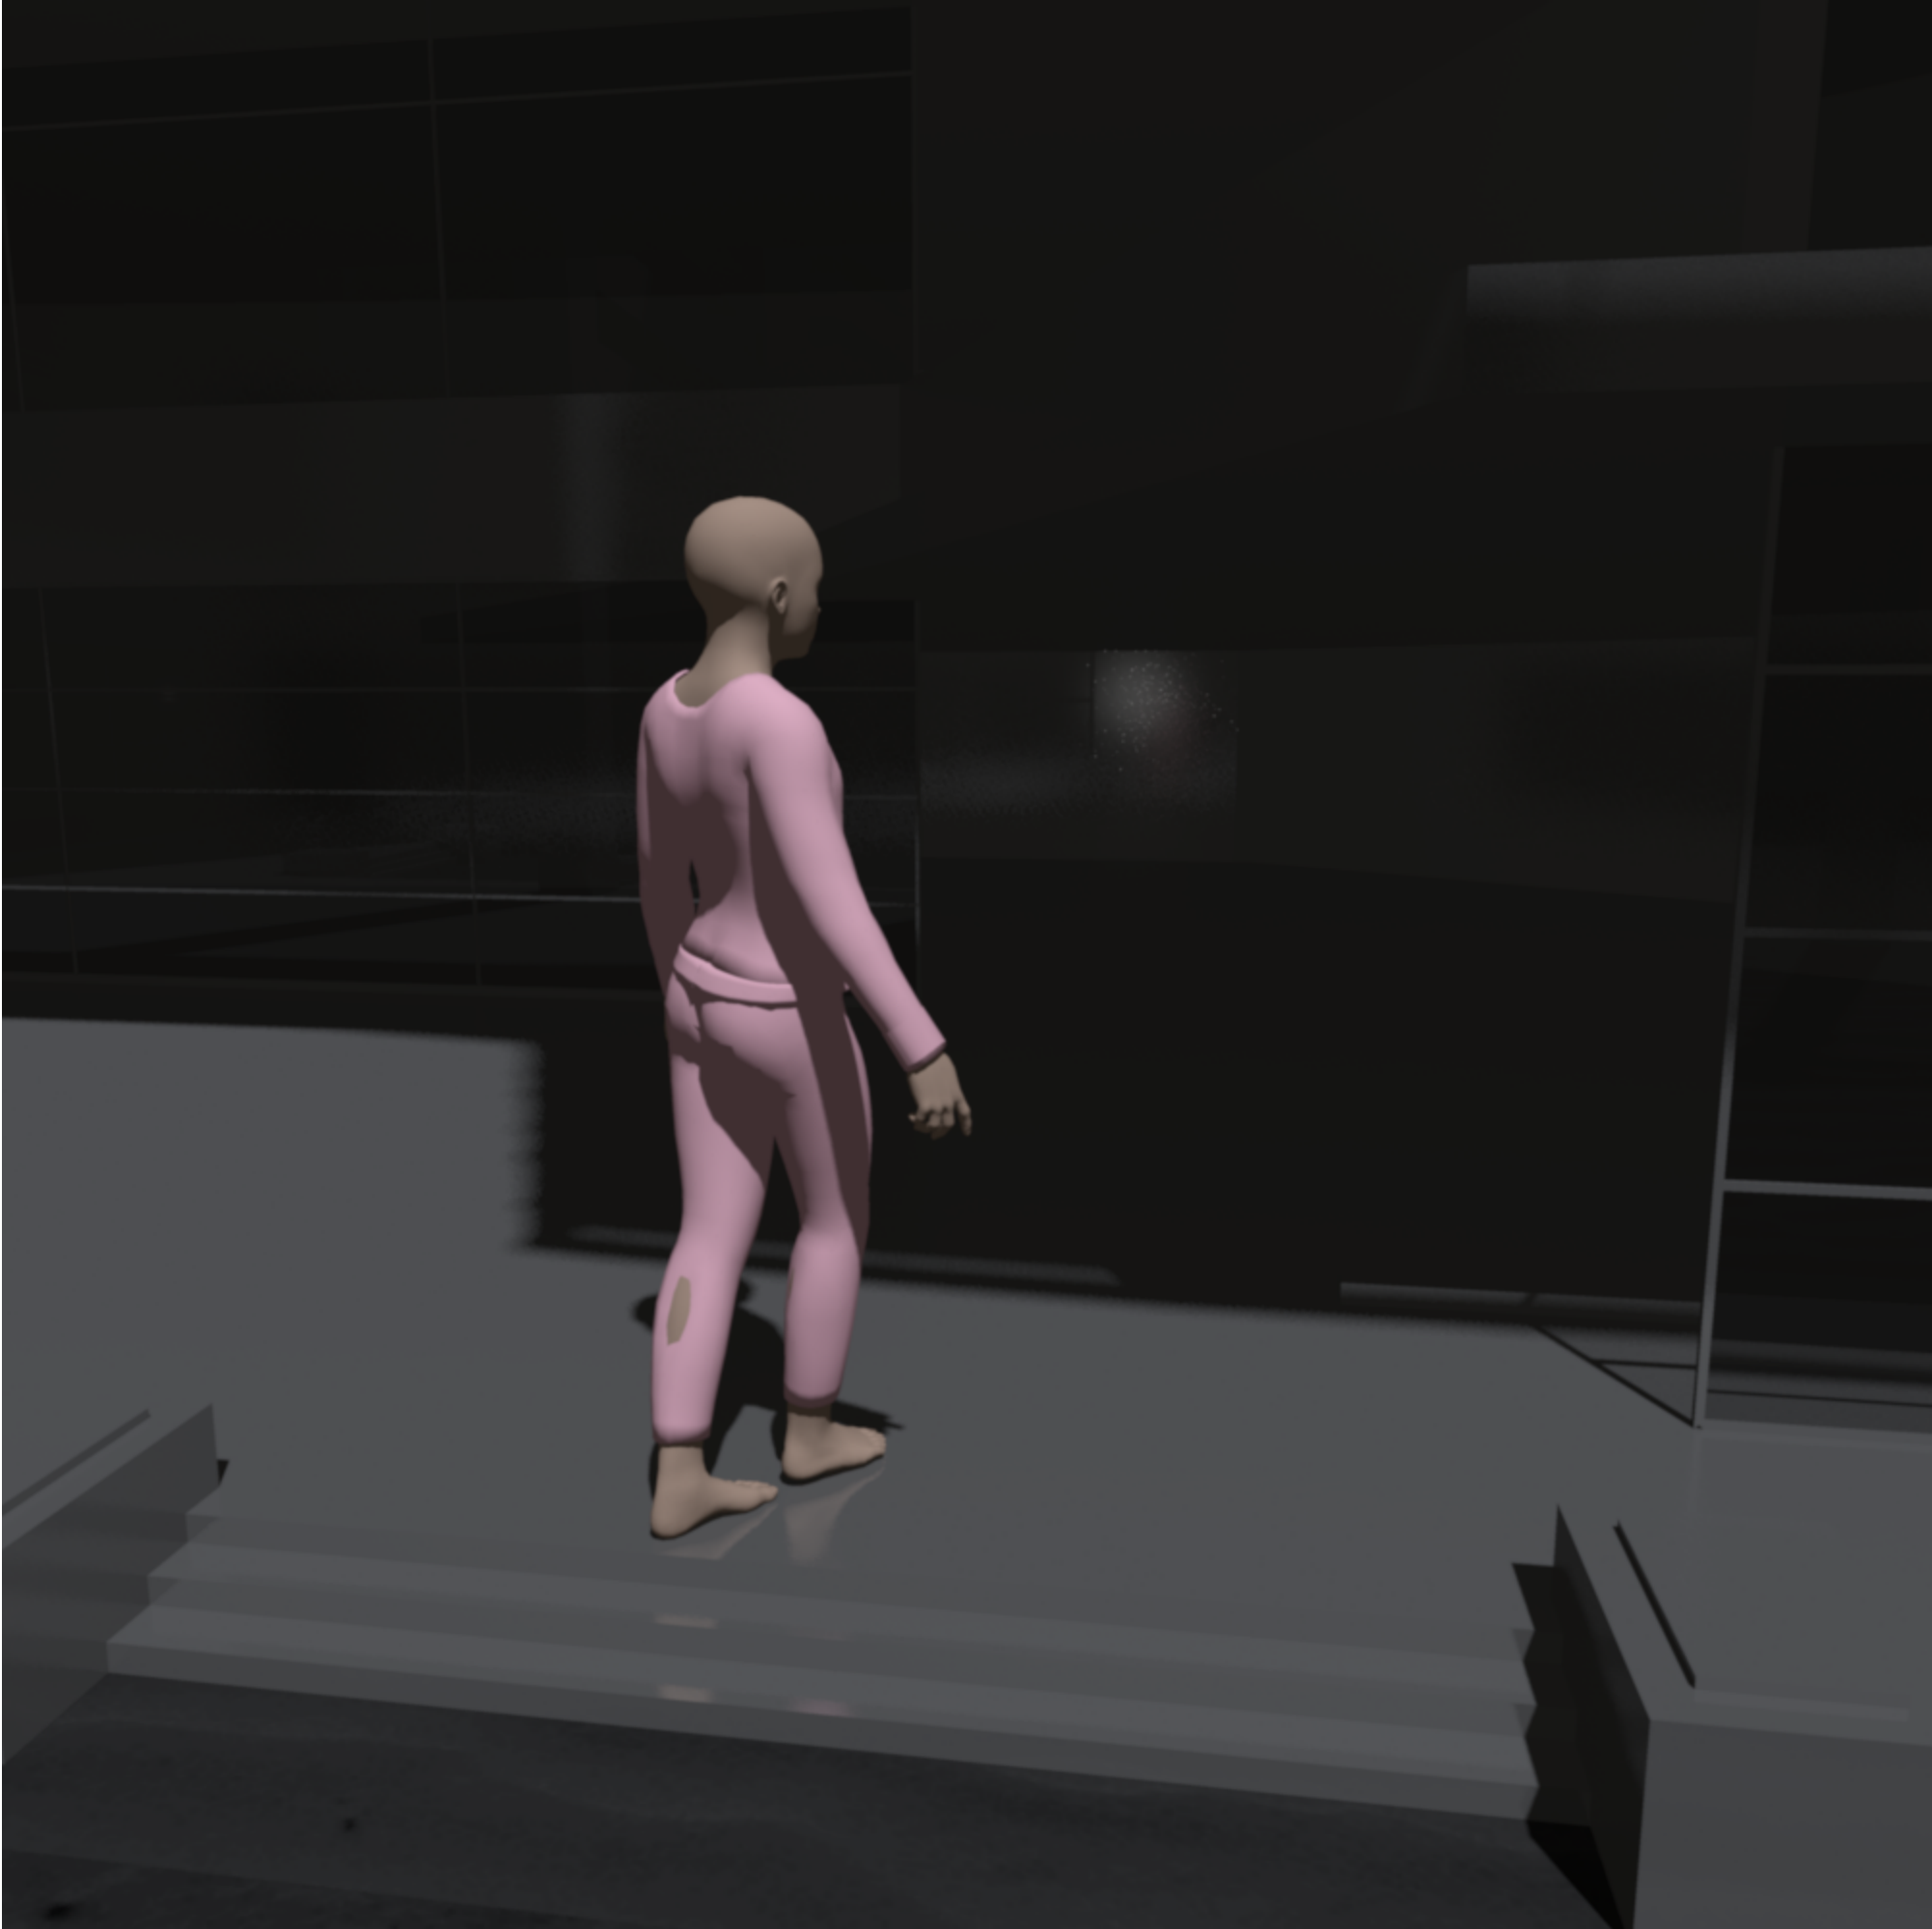

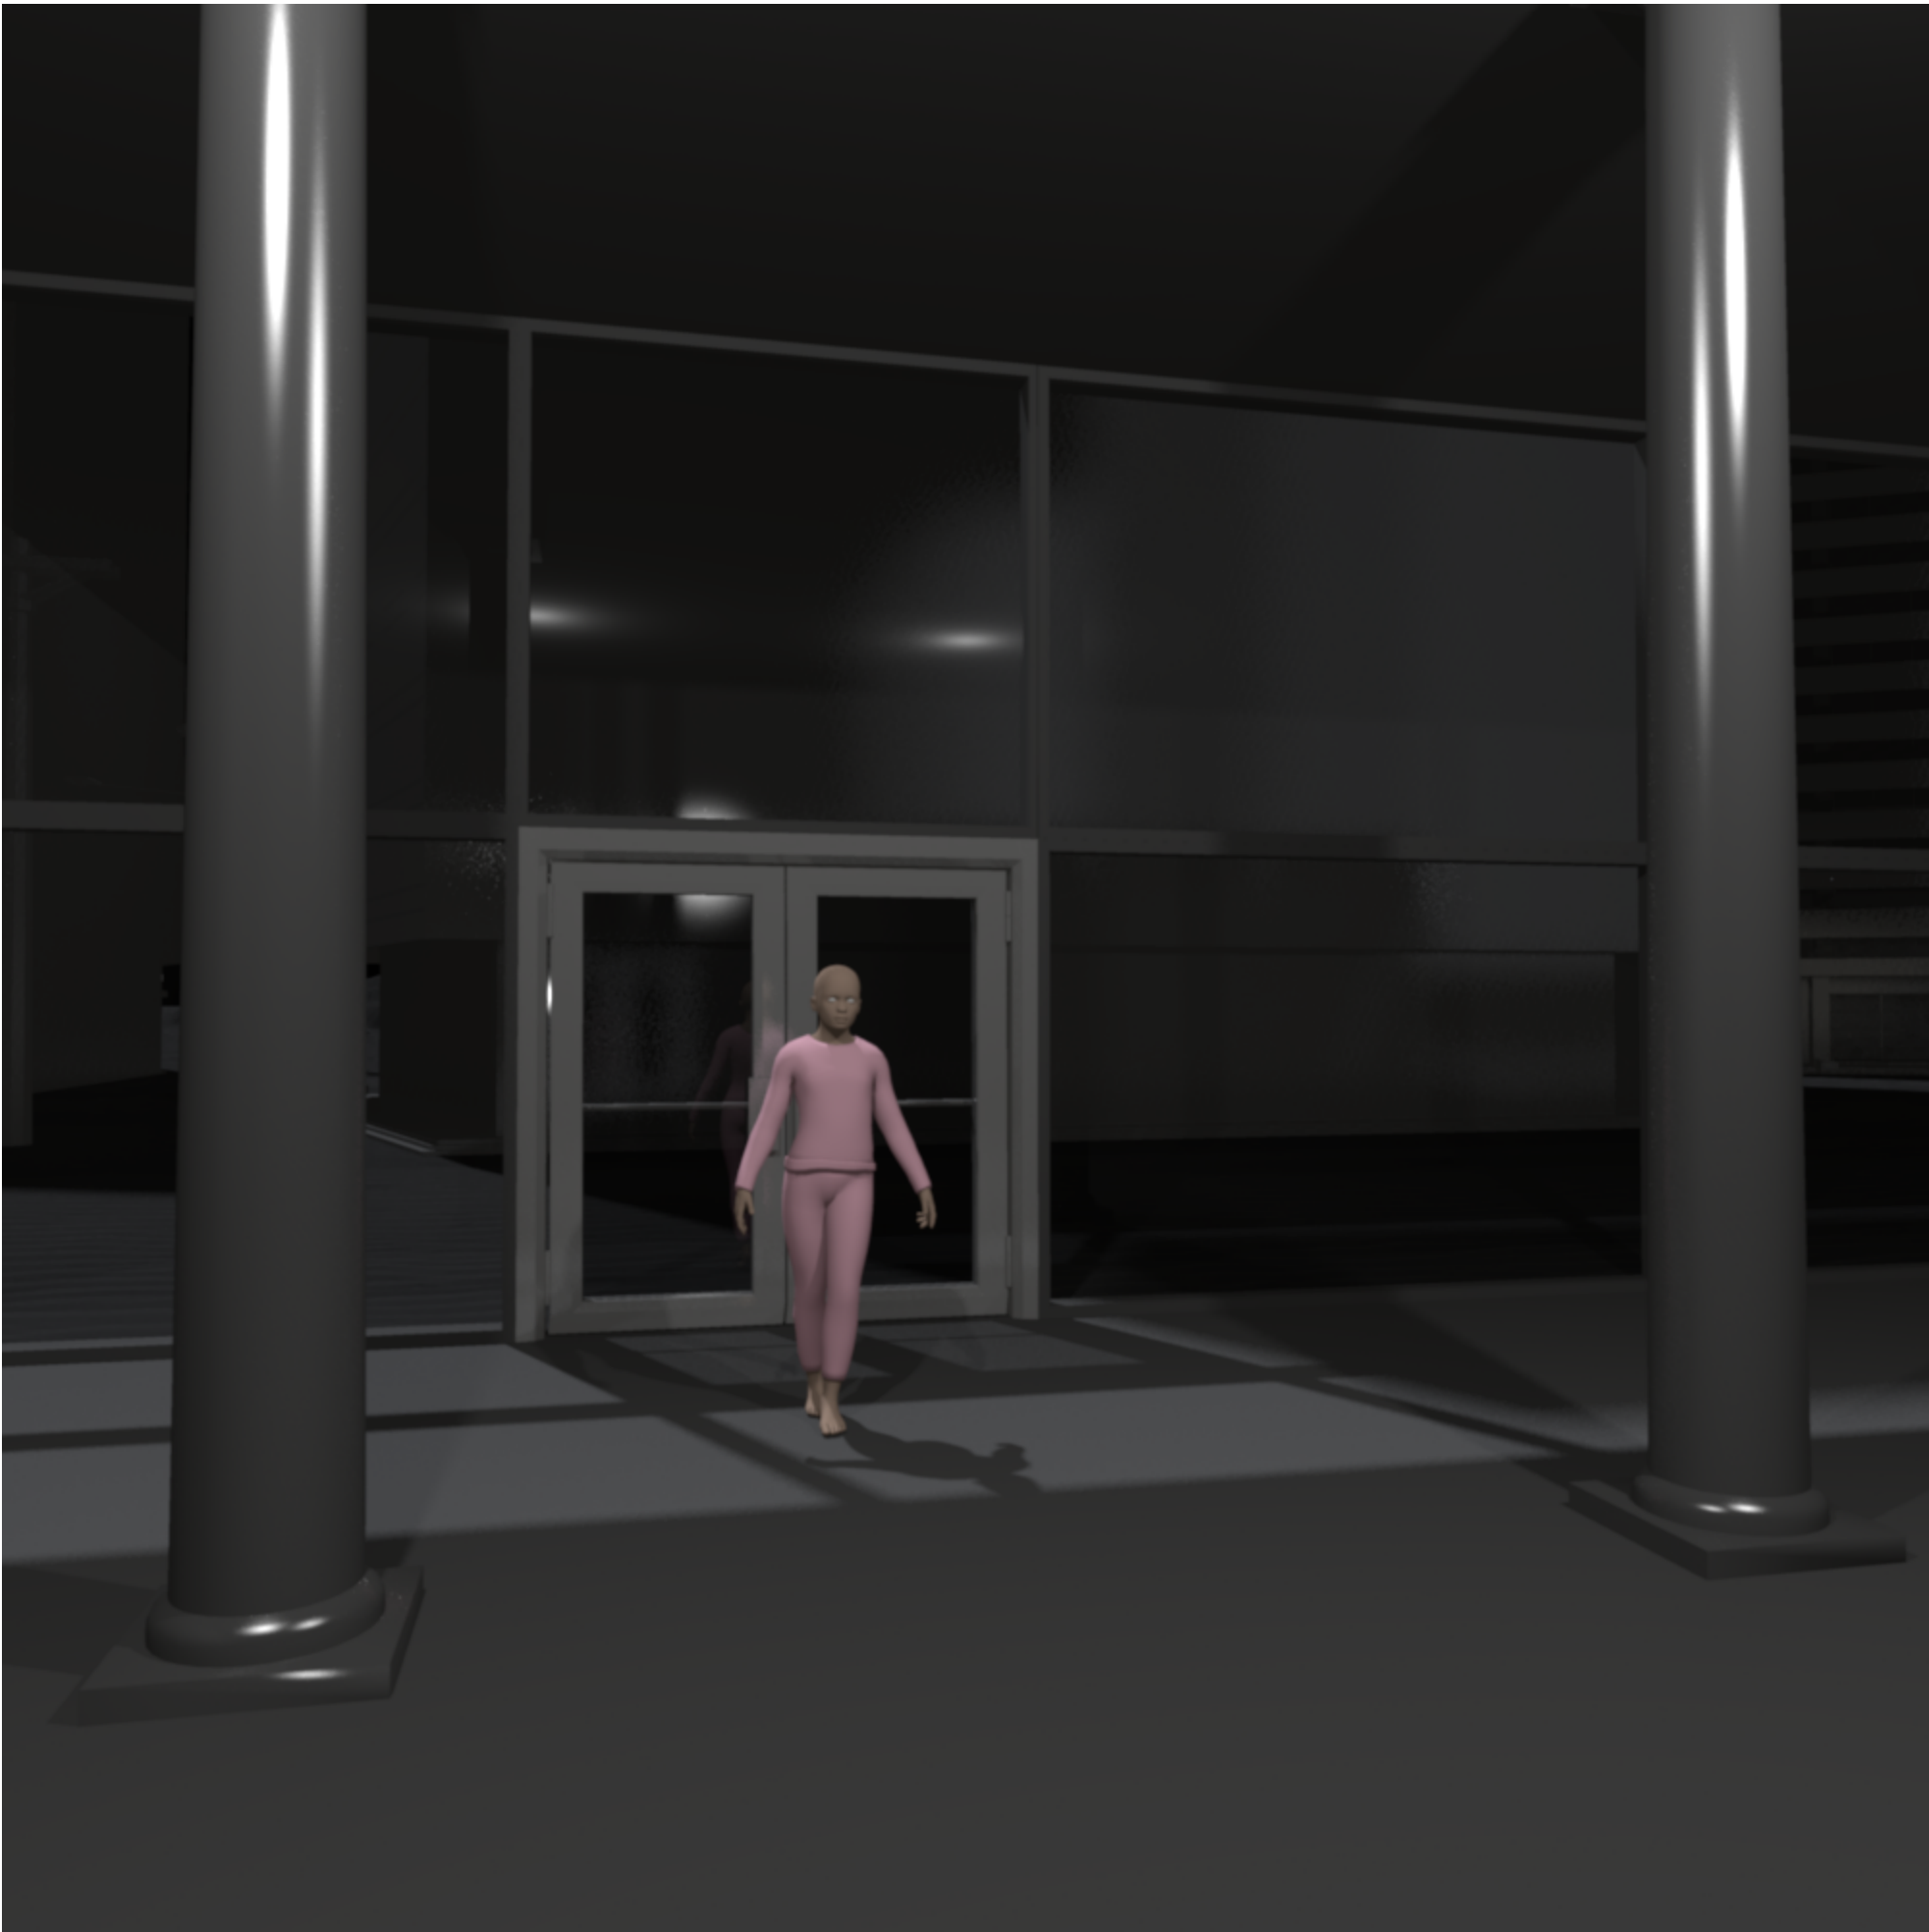

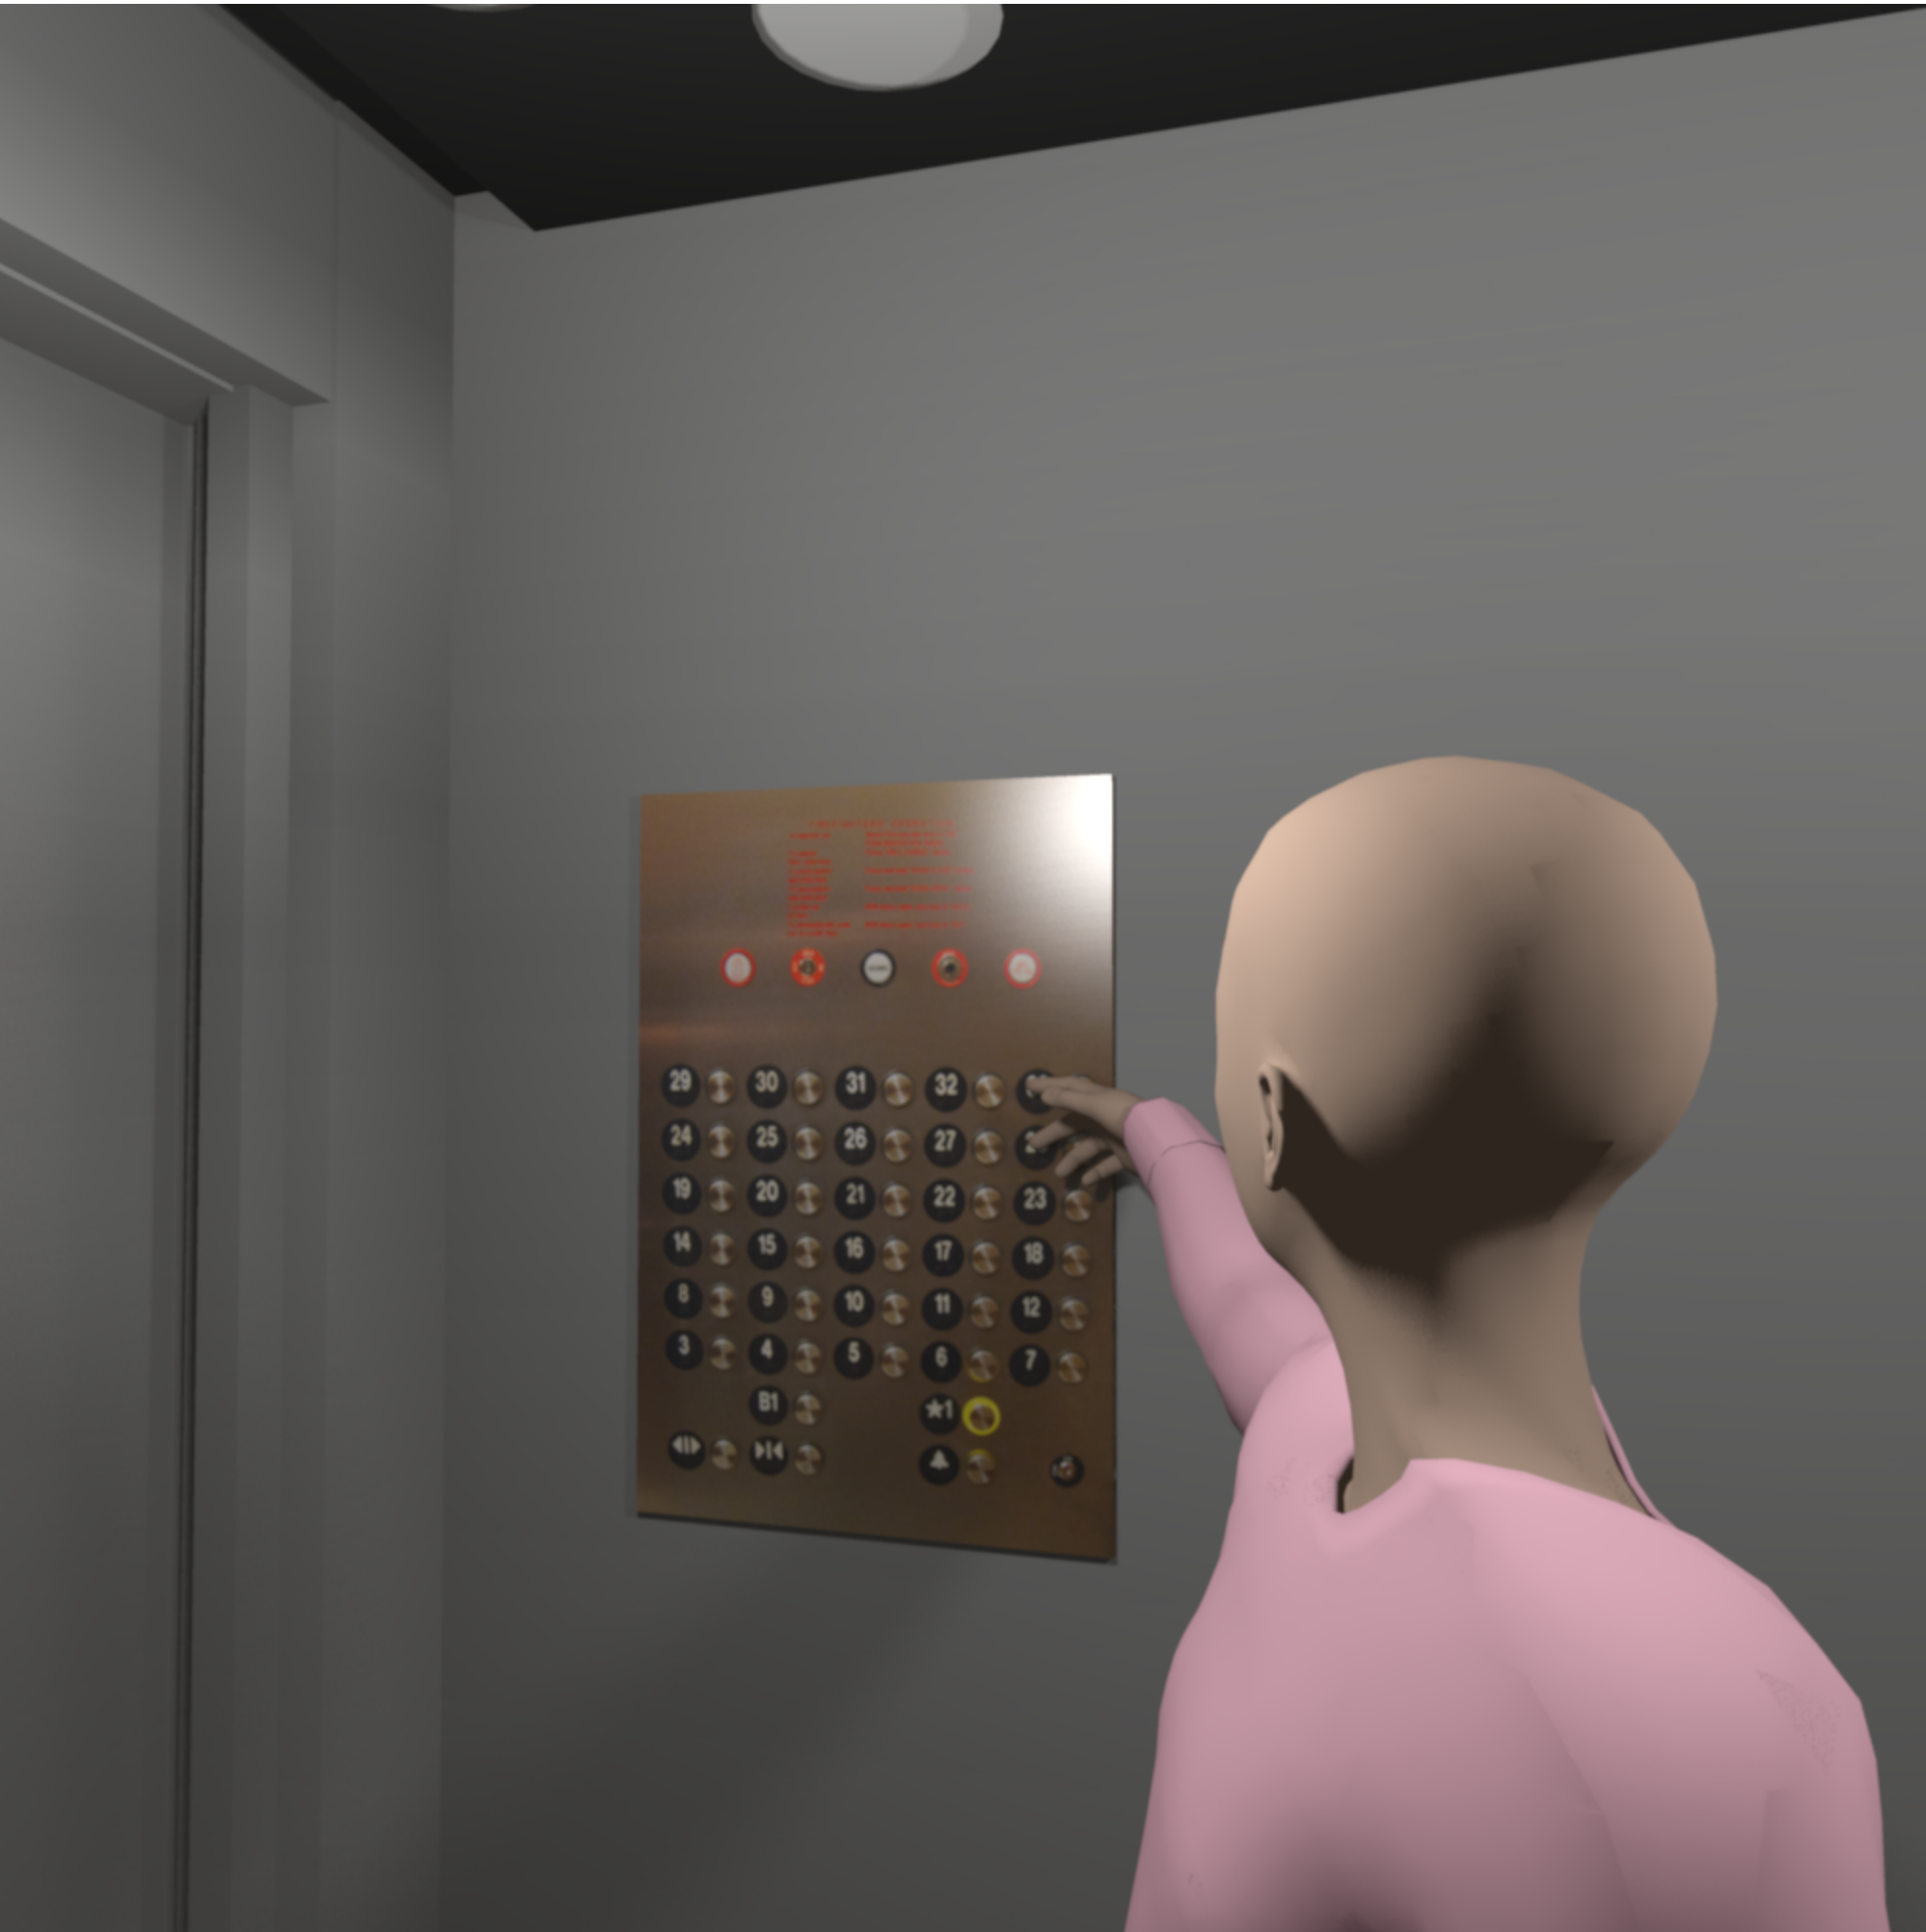

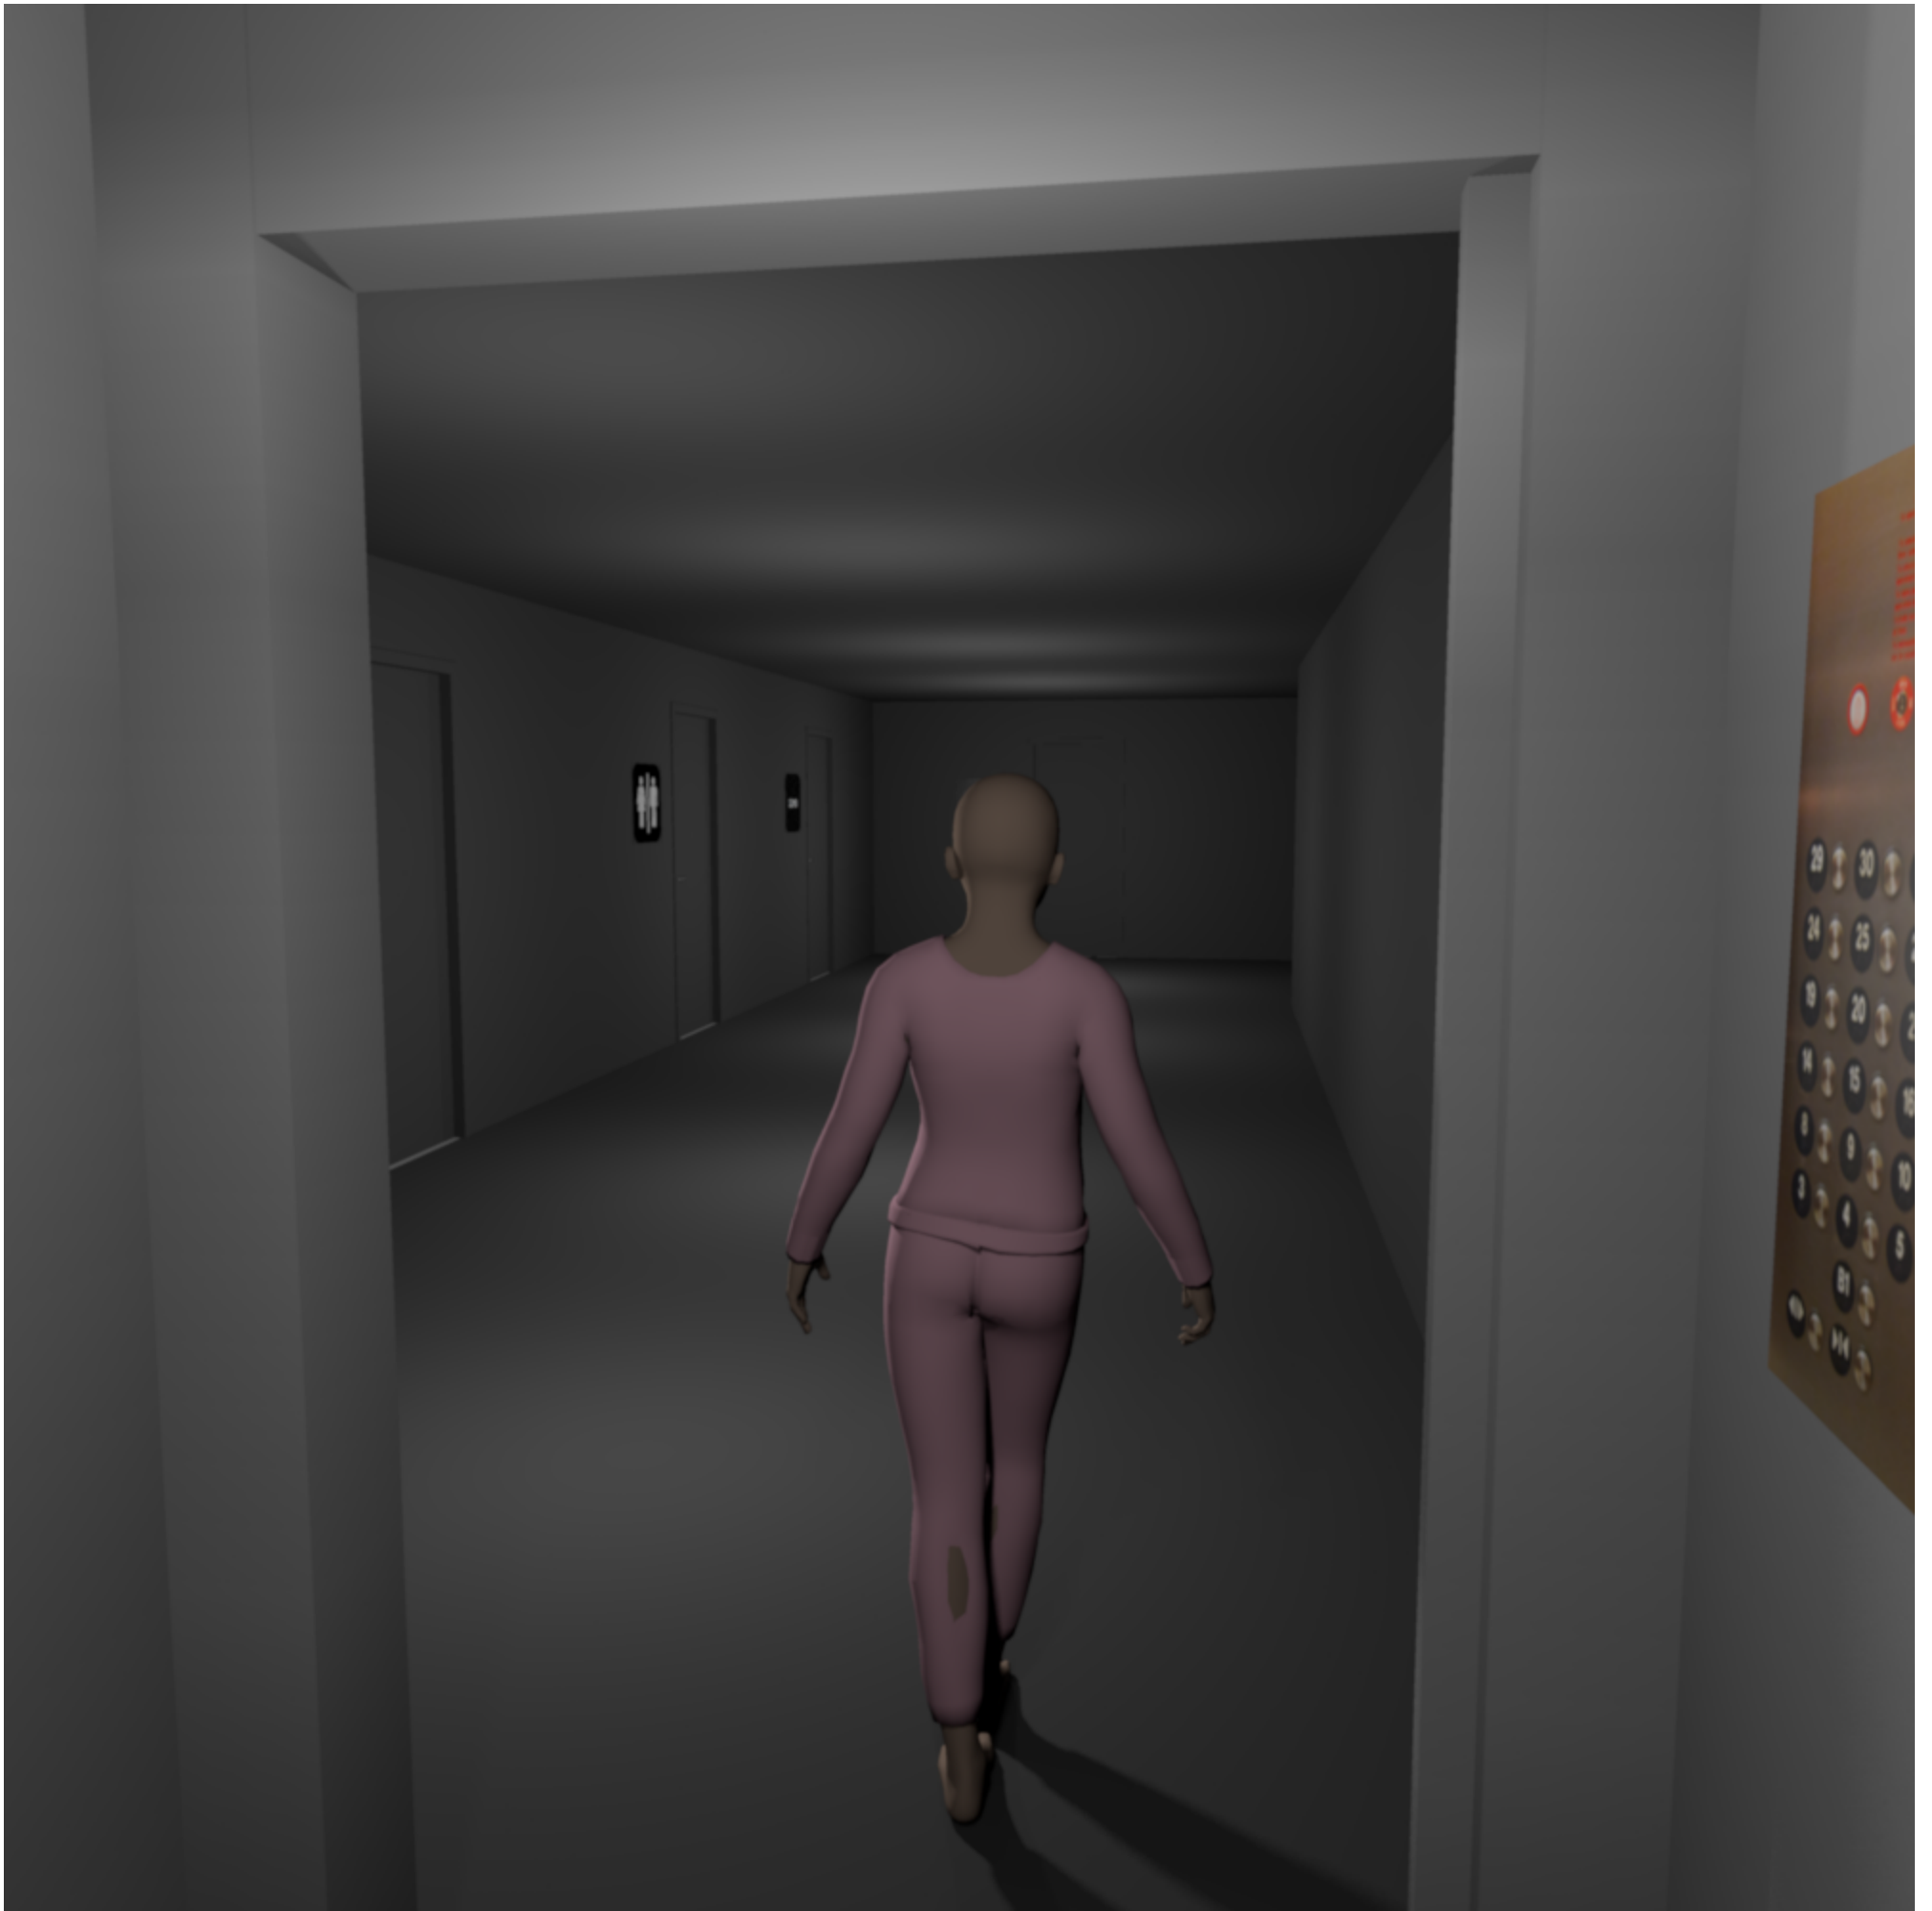

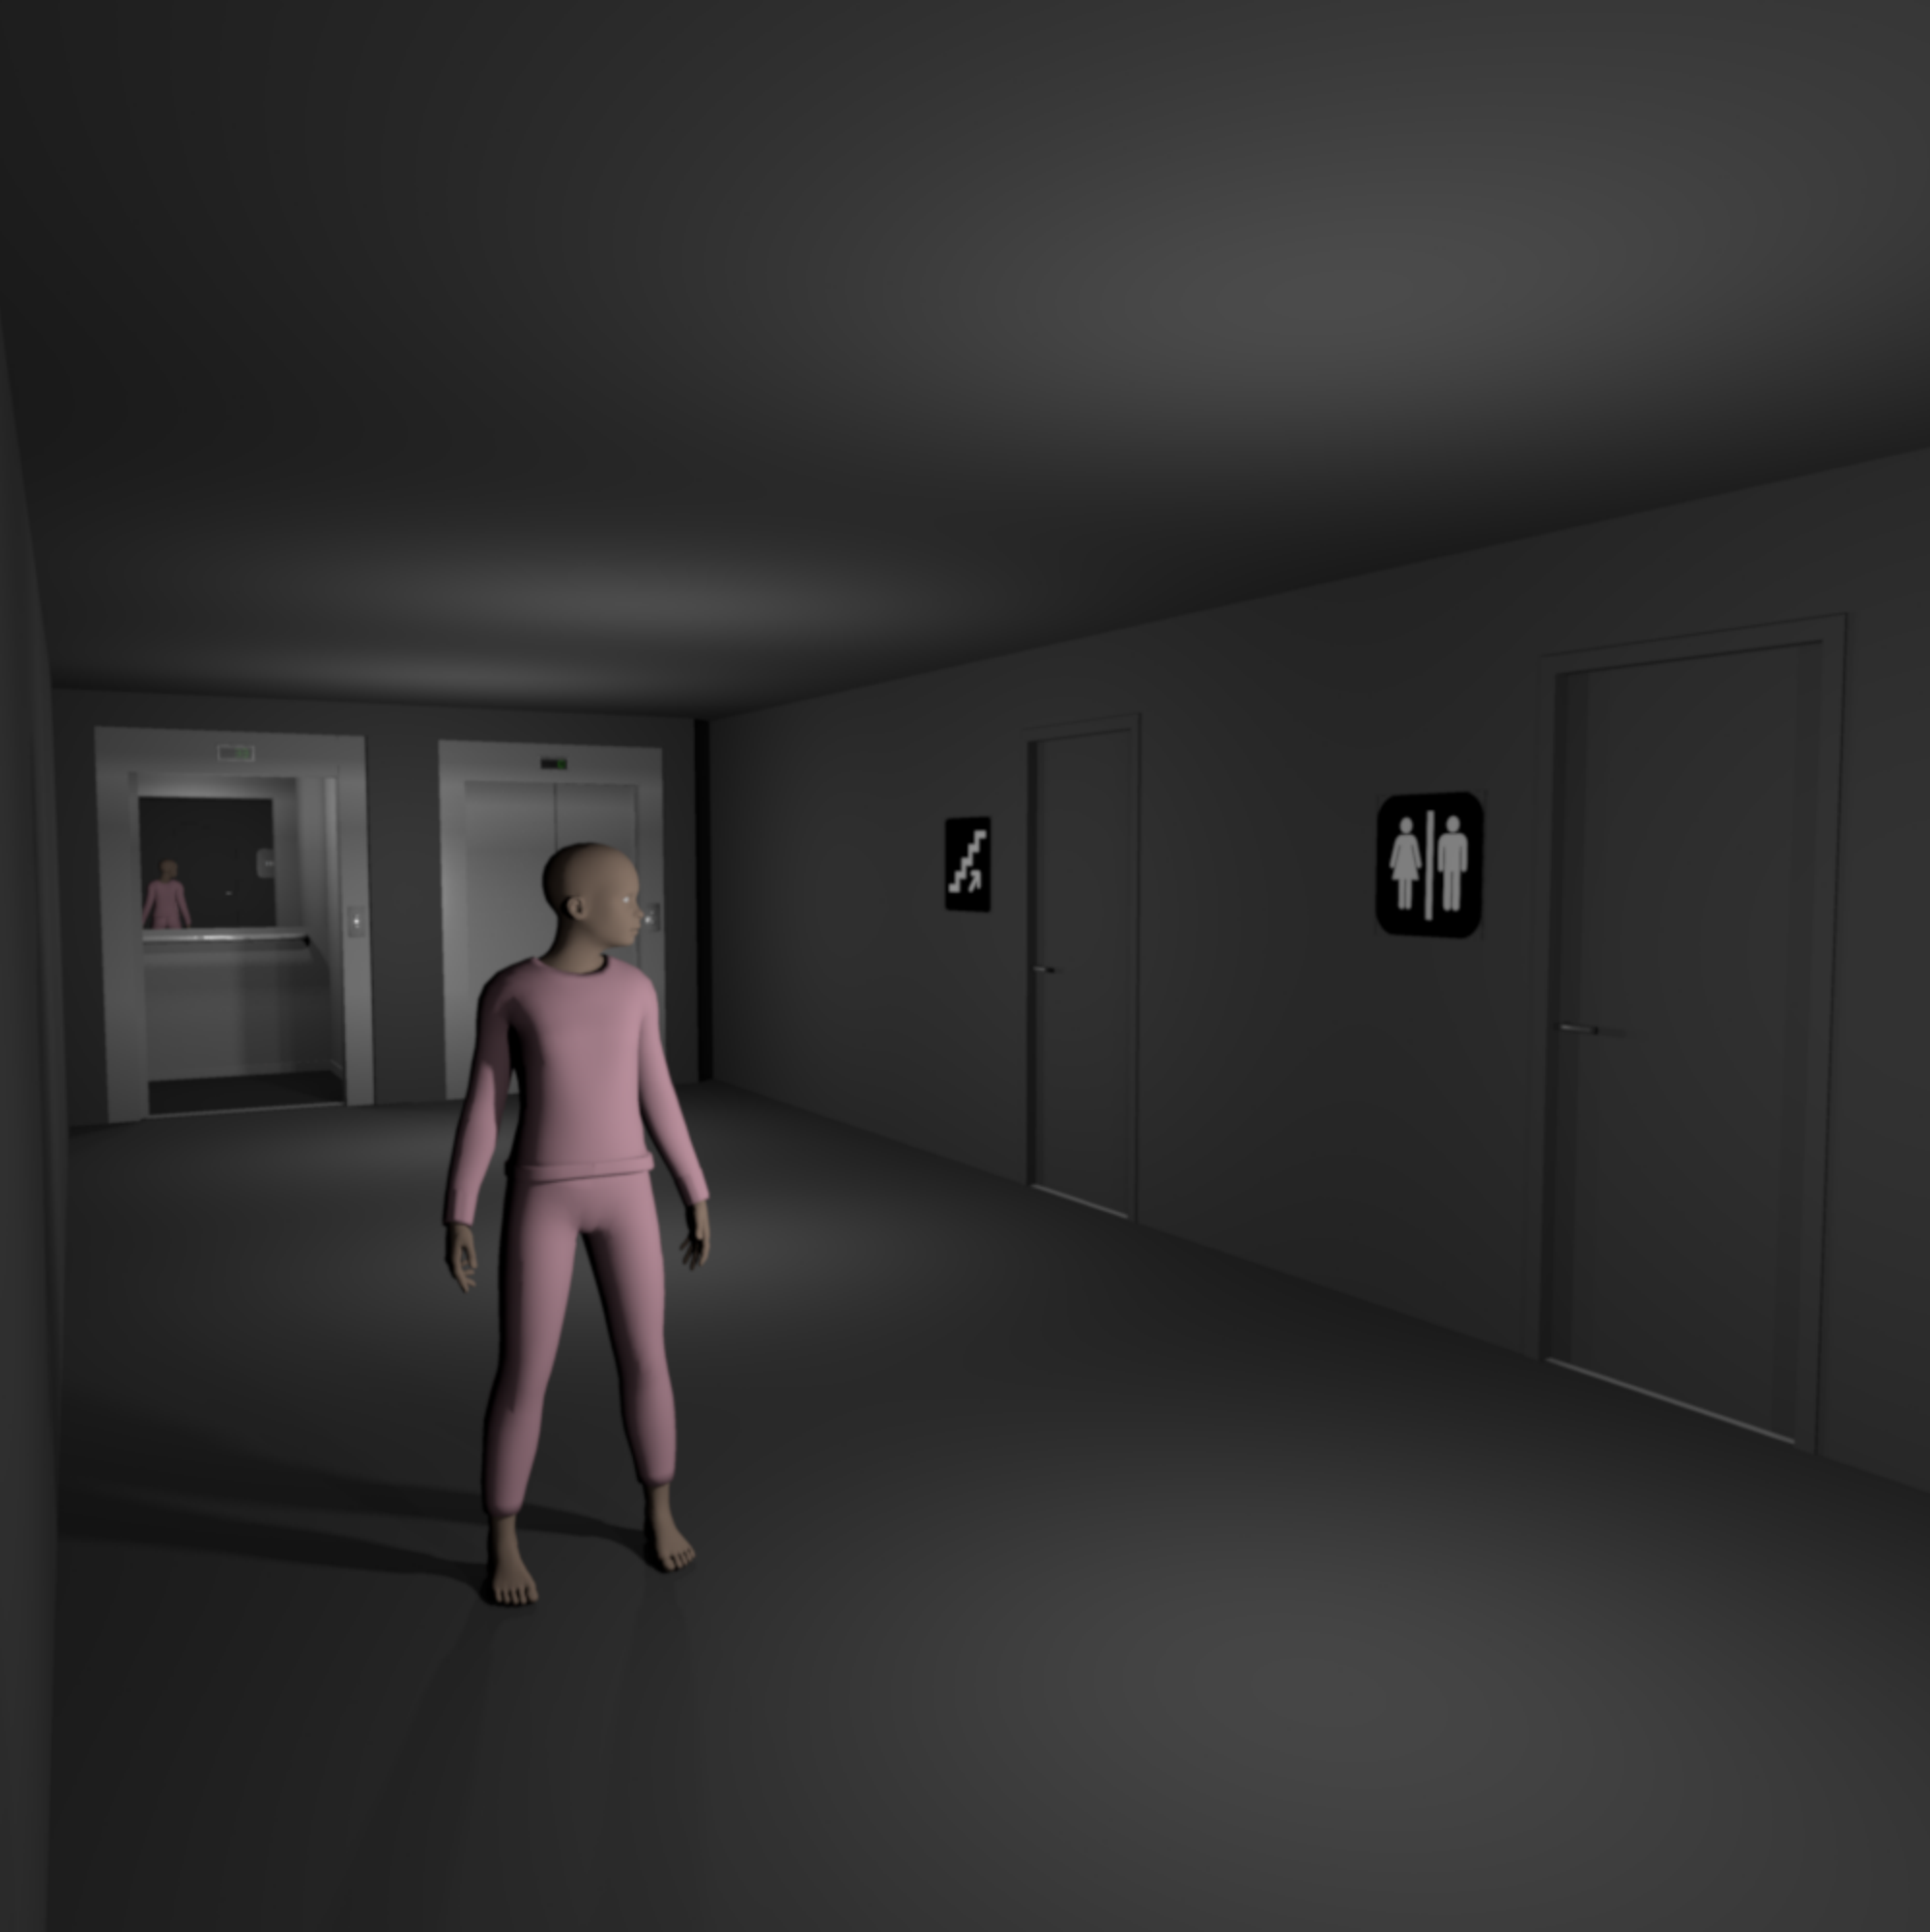

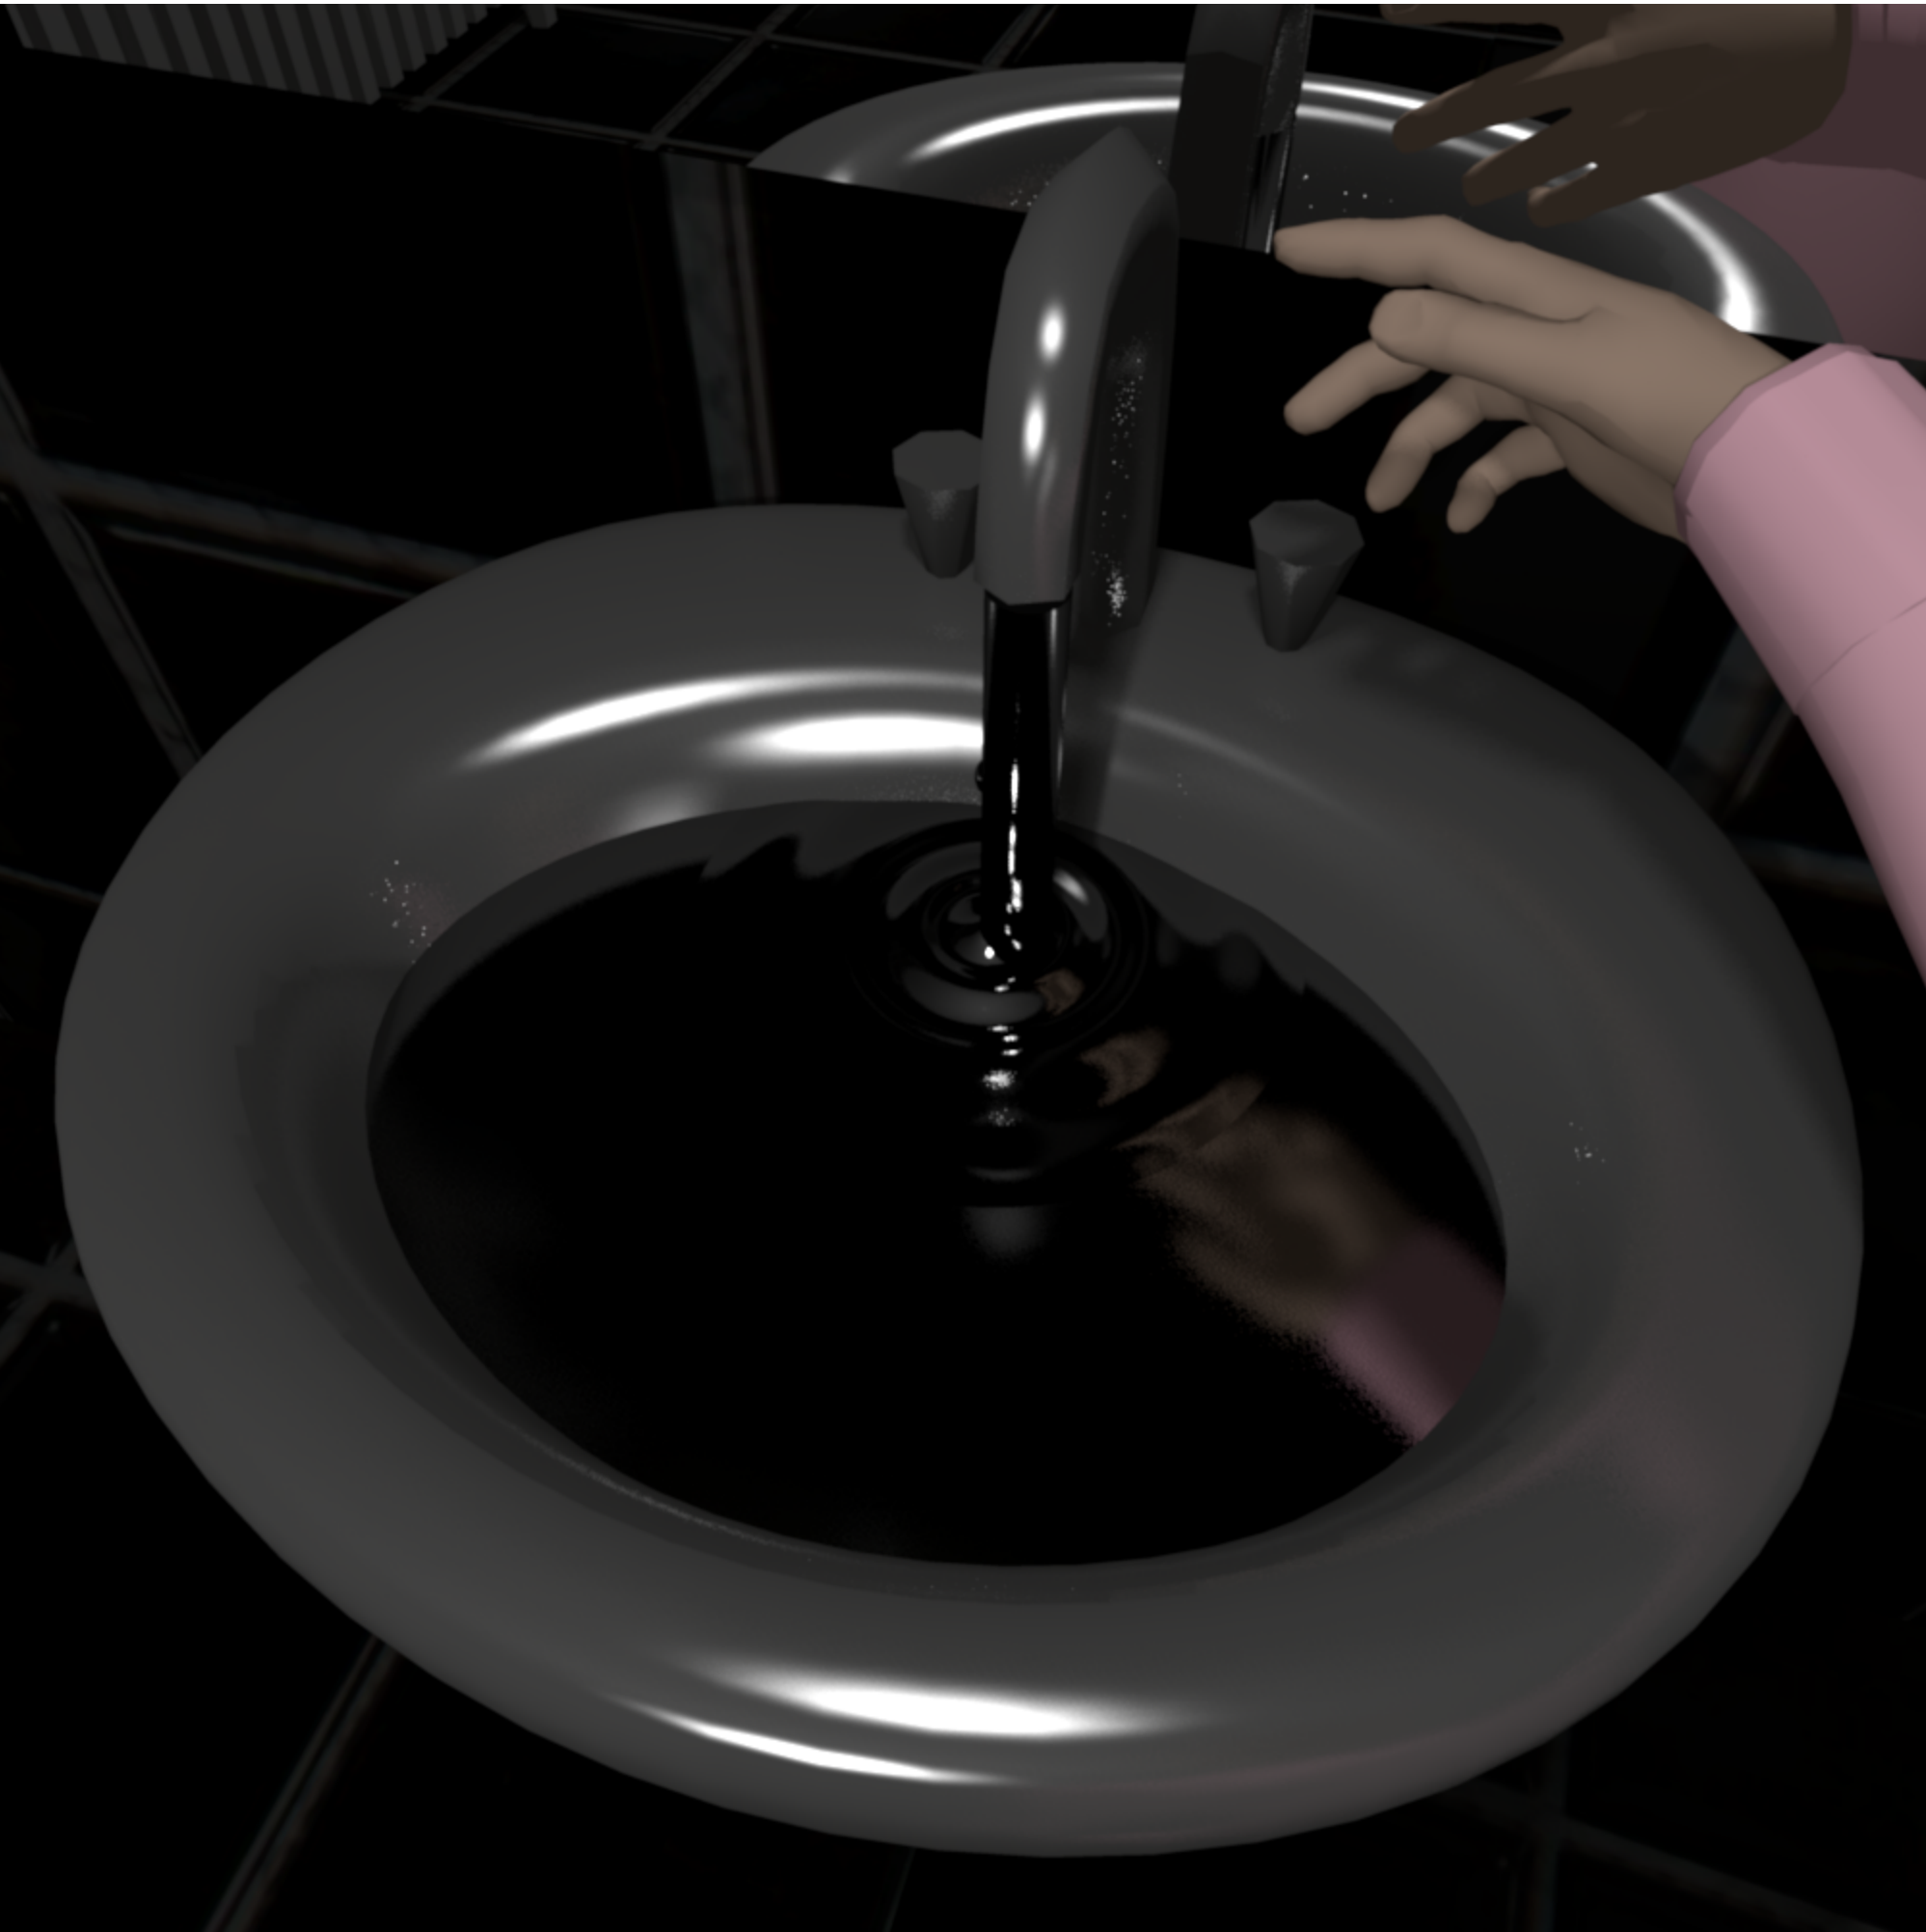

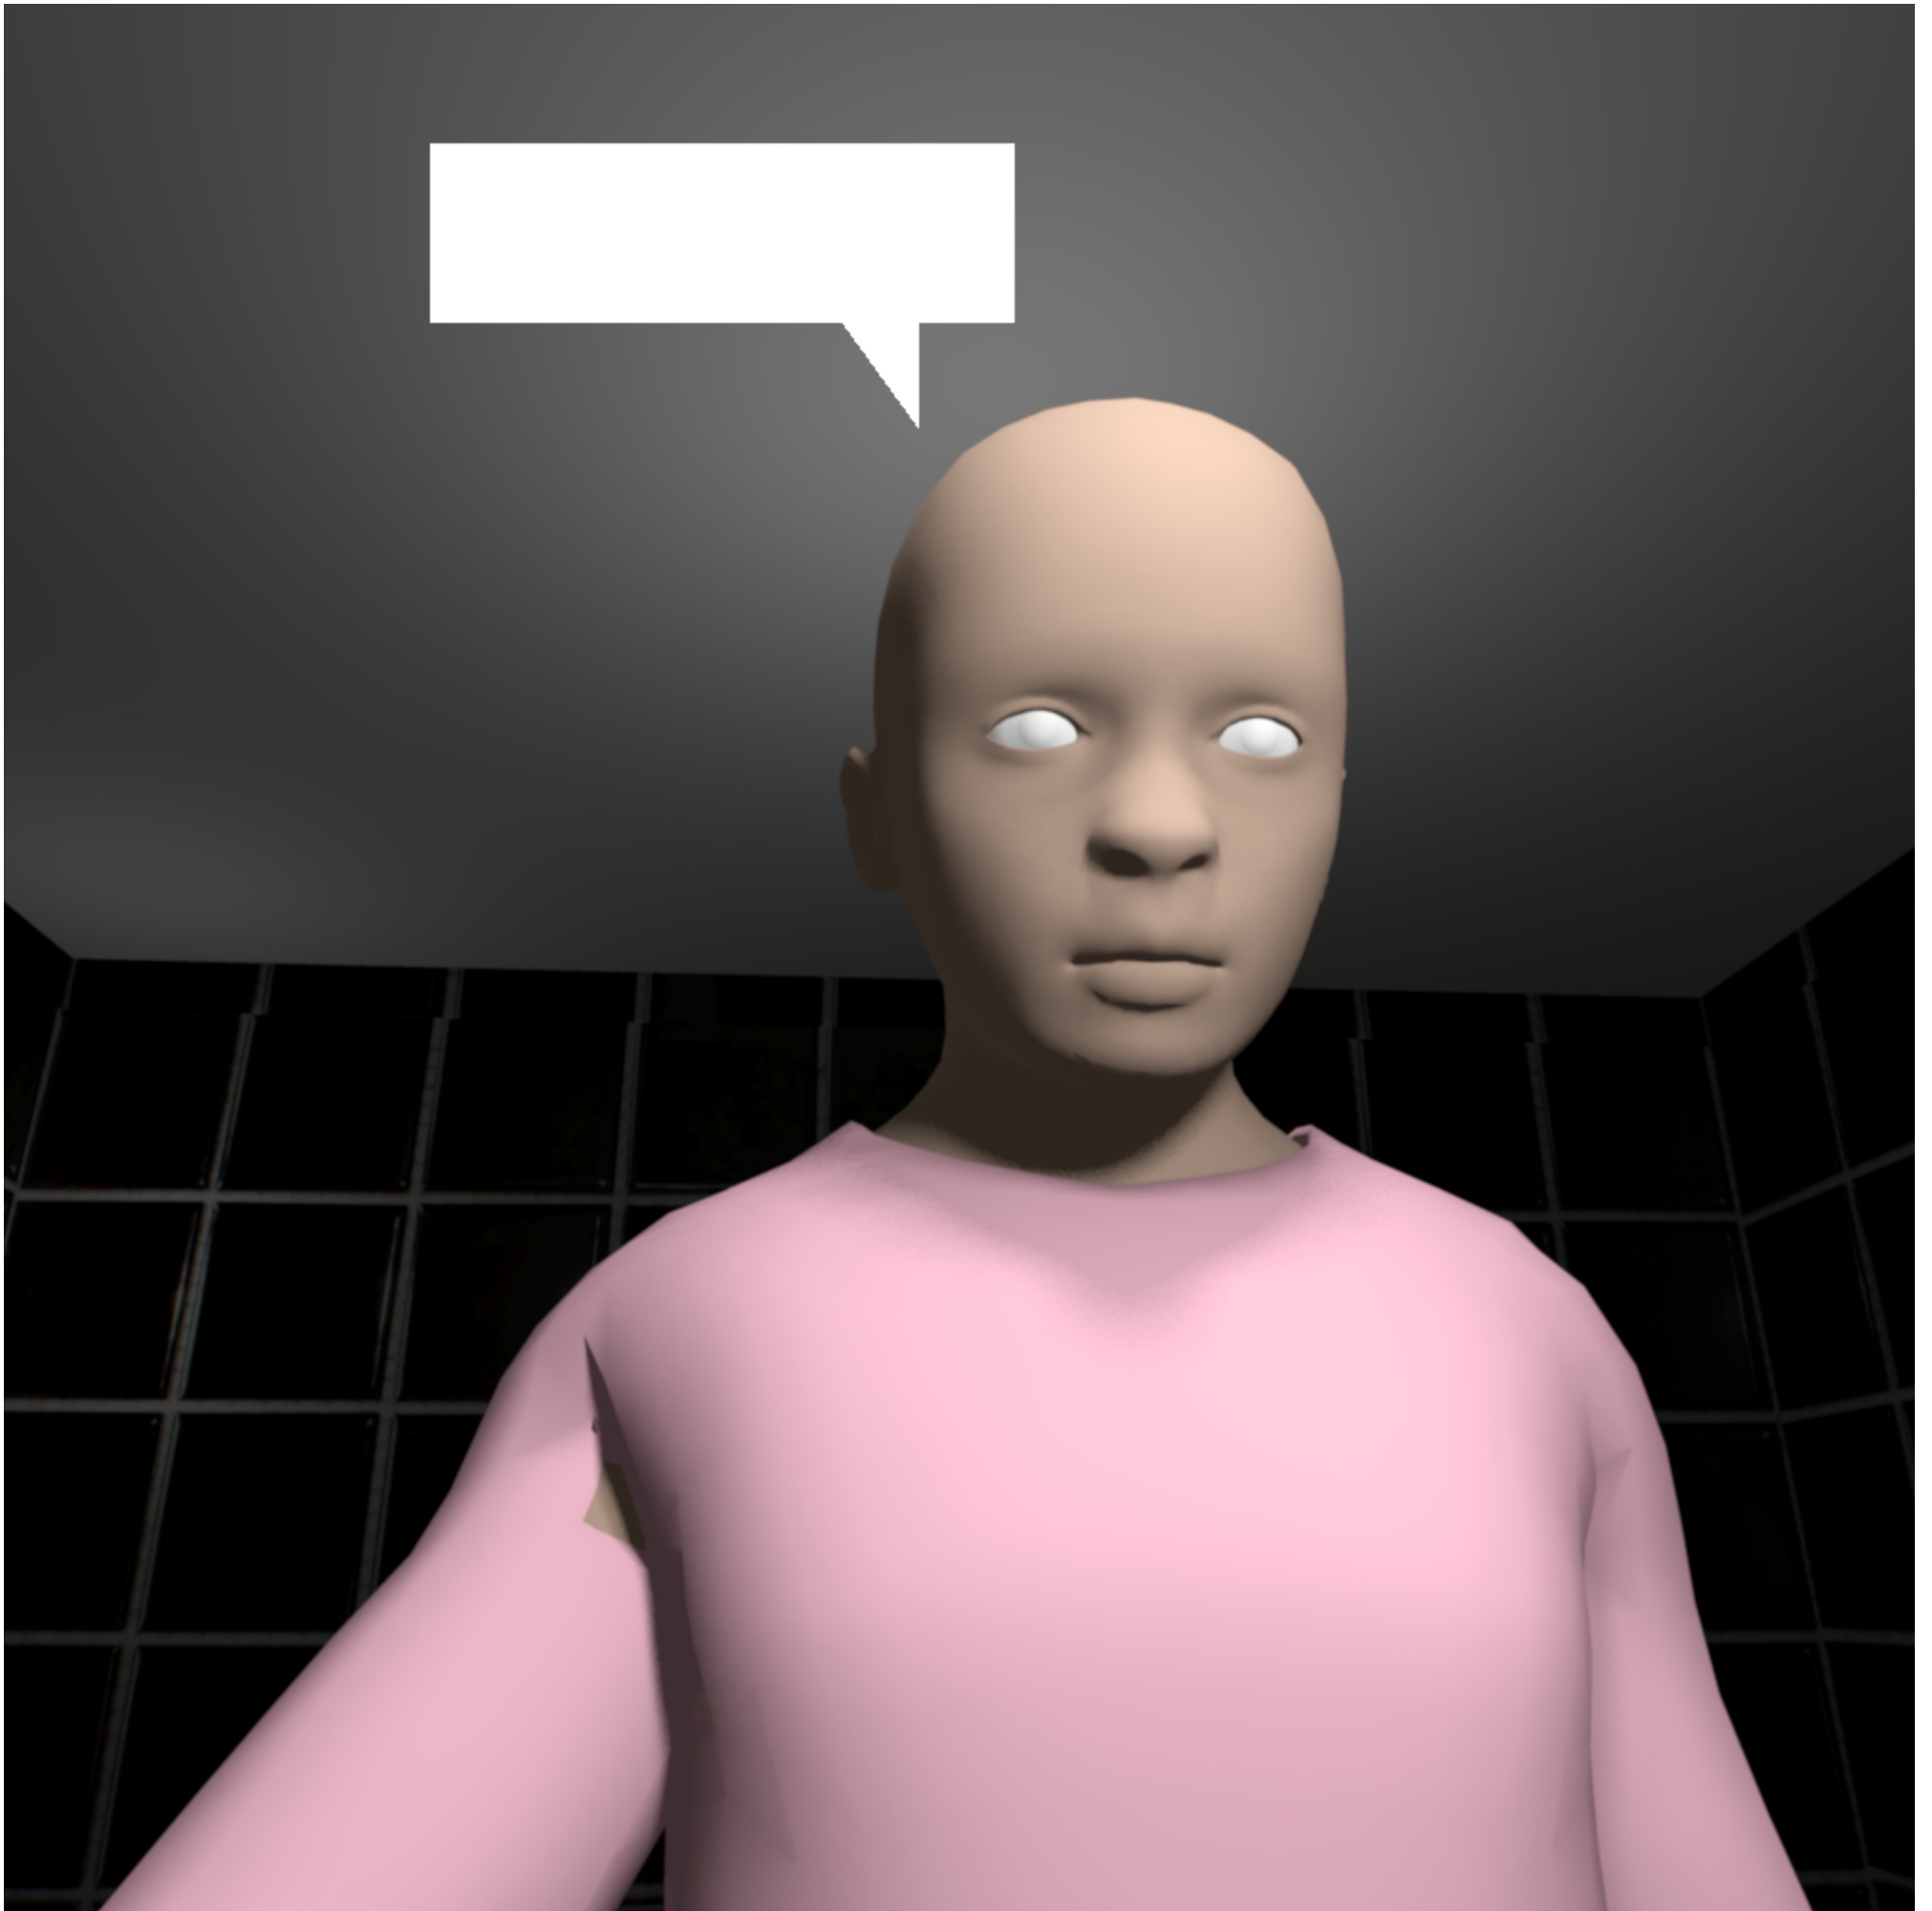

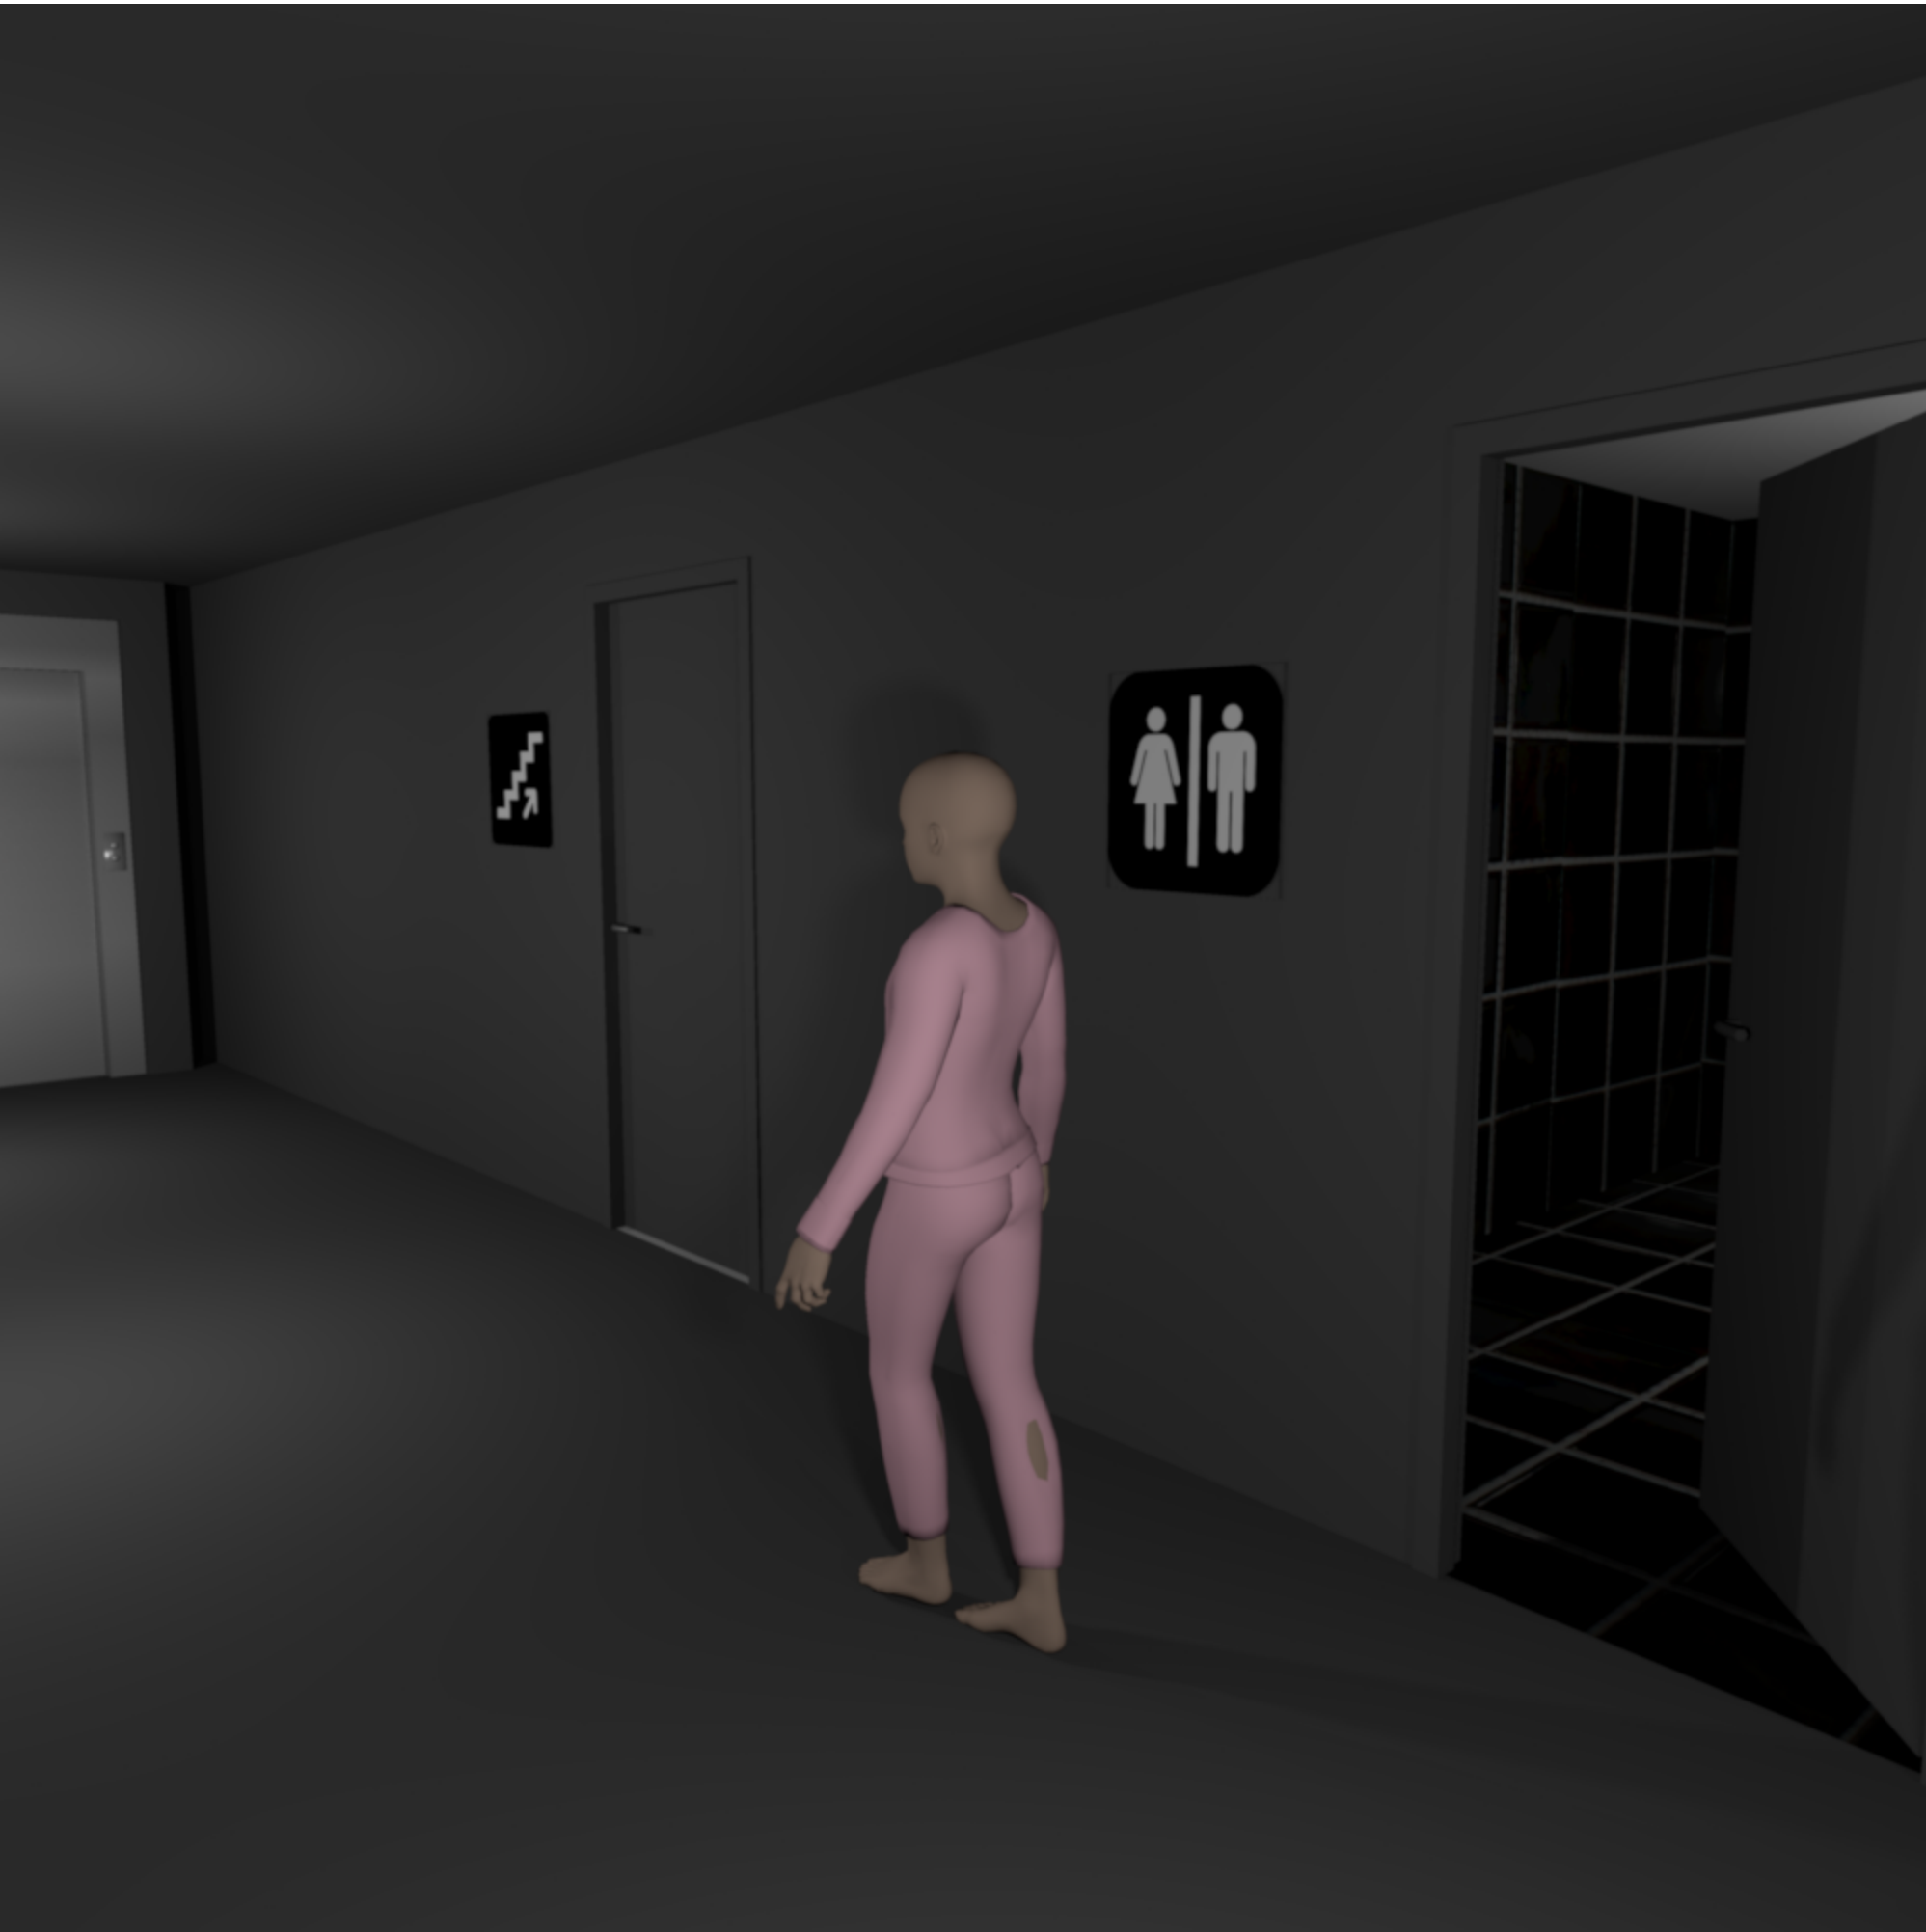

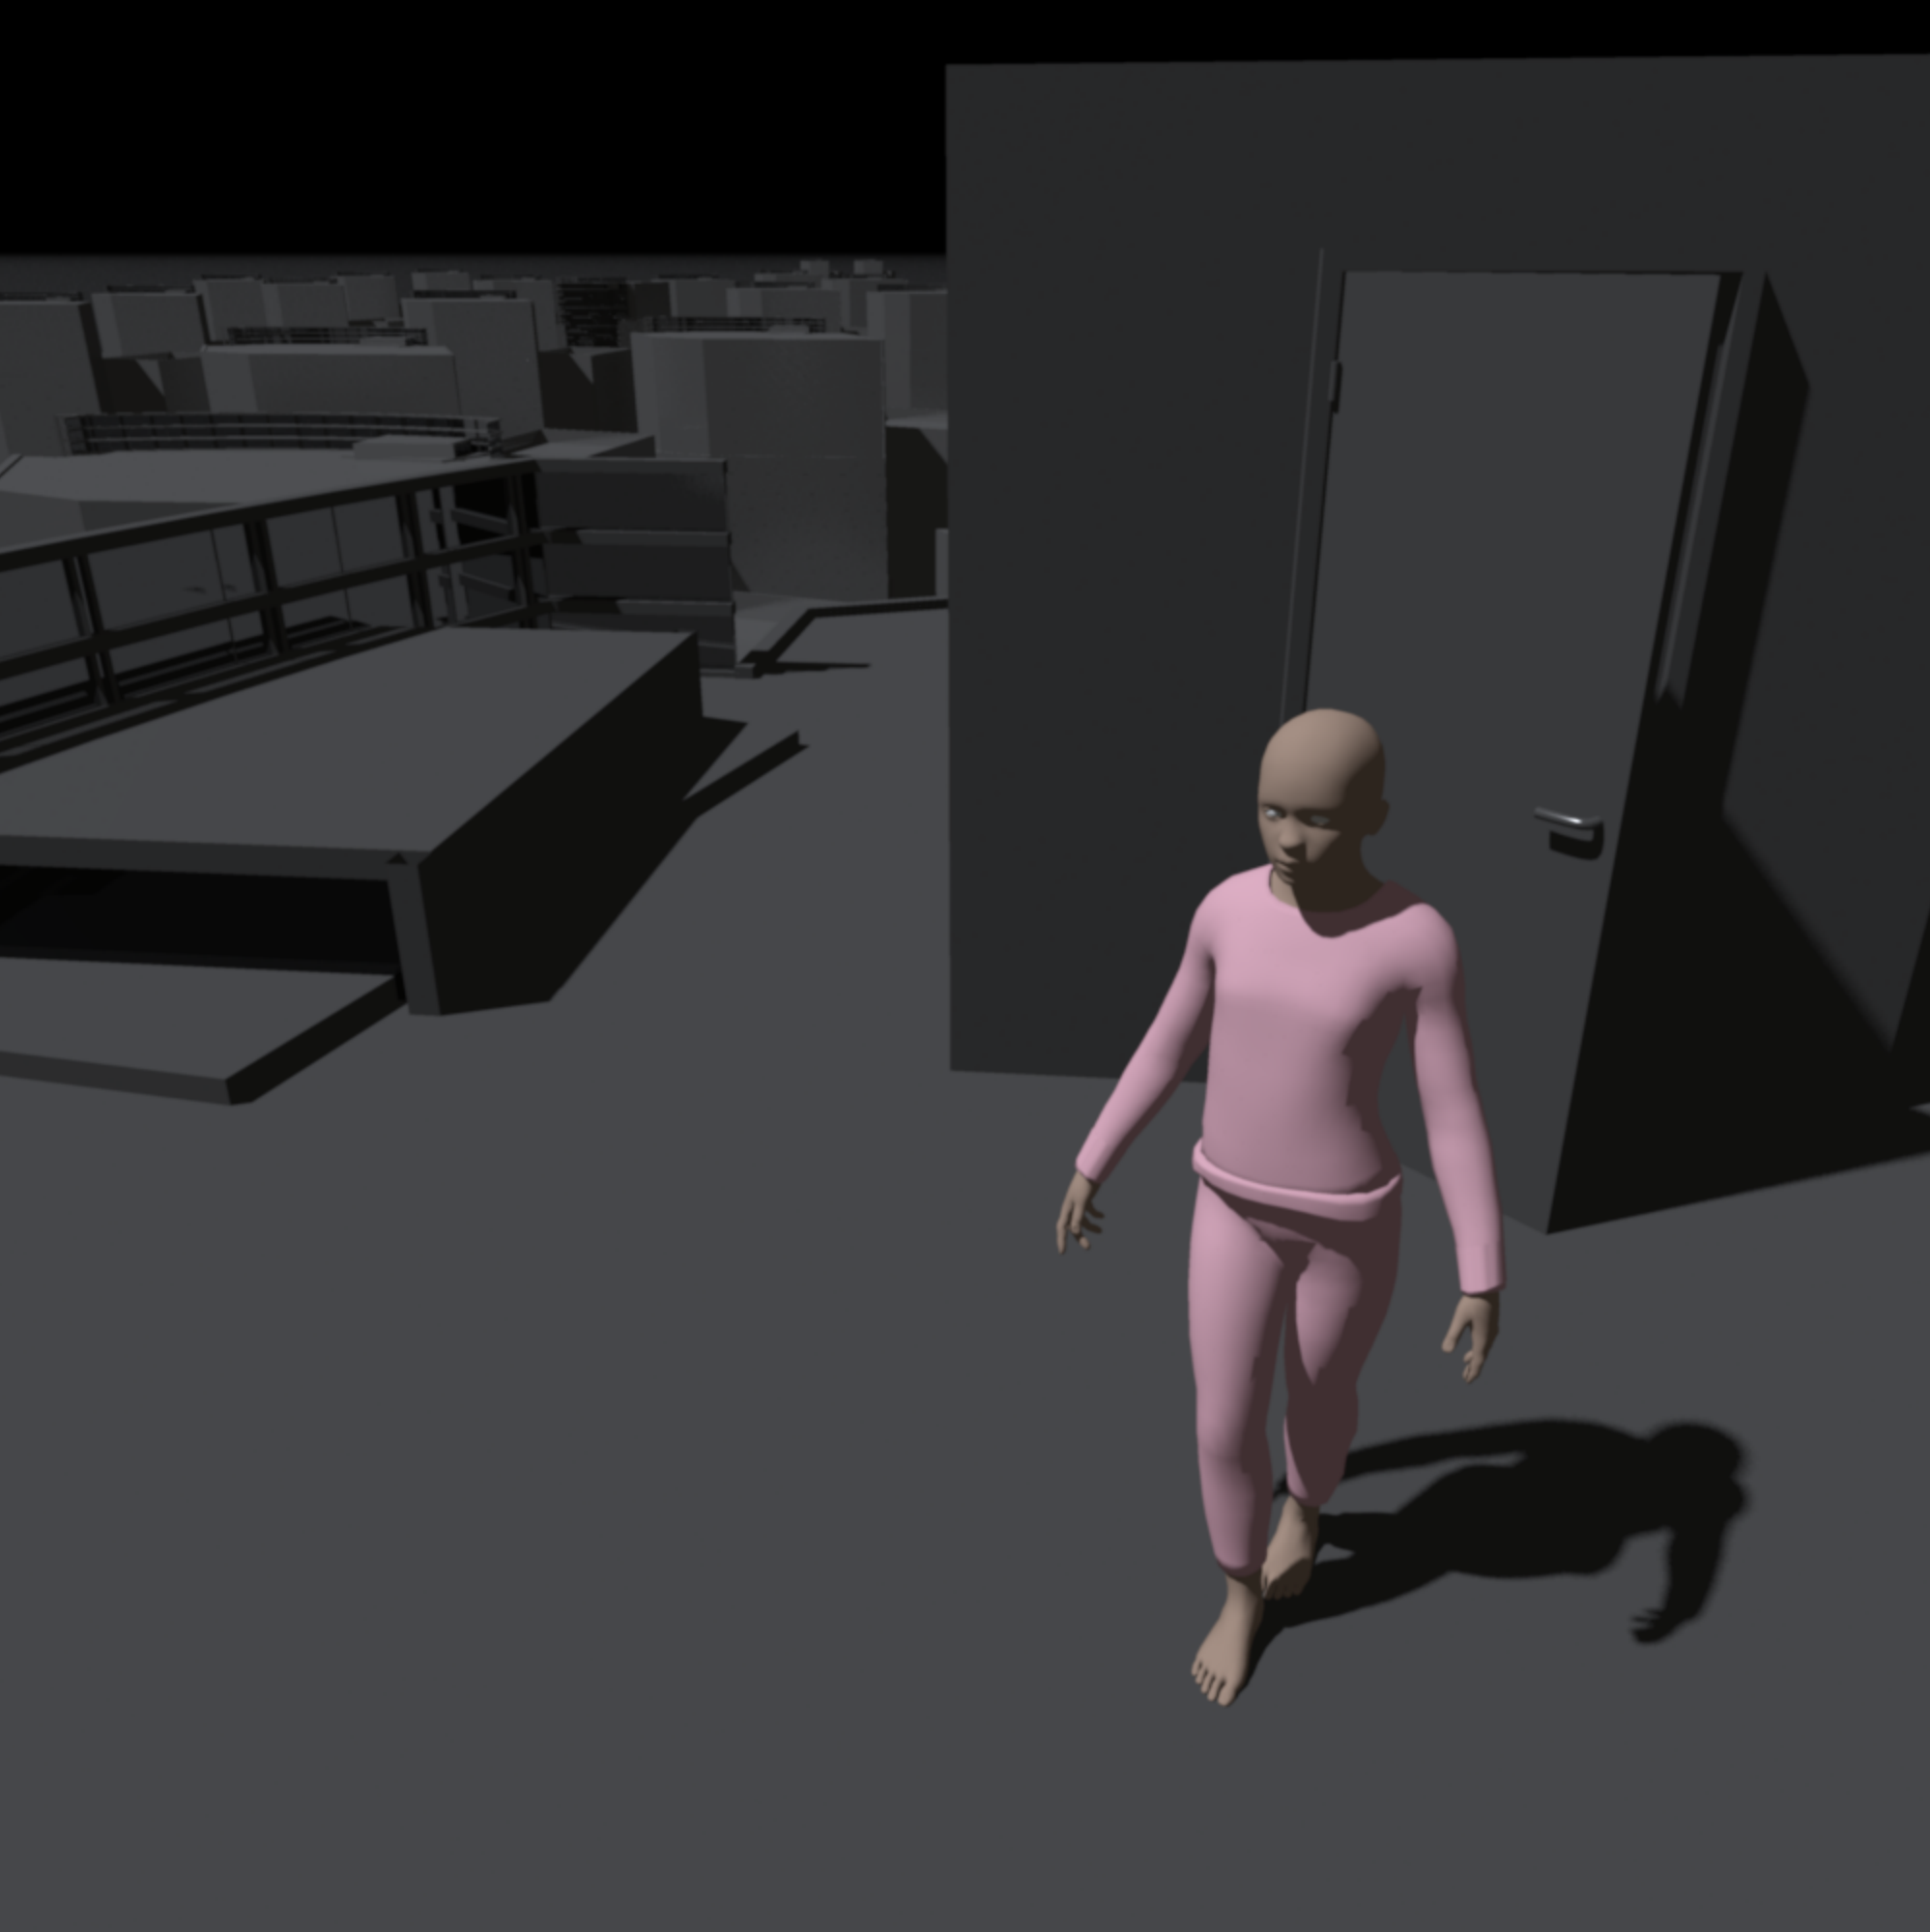

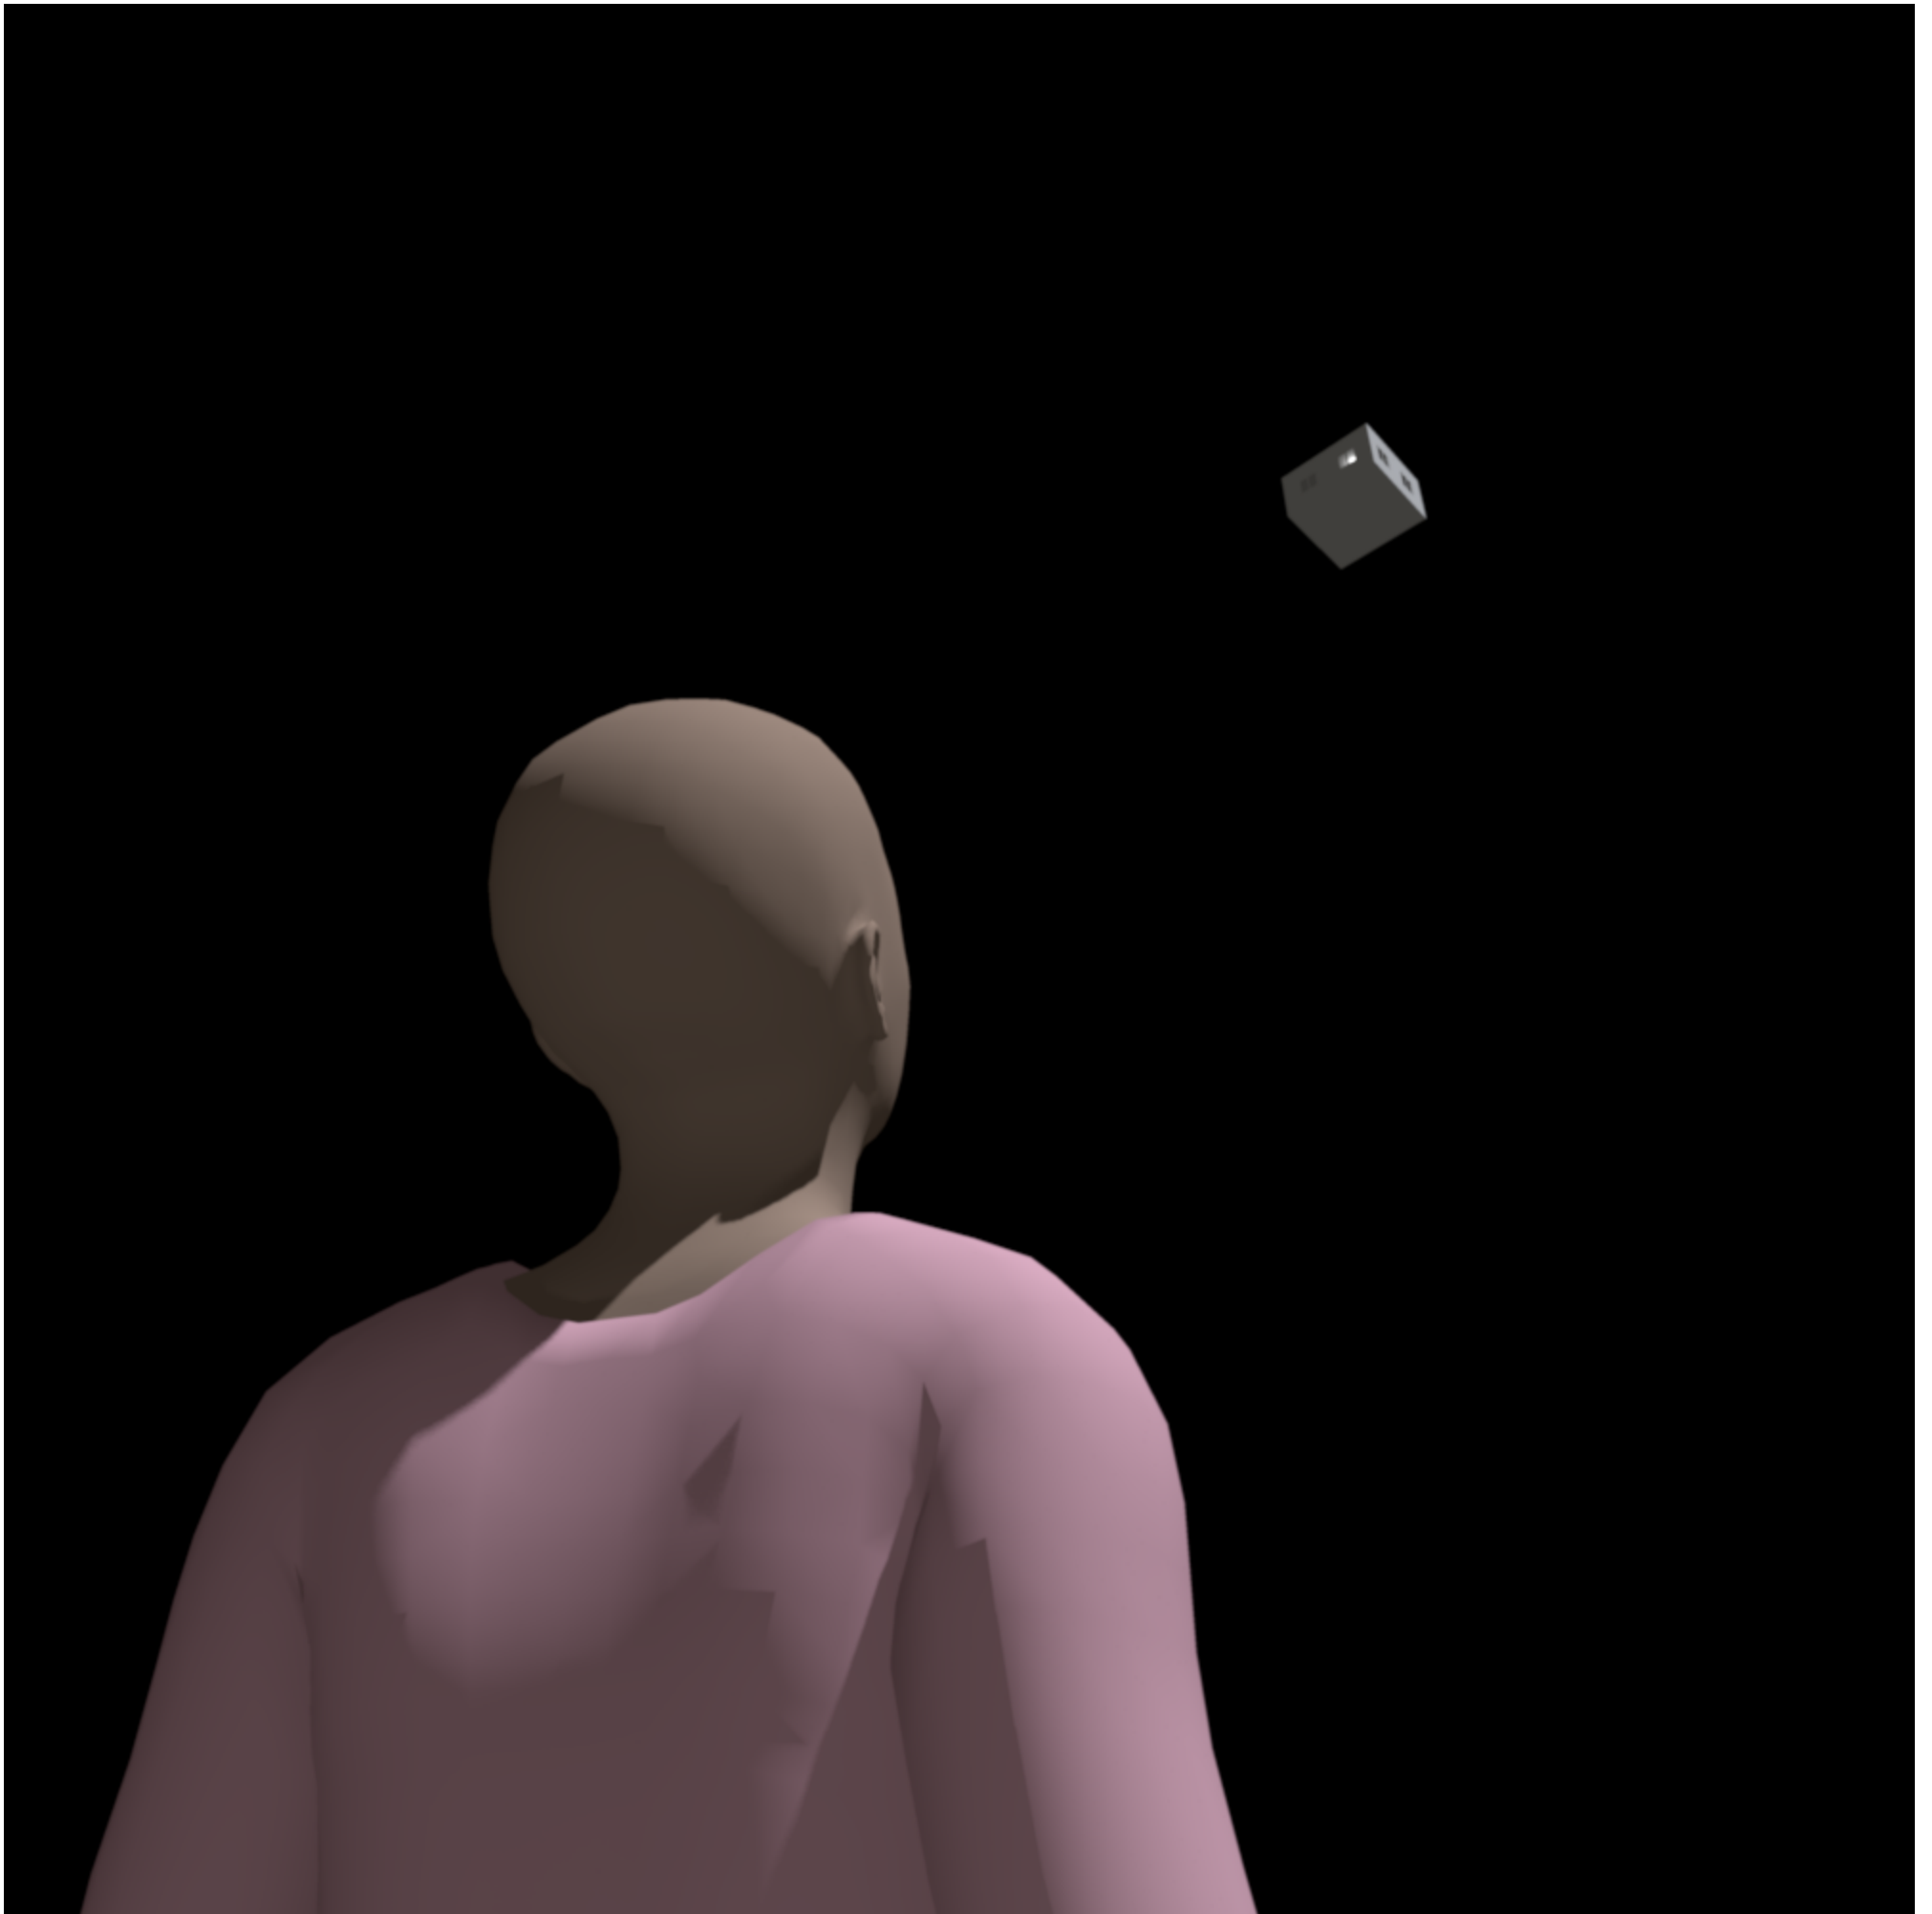

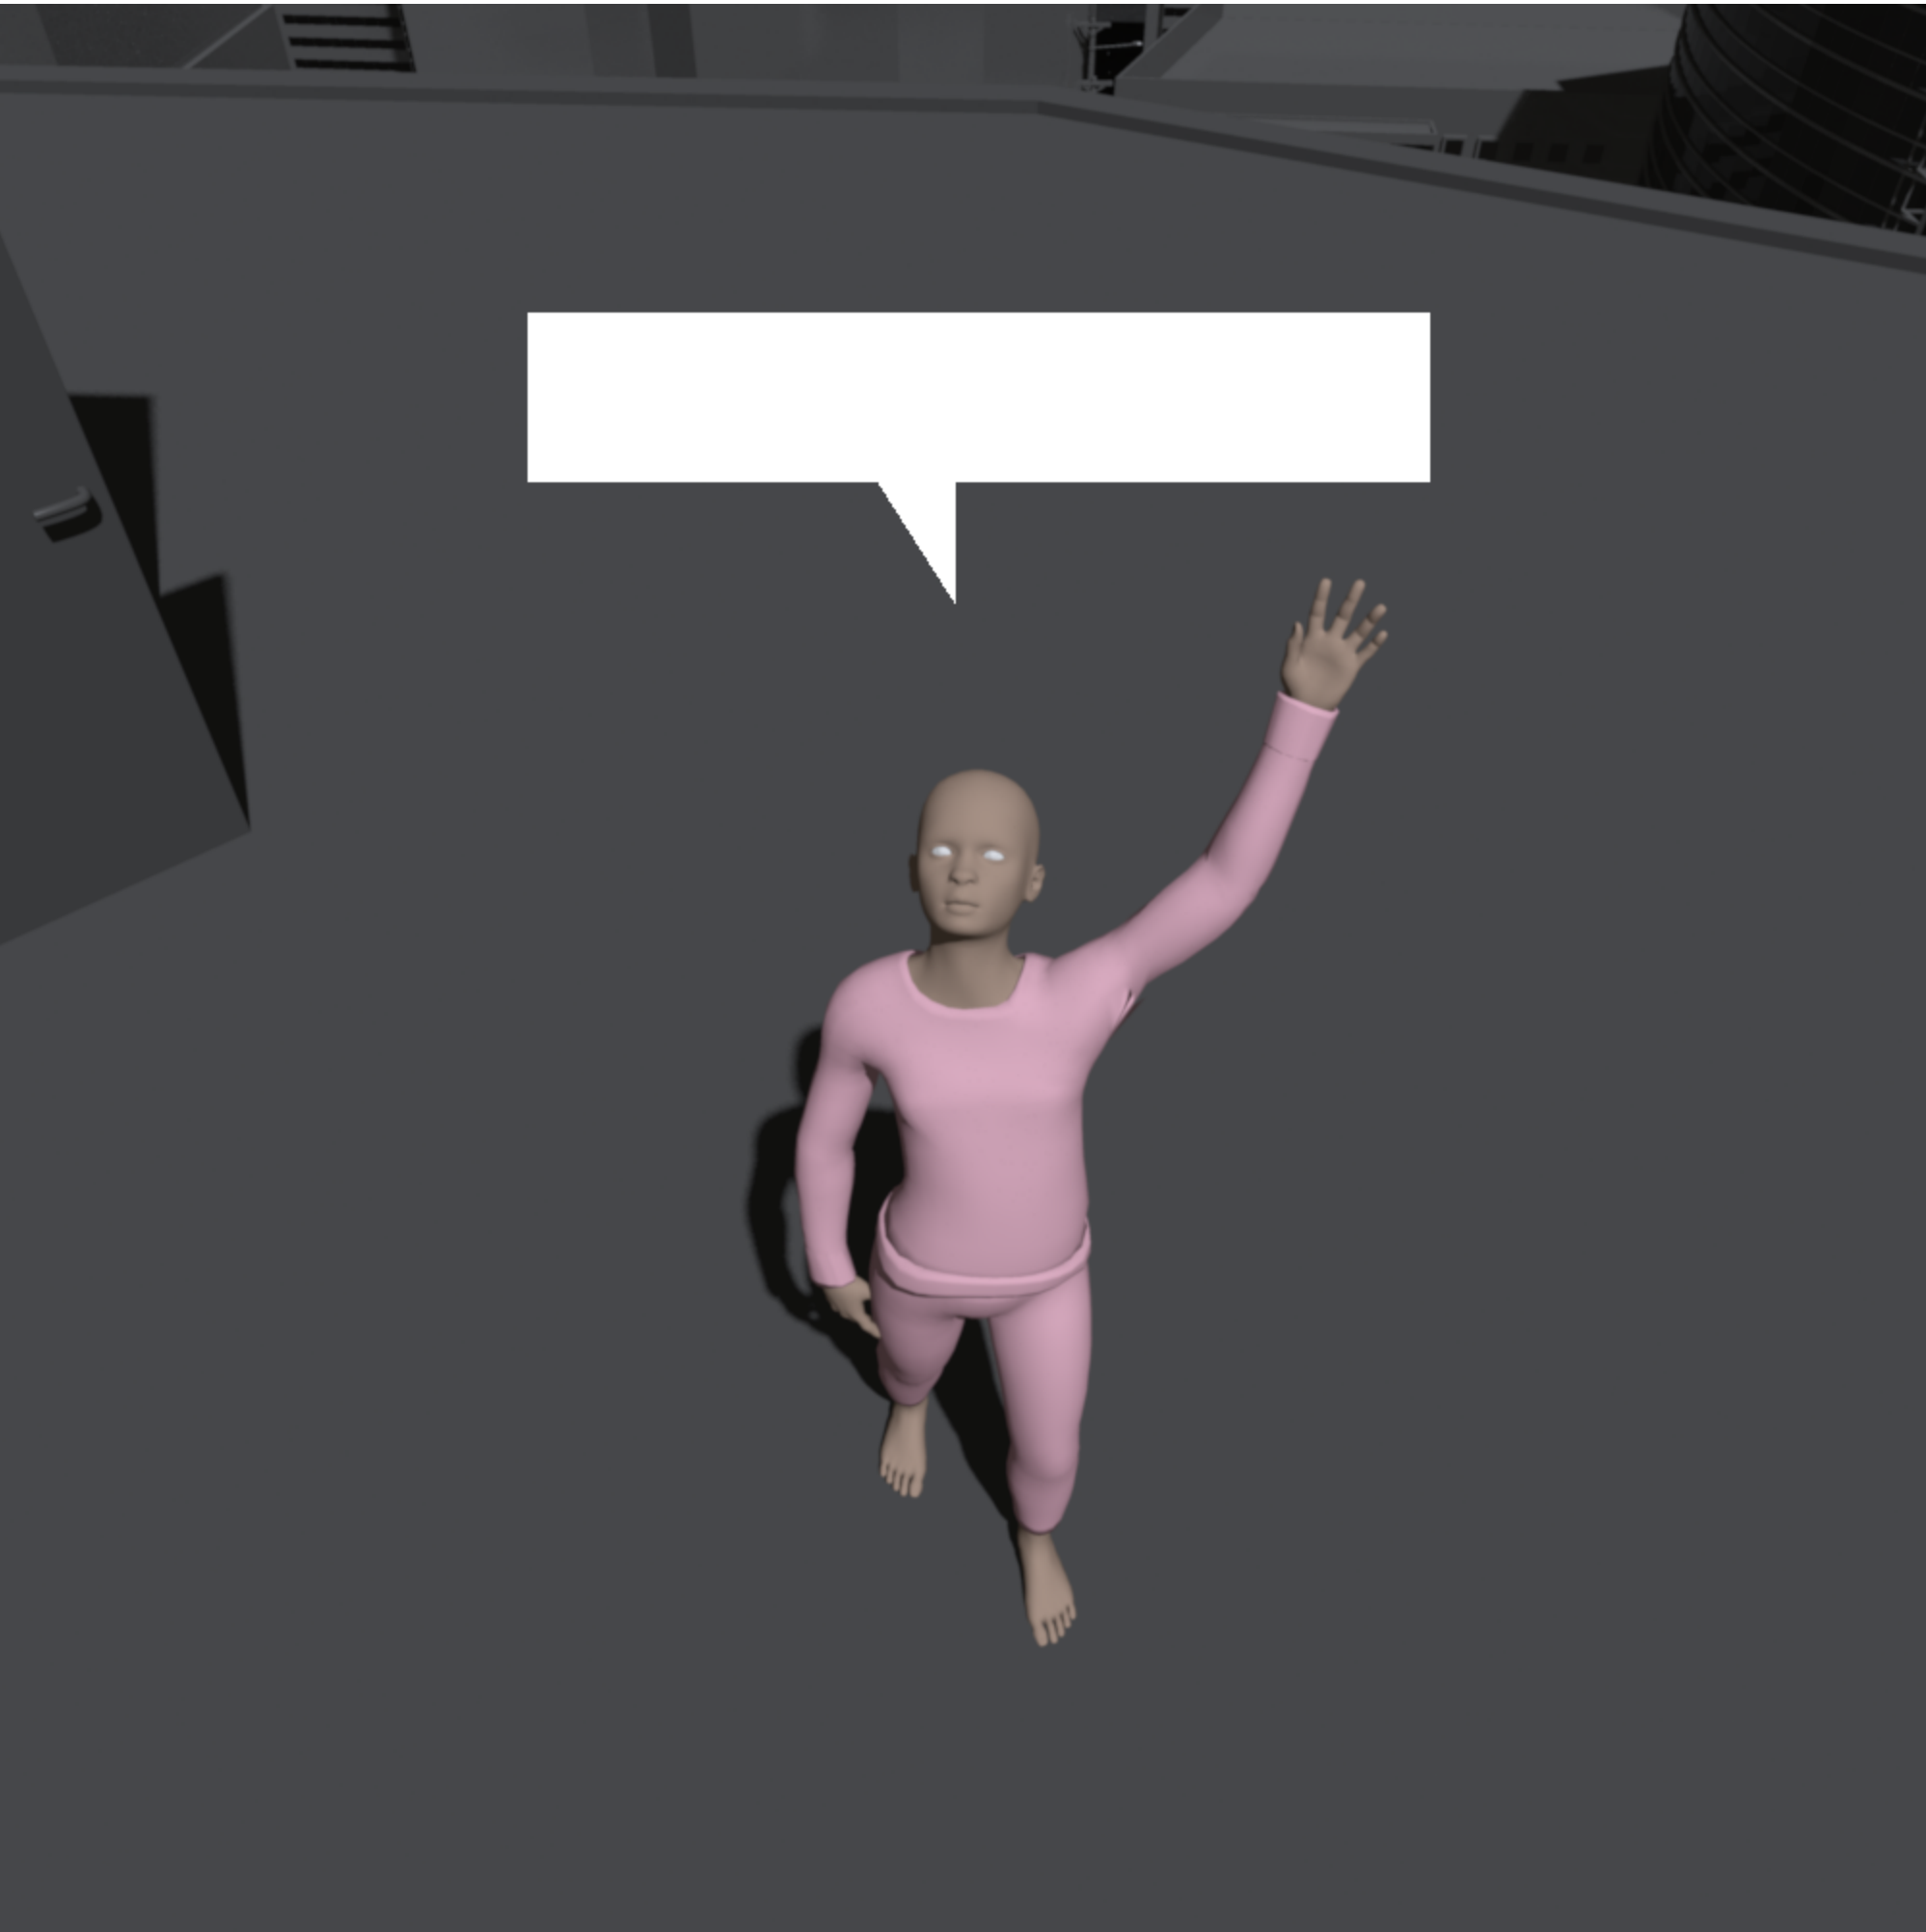

I like TV with the mute on

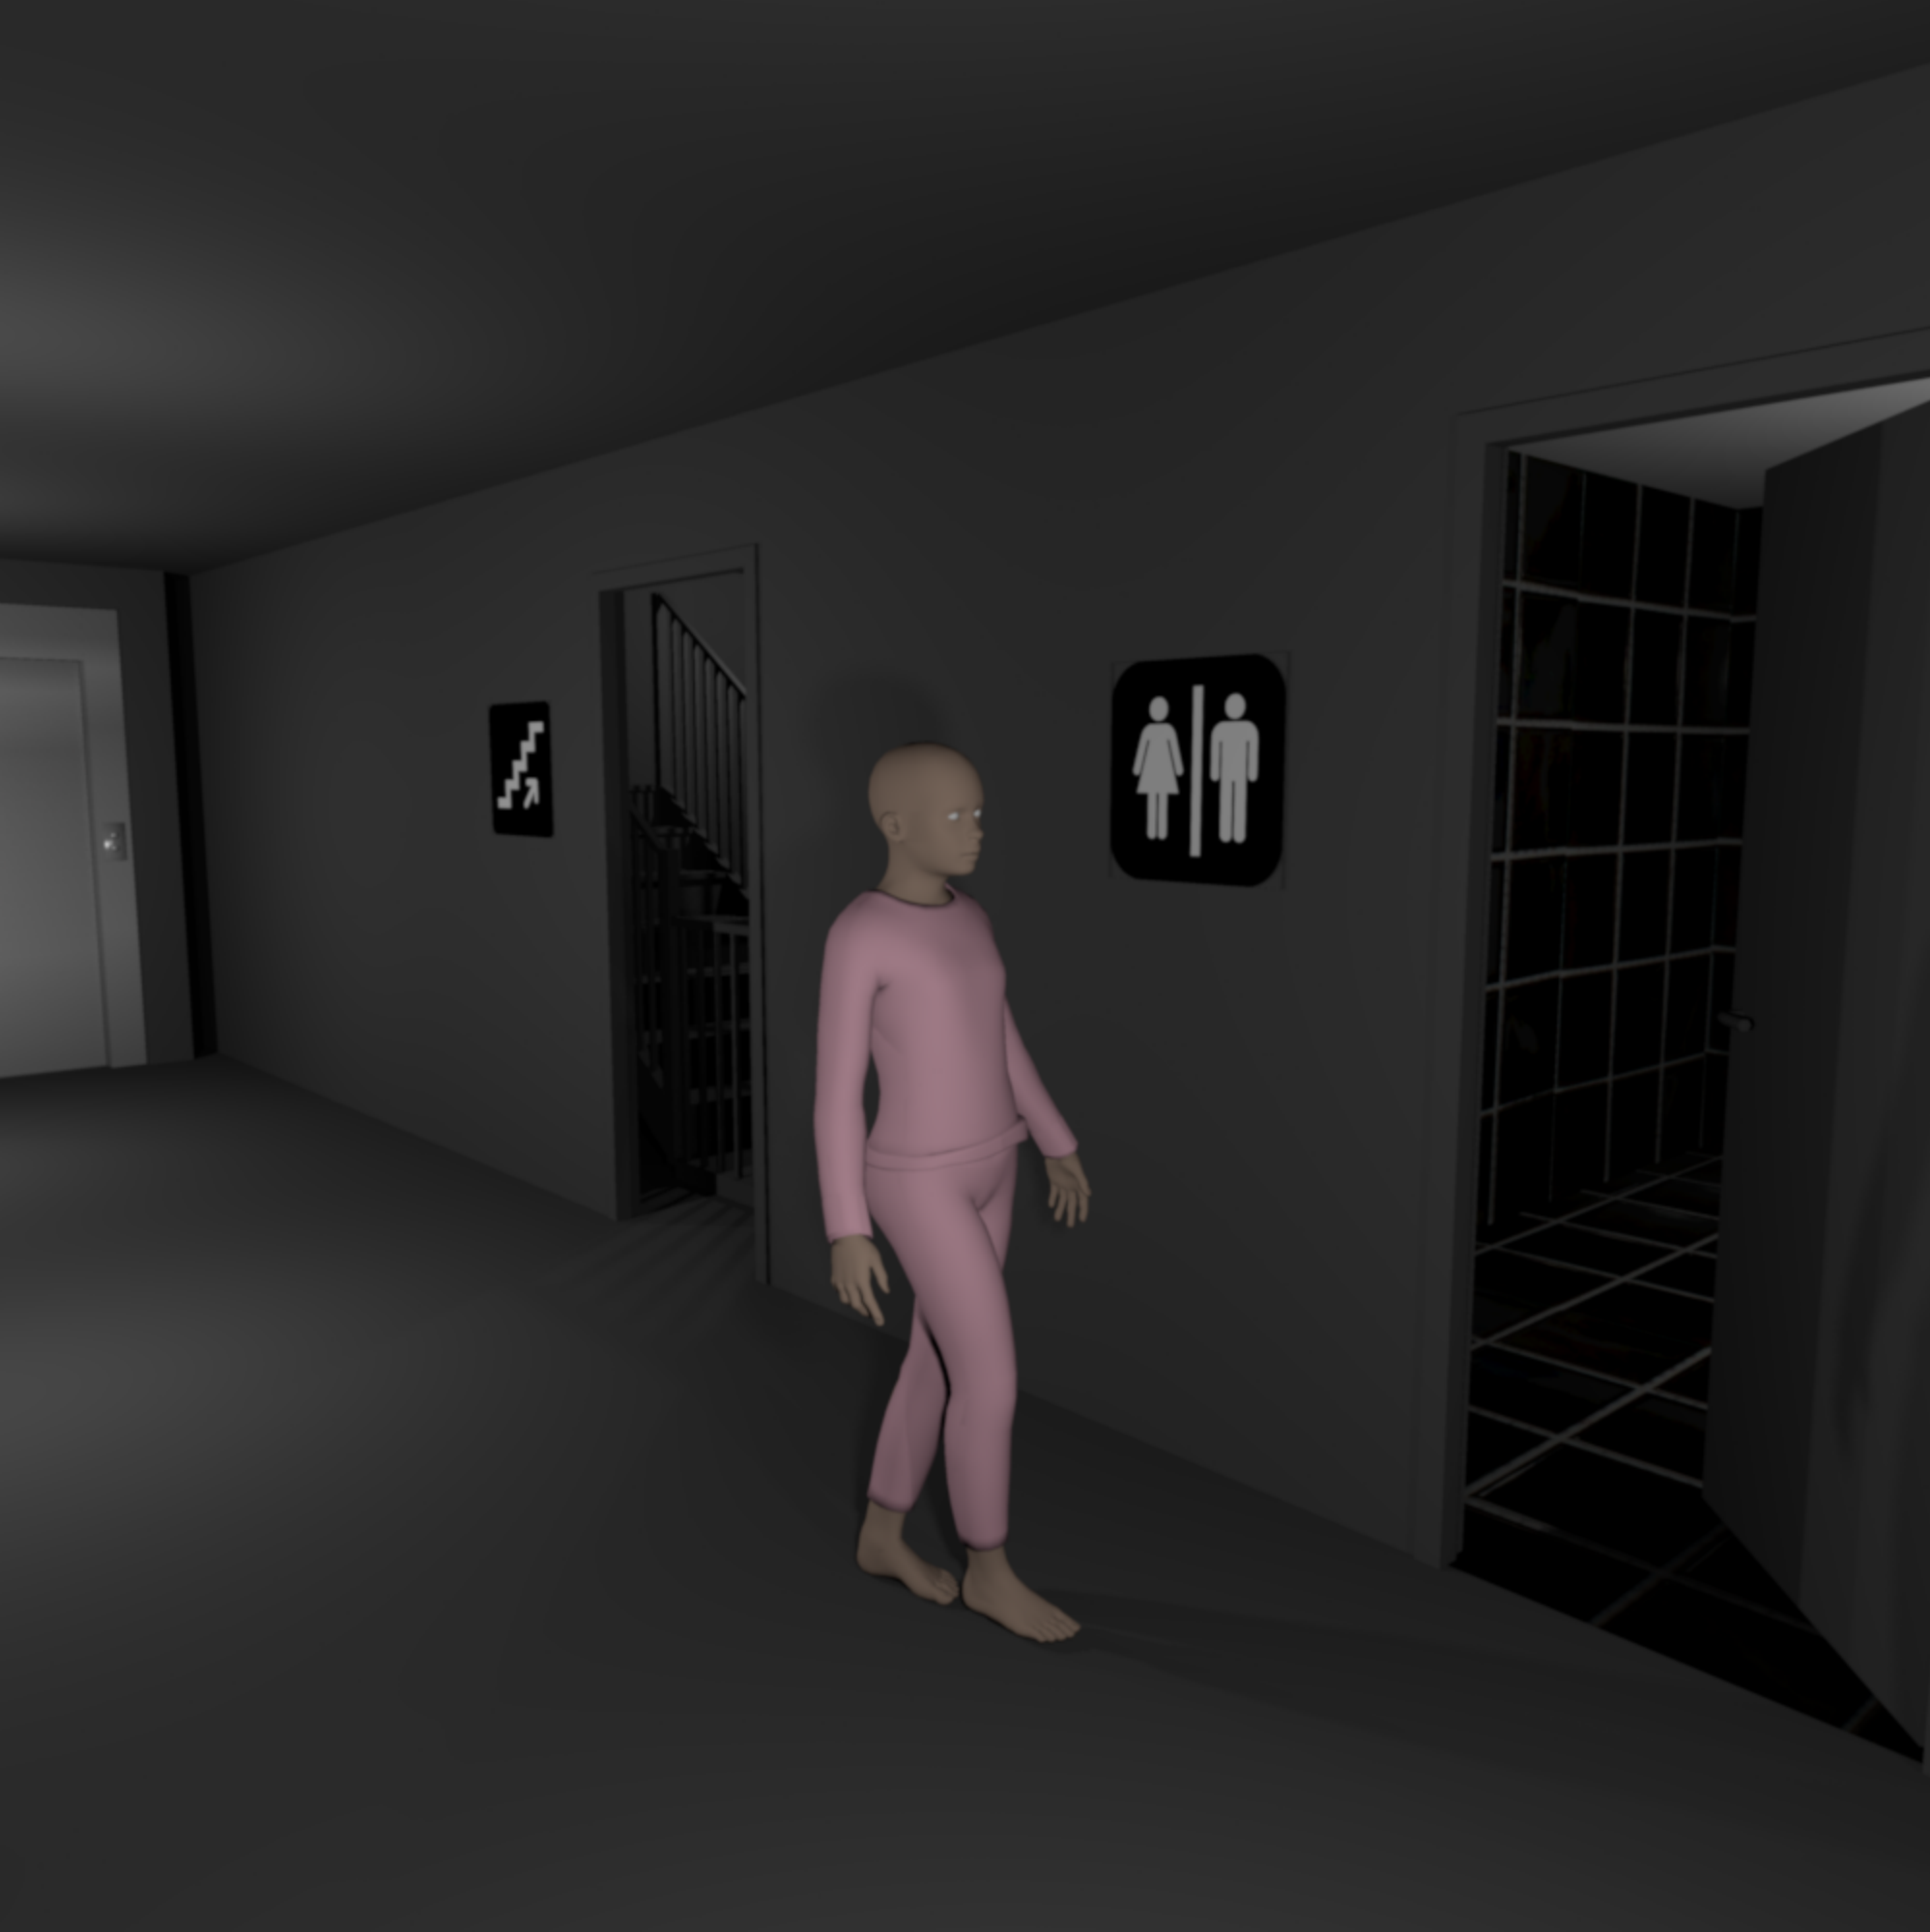

It makes me feel more
in control, you know?

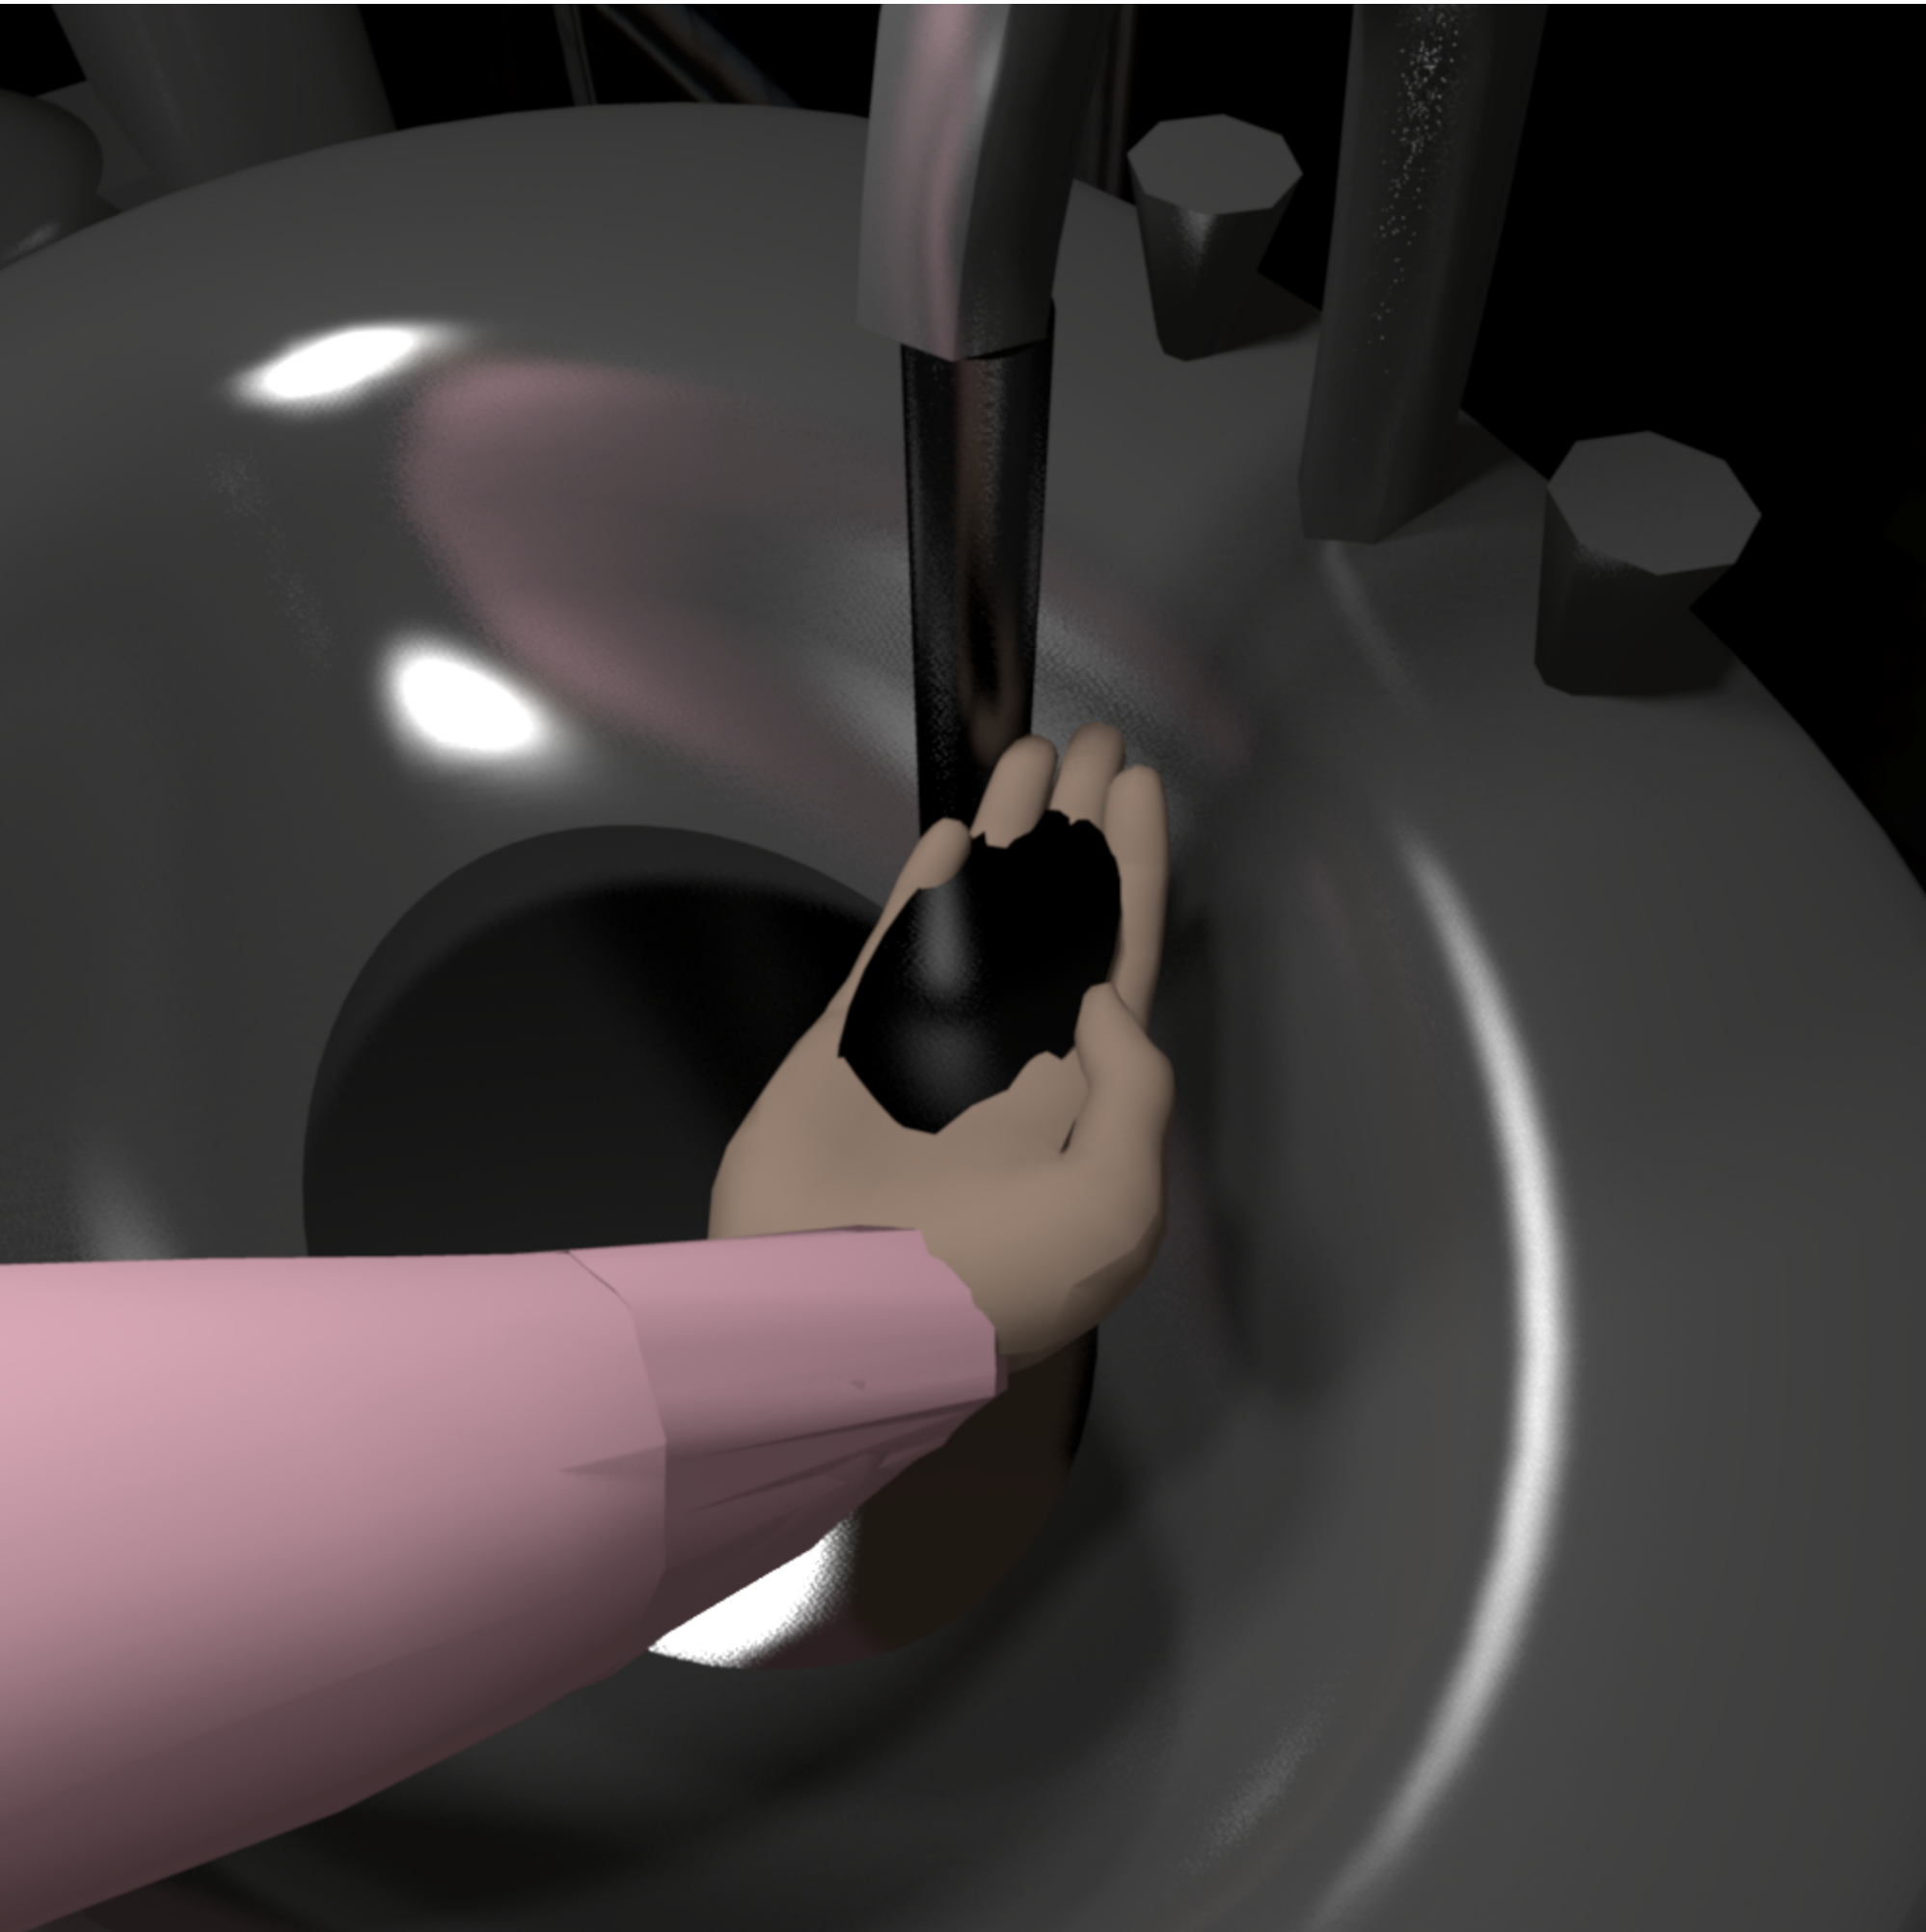

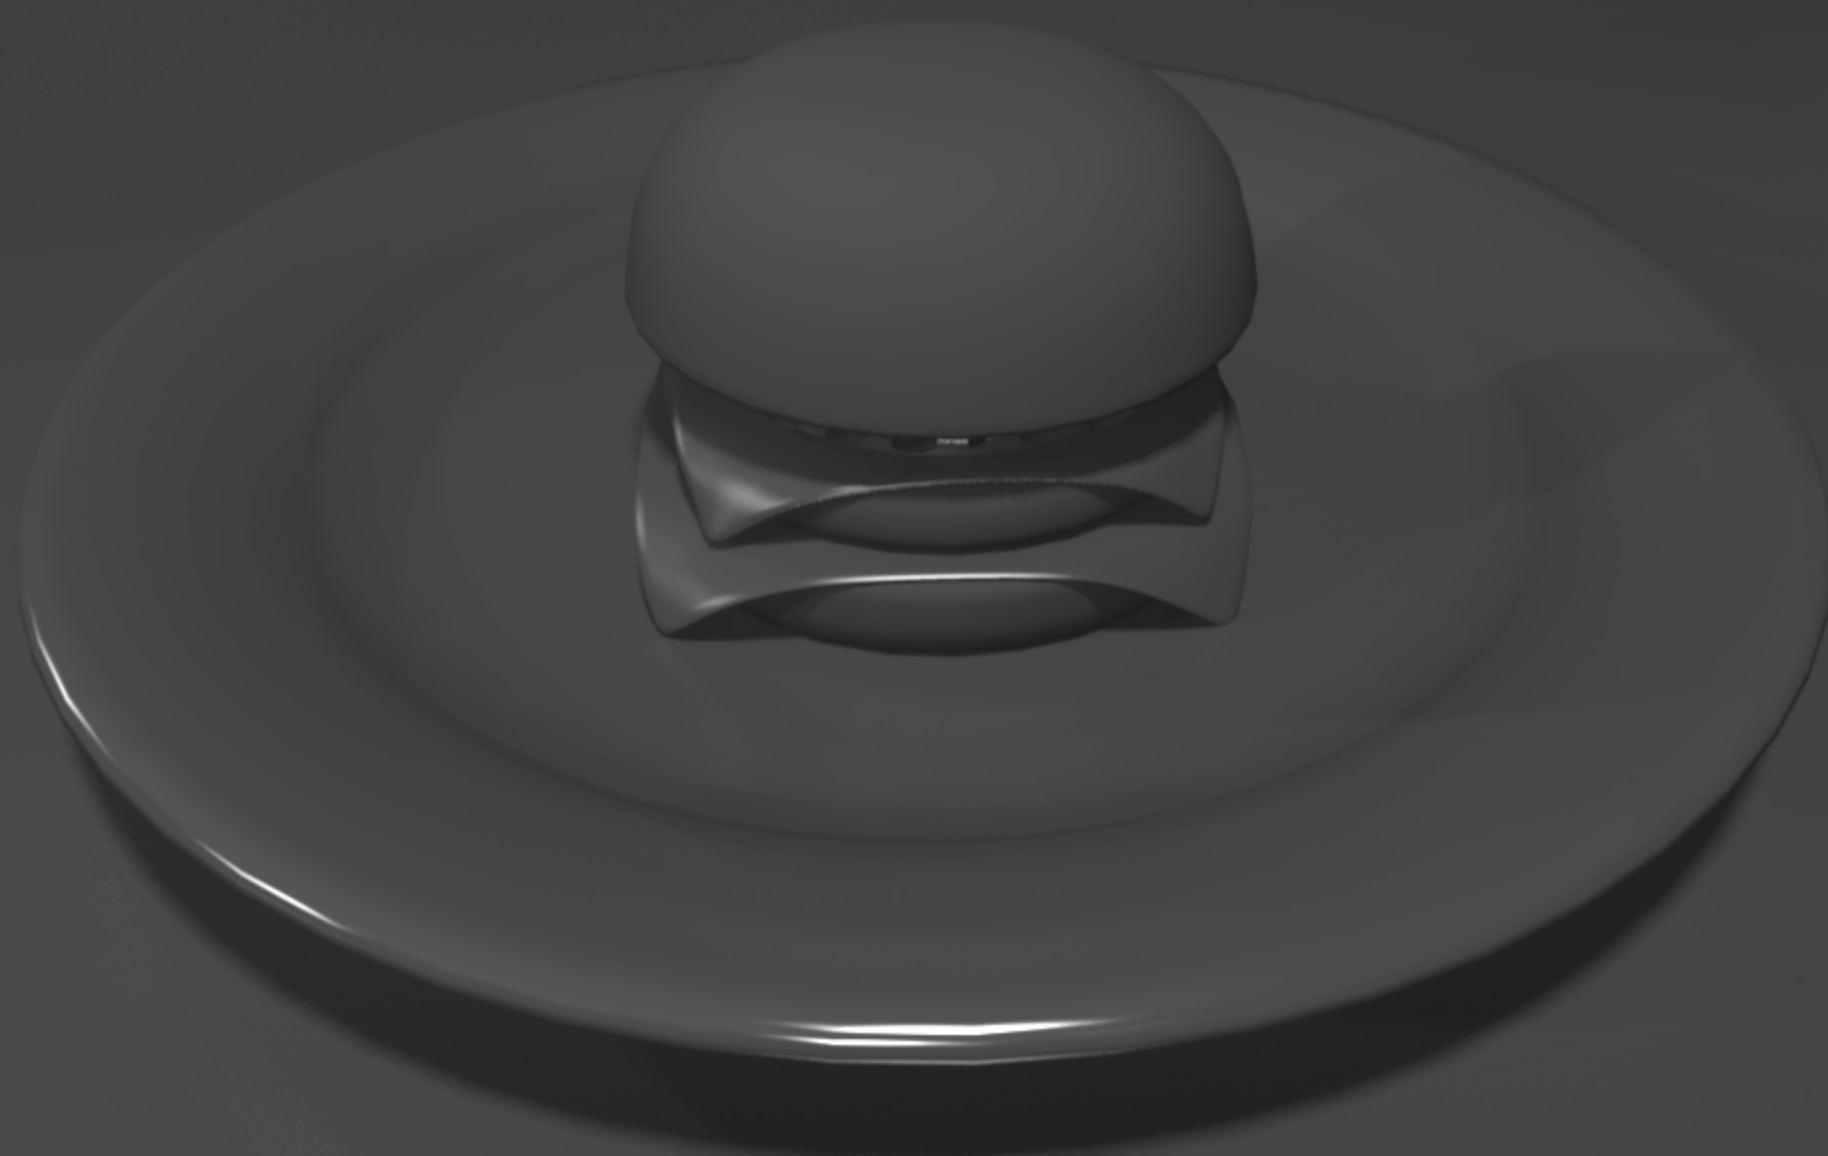

It's time to come home

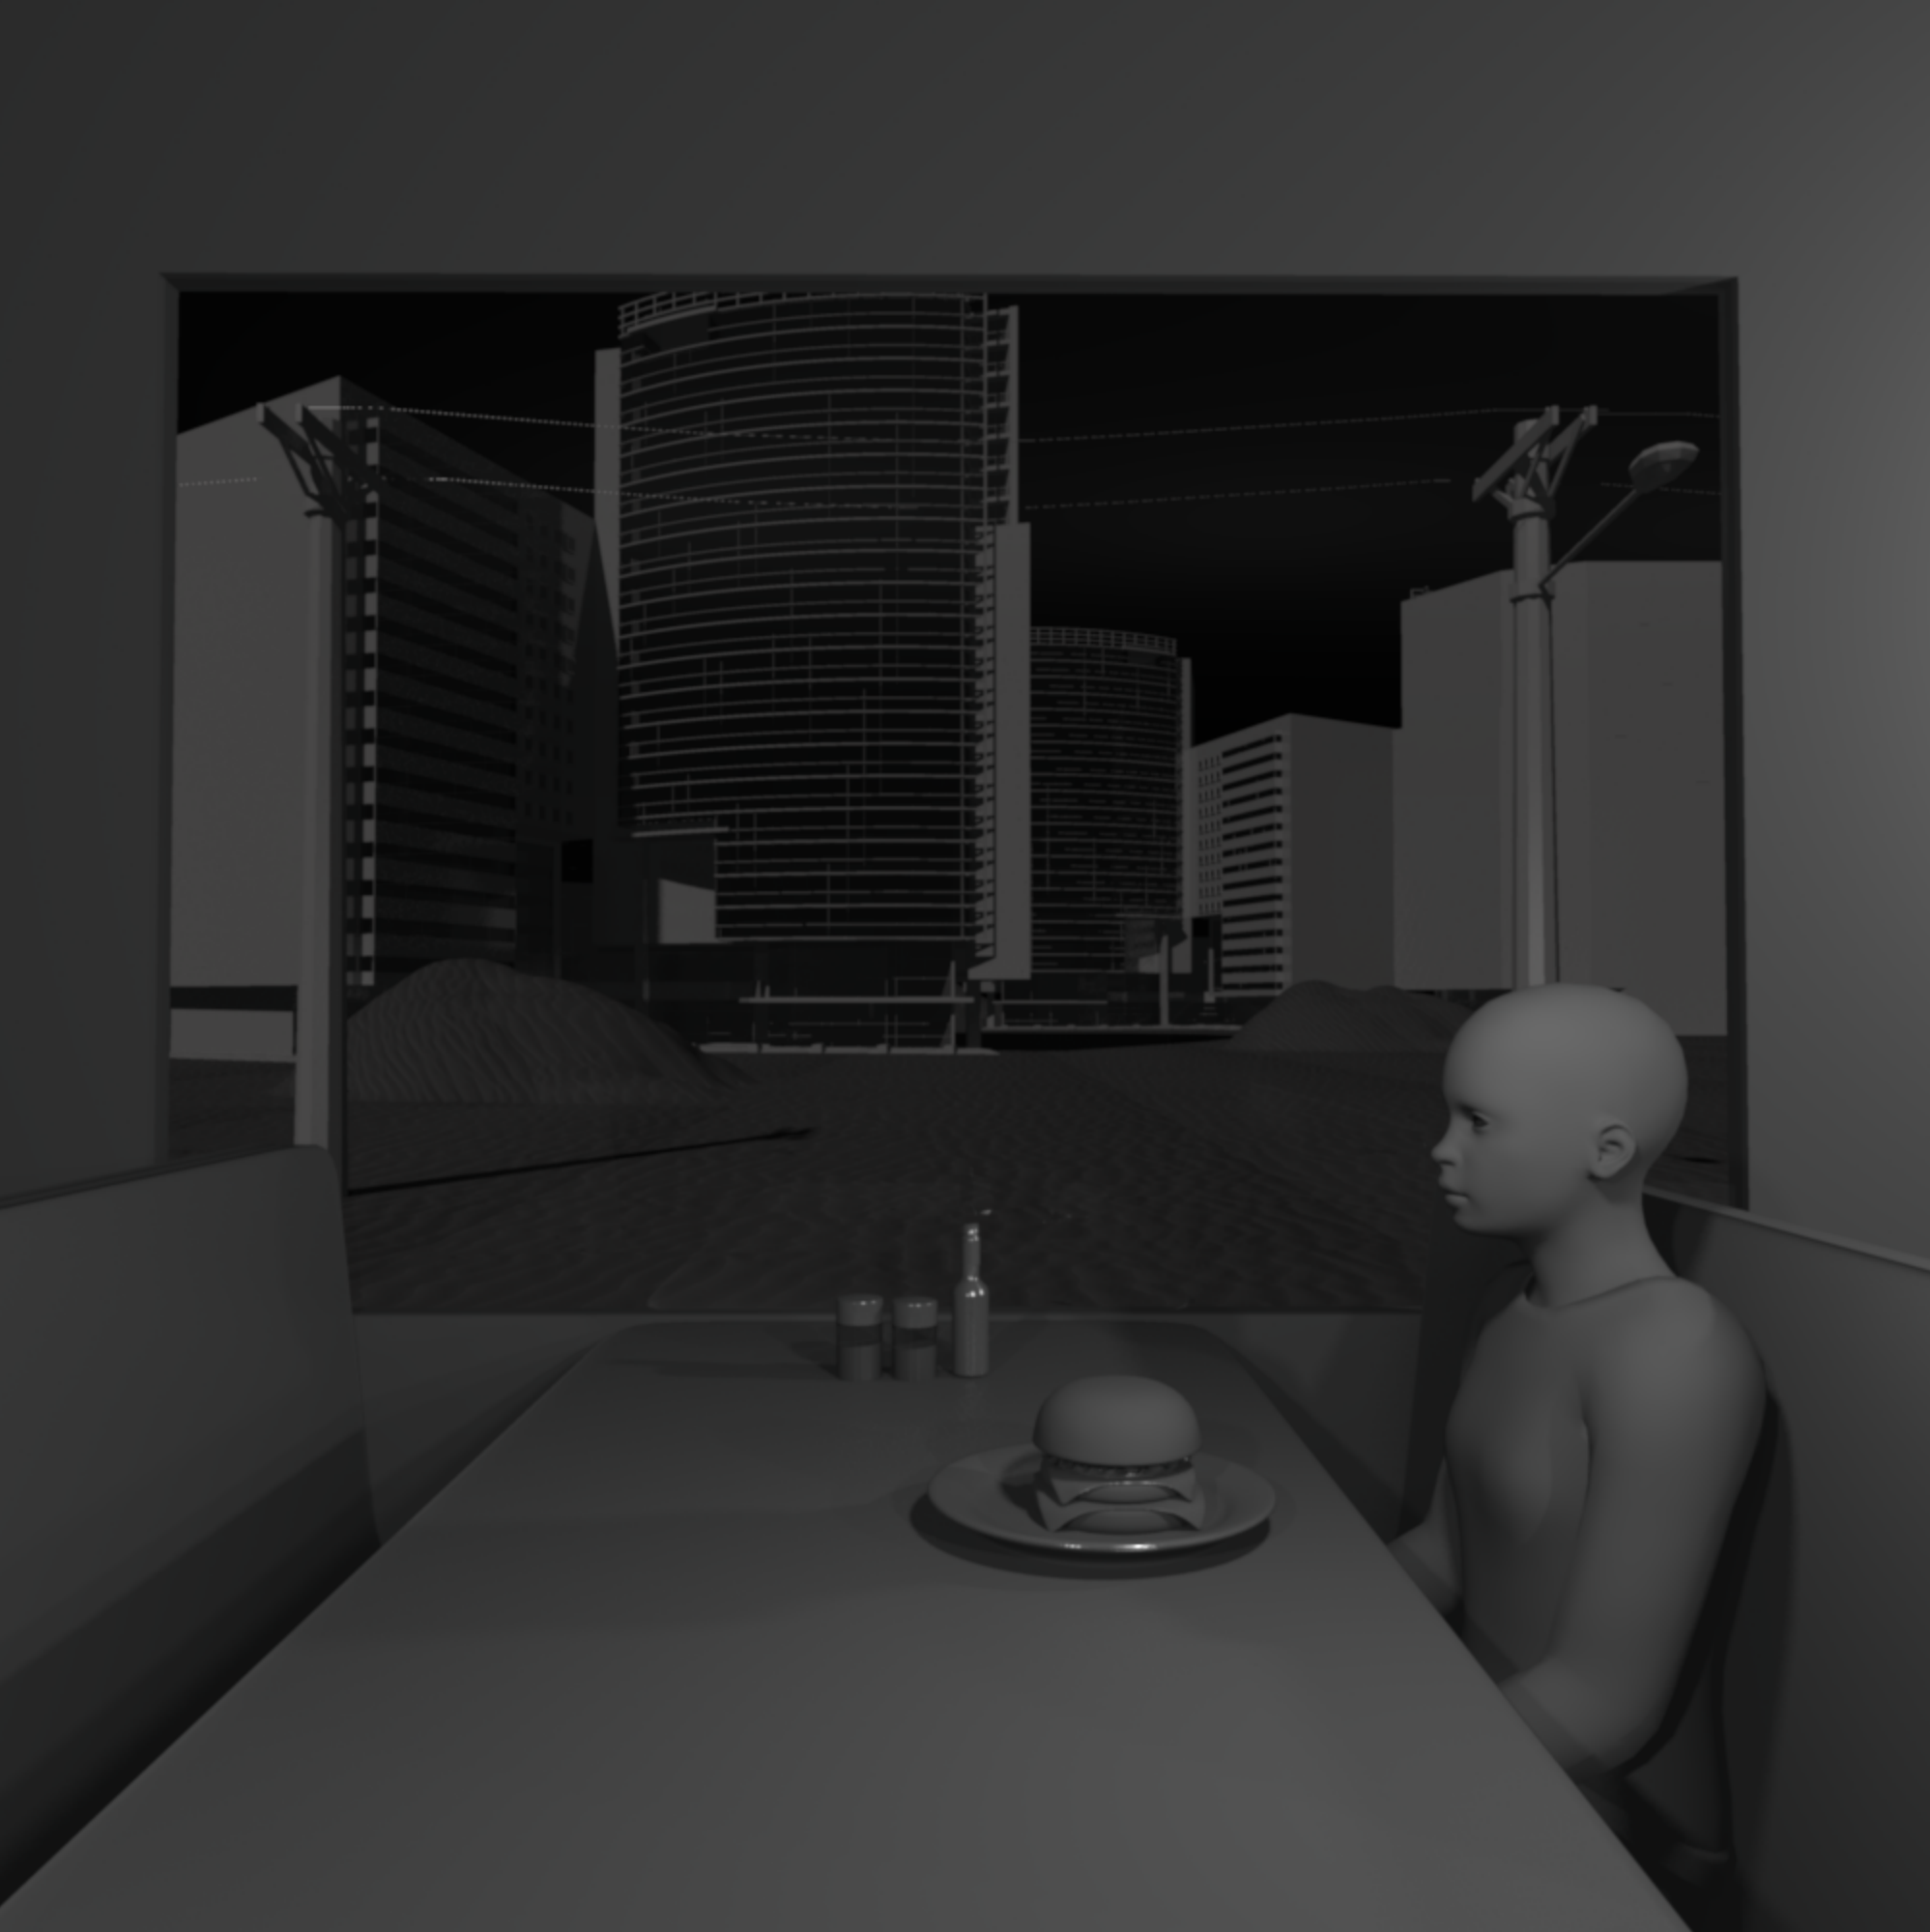

You've been out for too long
It's time to come home

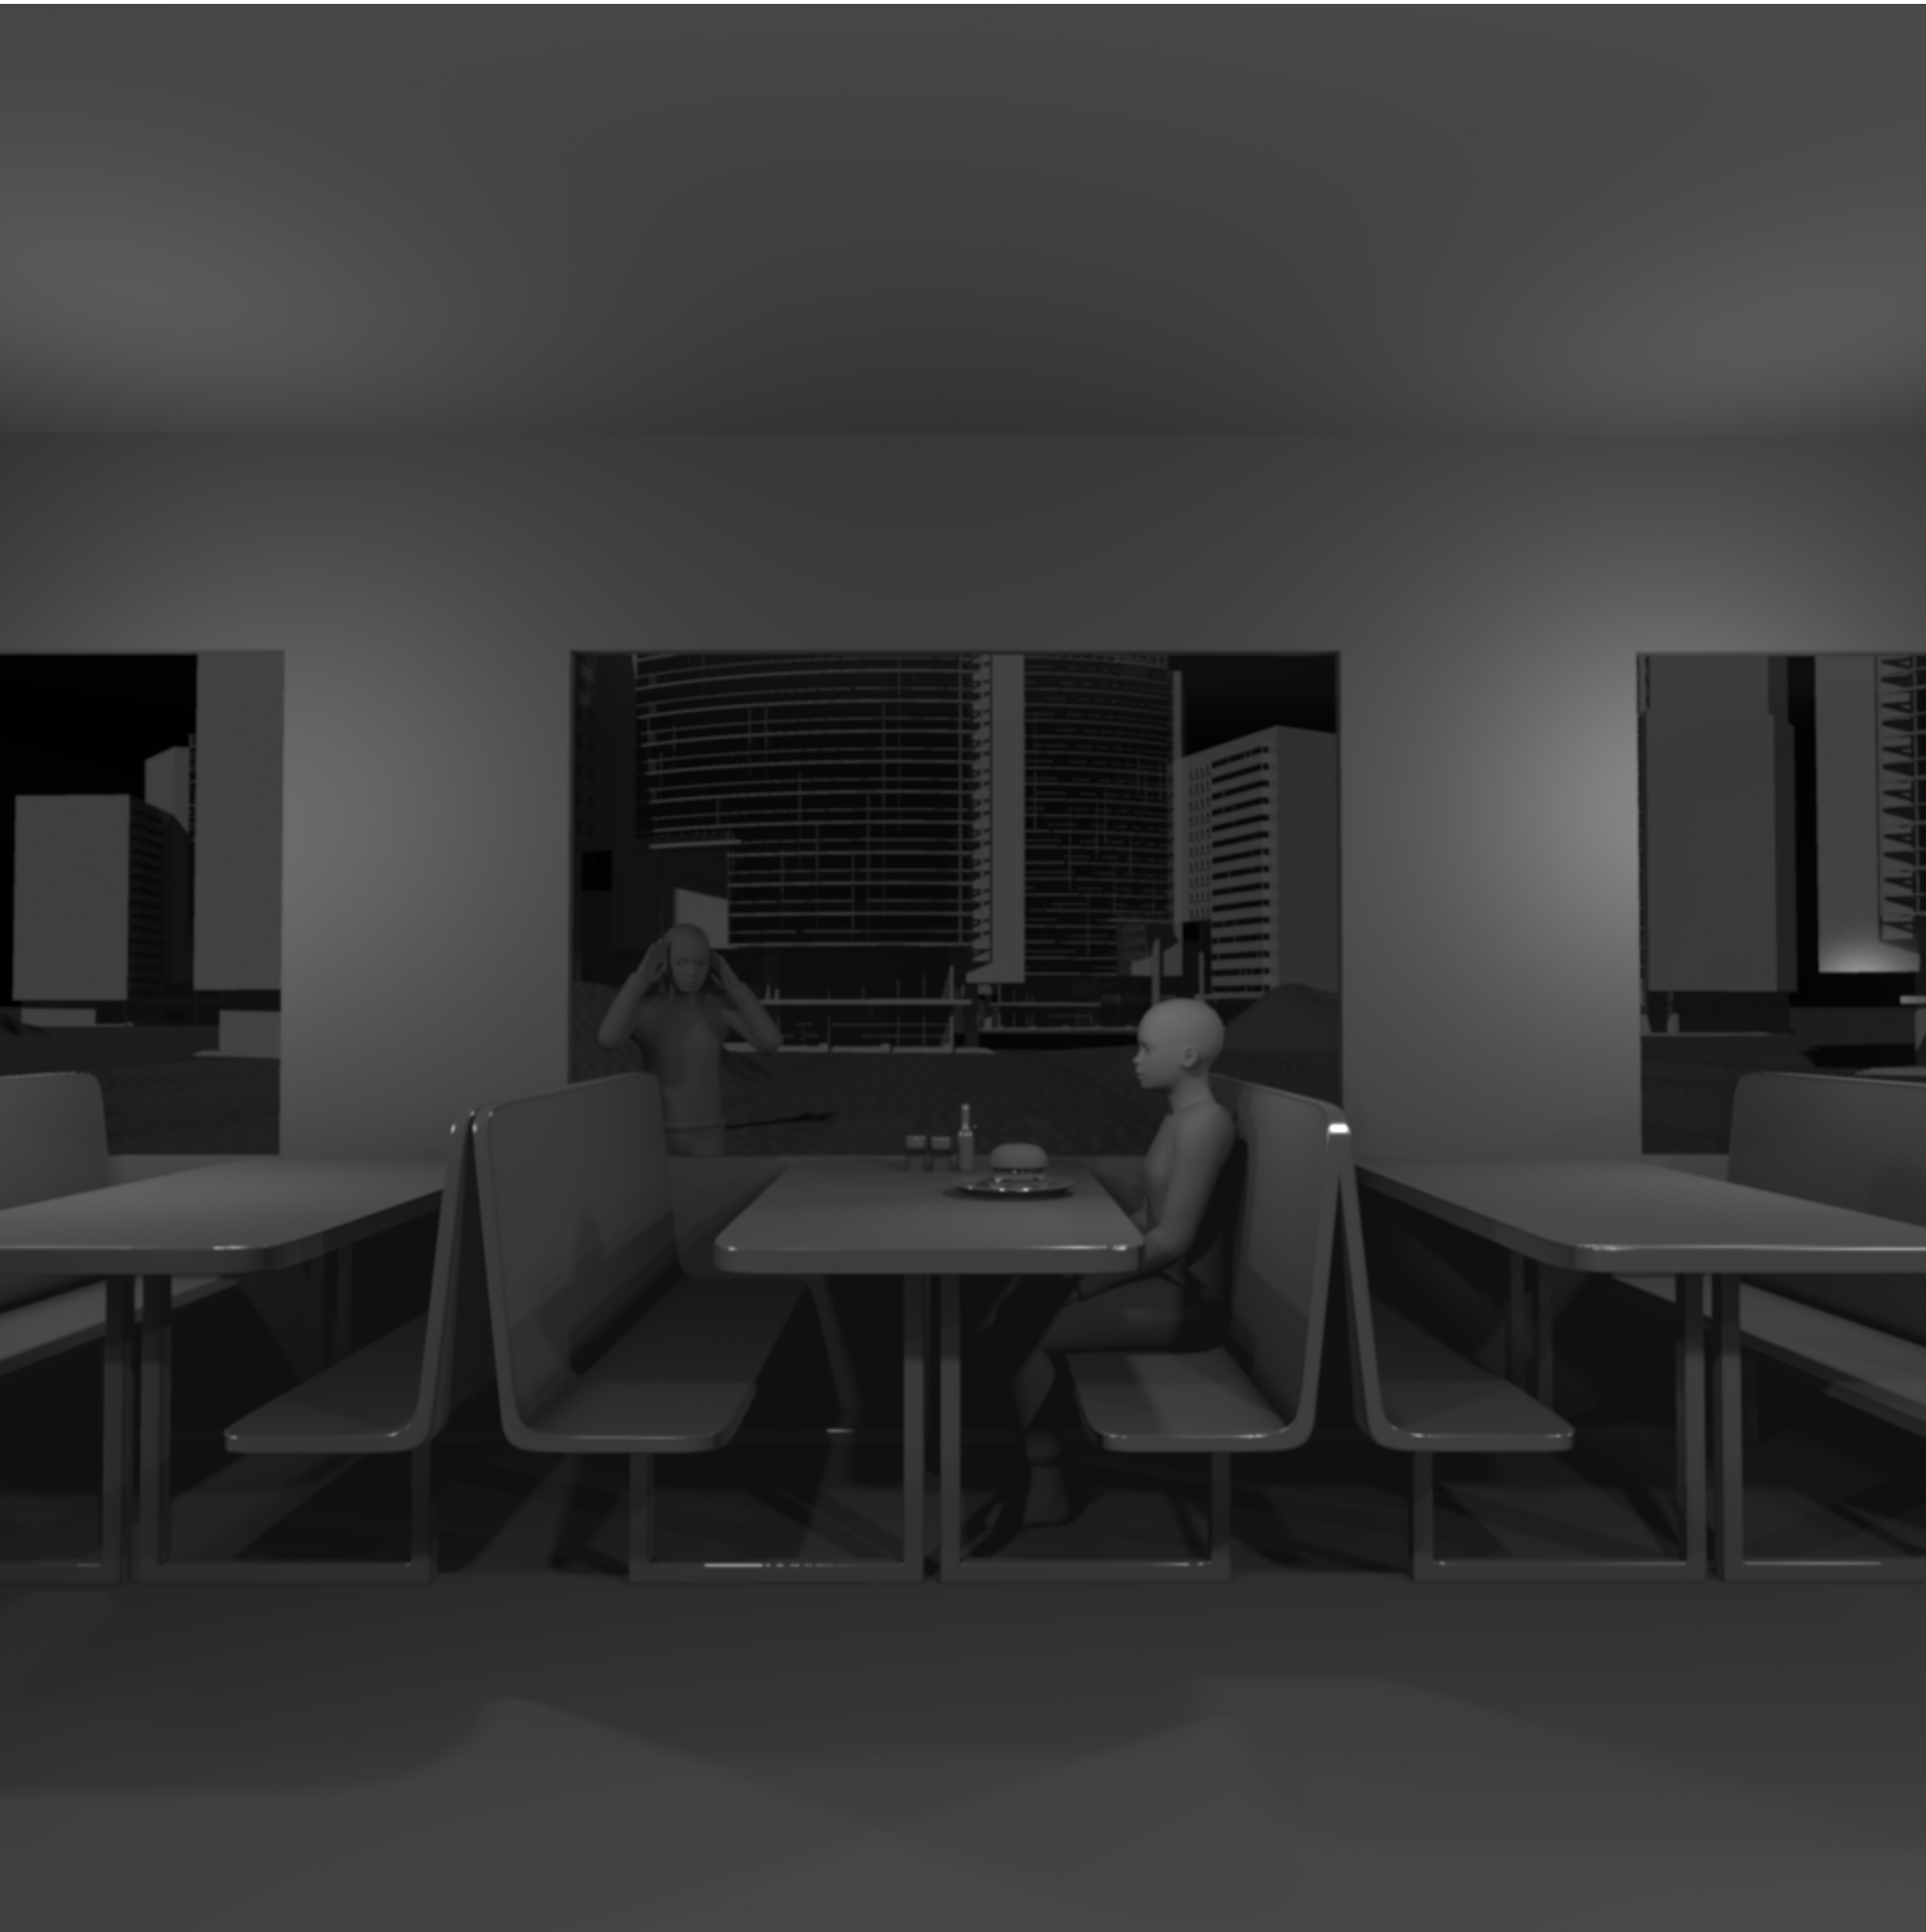

PART 3

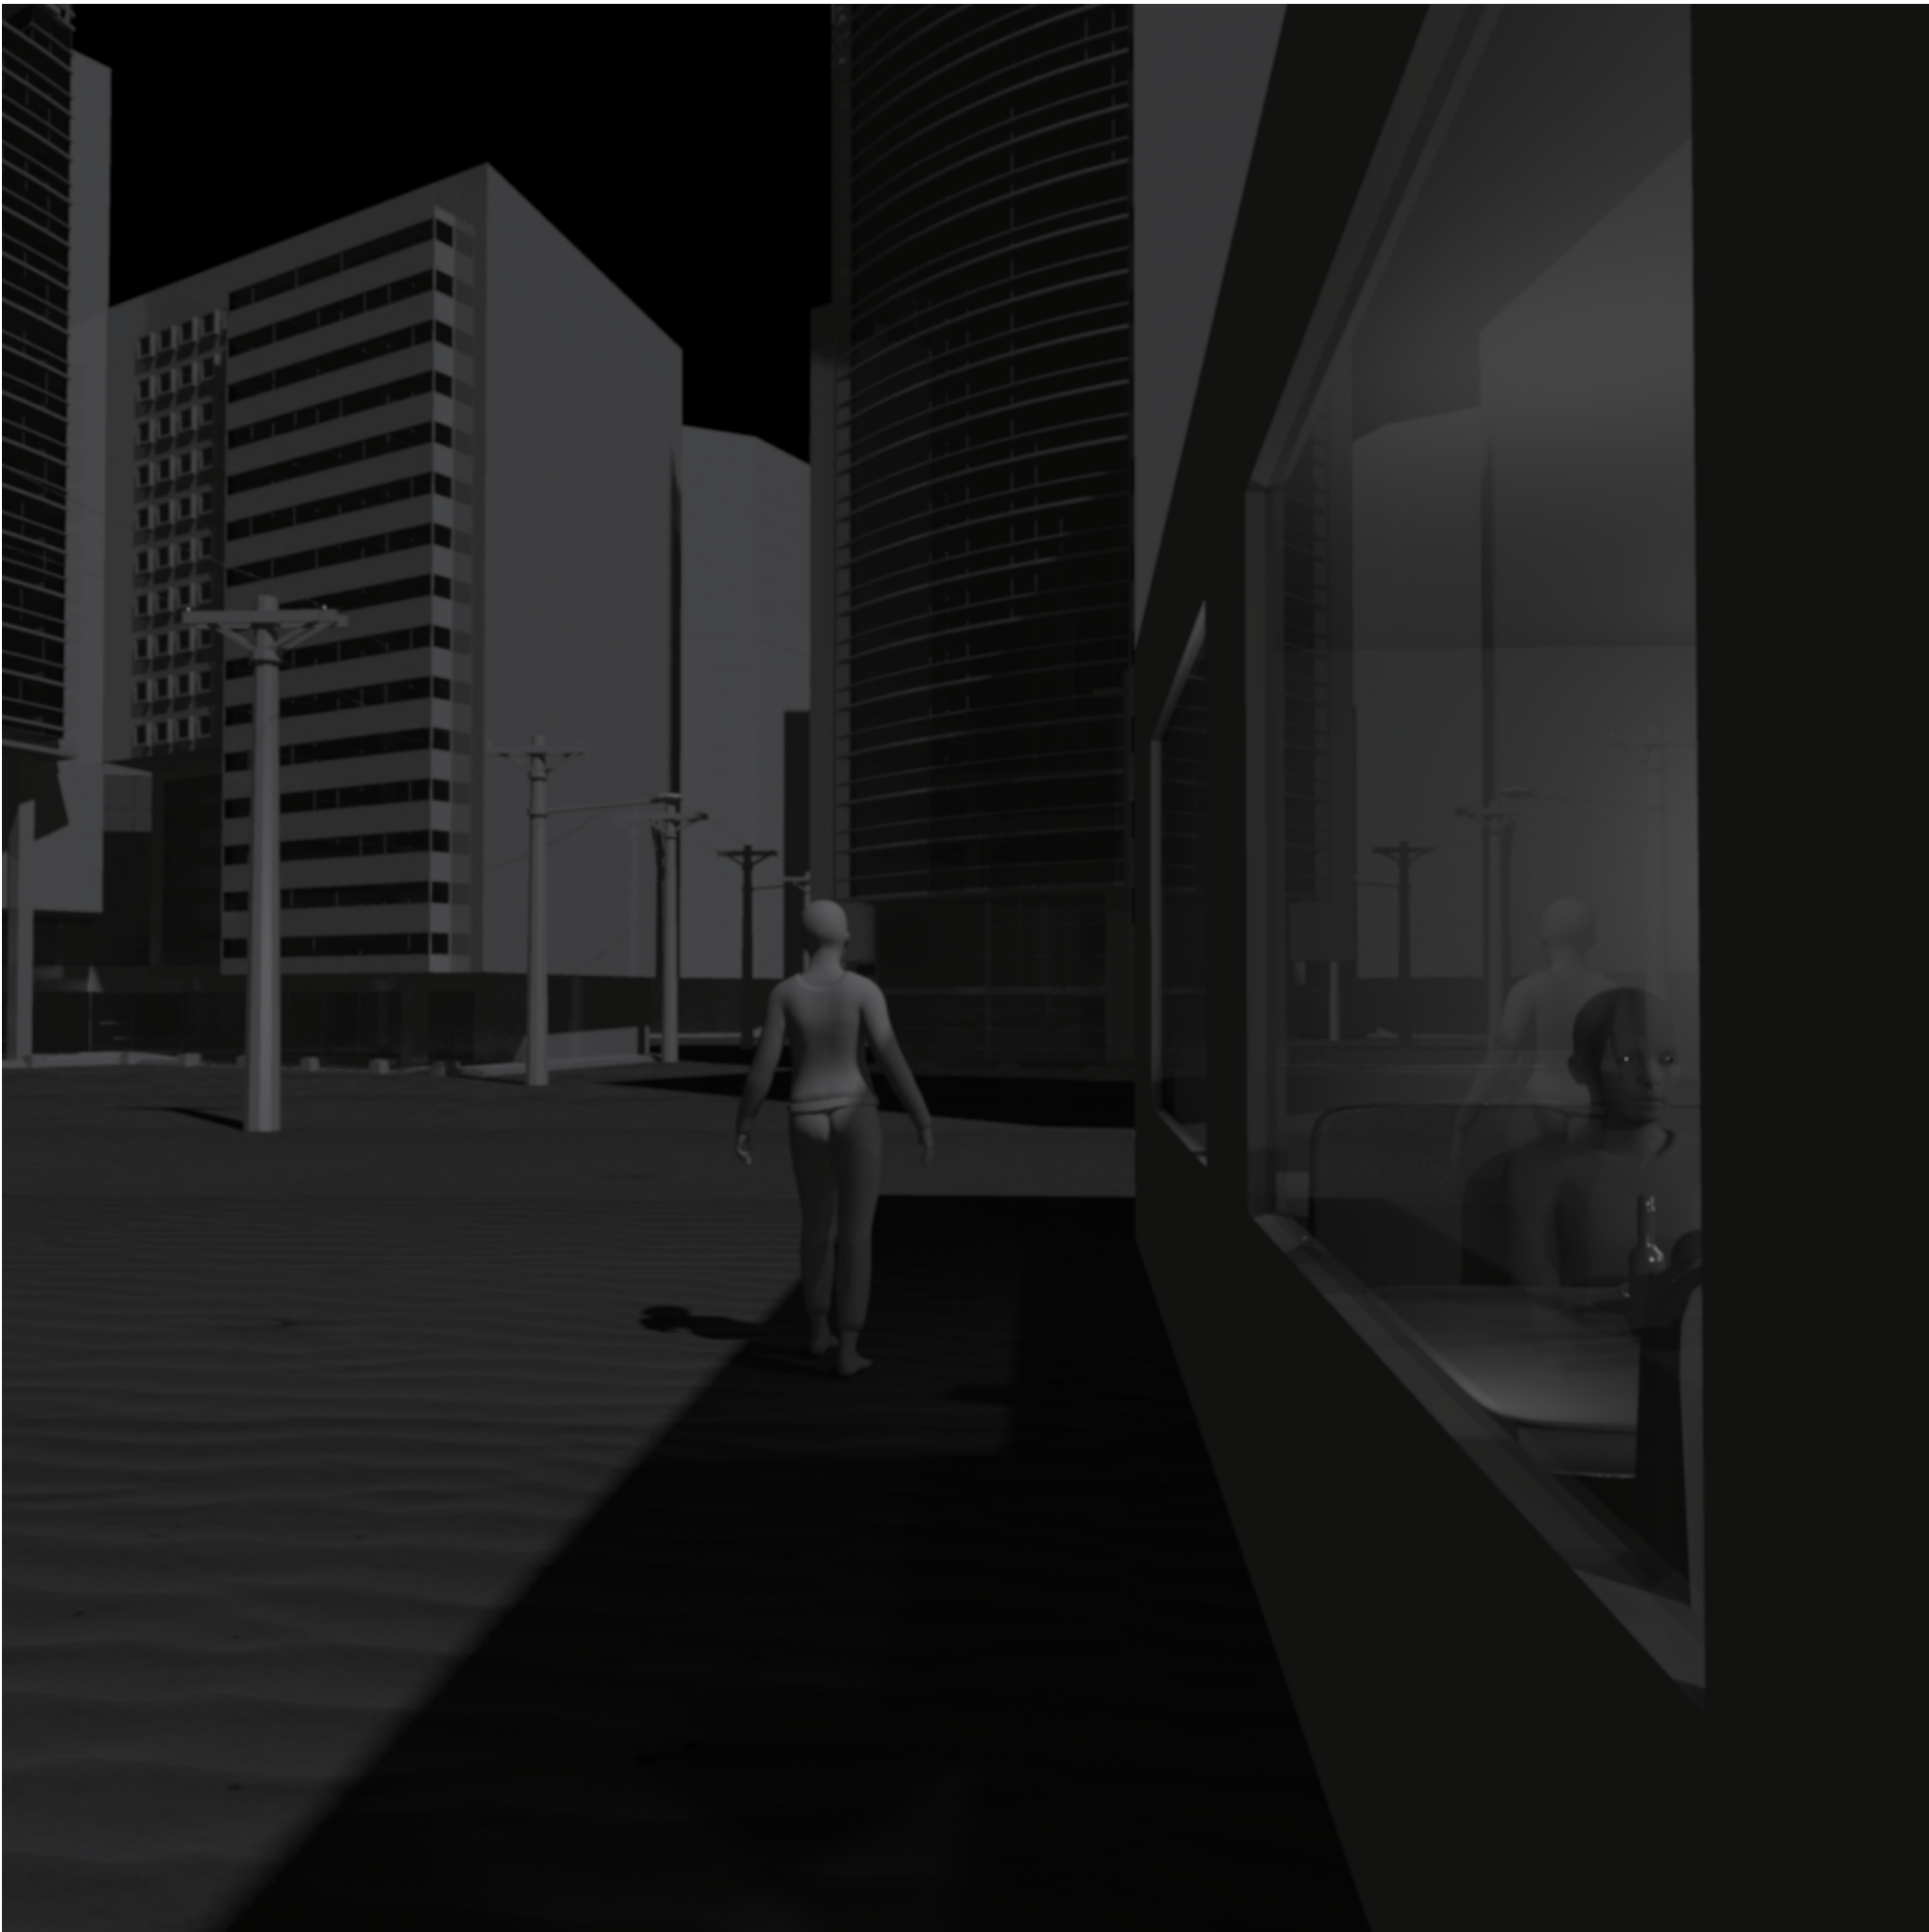

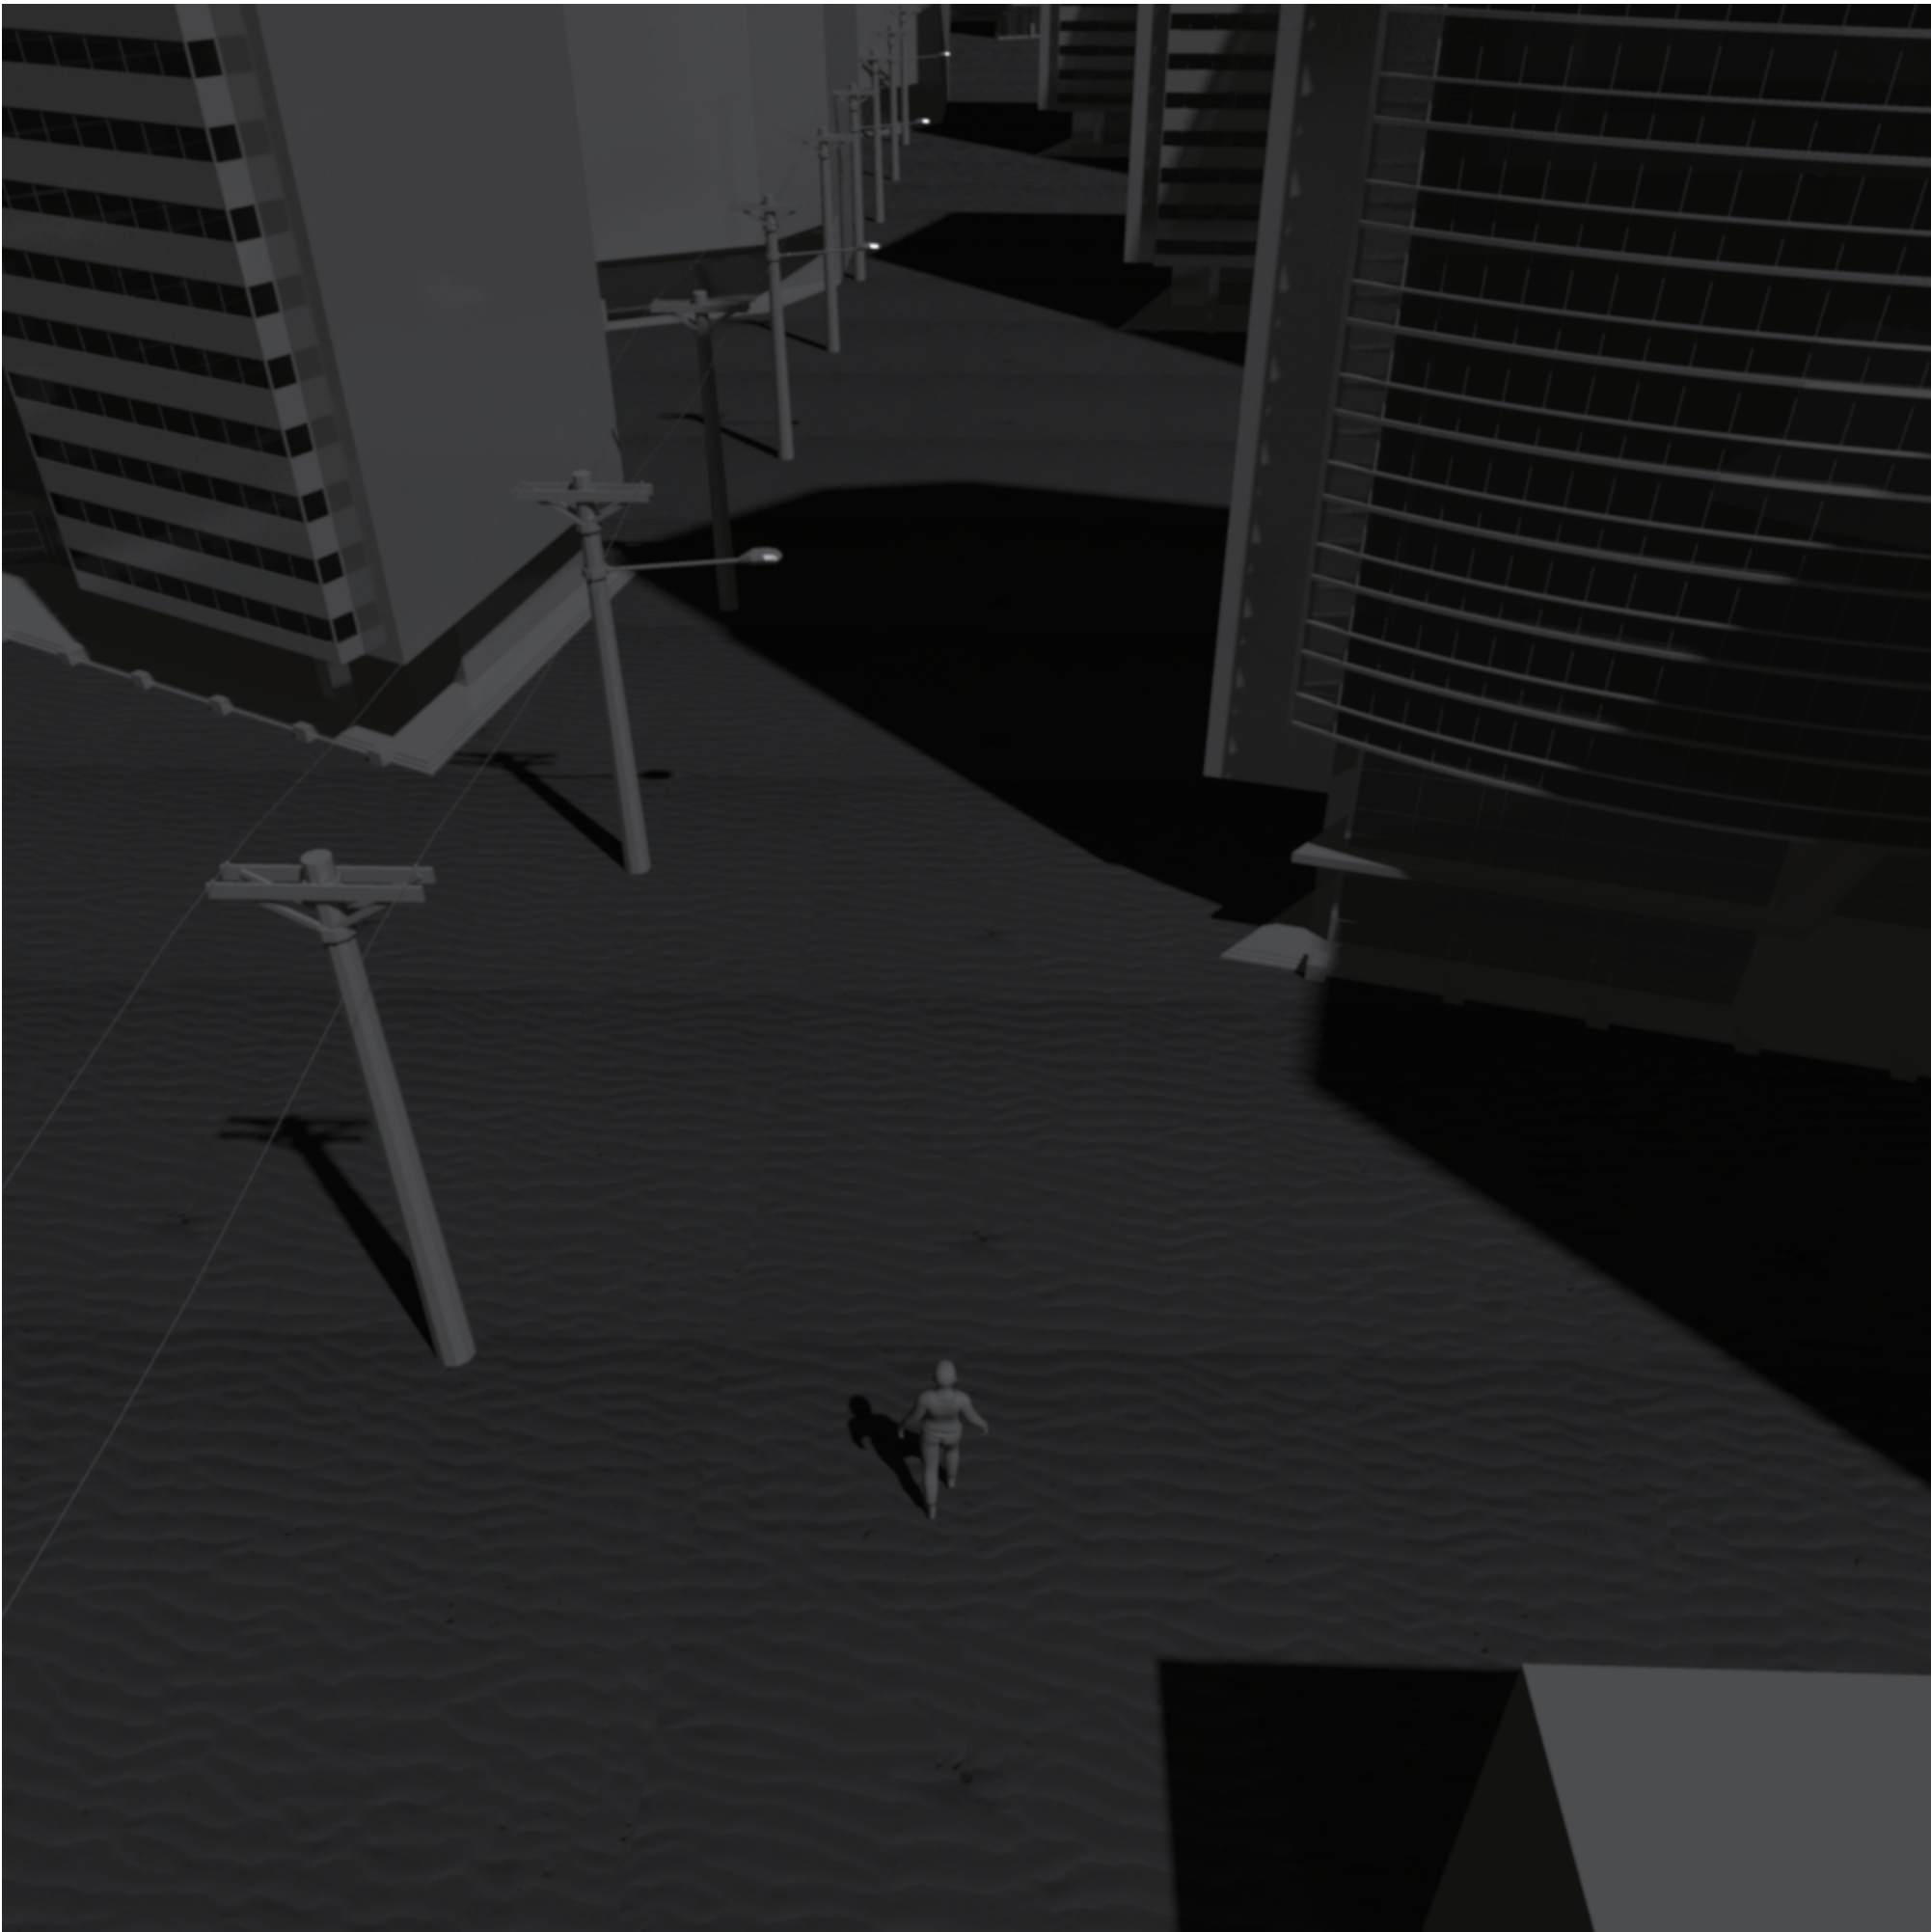

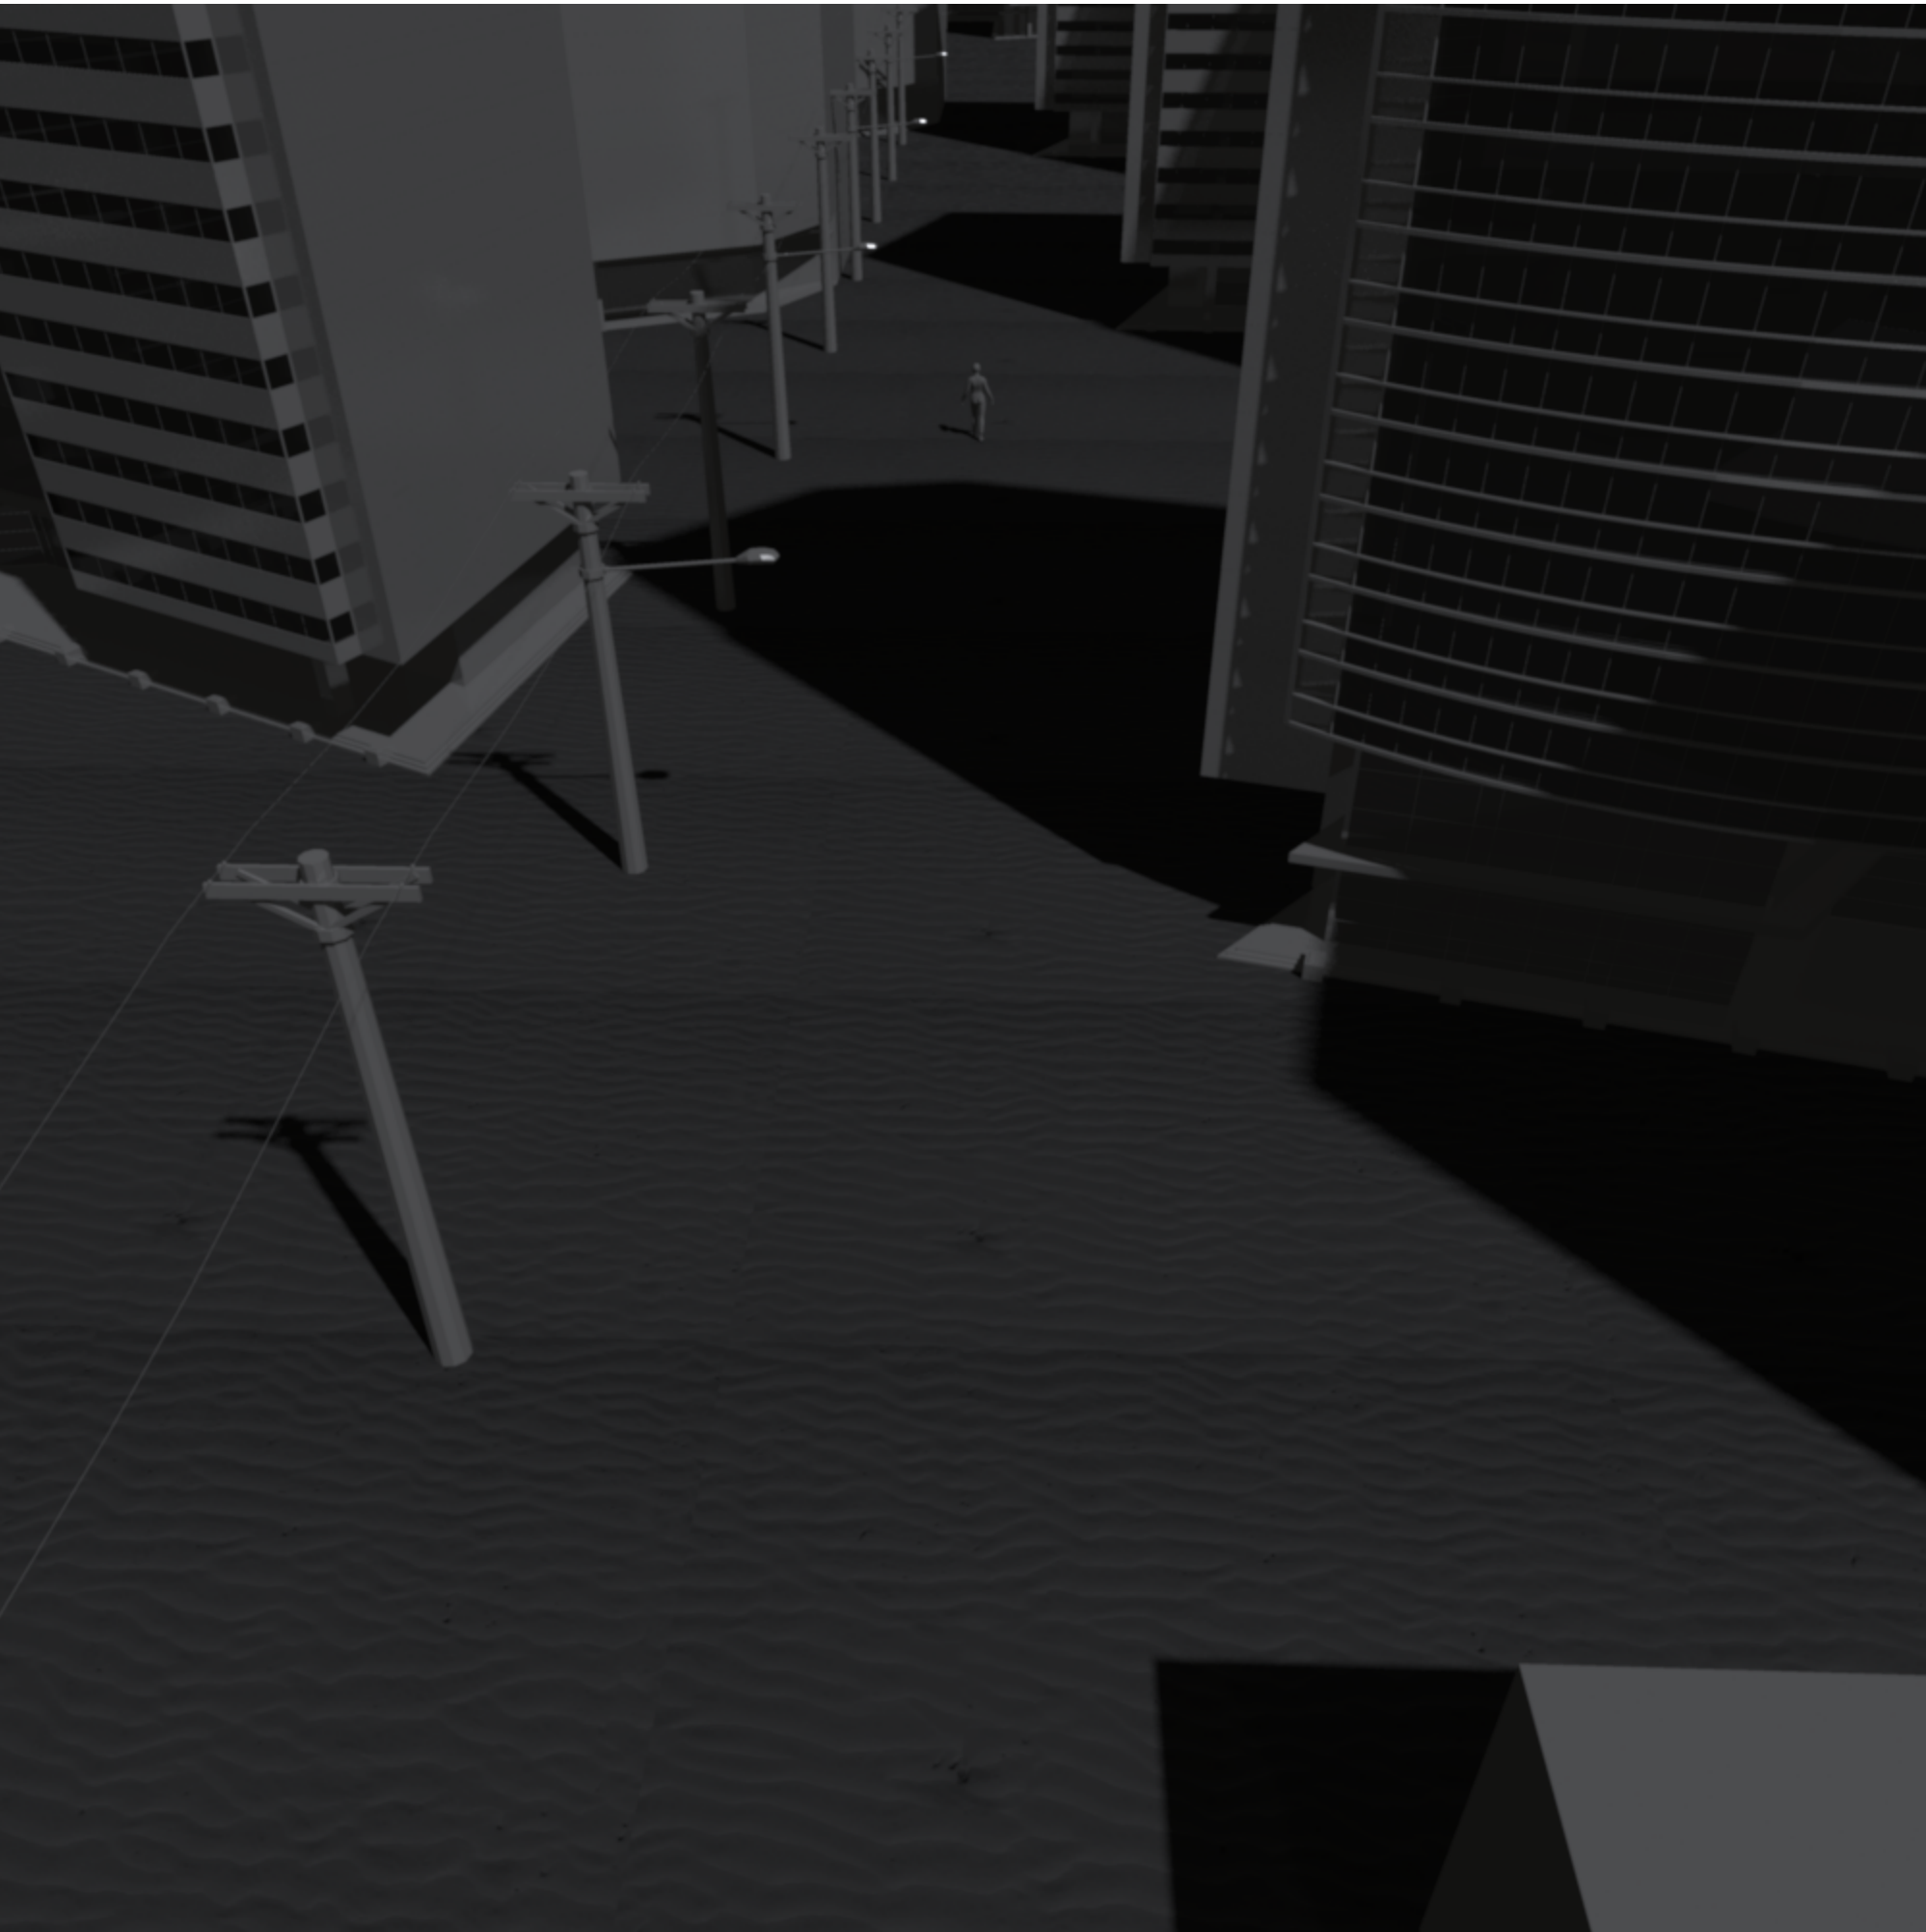

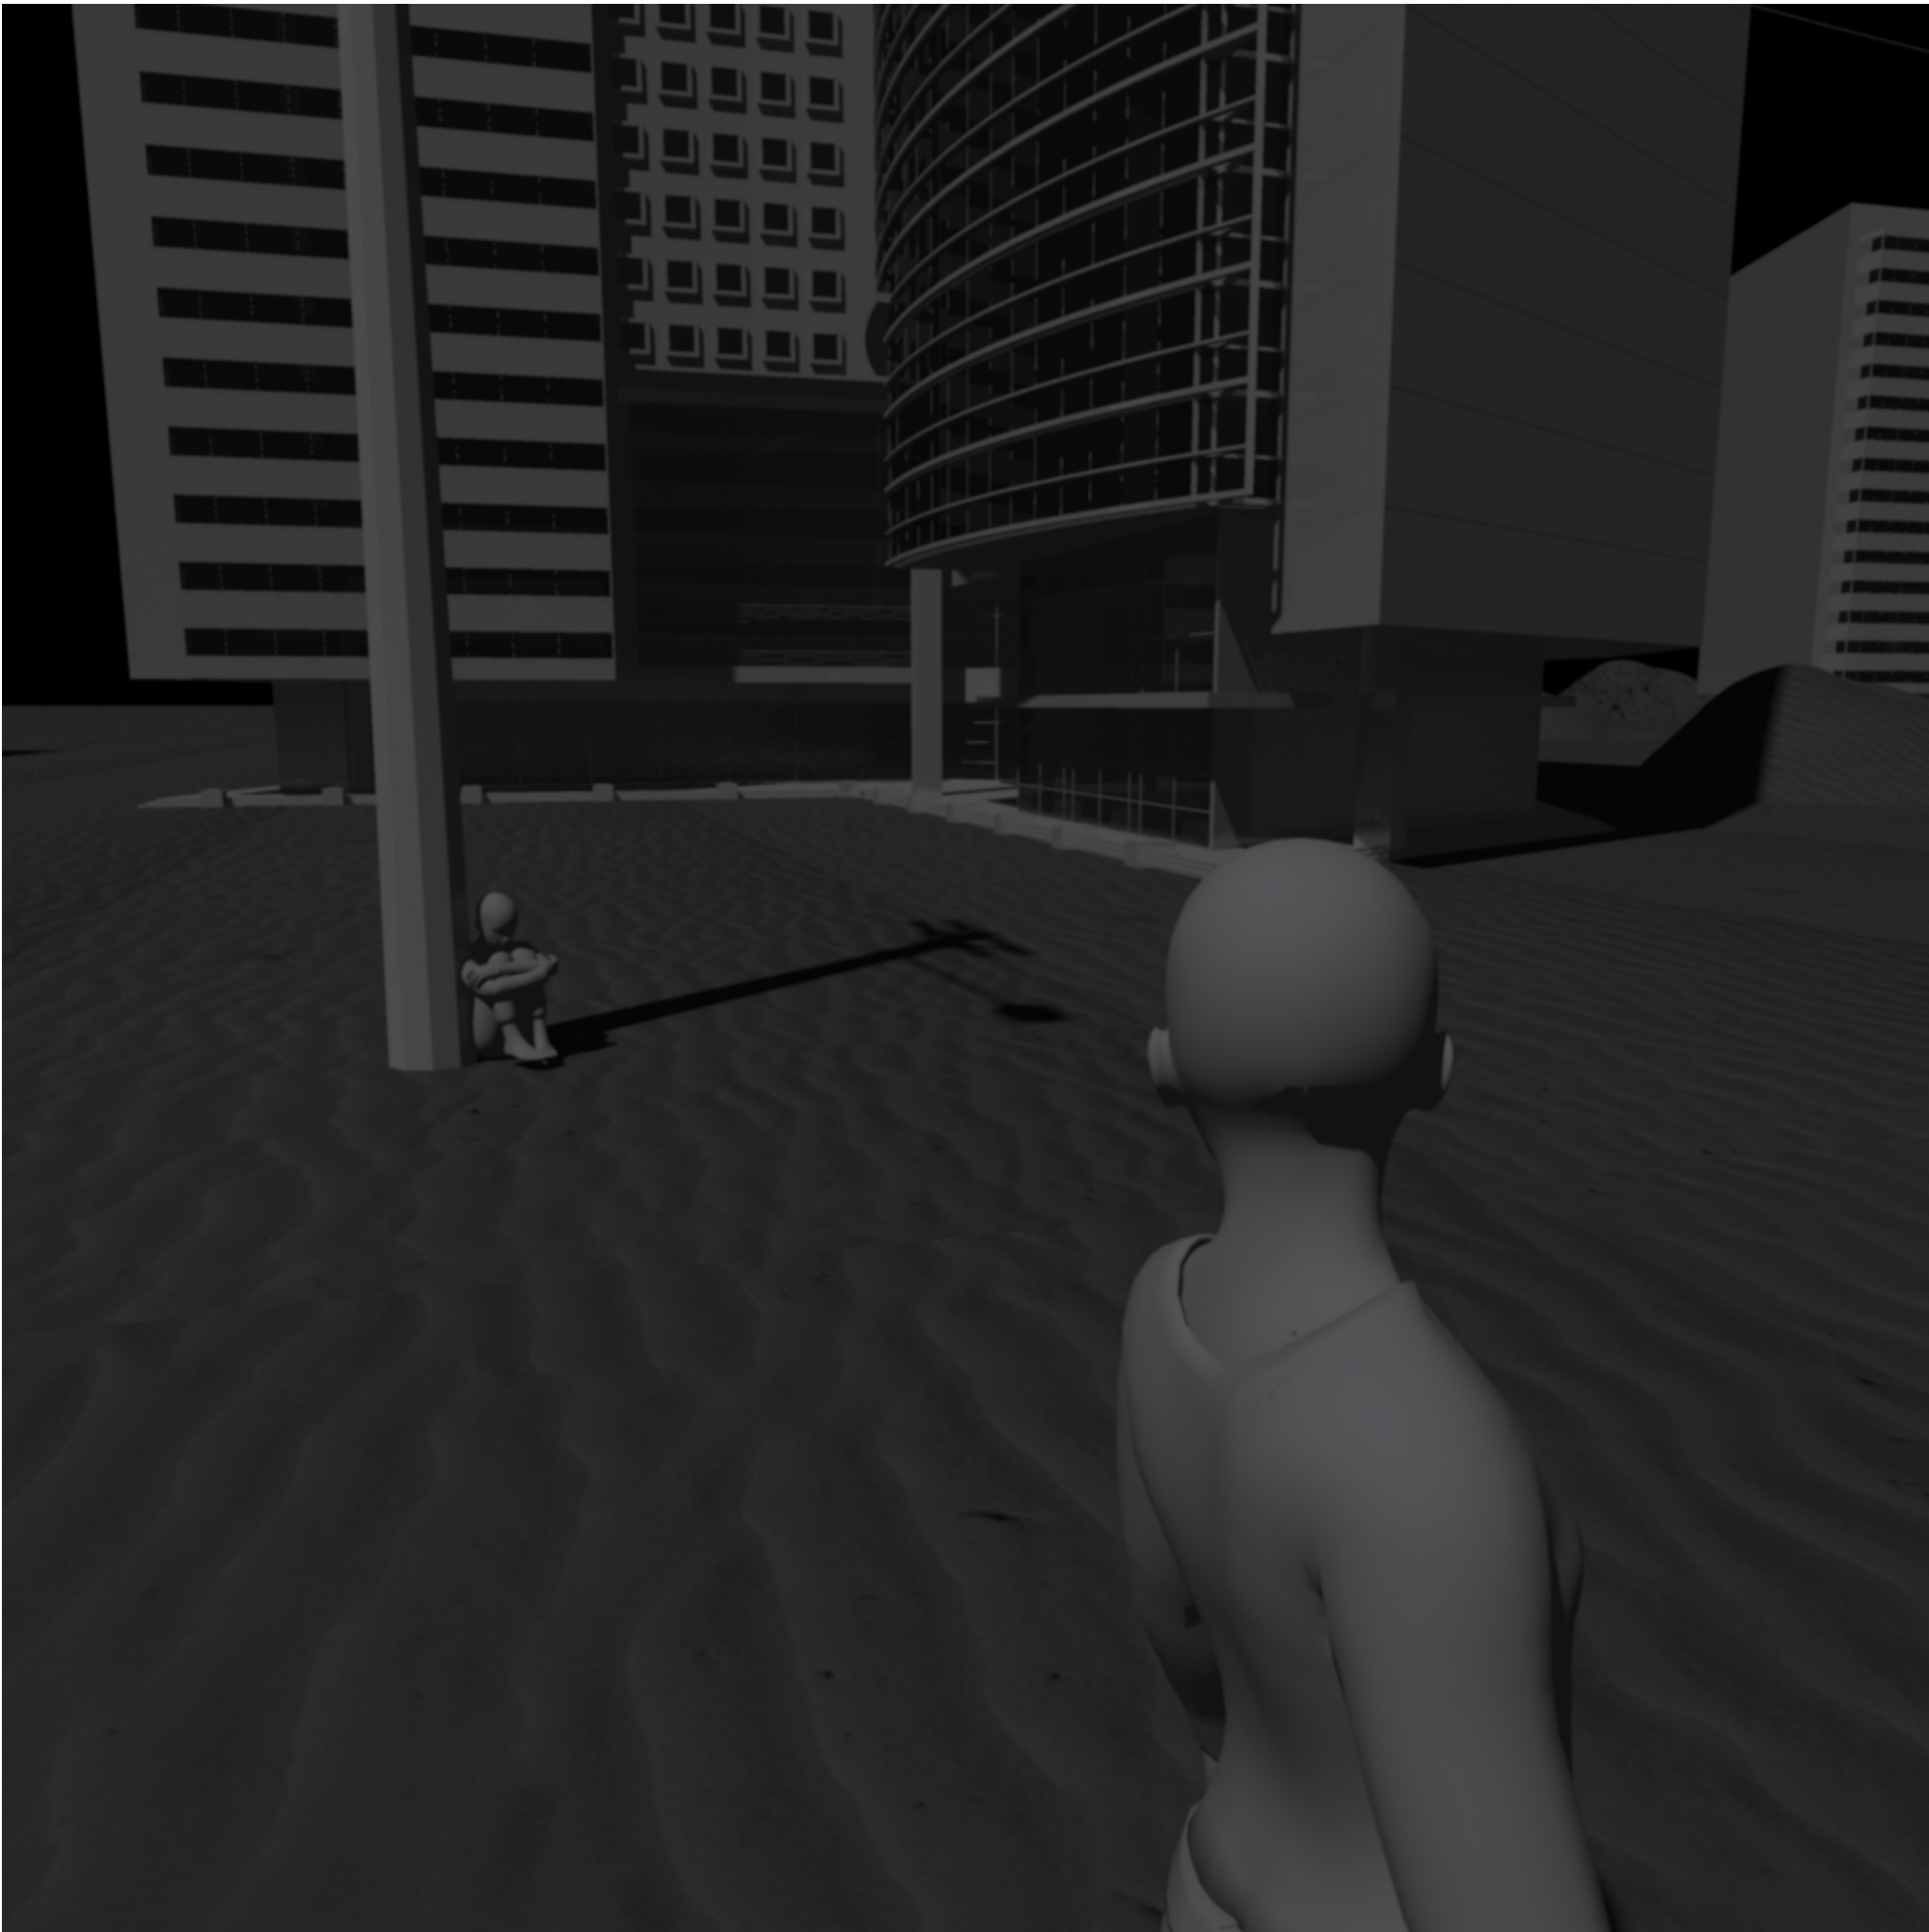

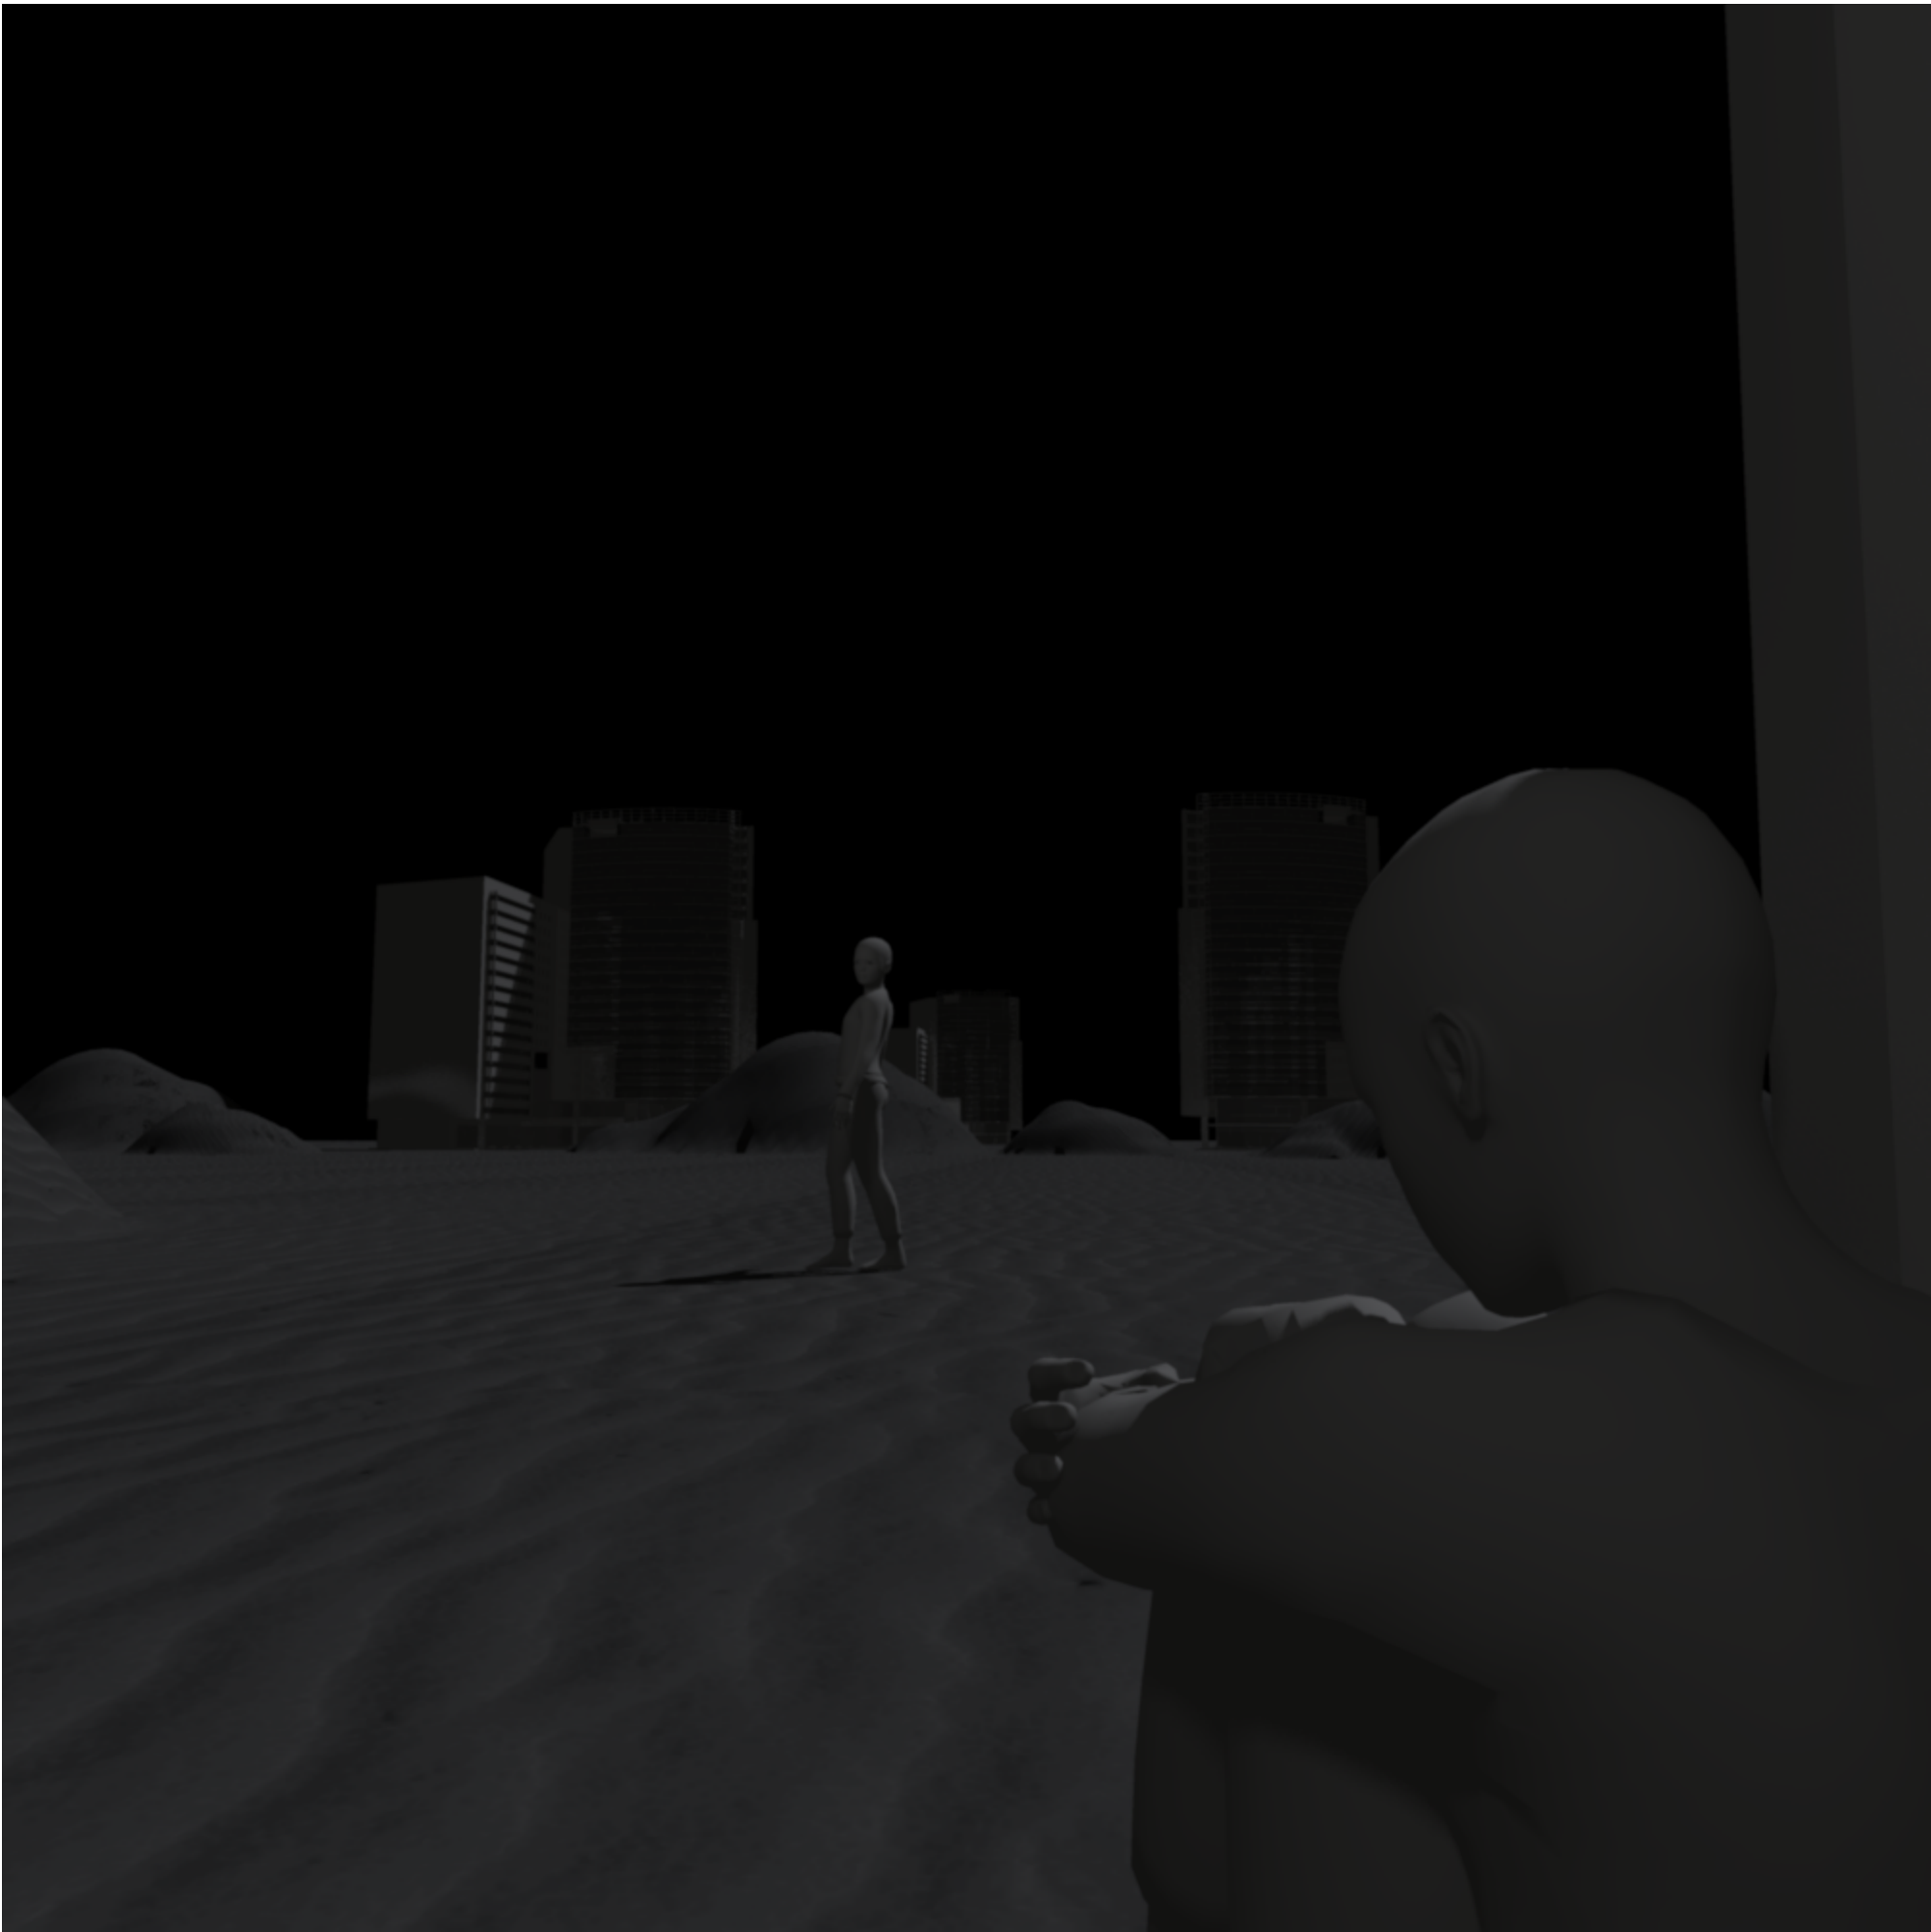

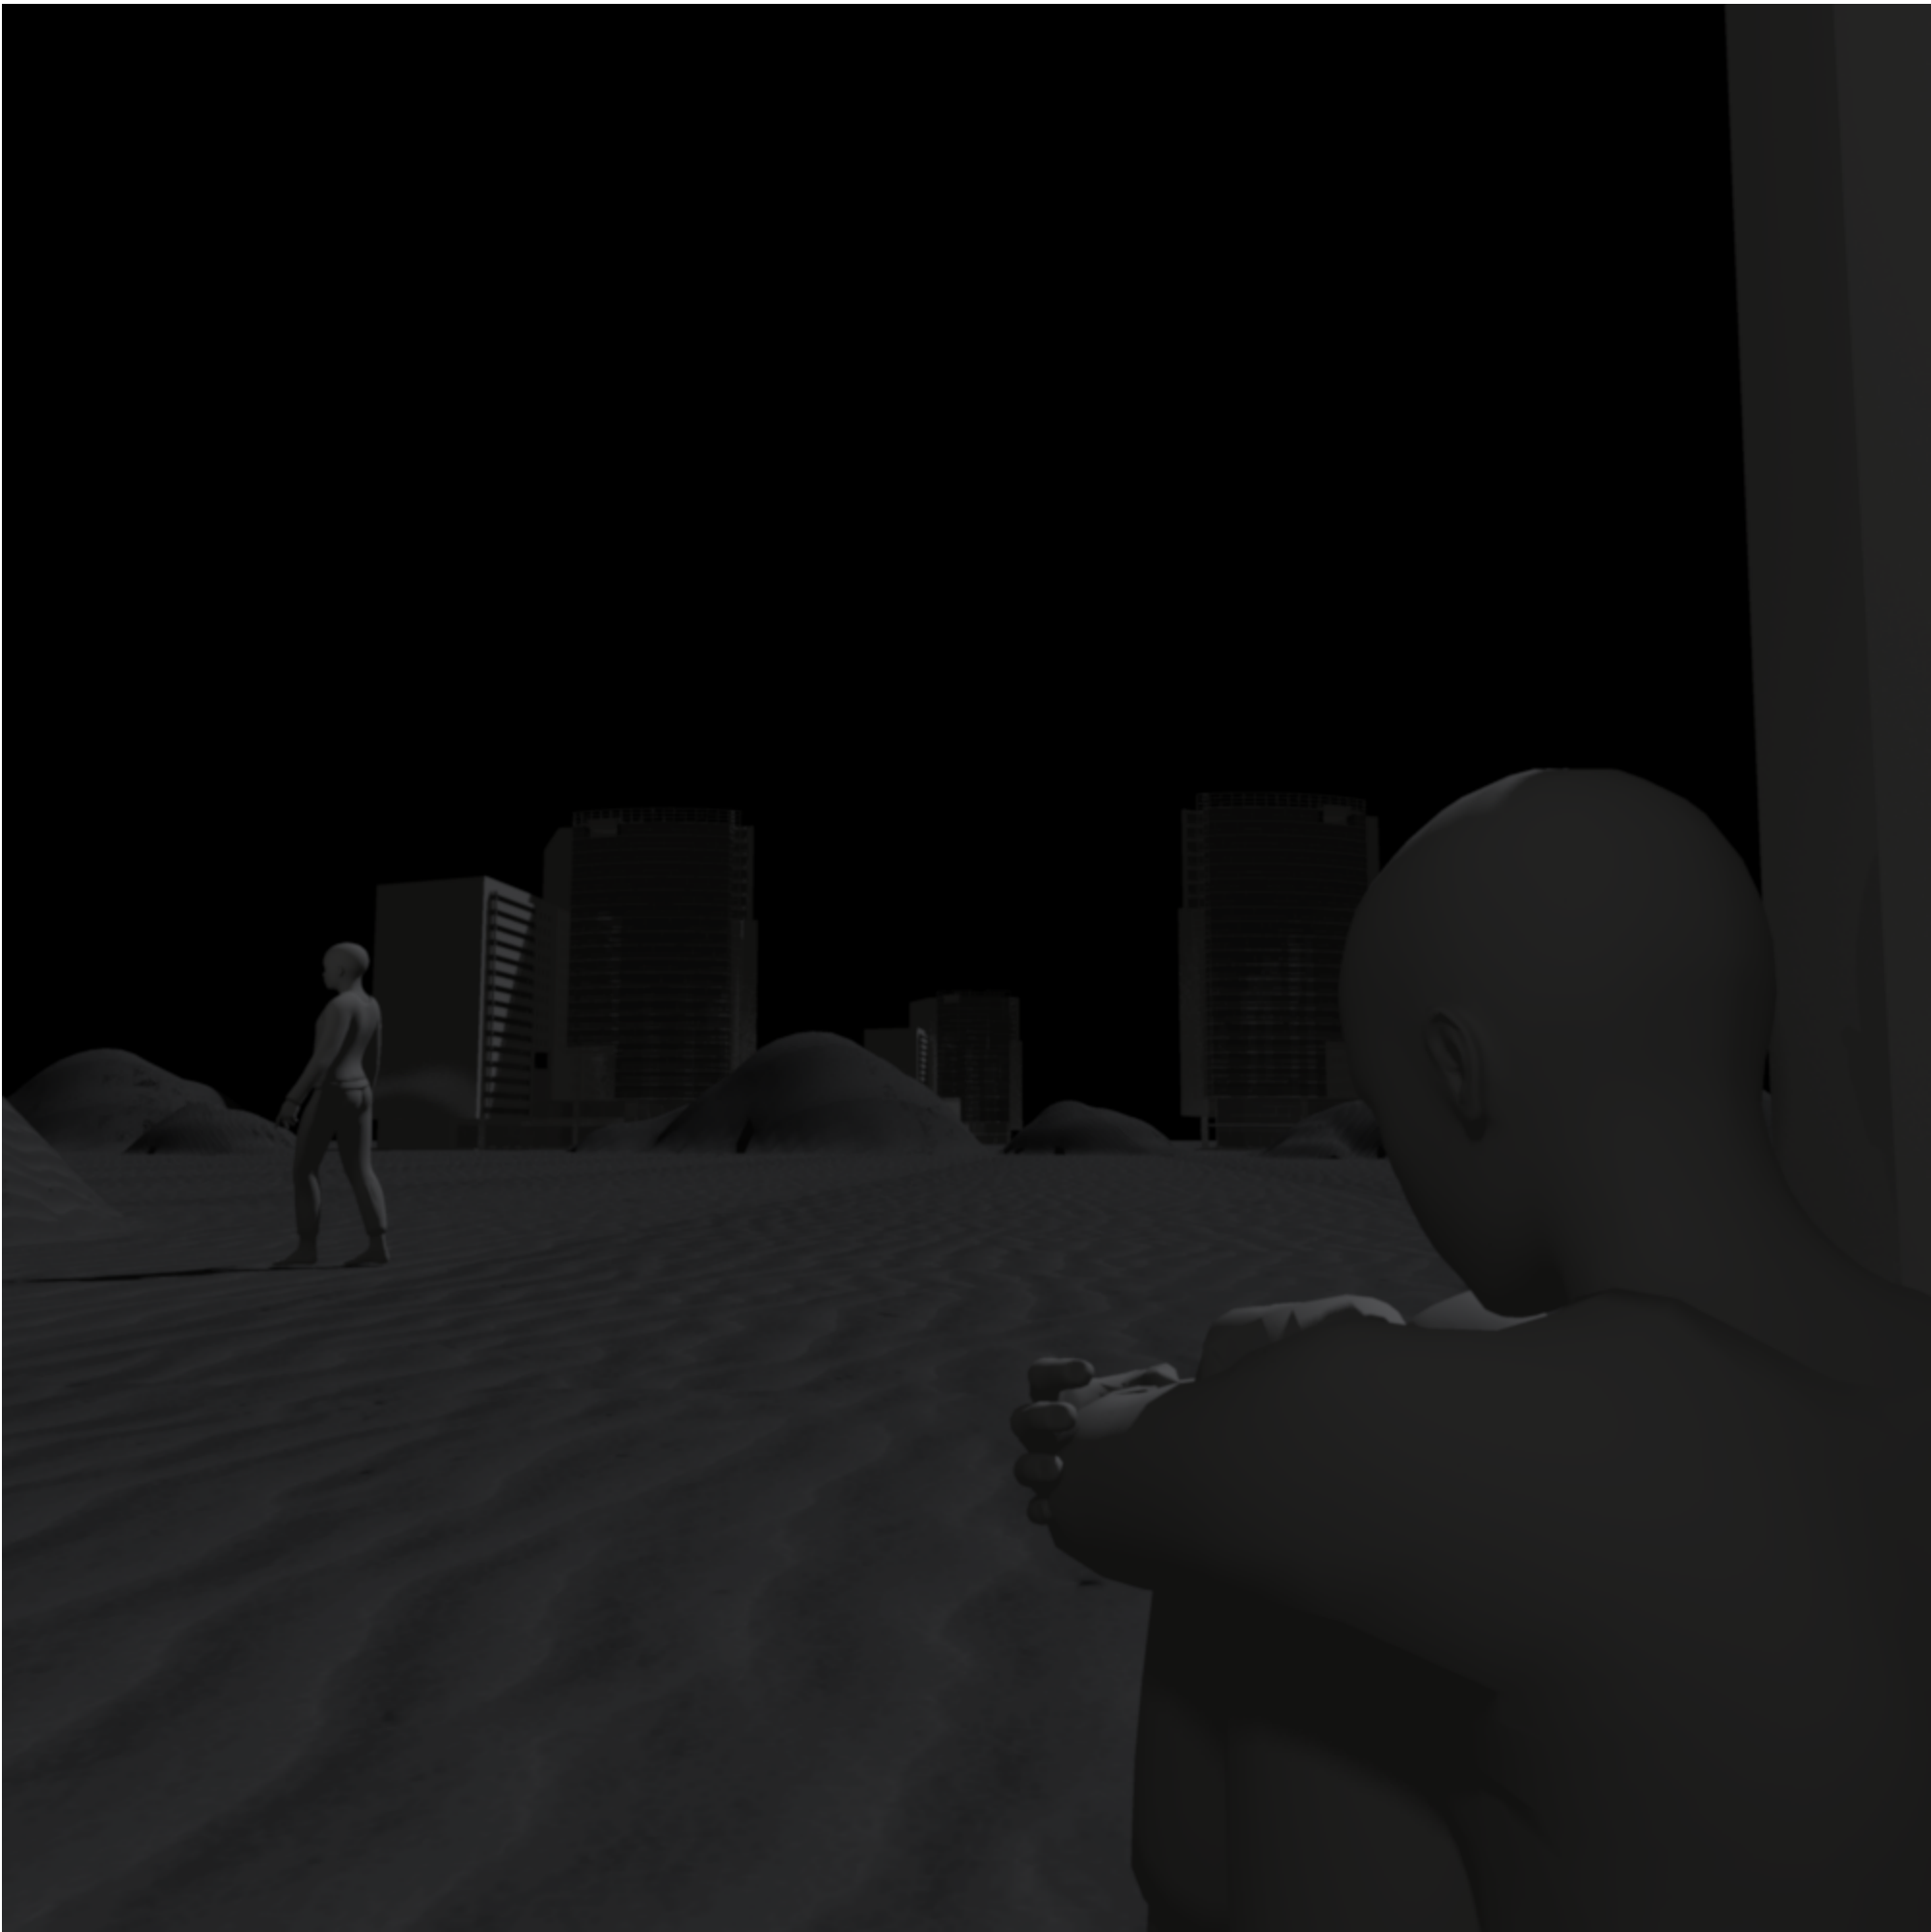

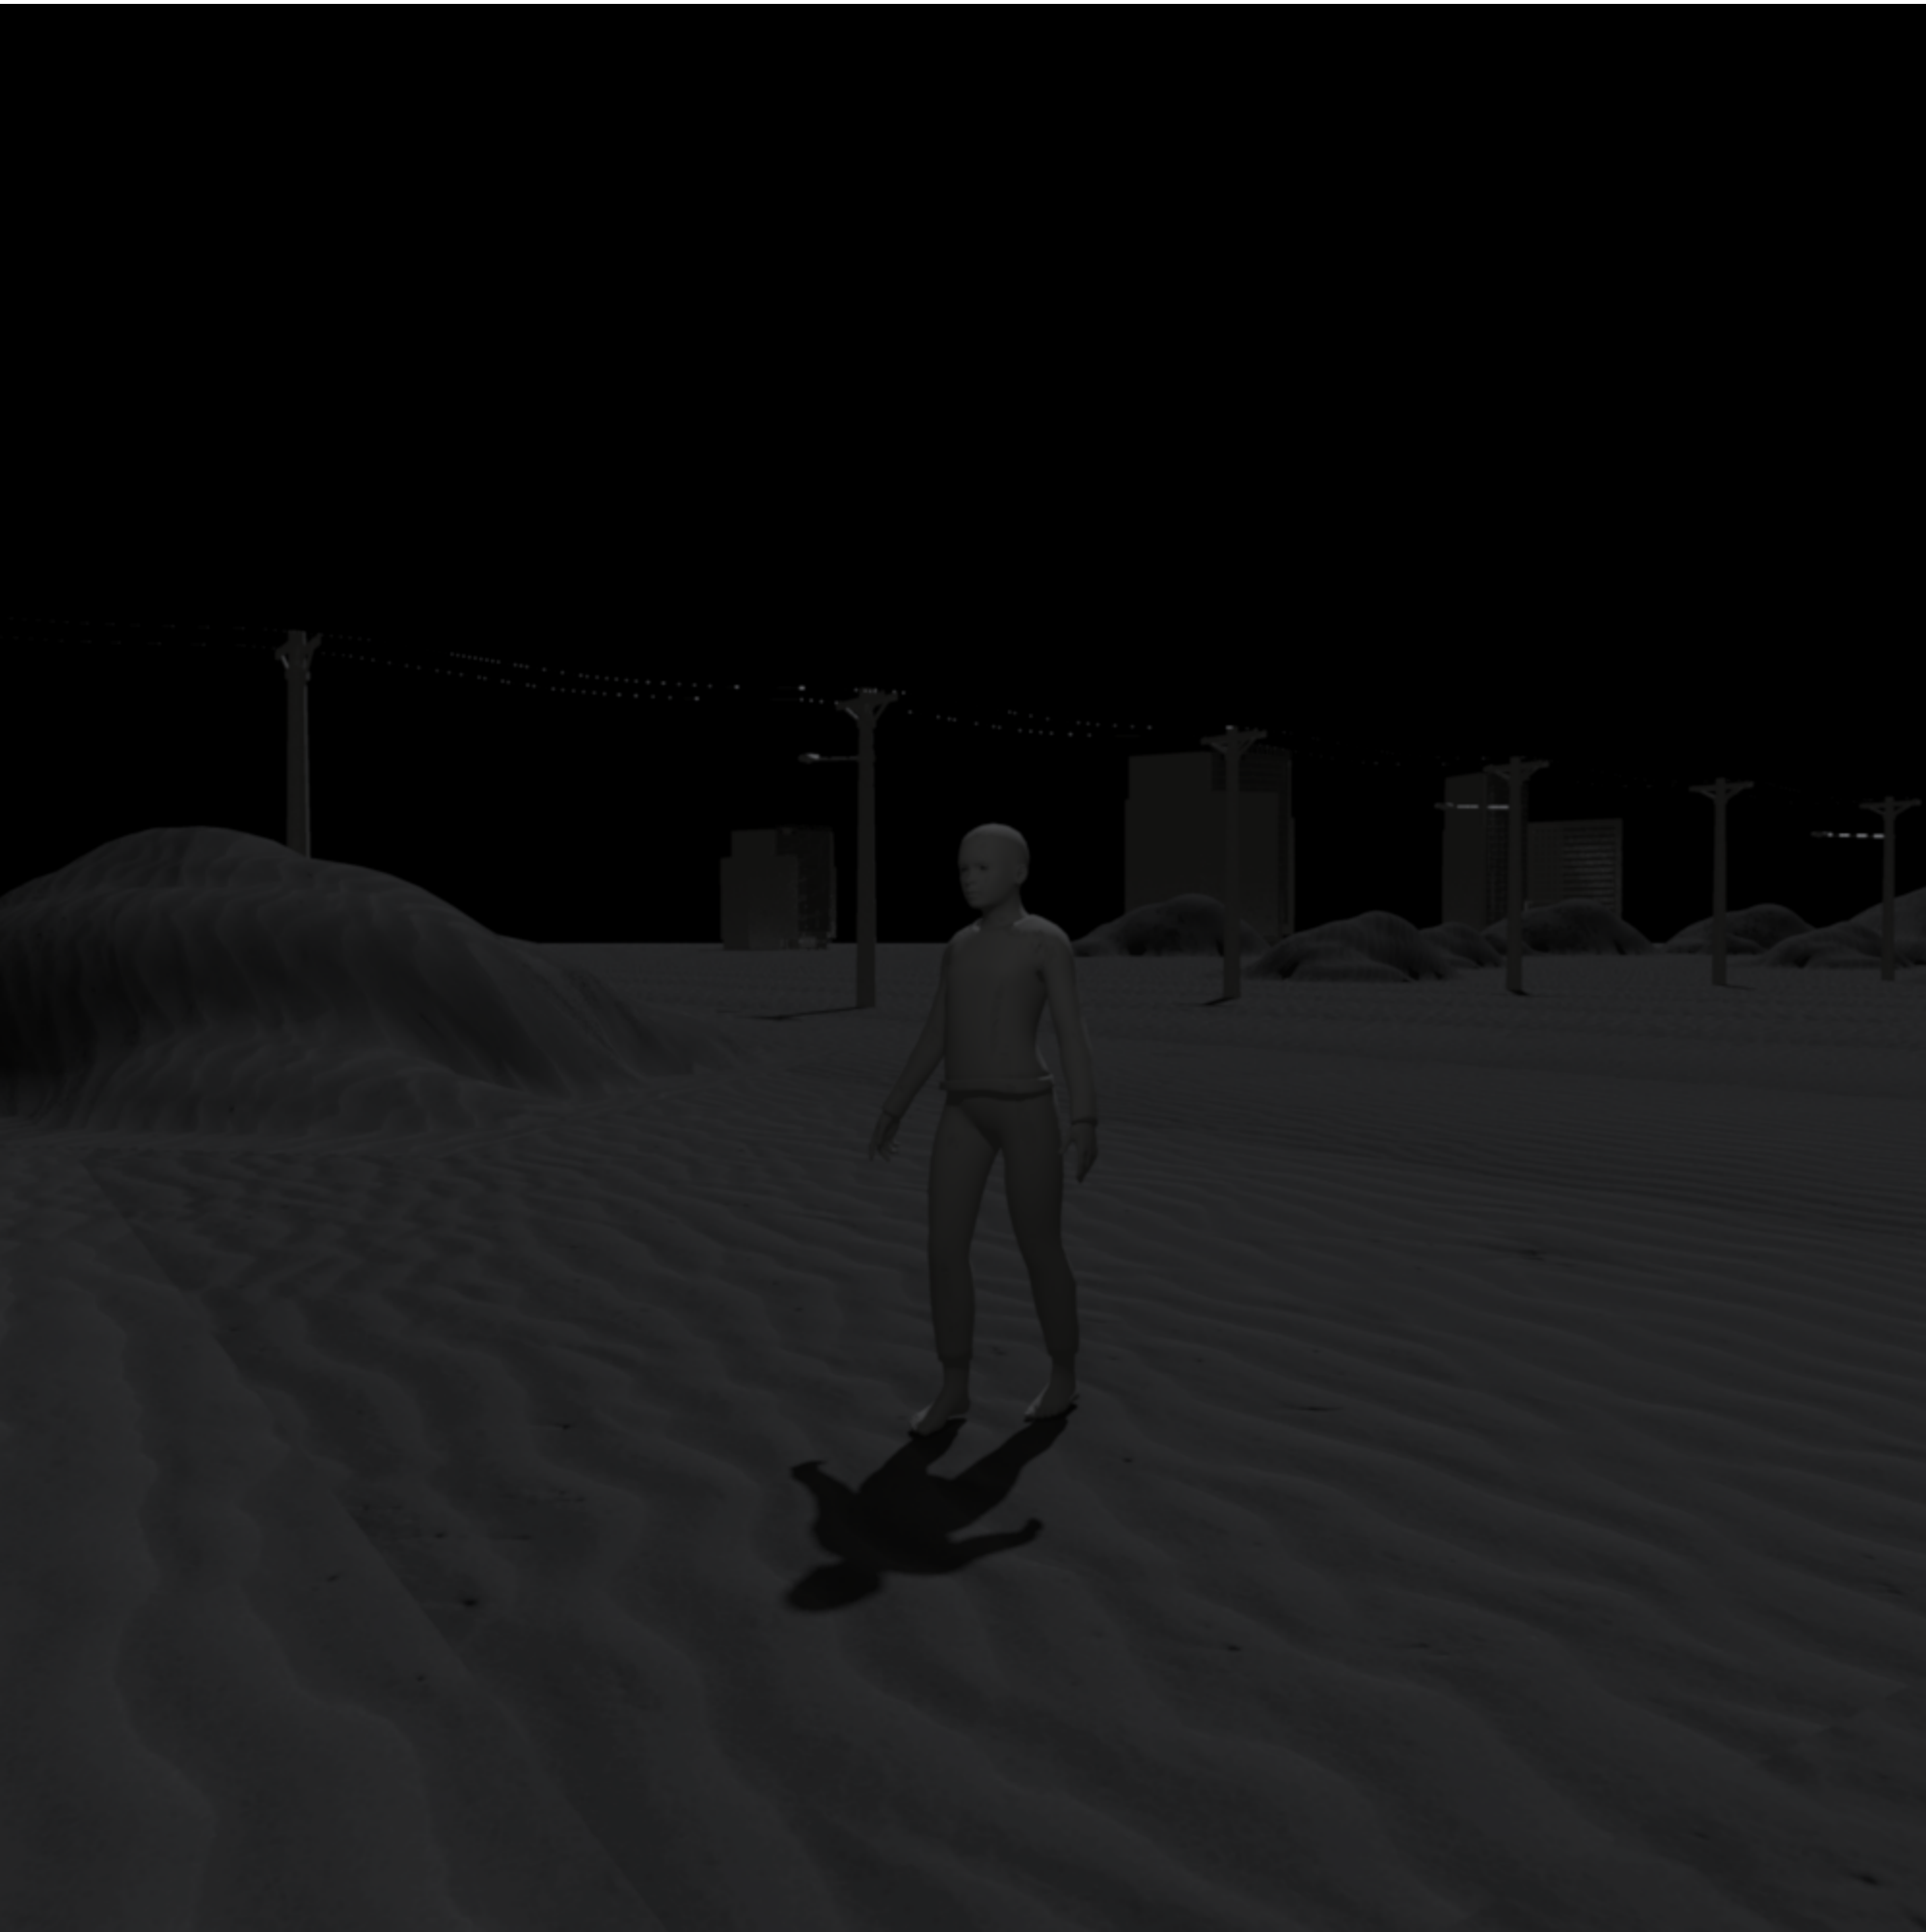

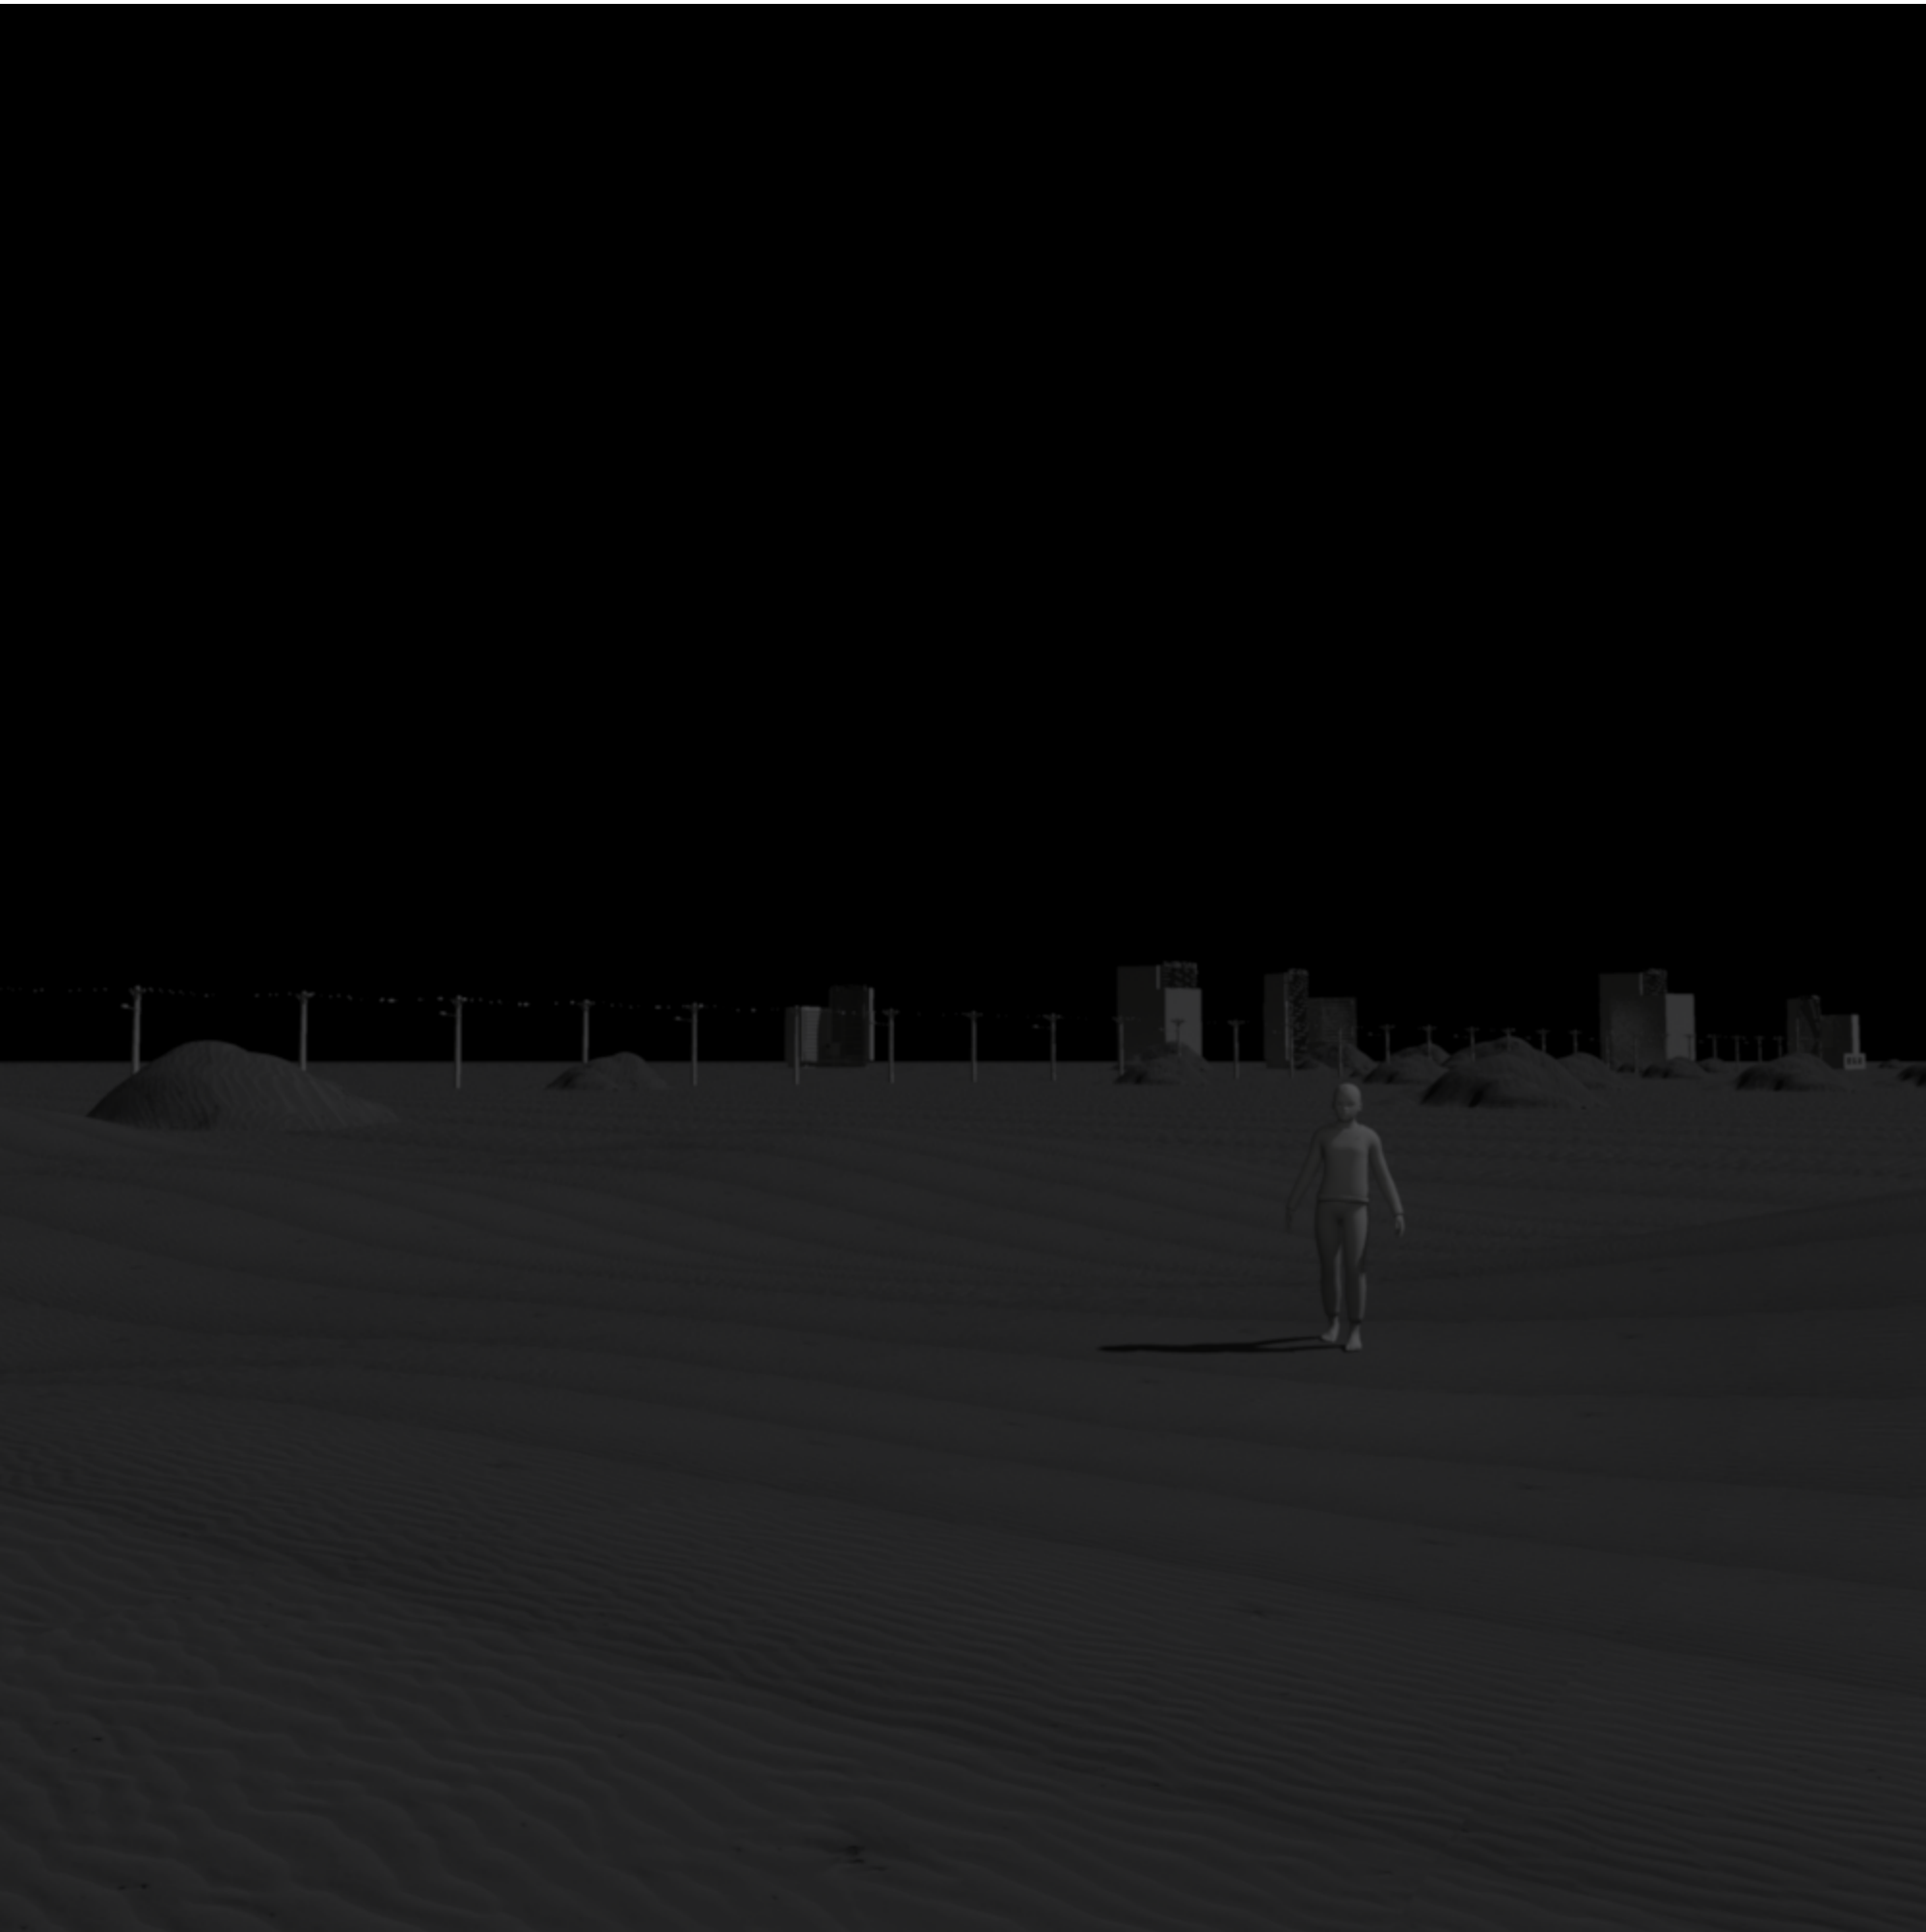

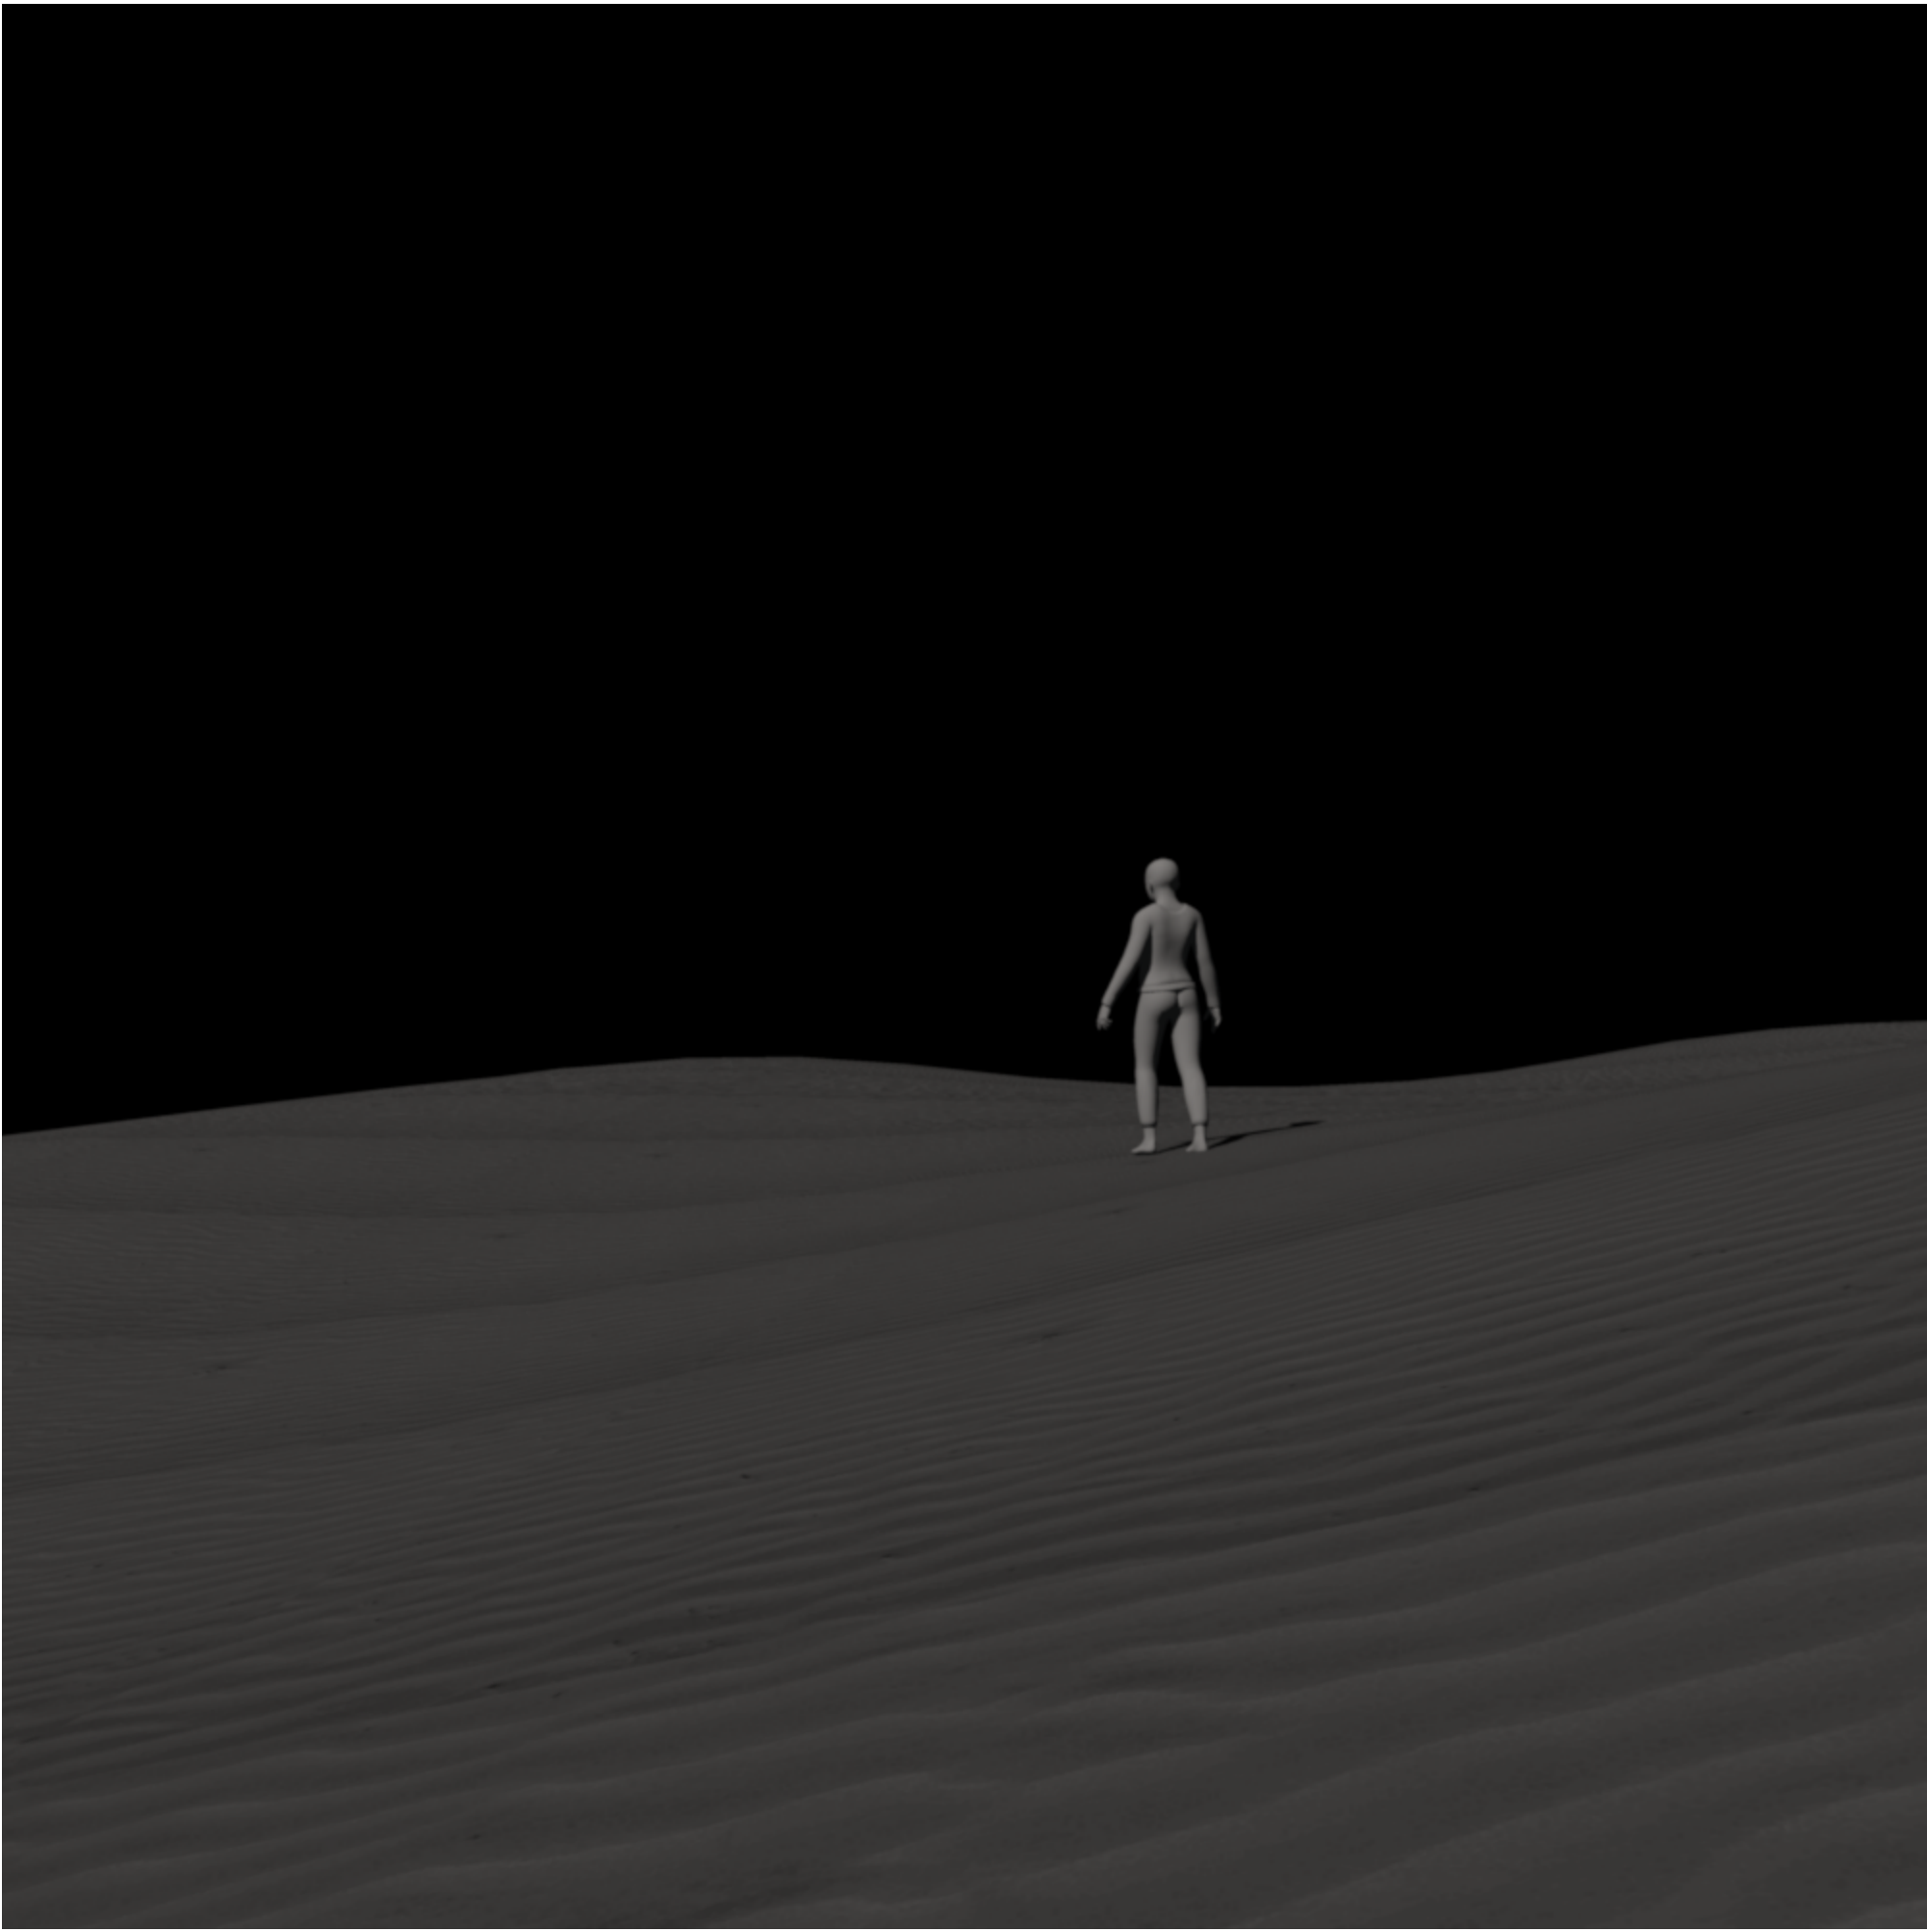

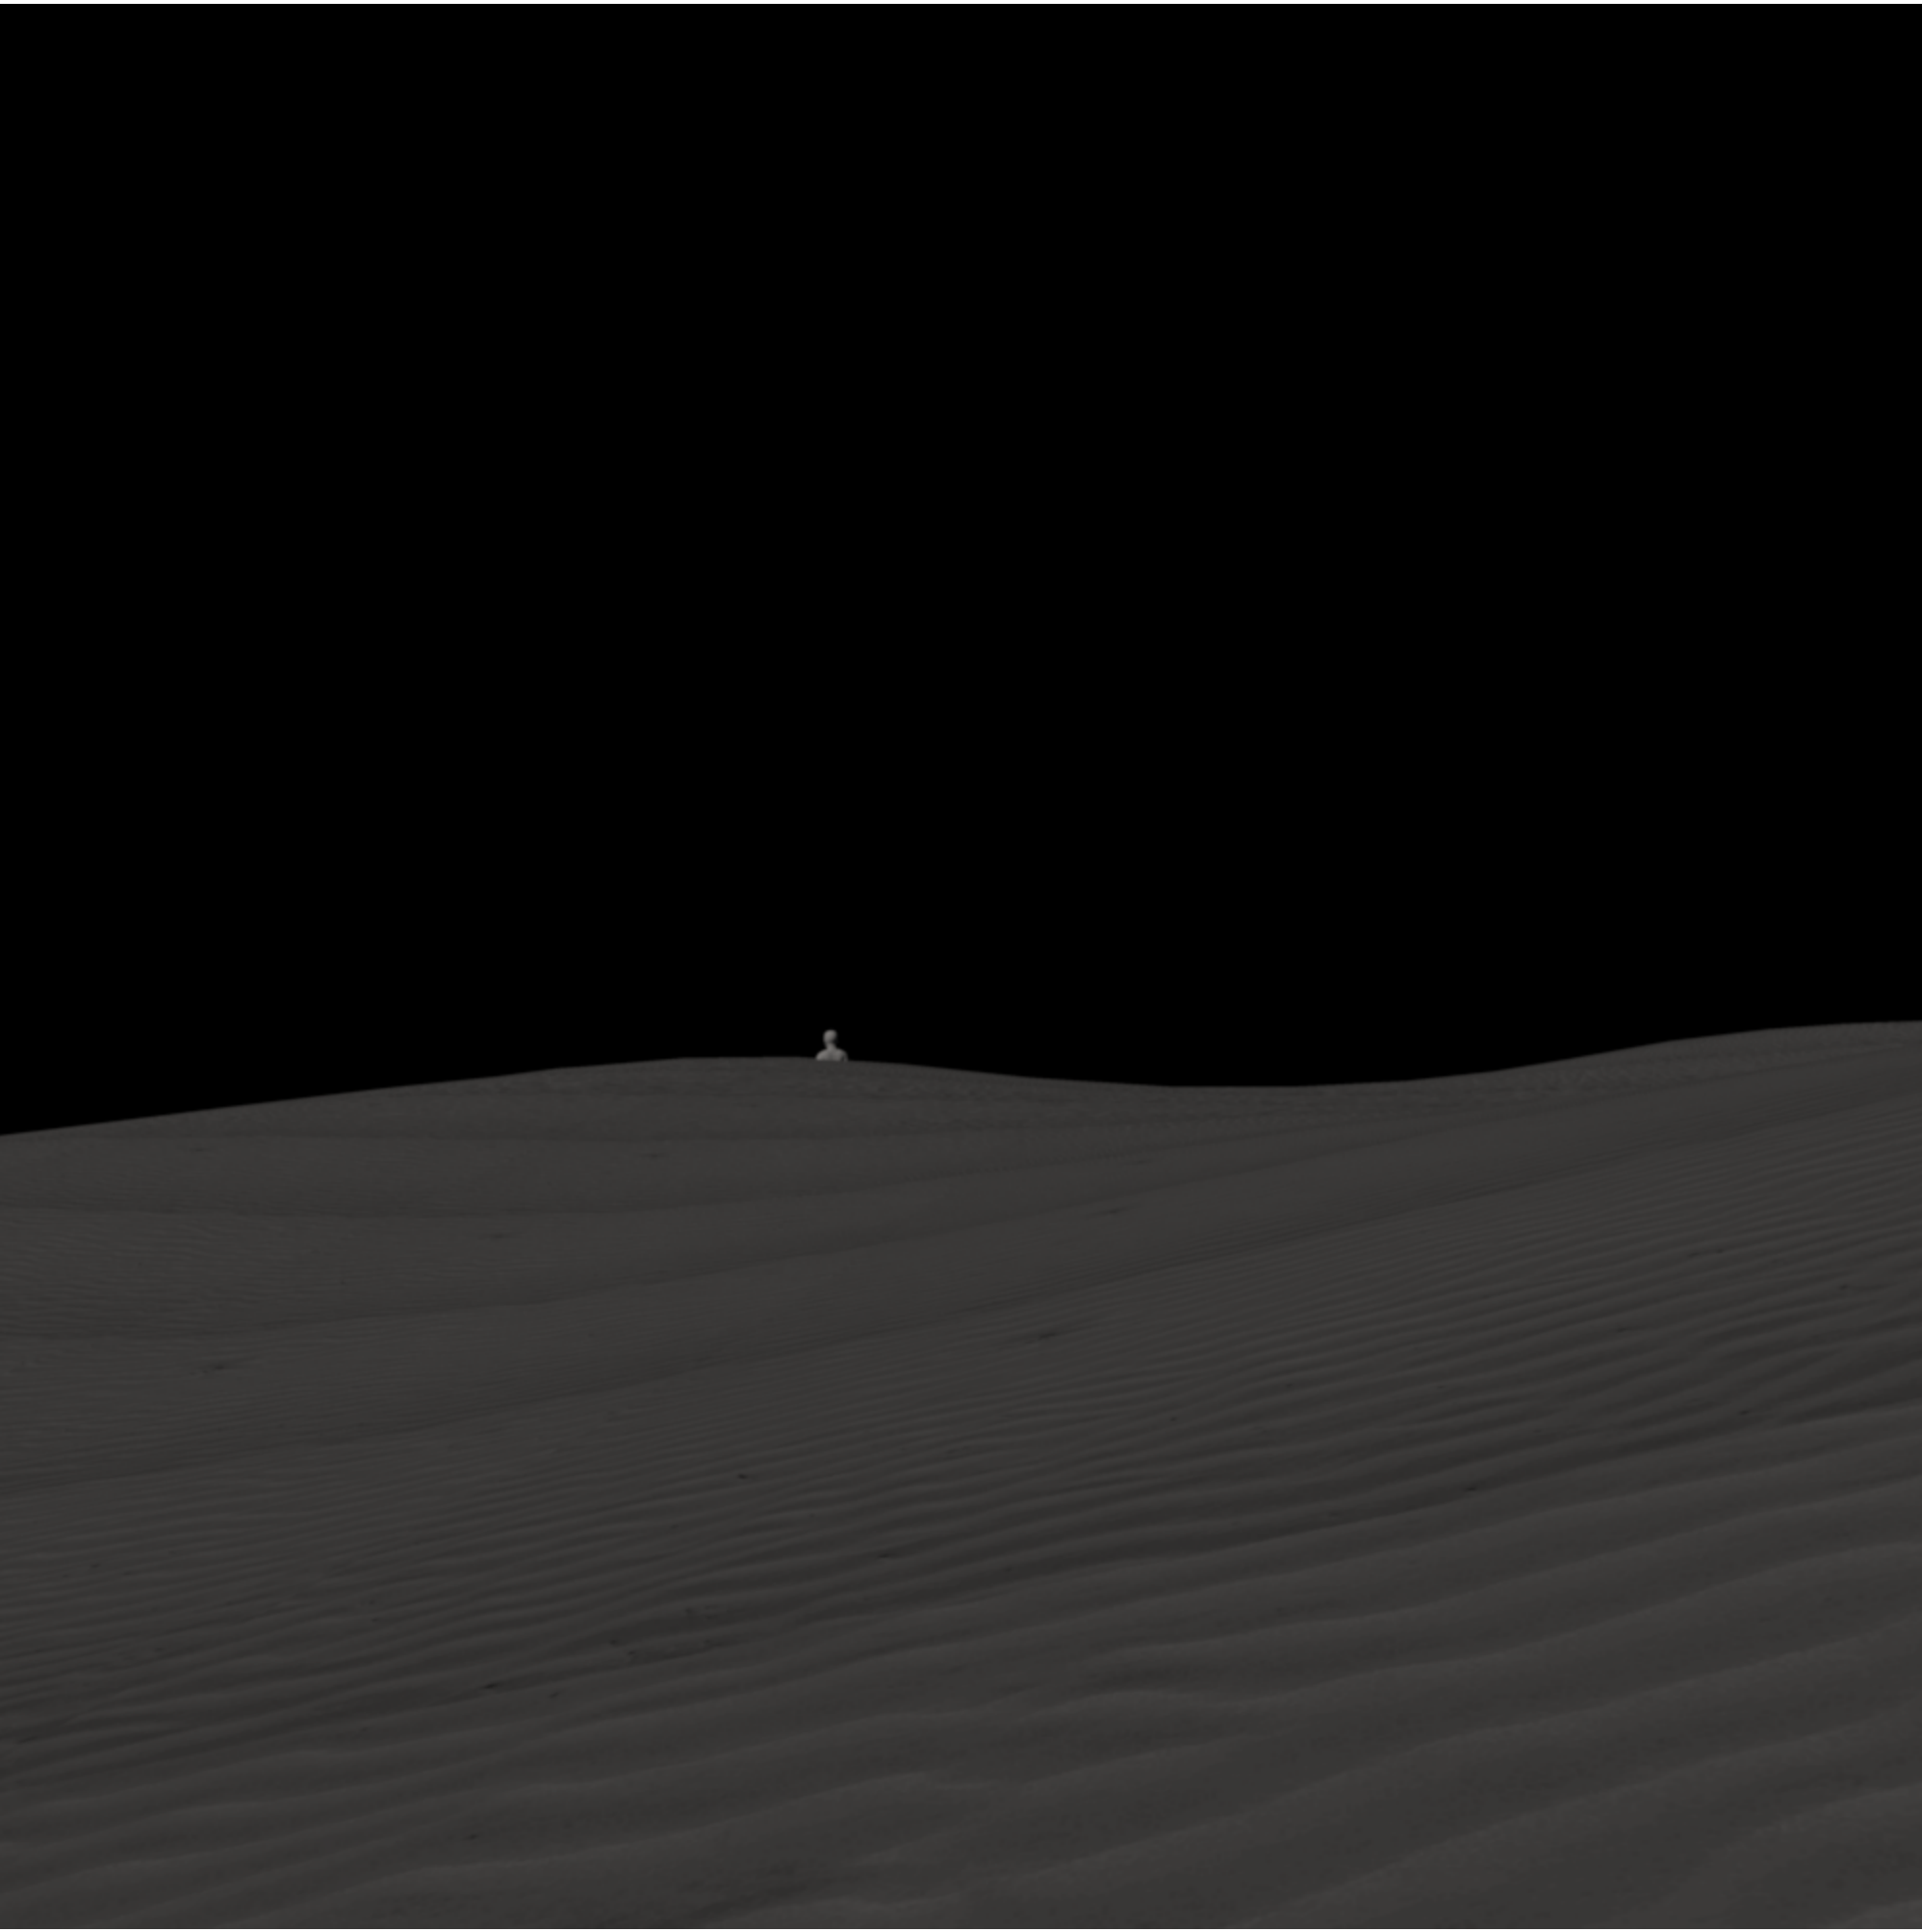

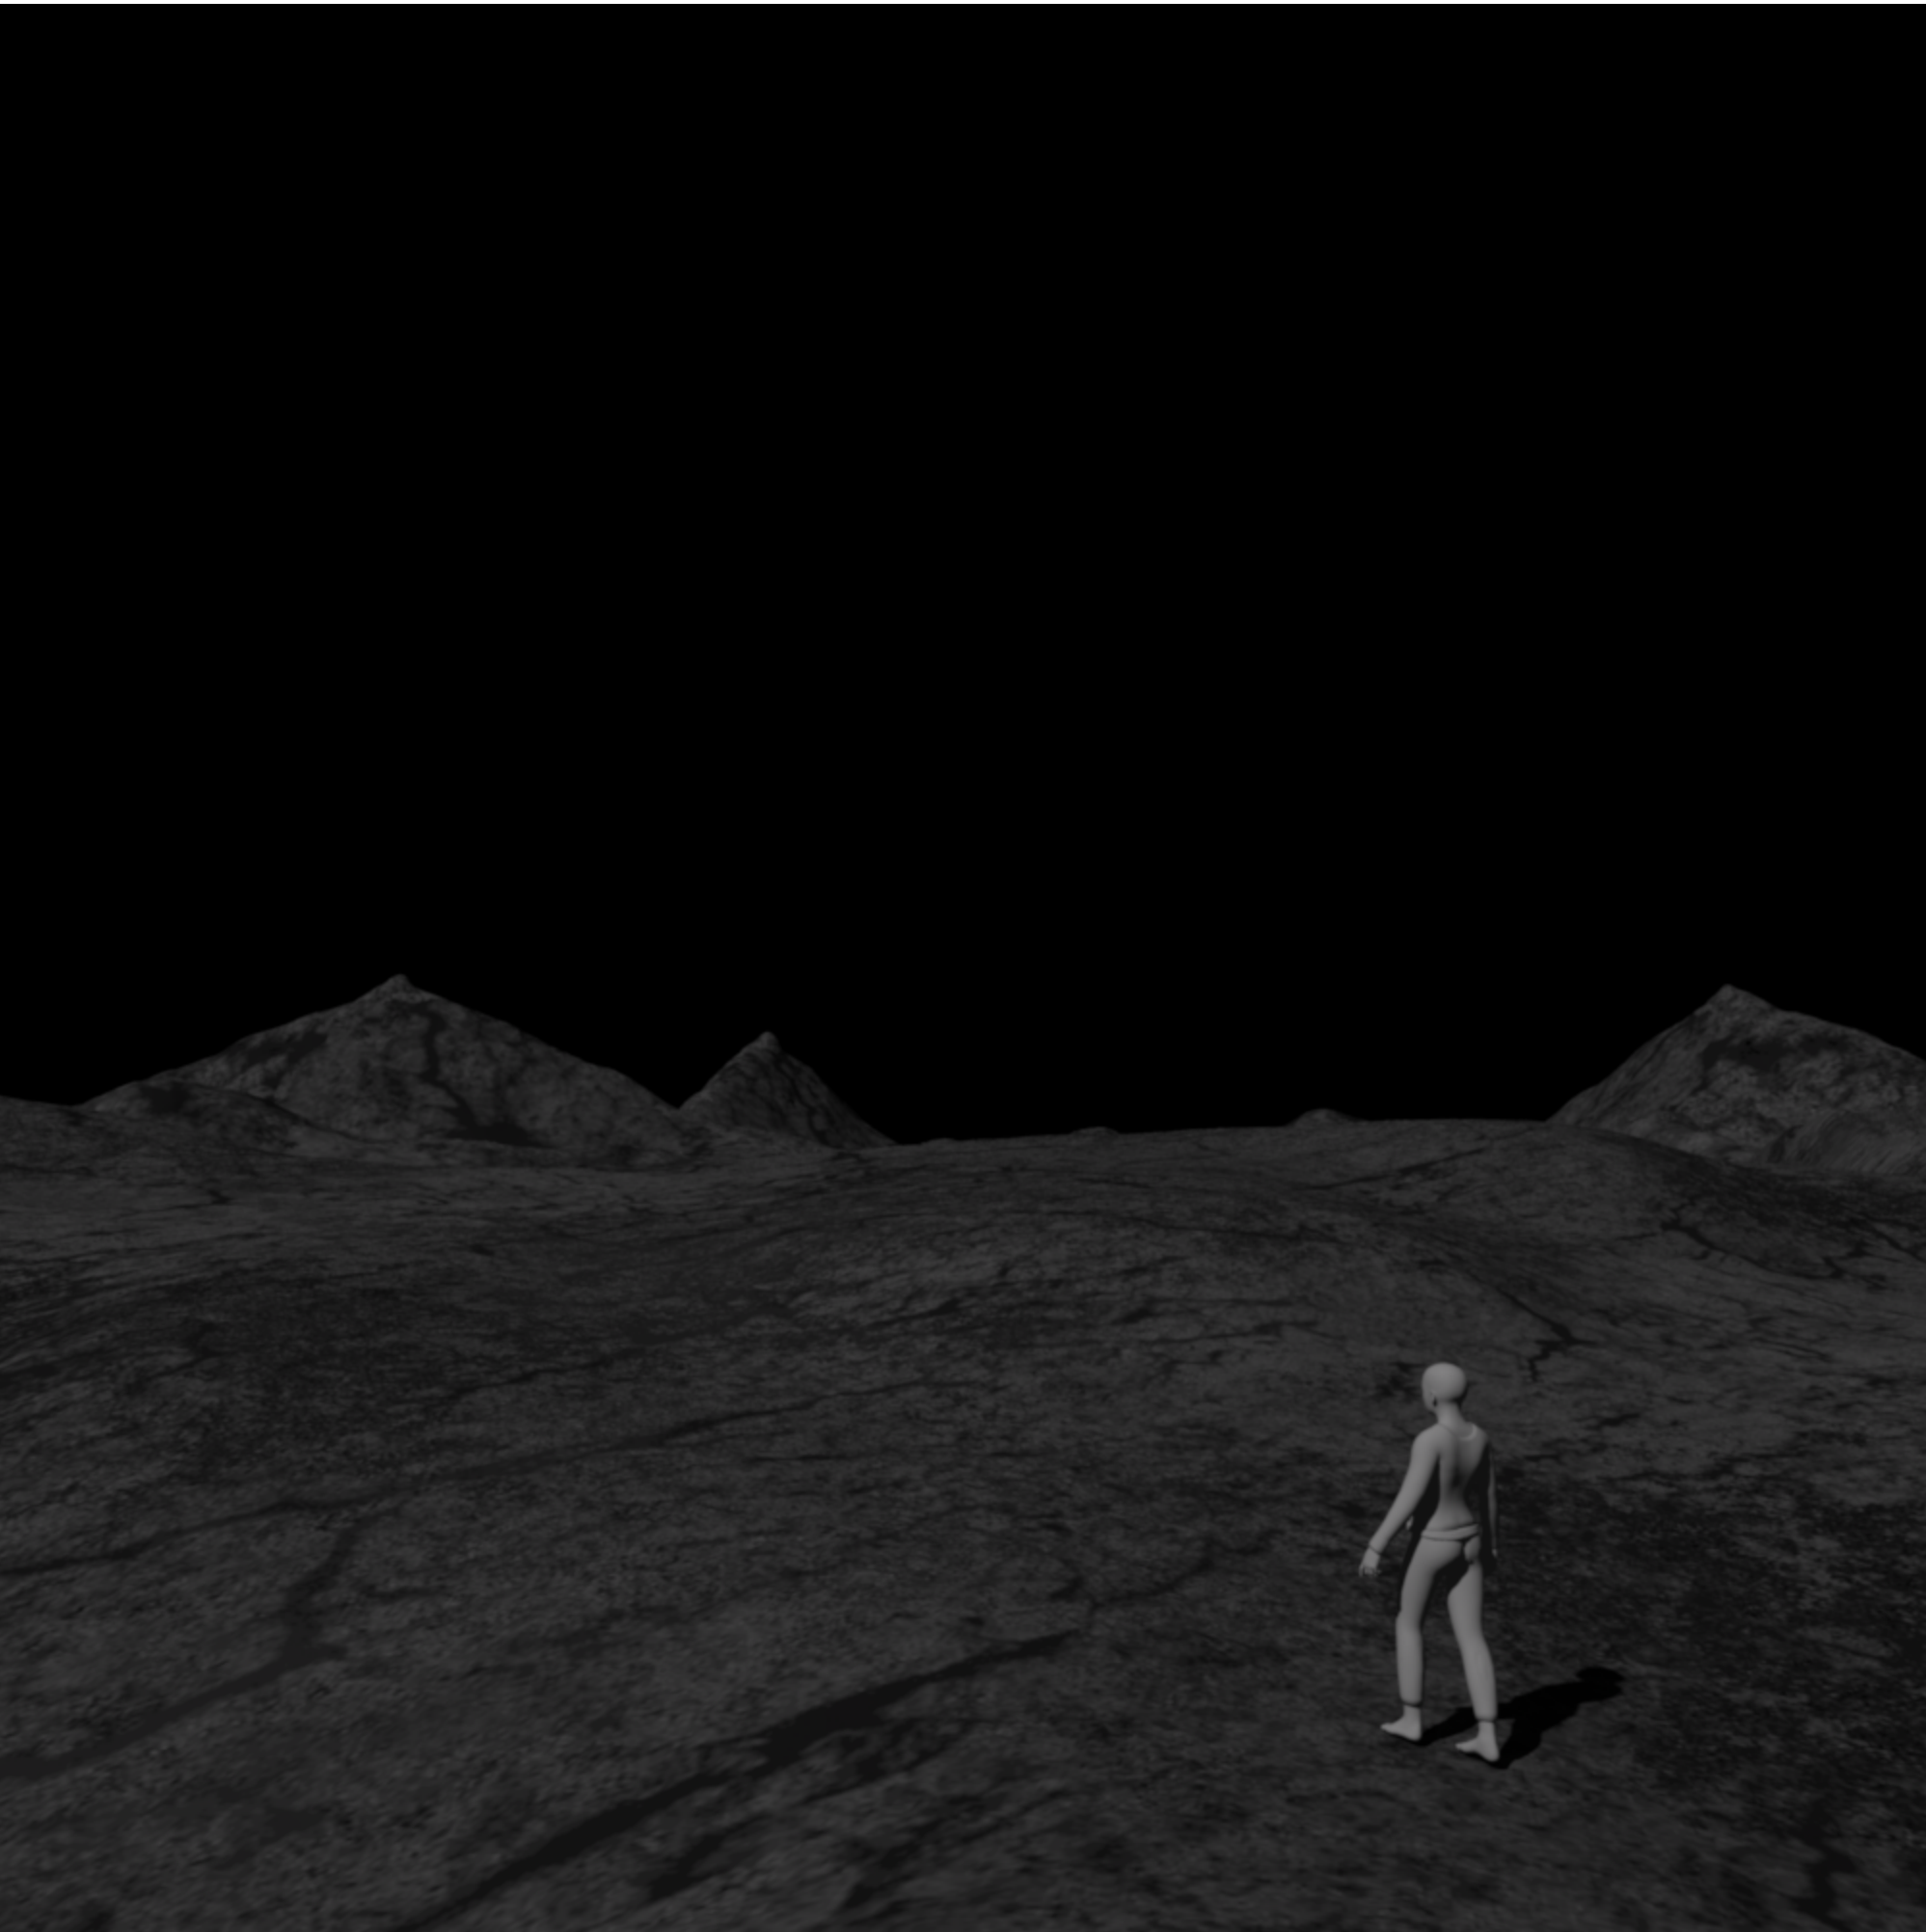

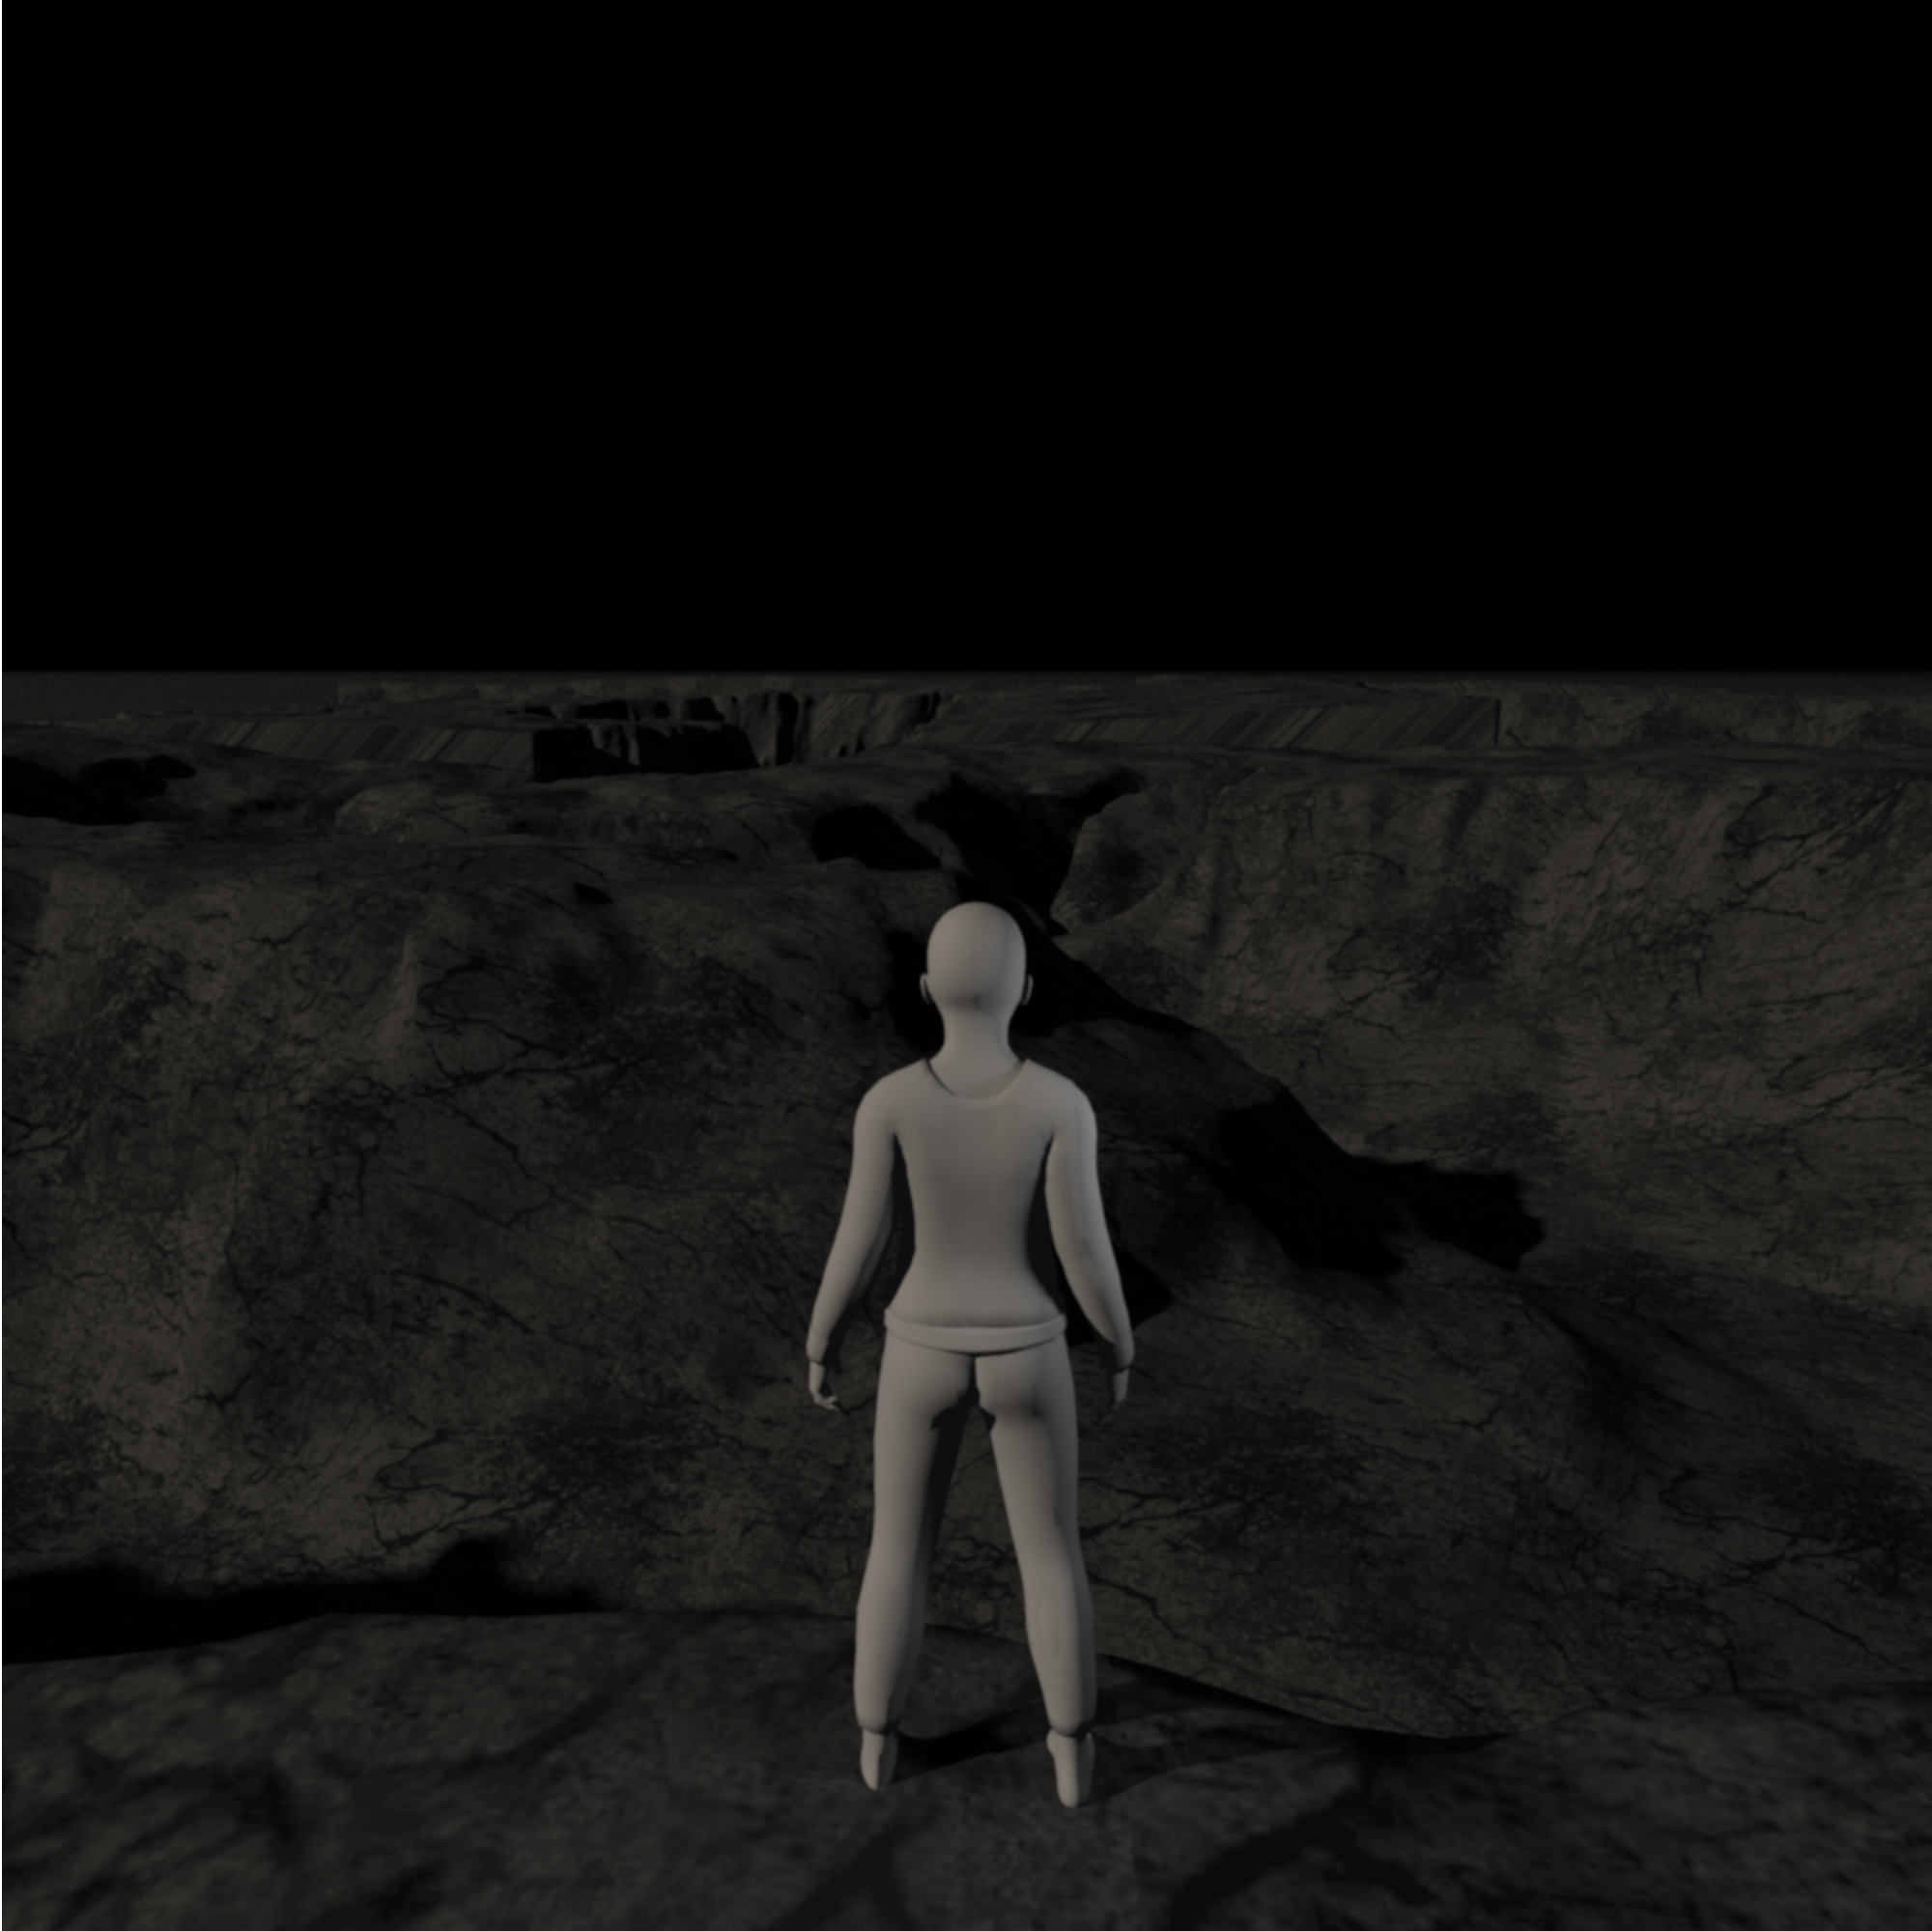

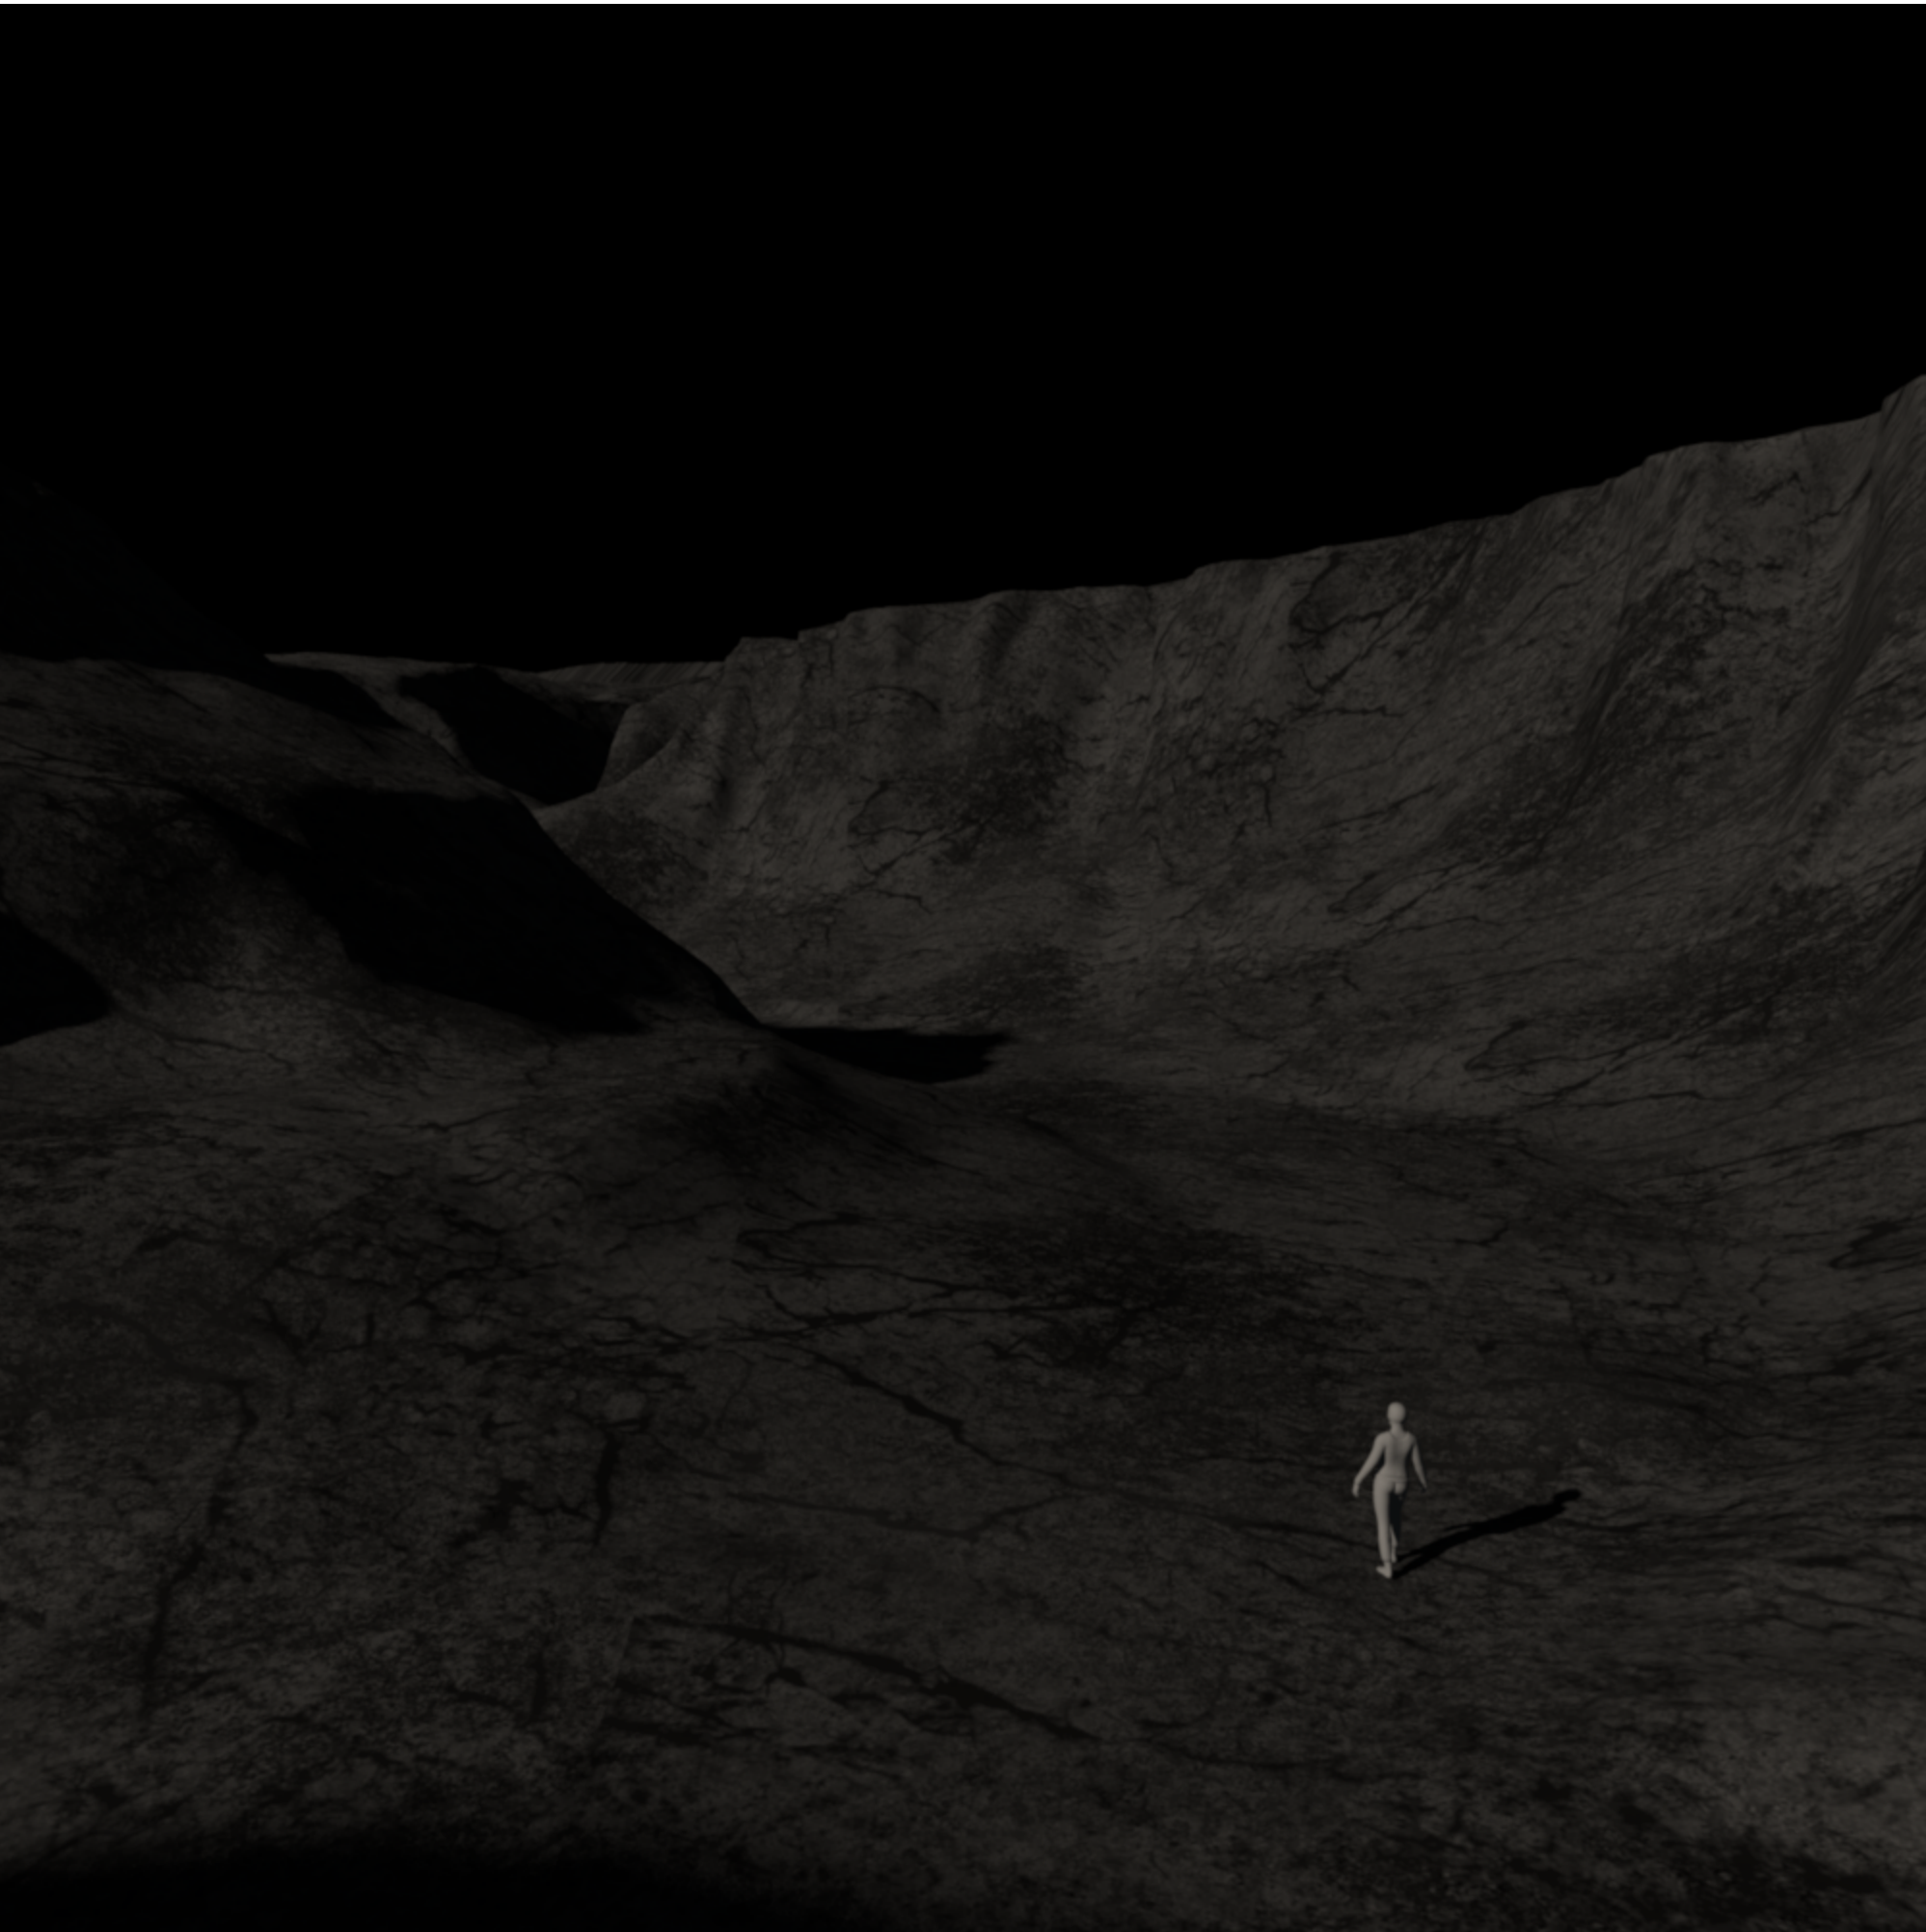

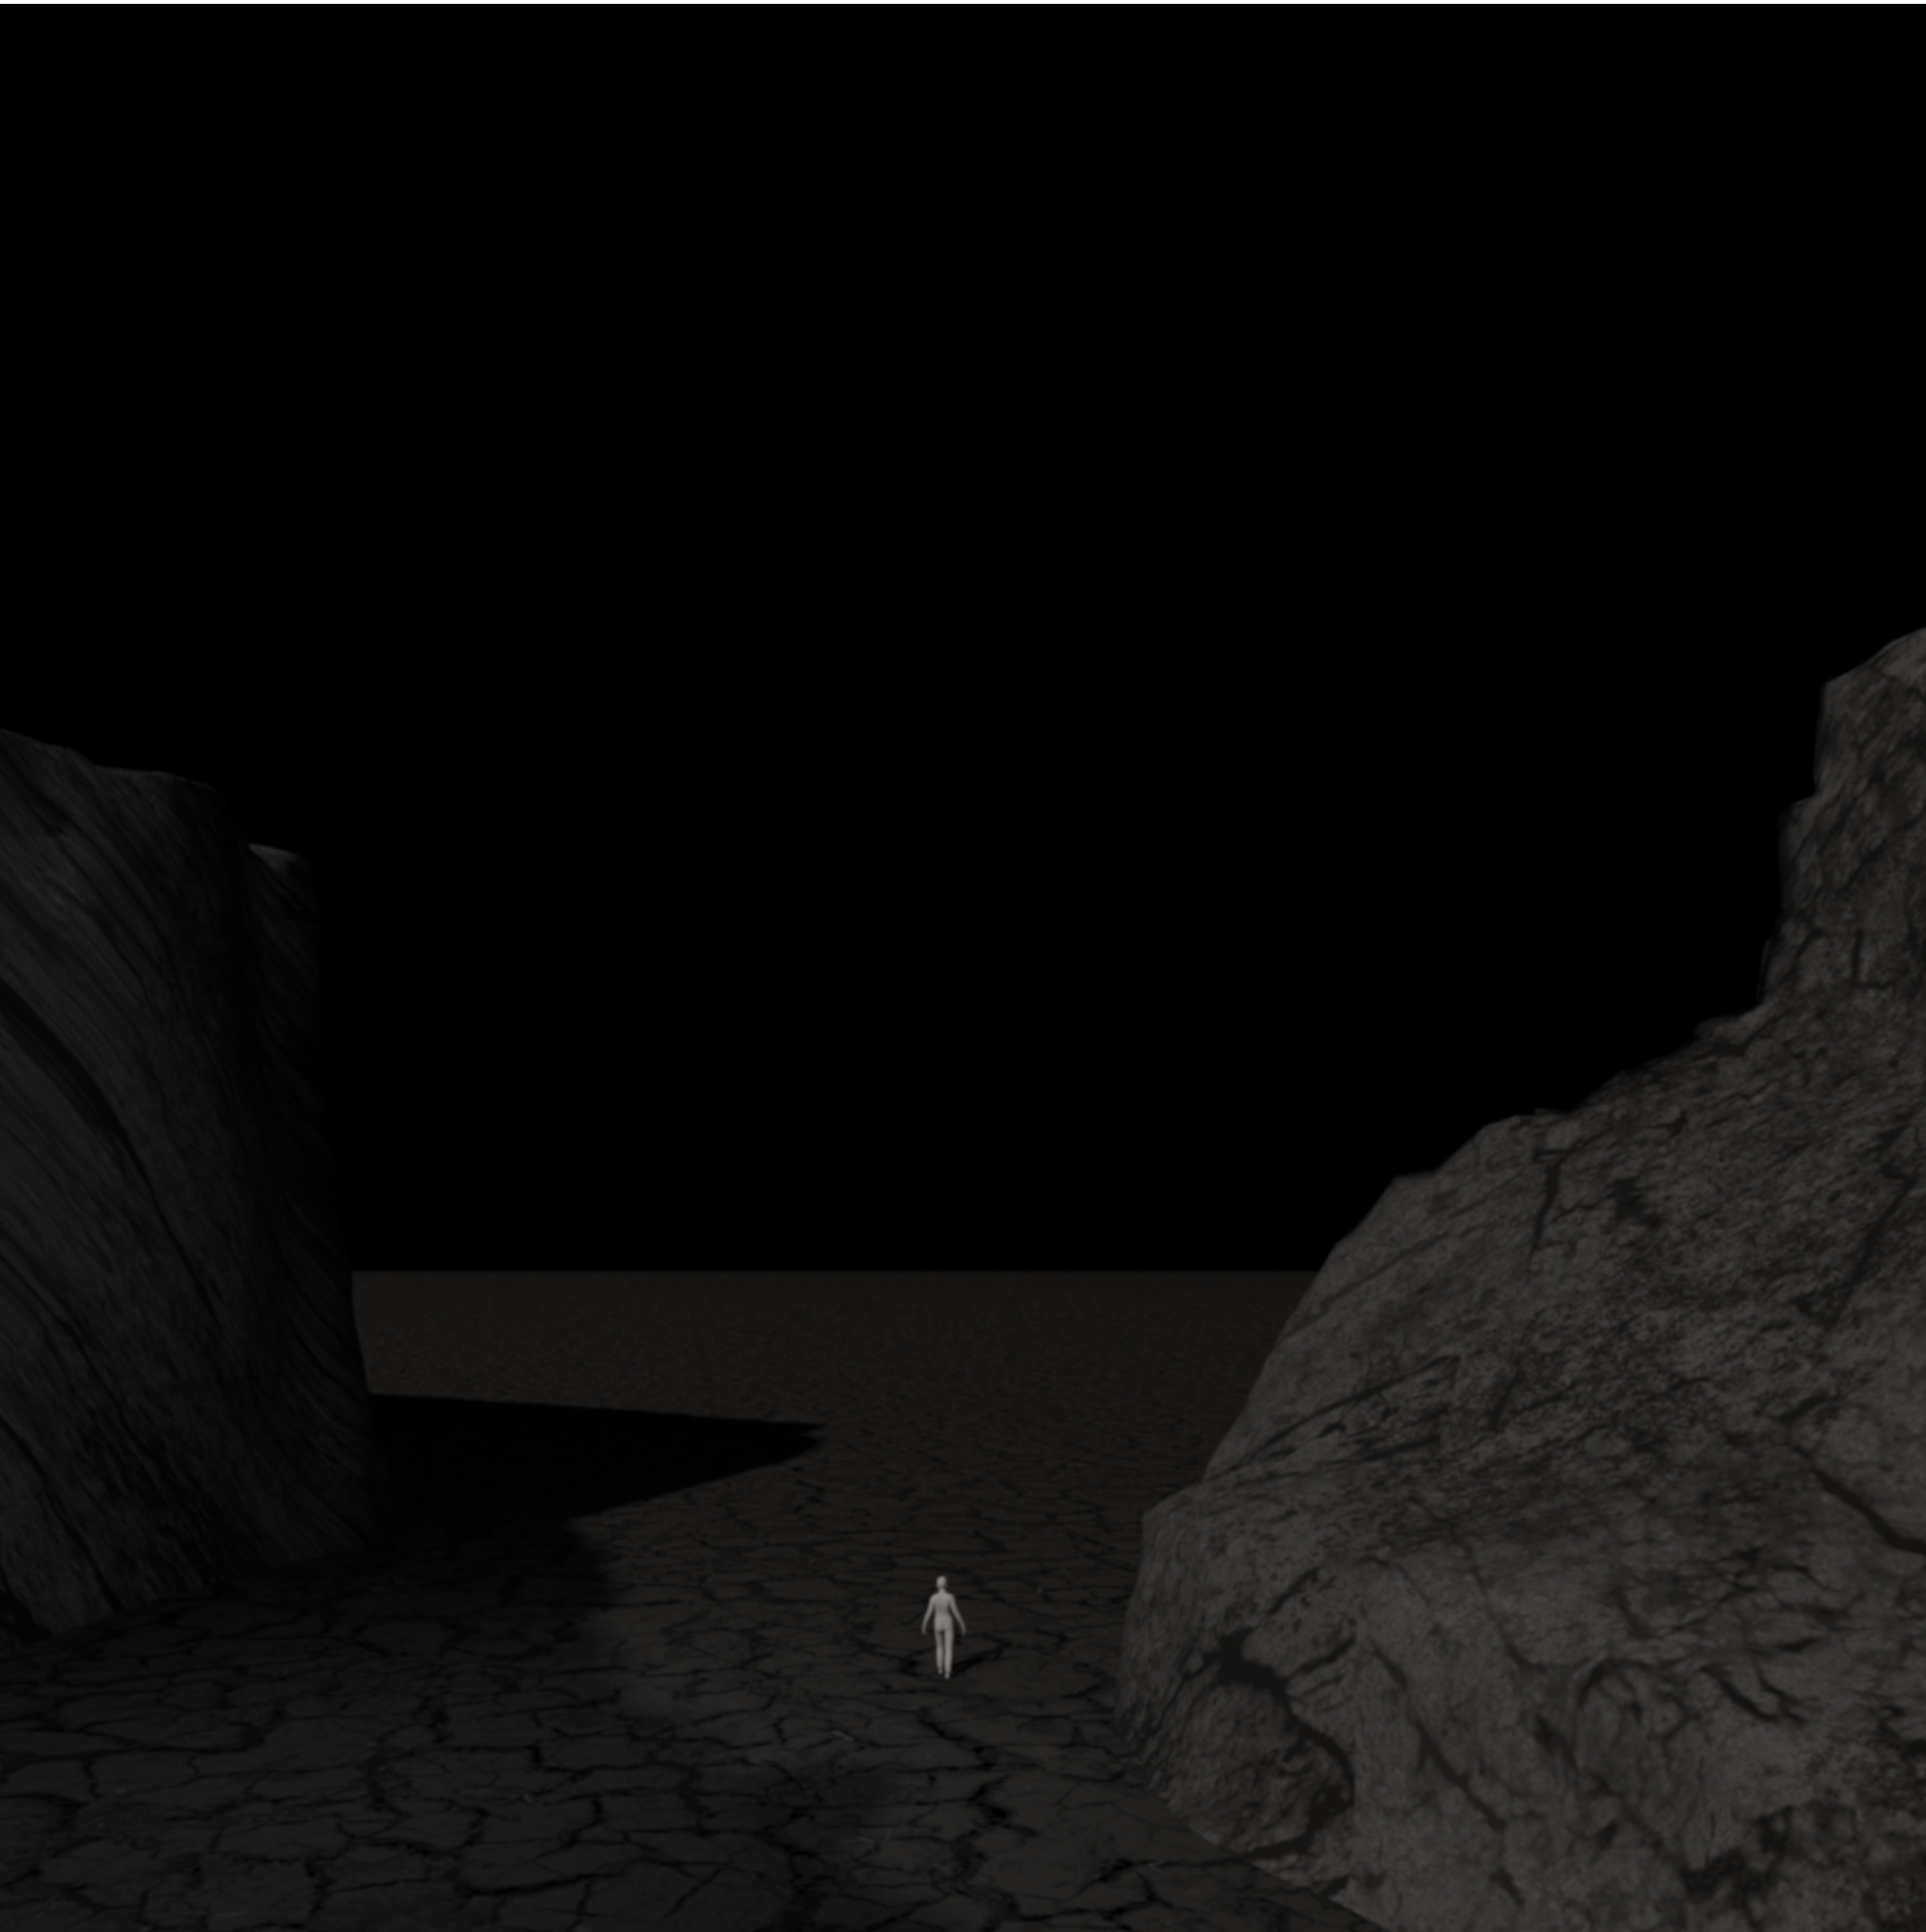

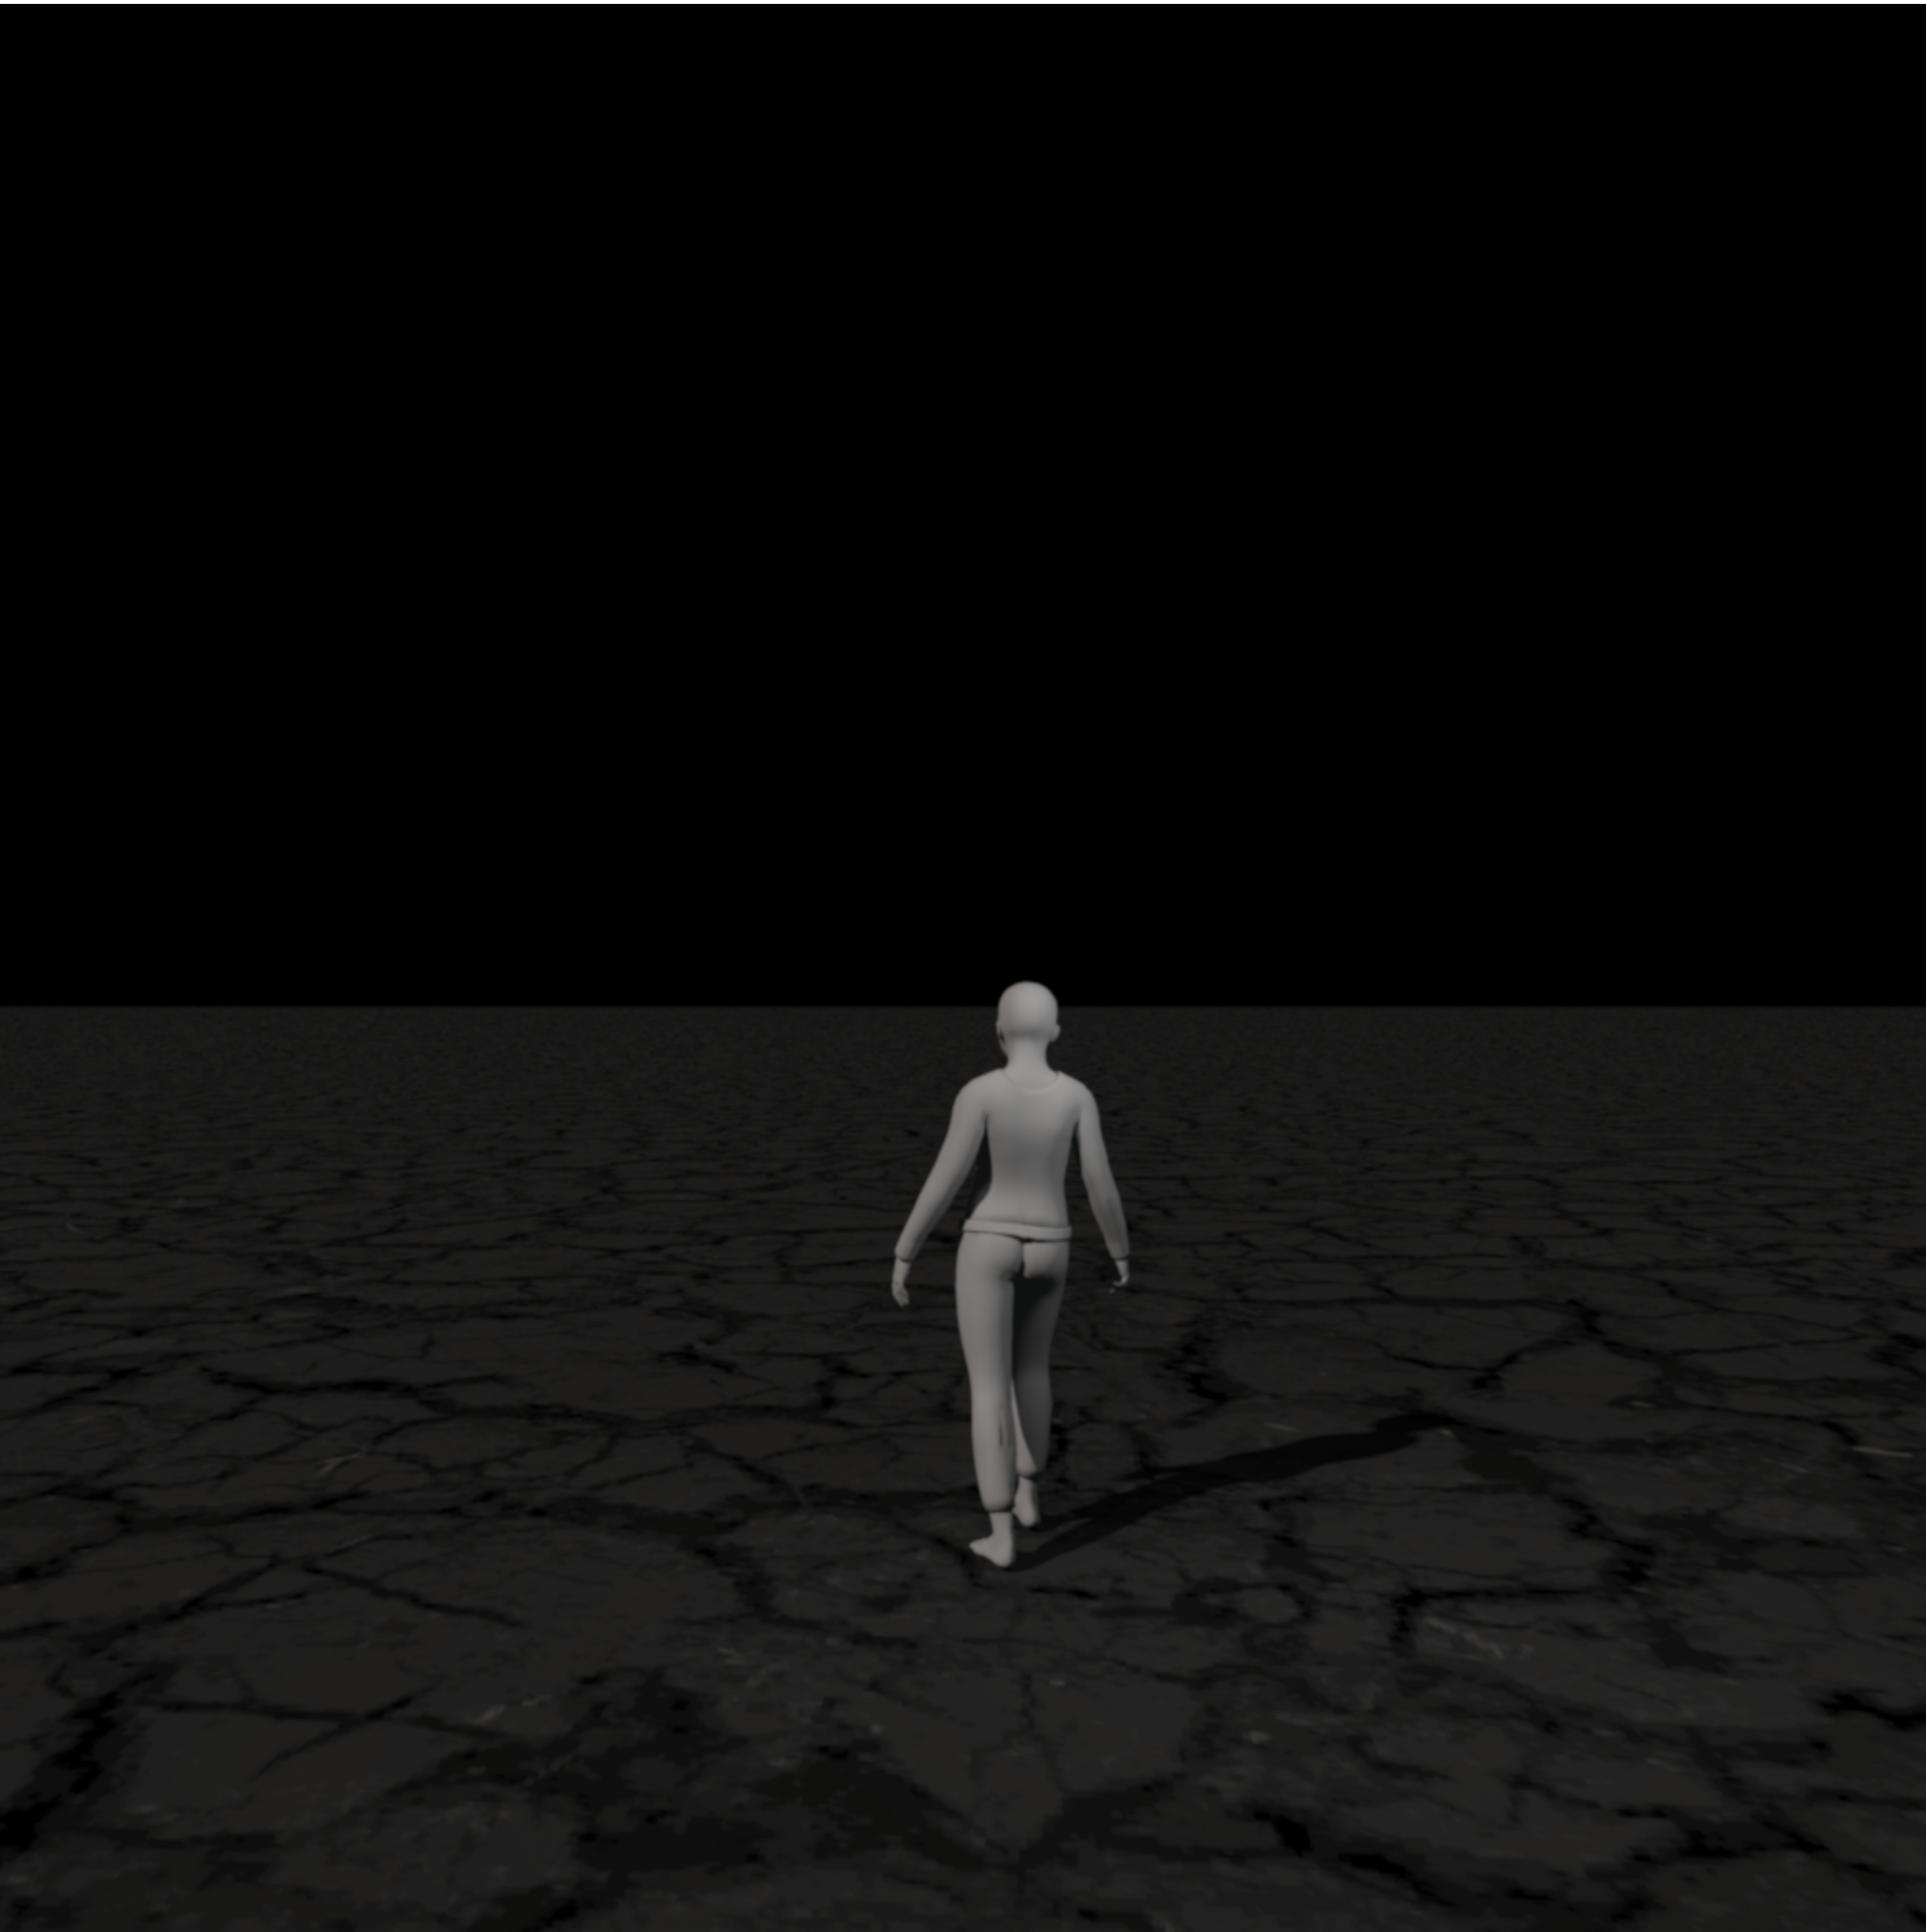

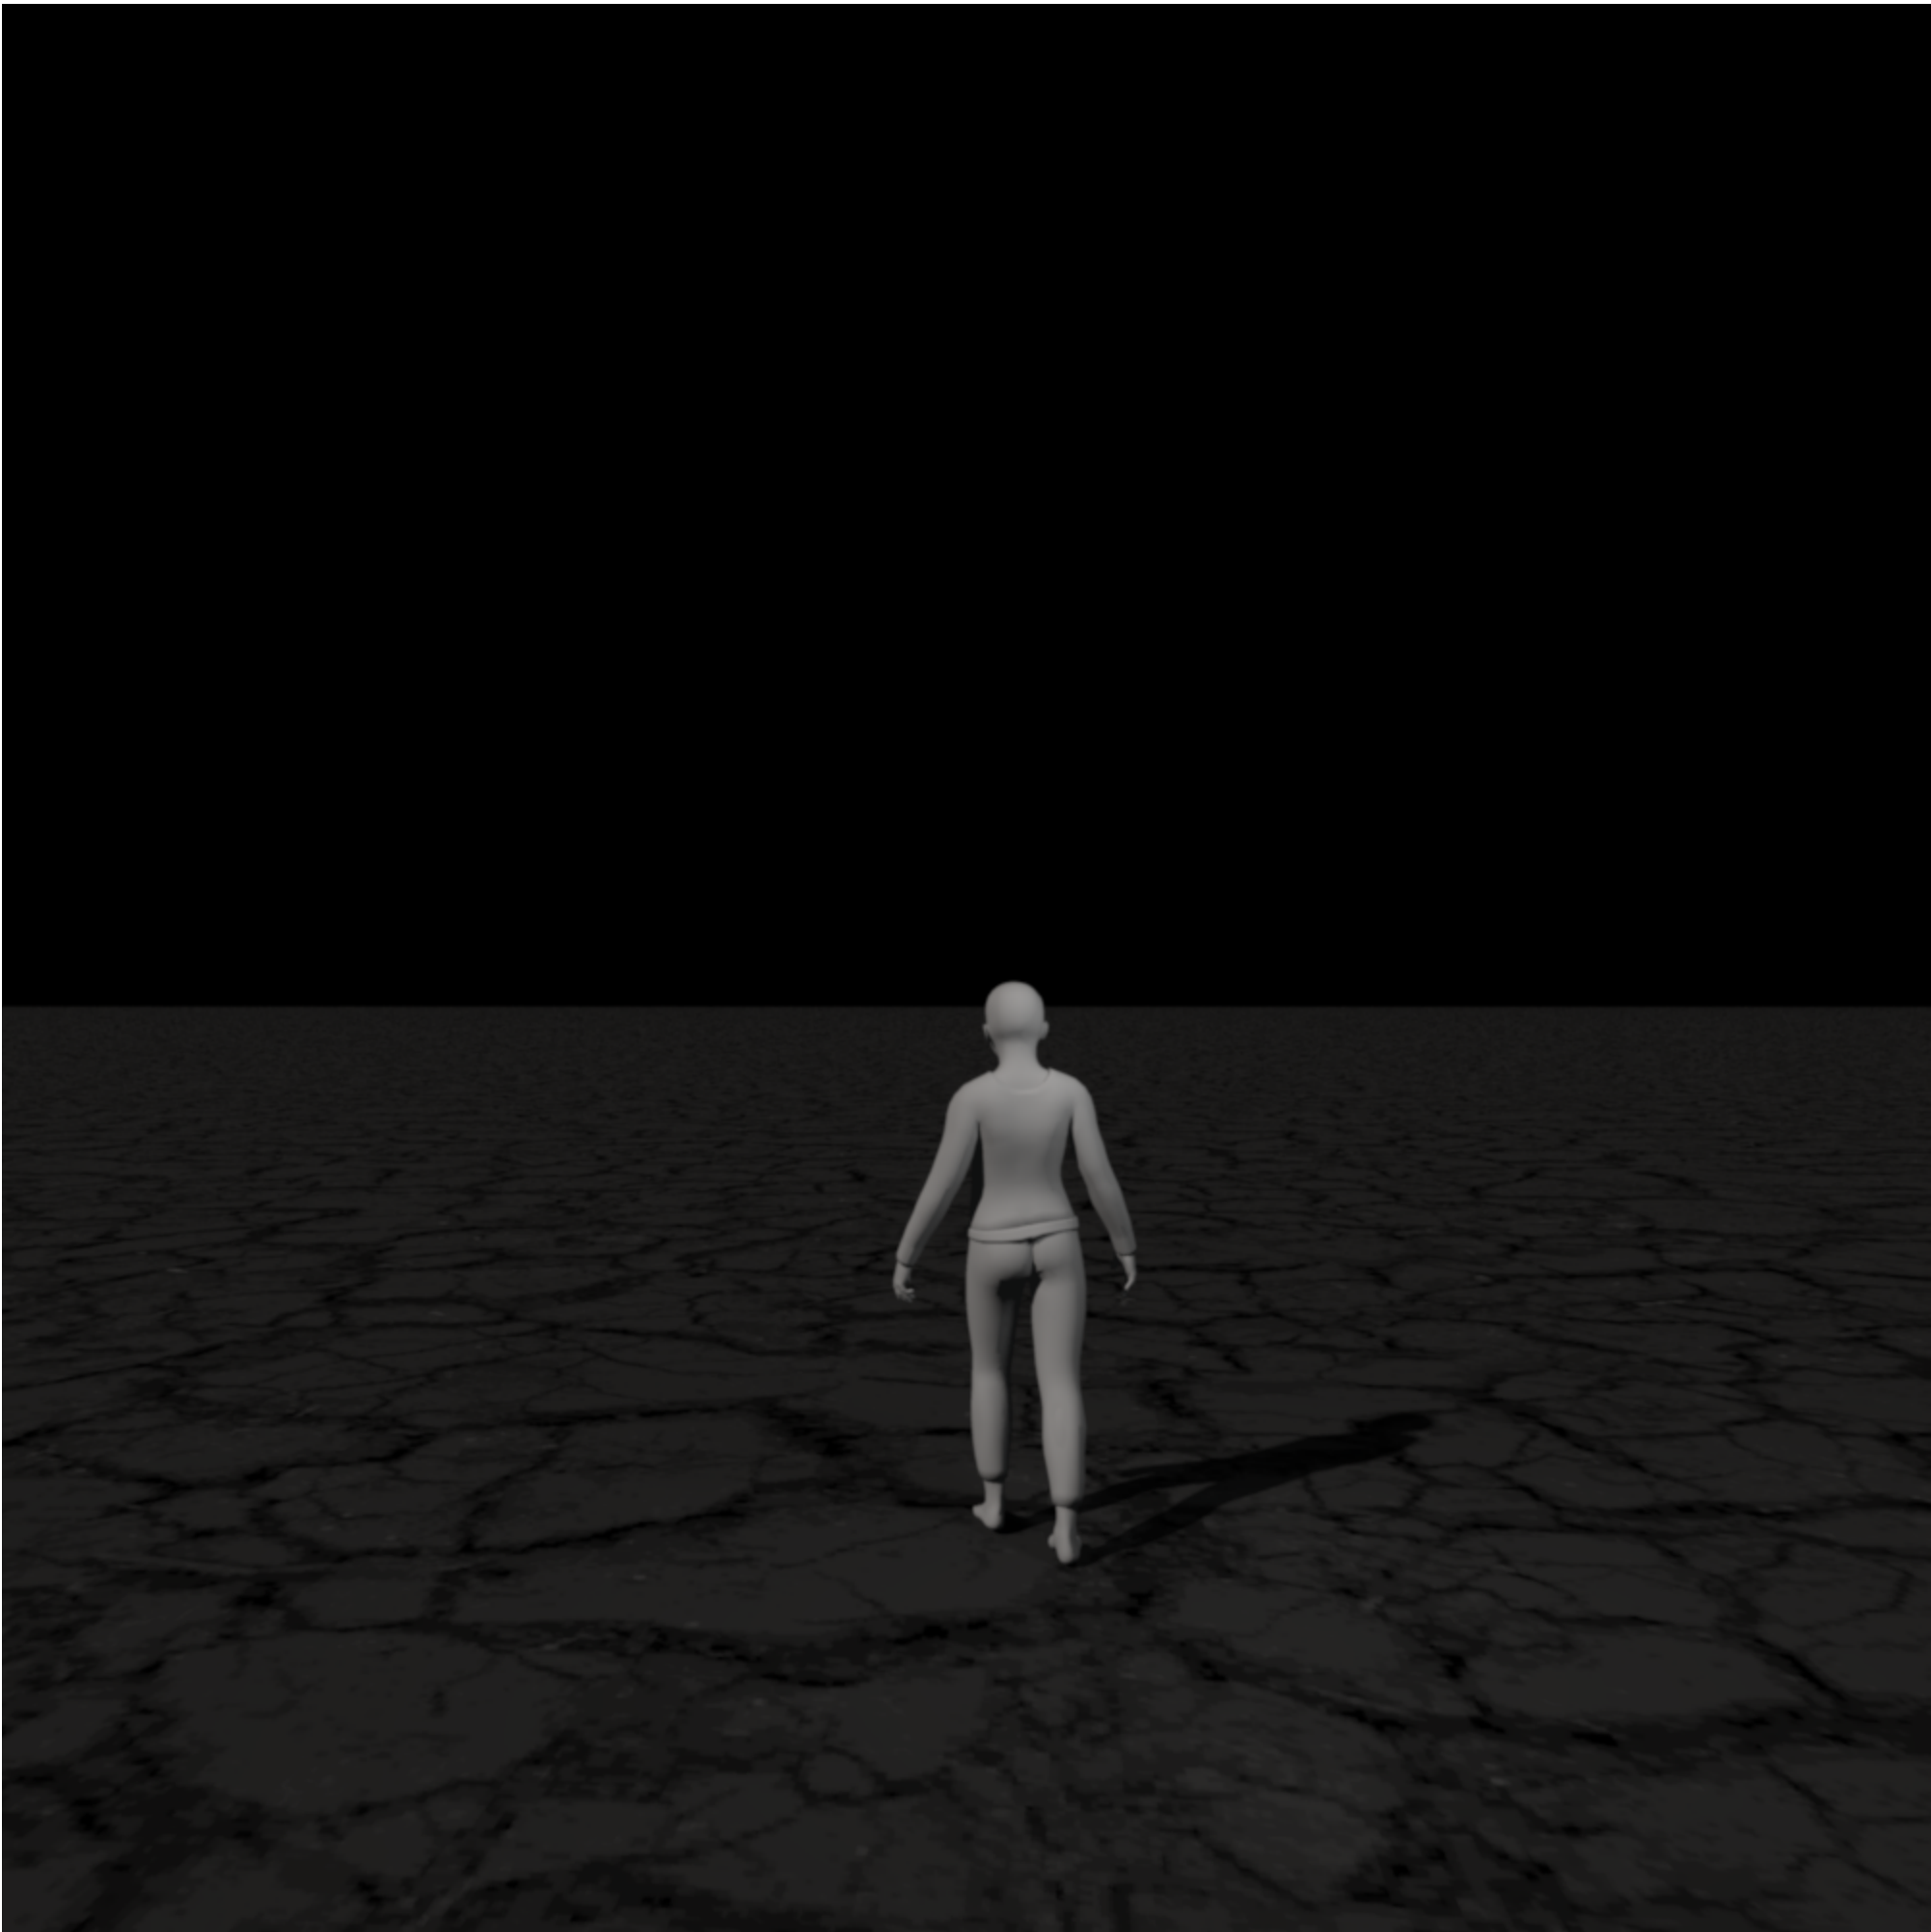

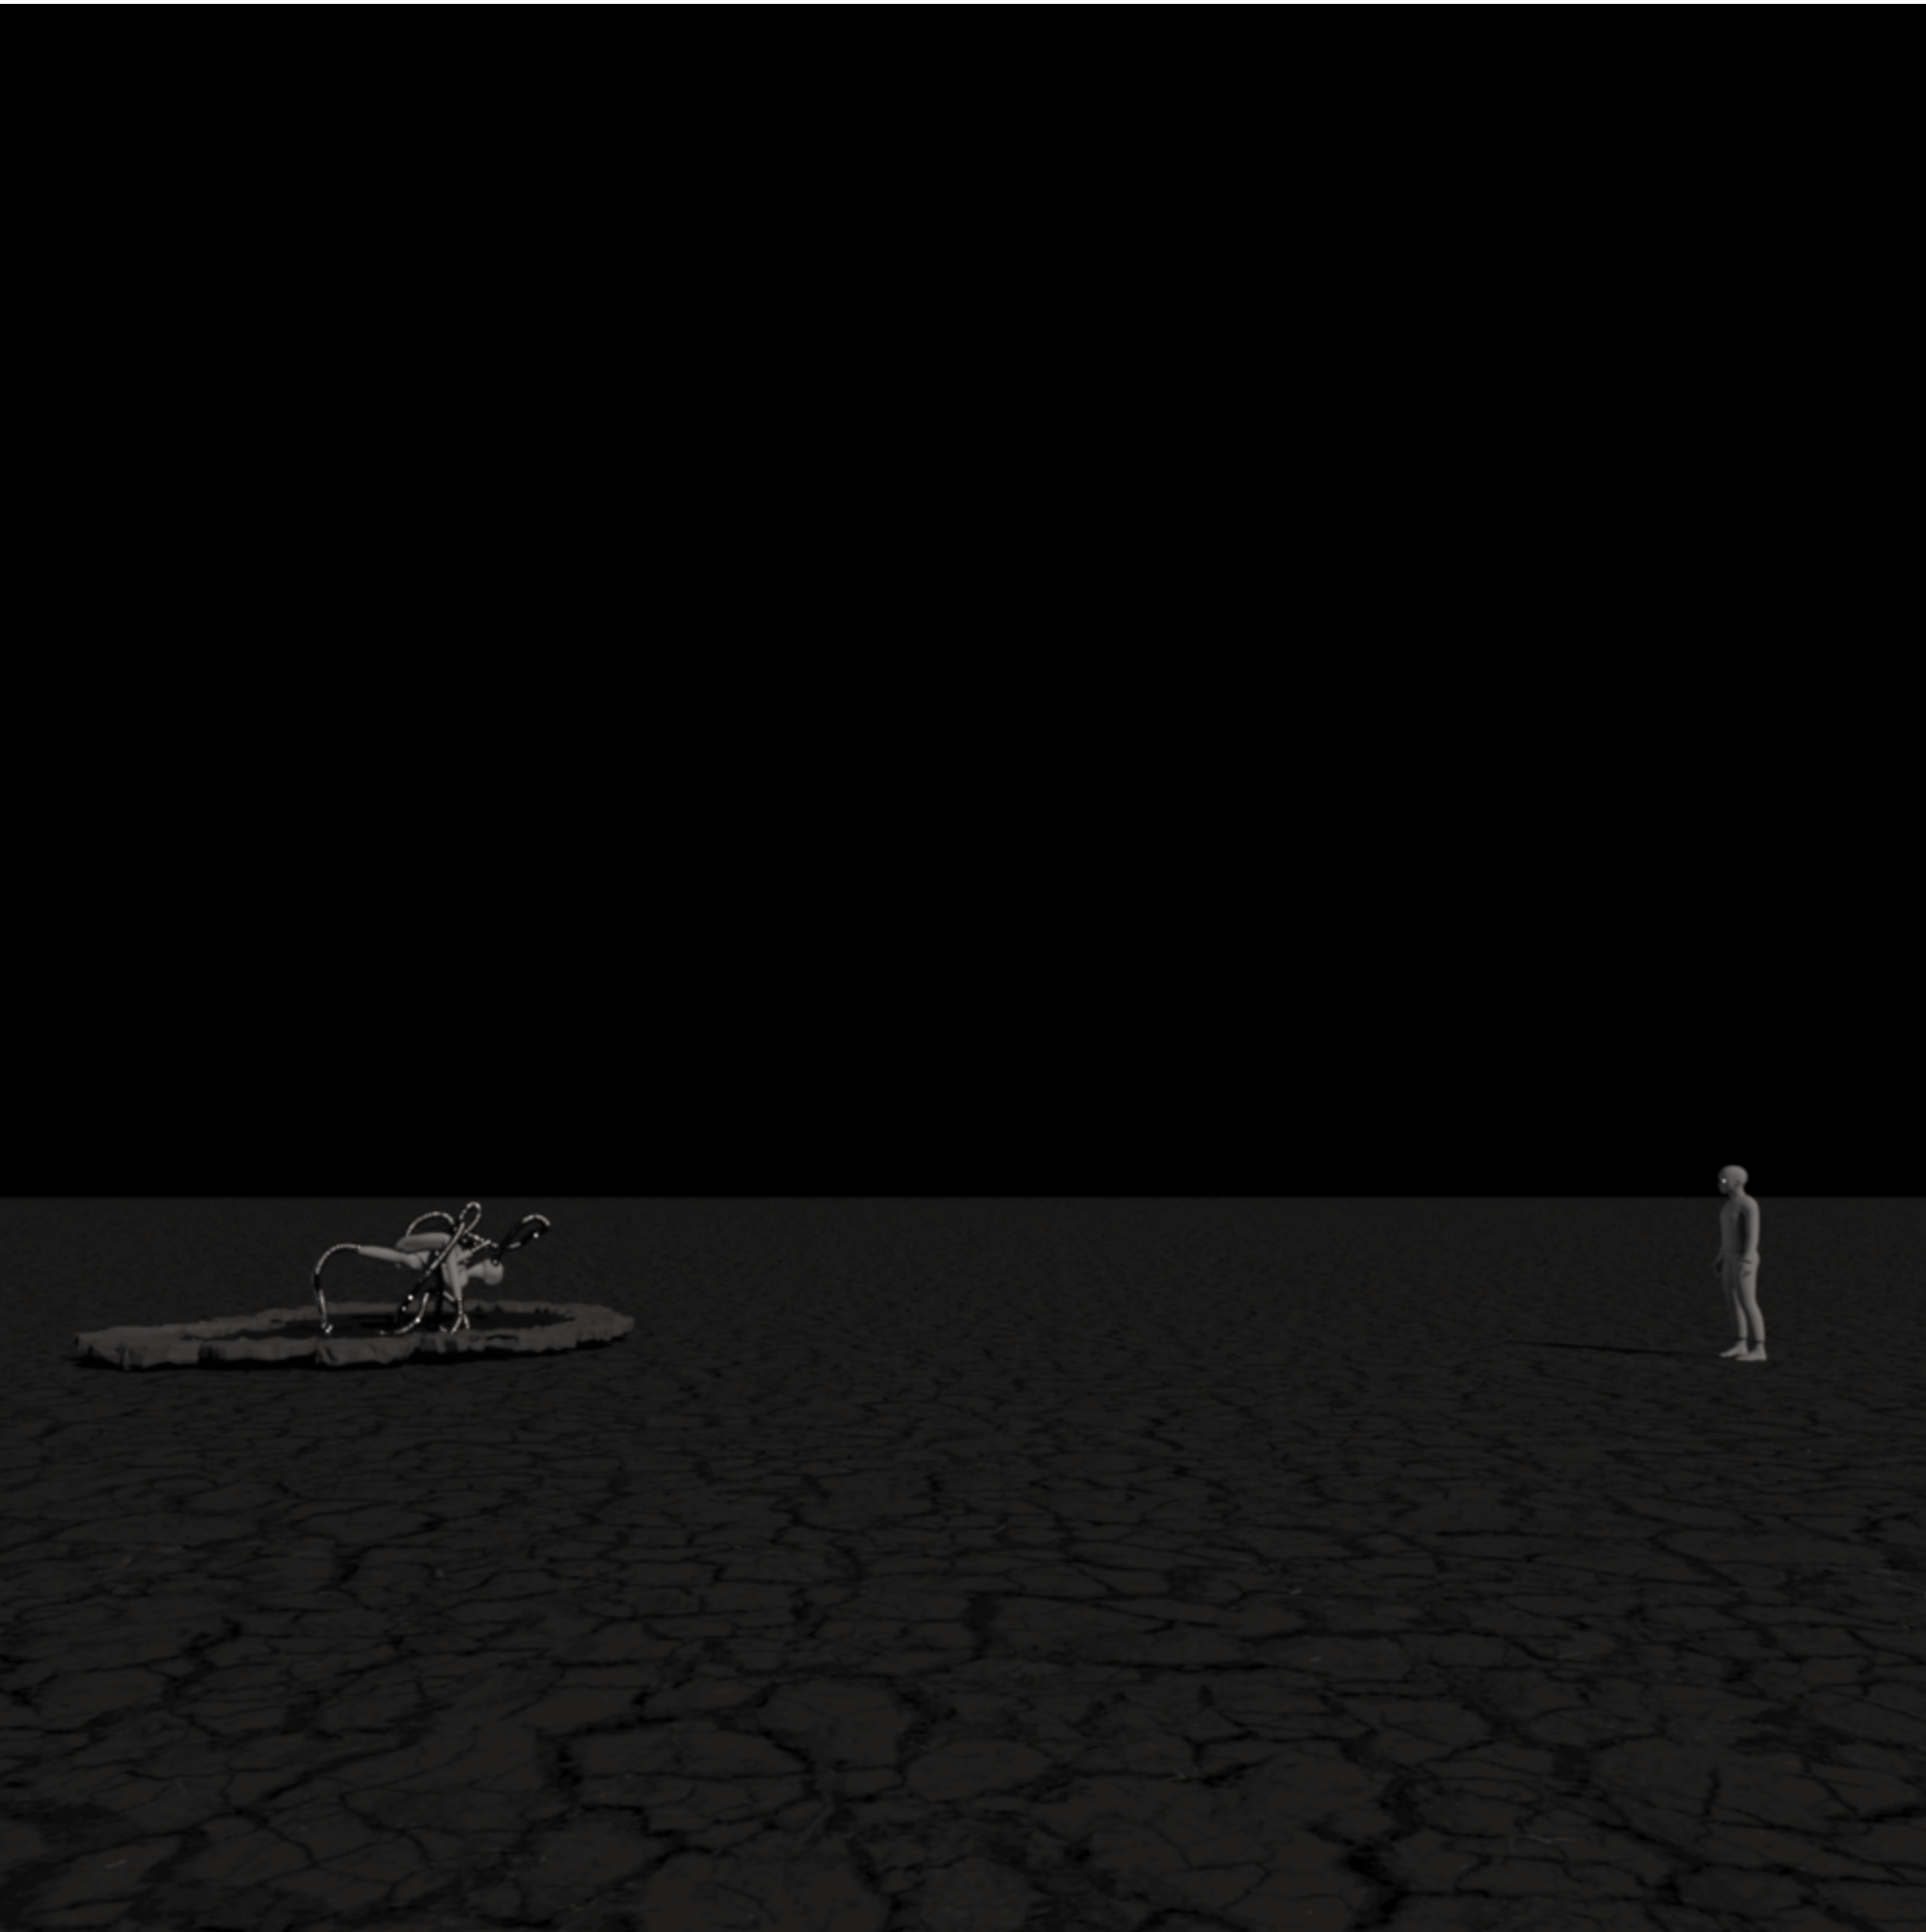

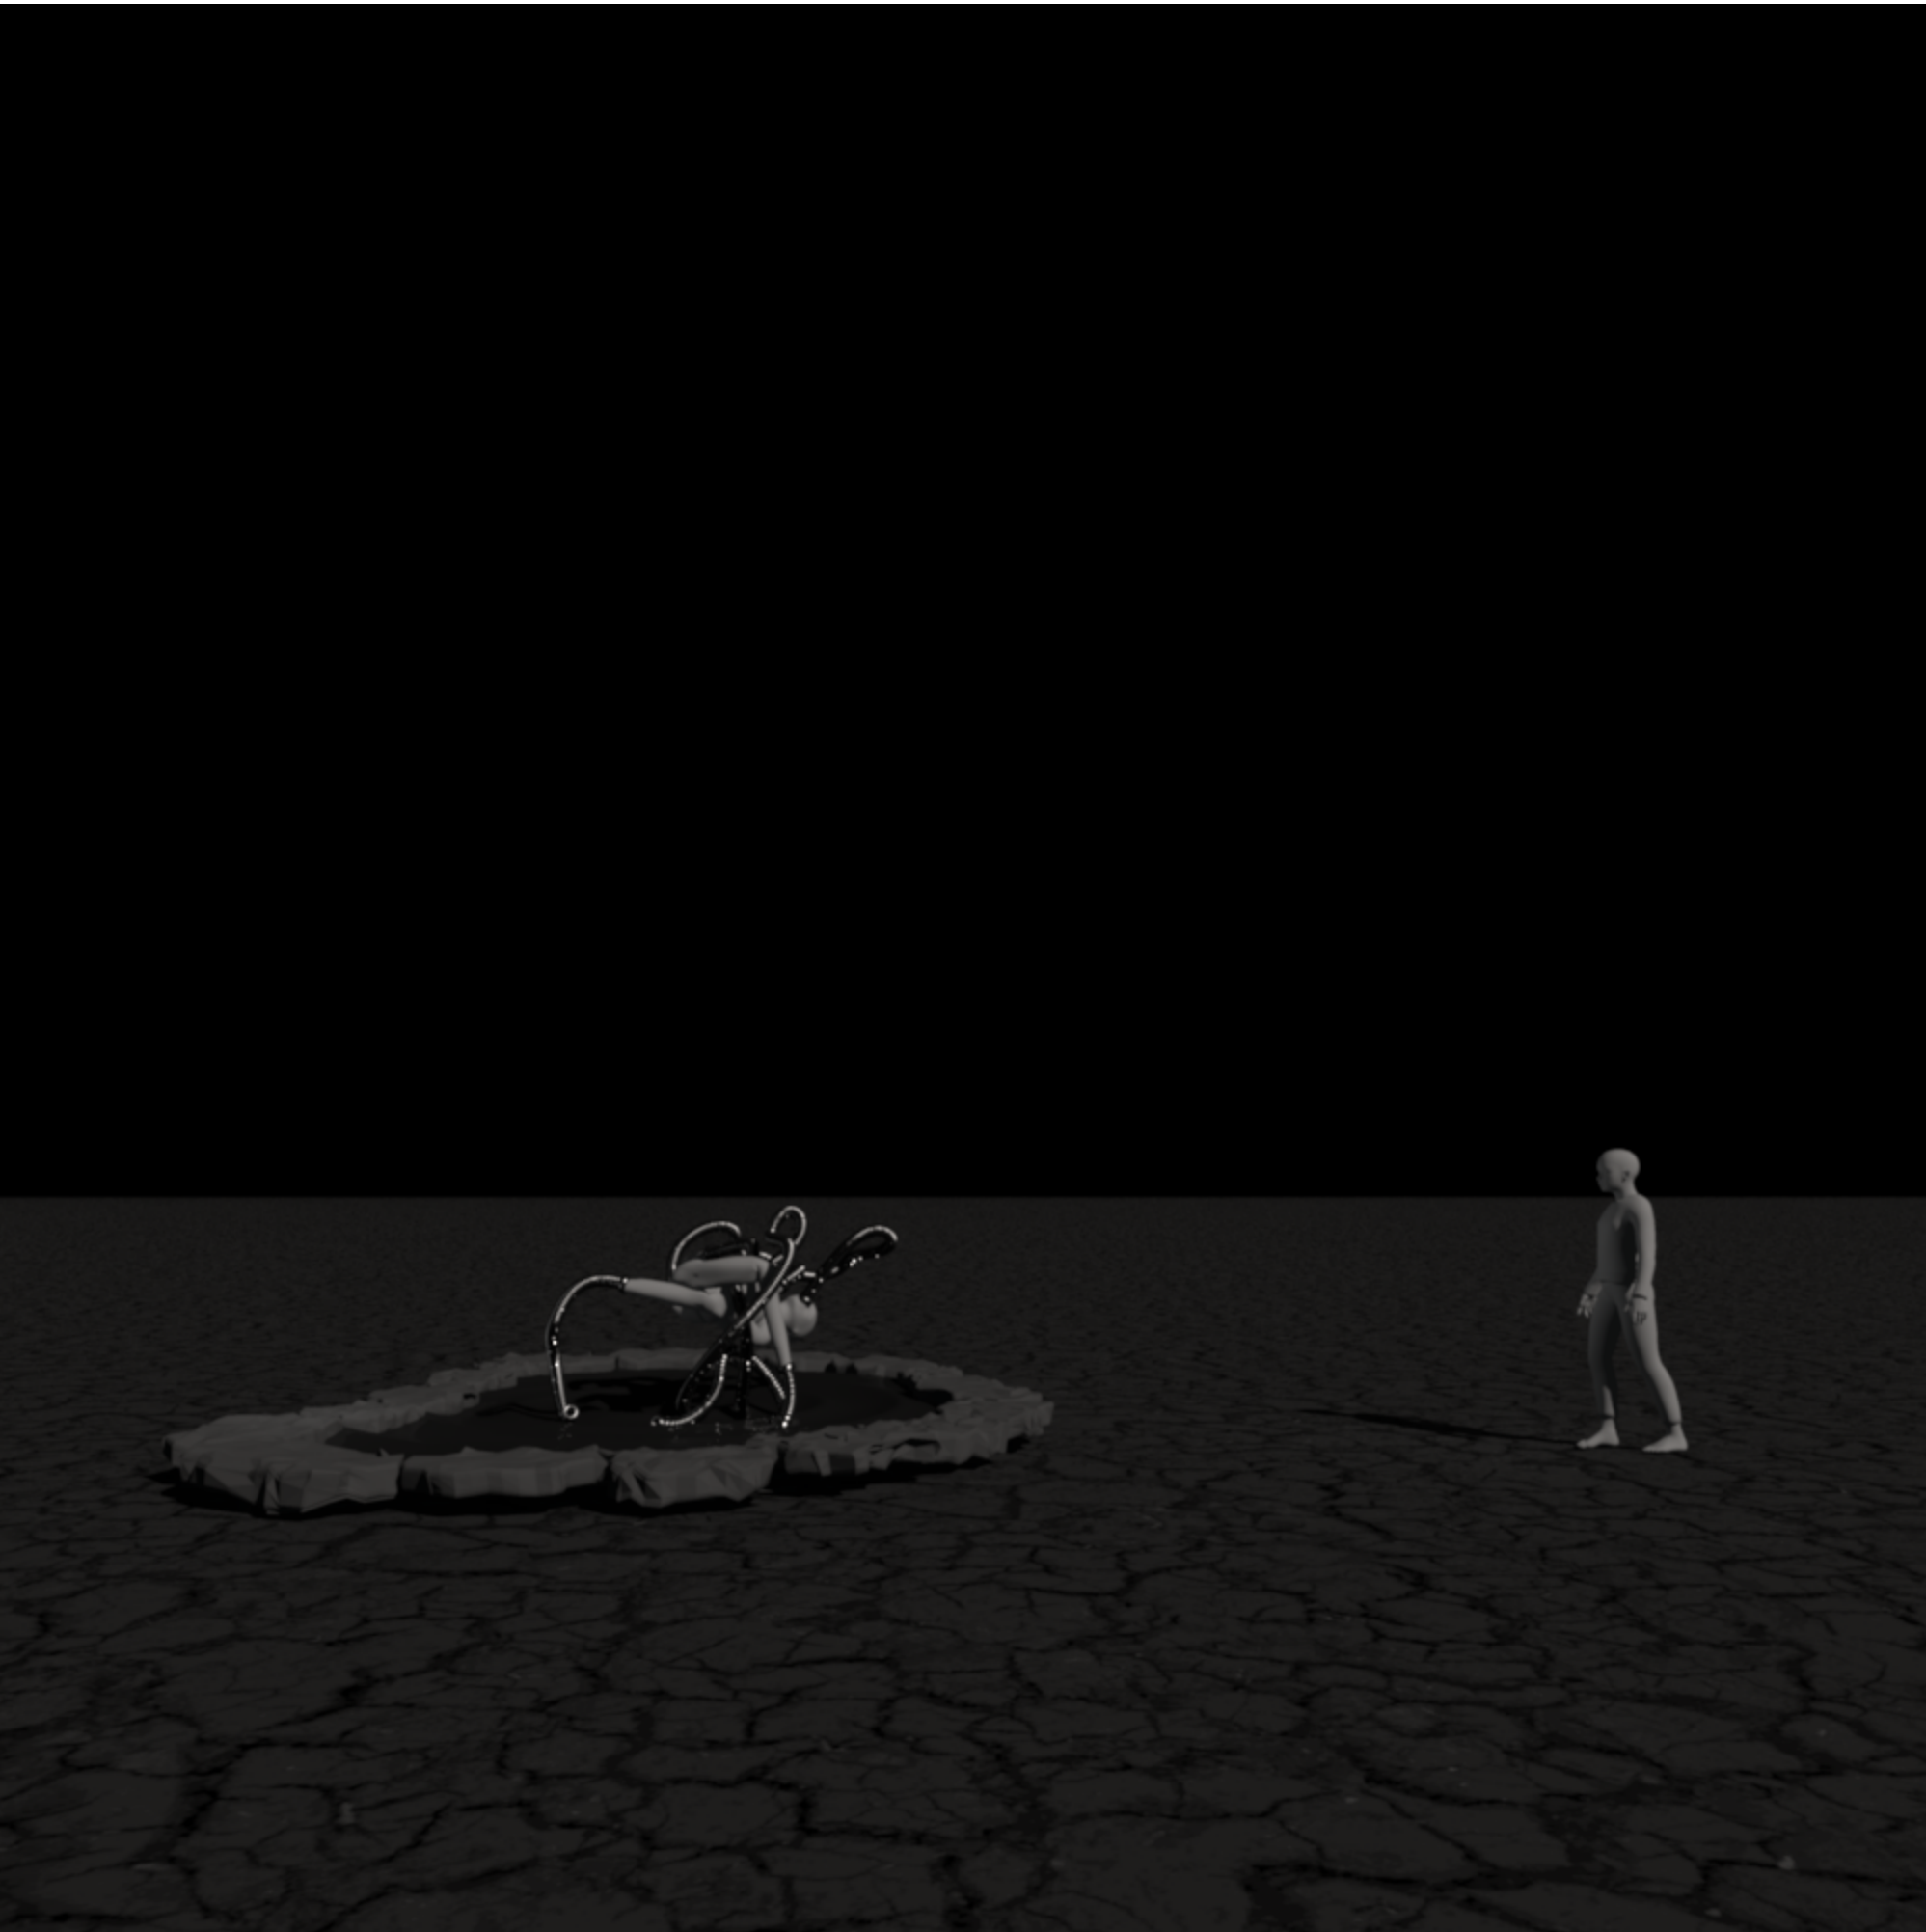

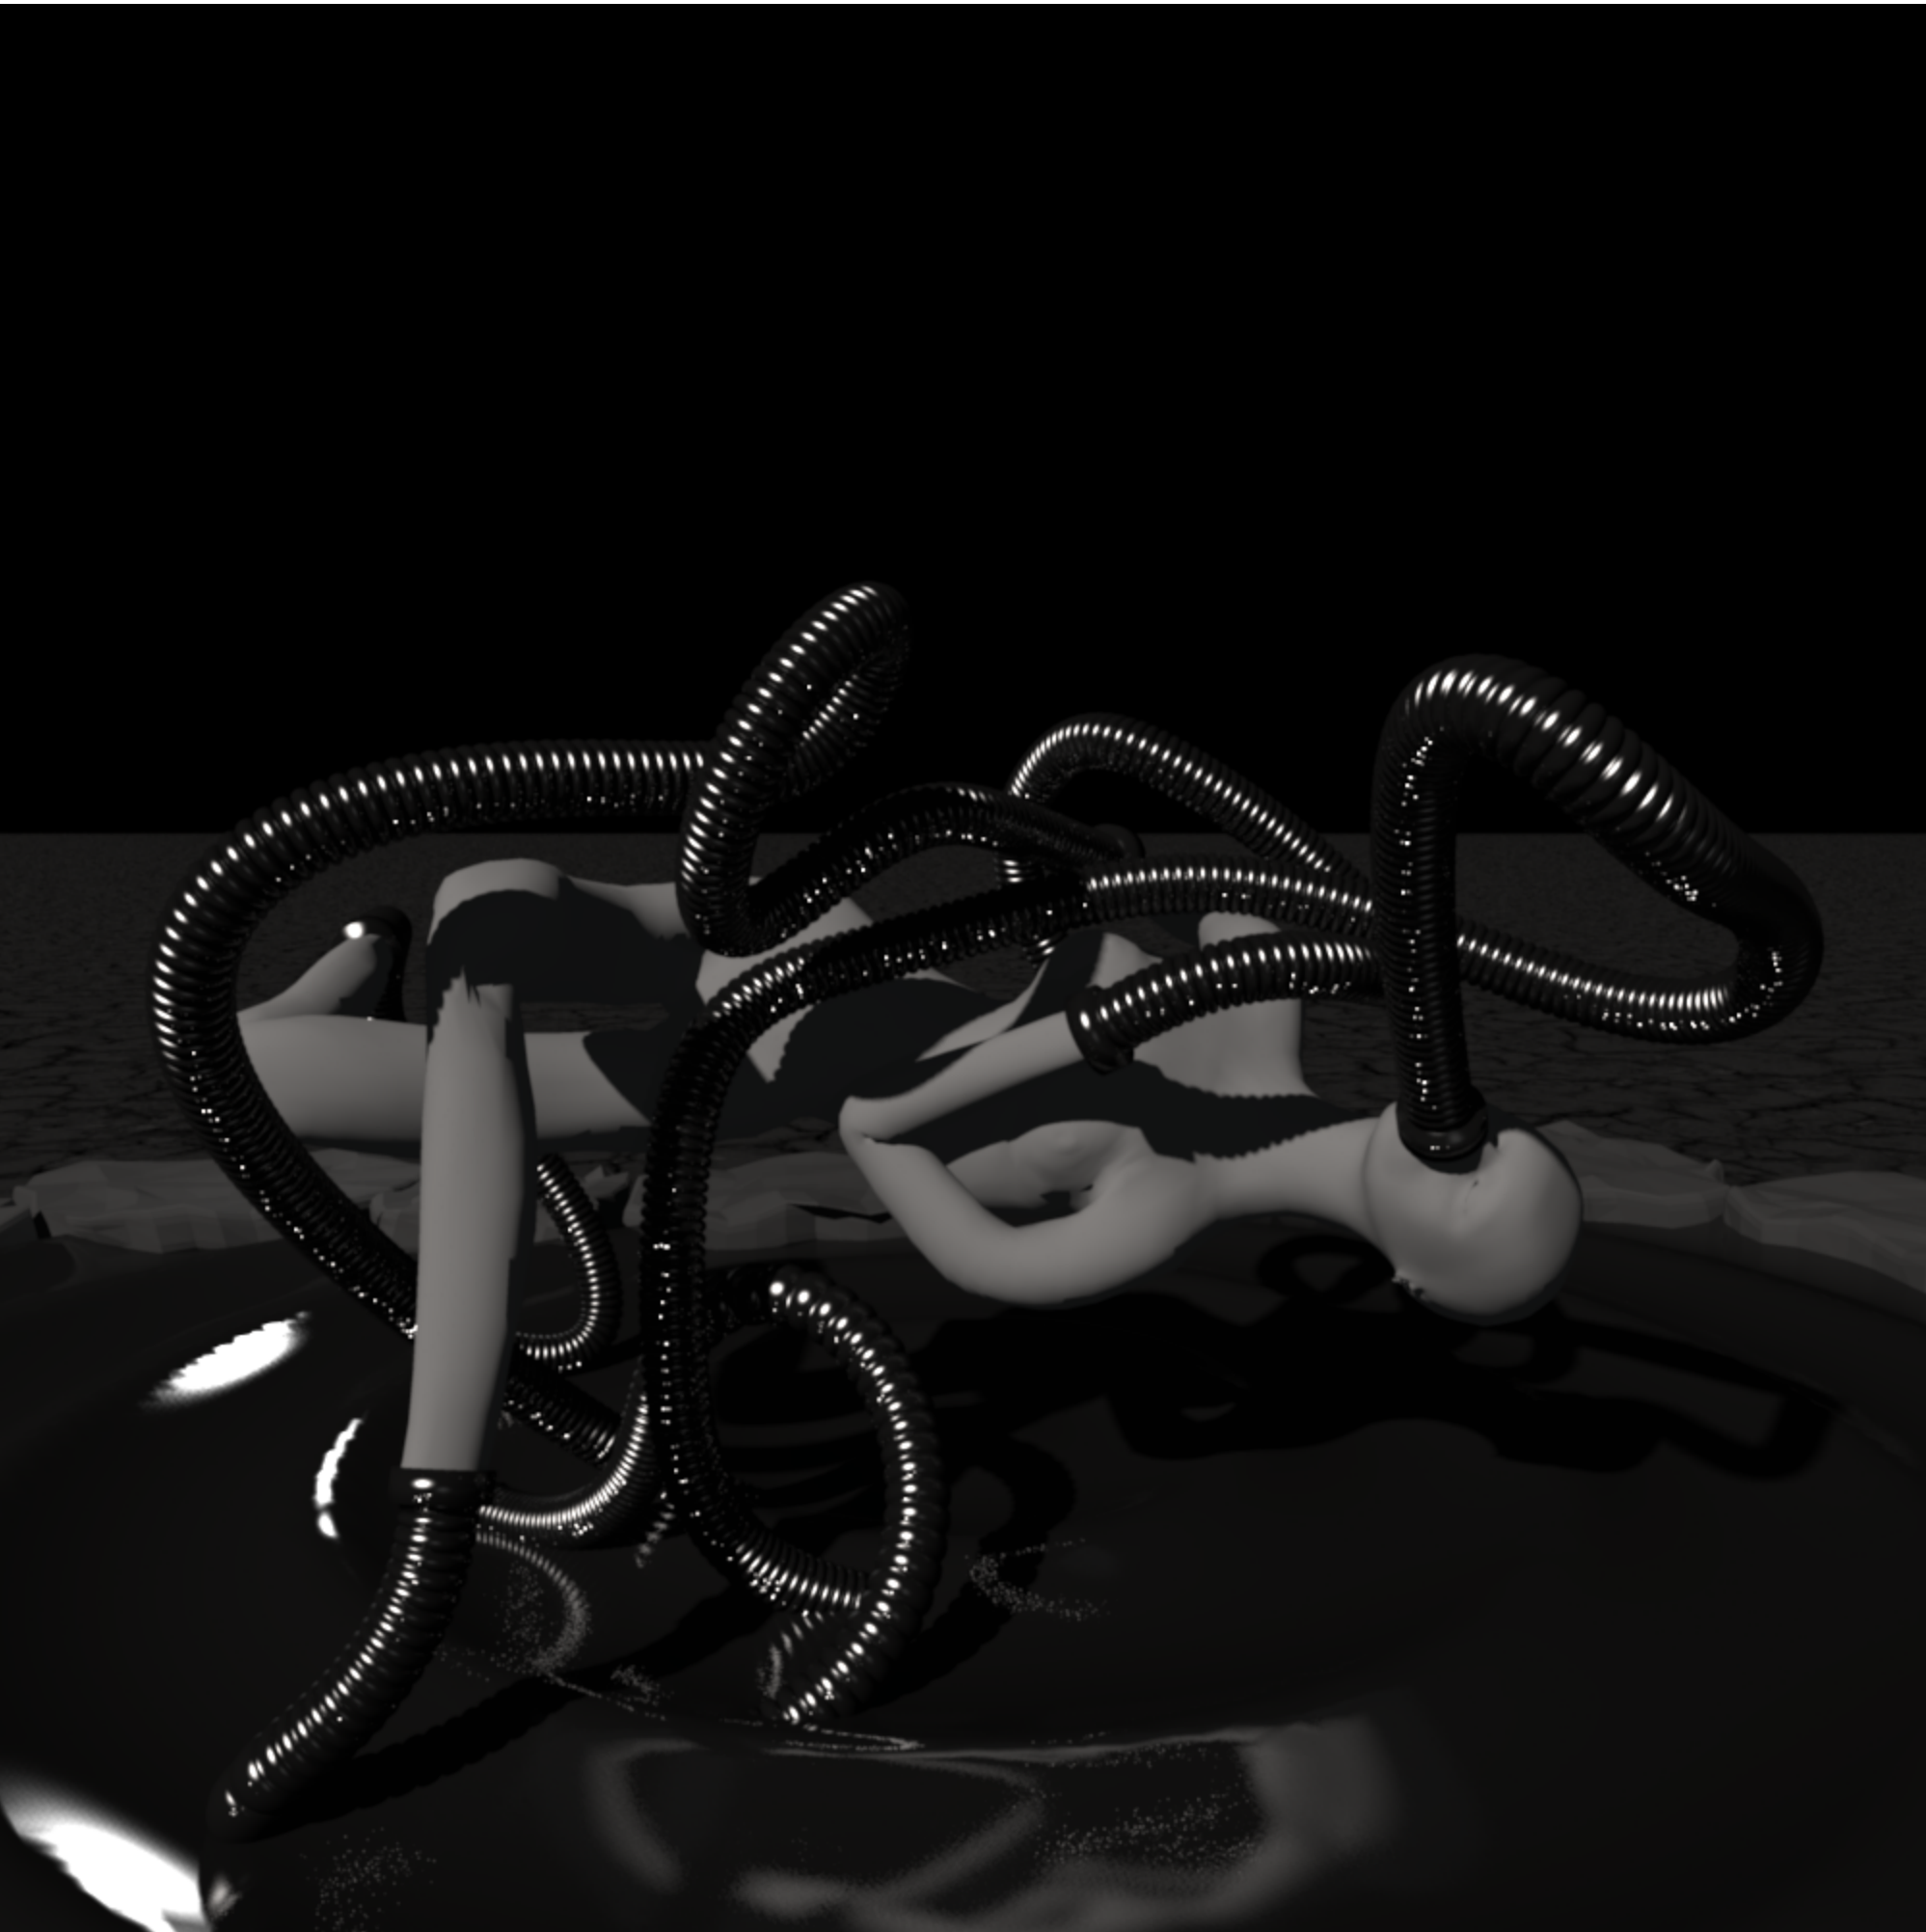

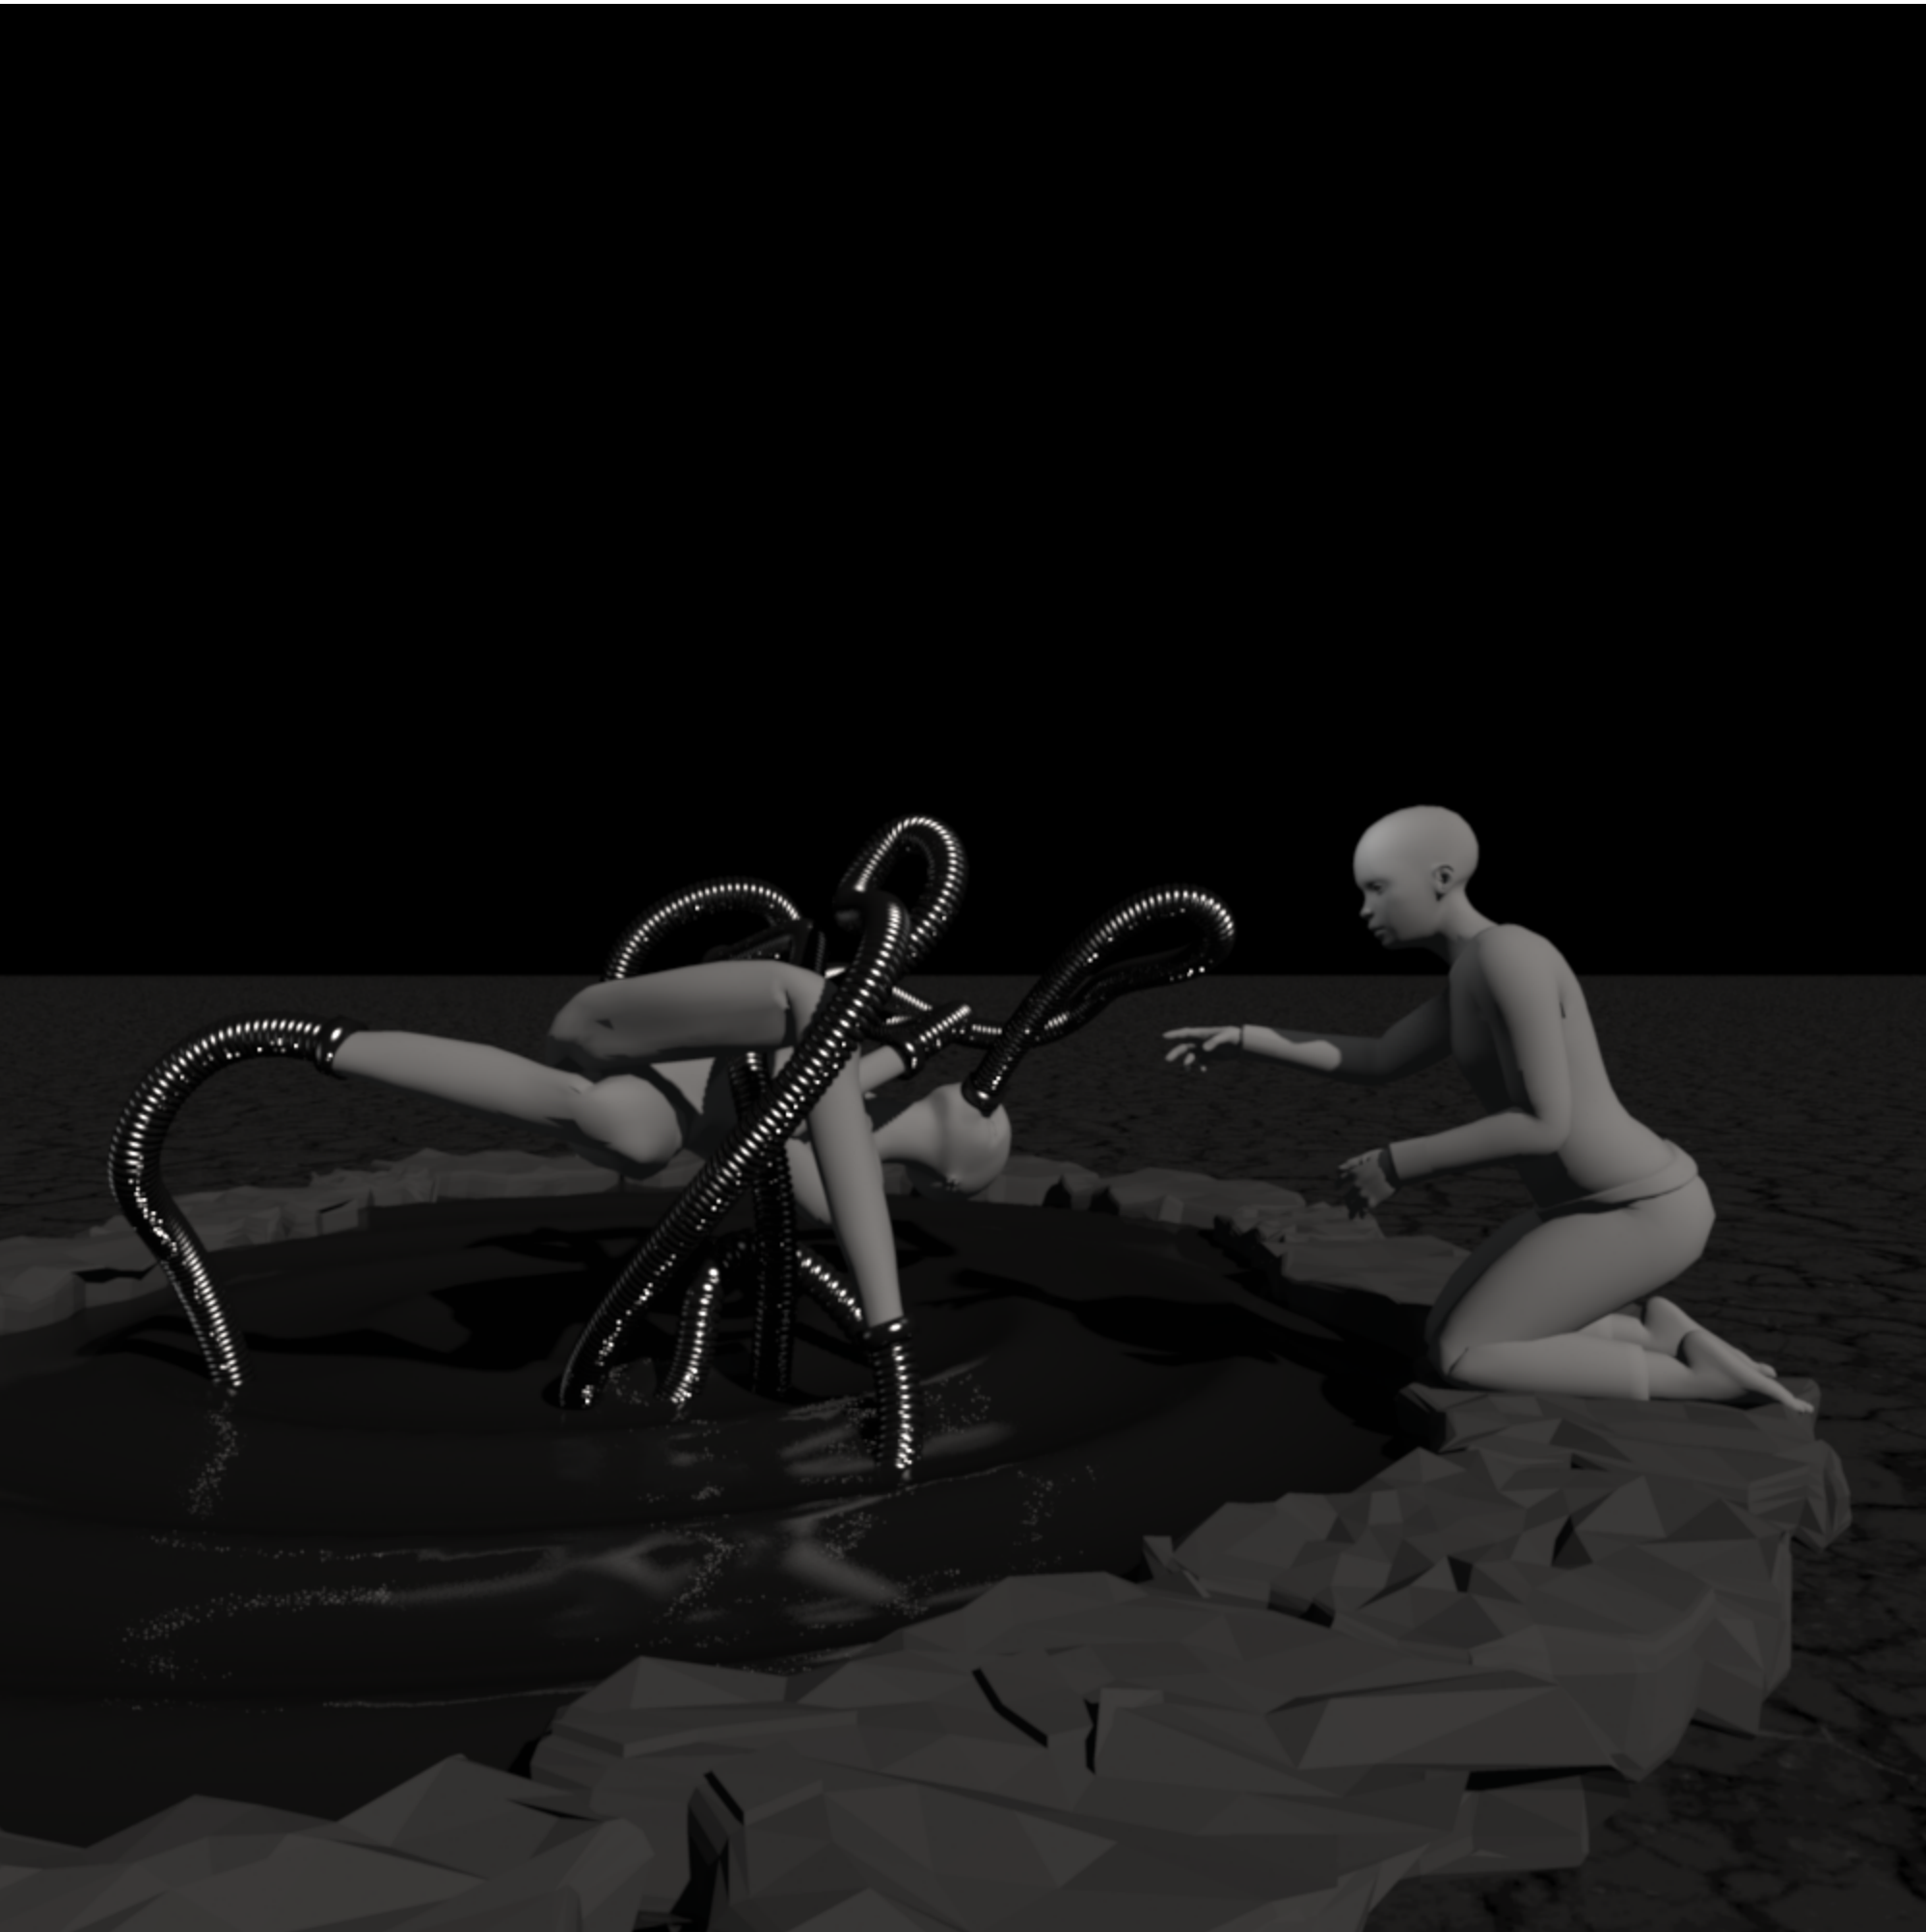

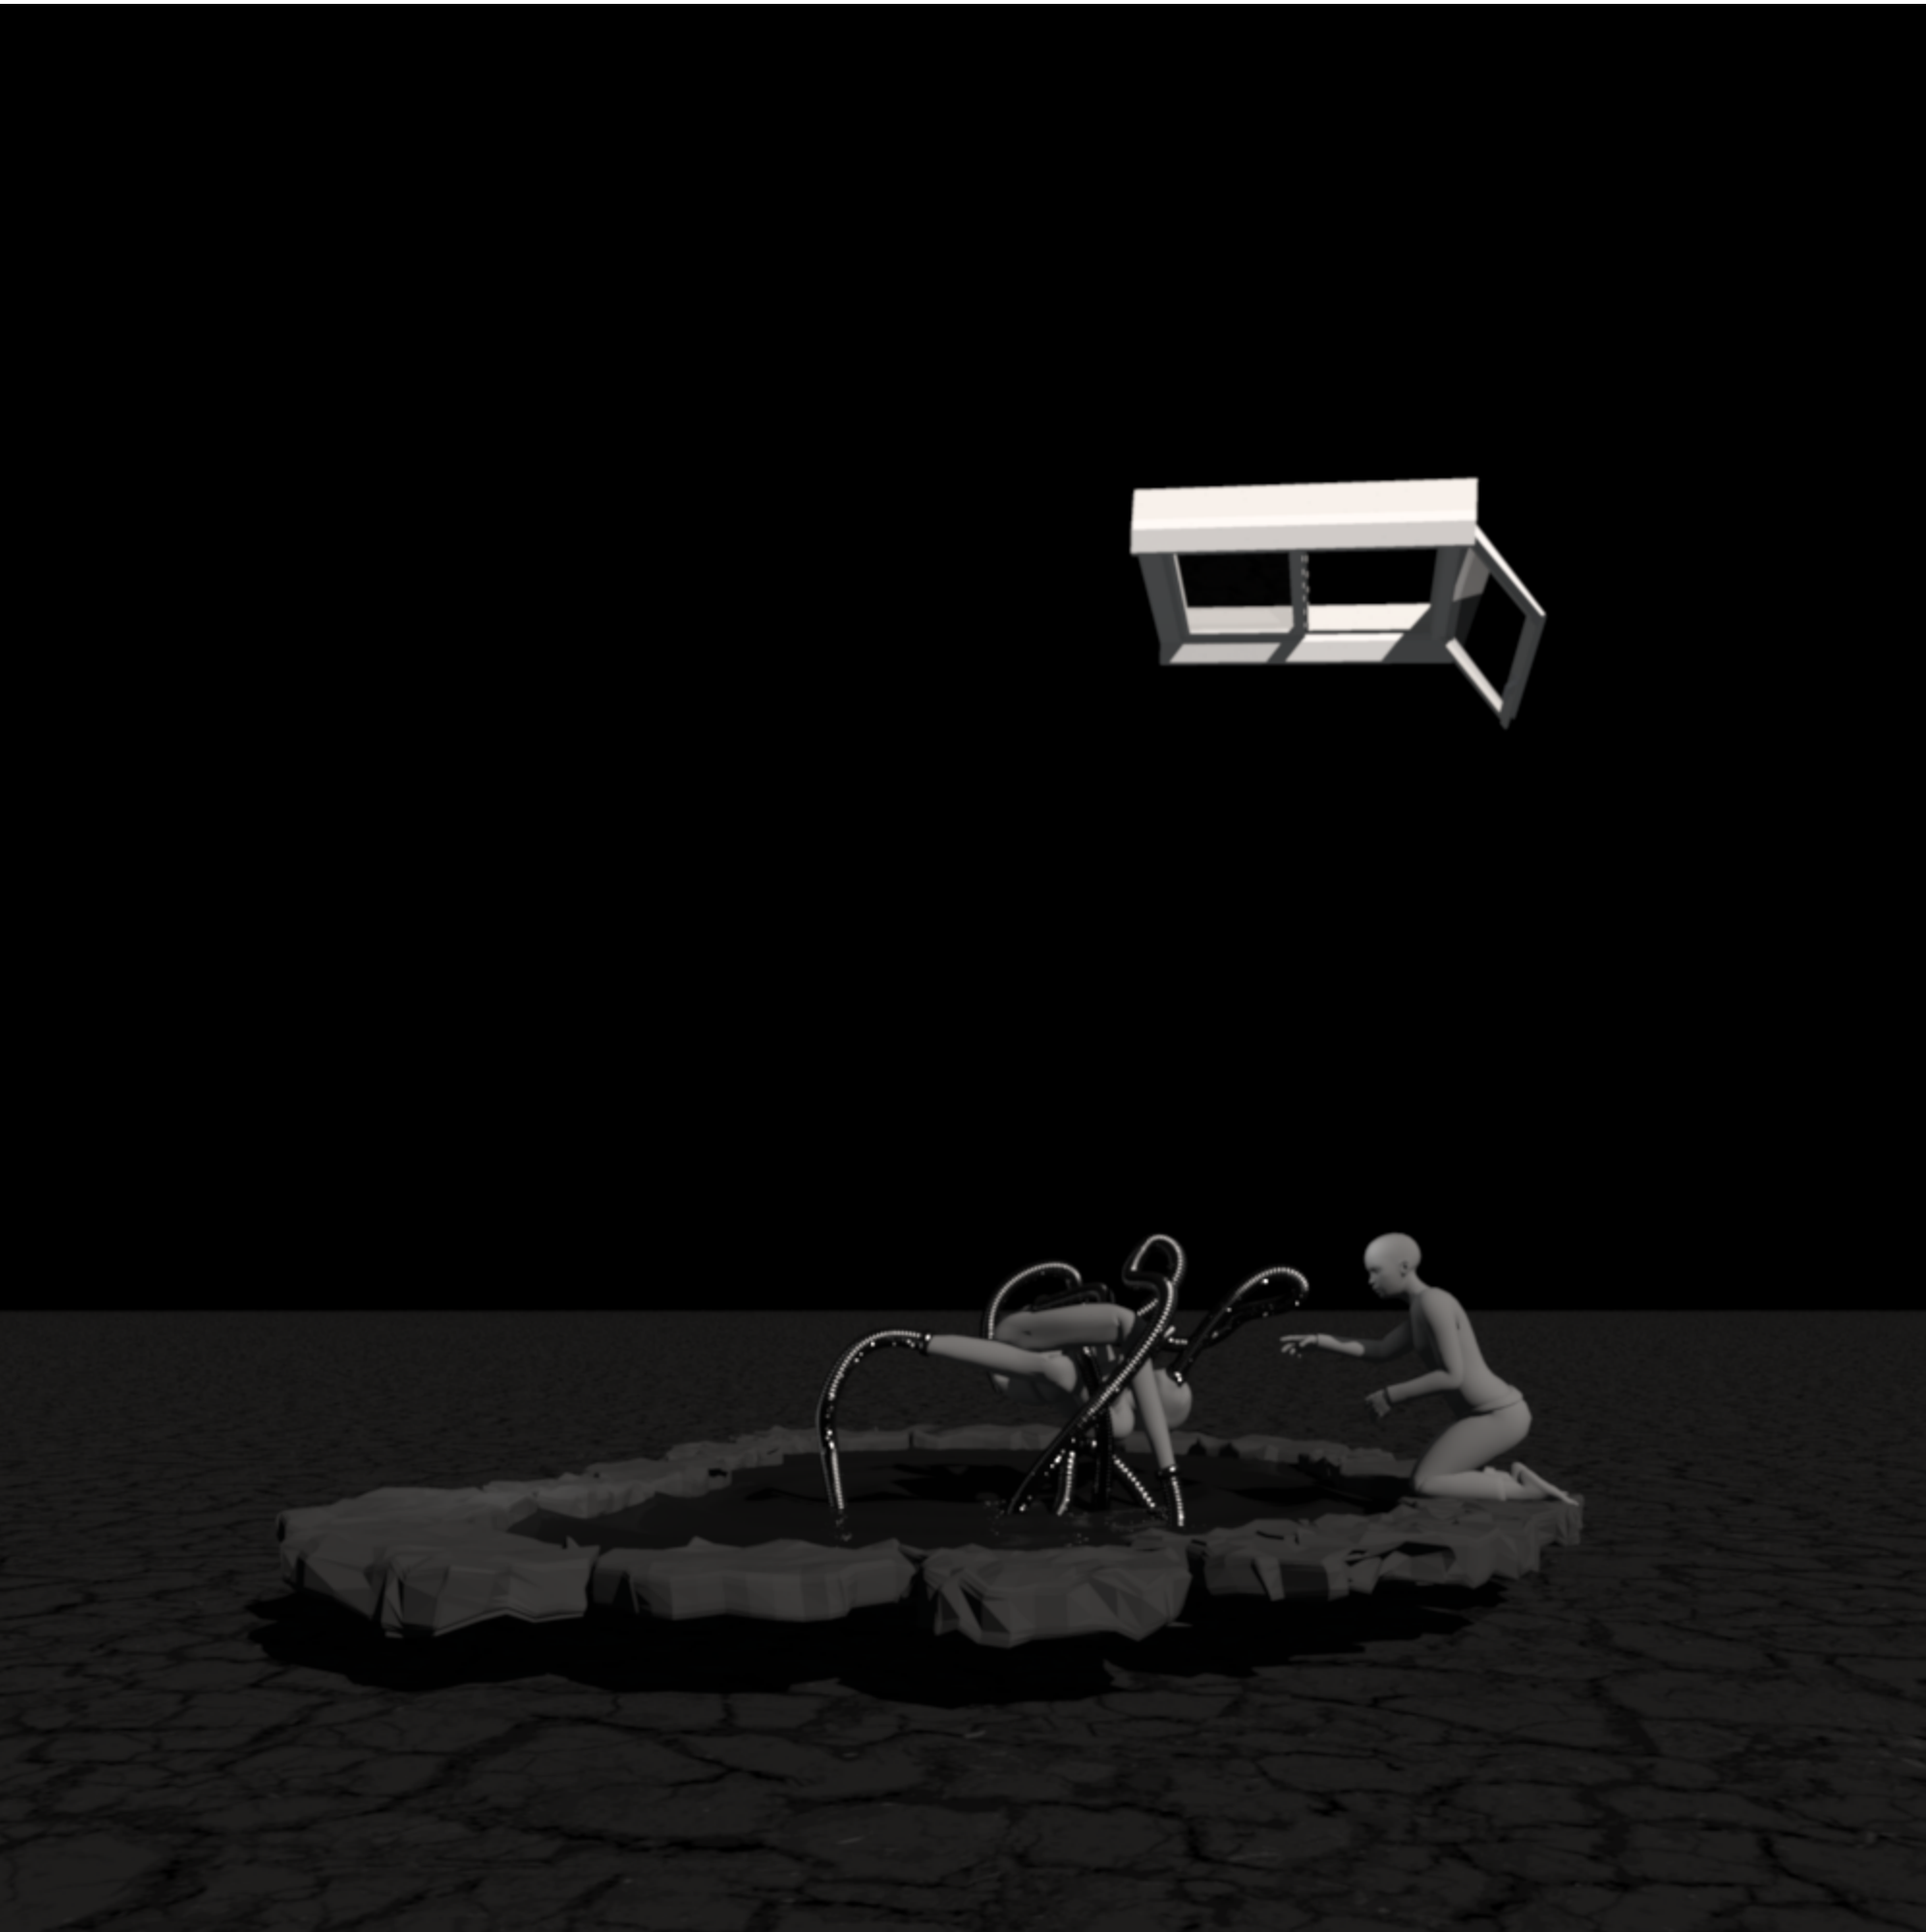

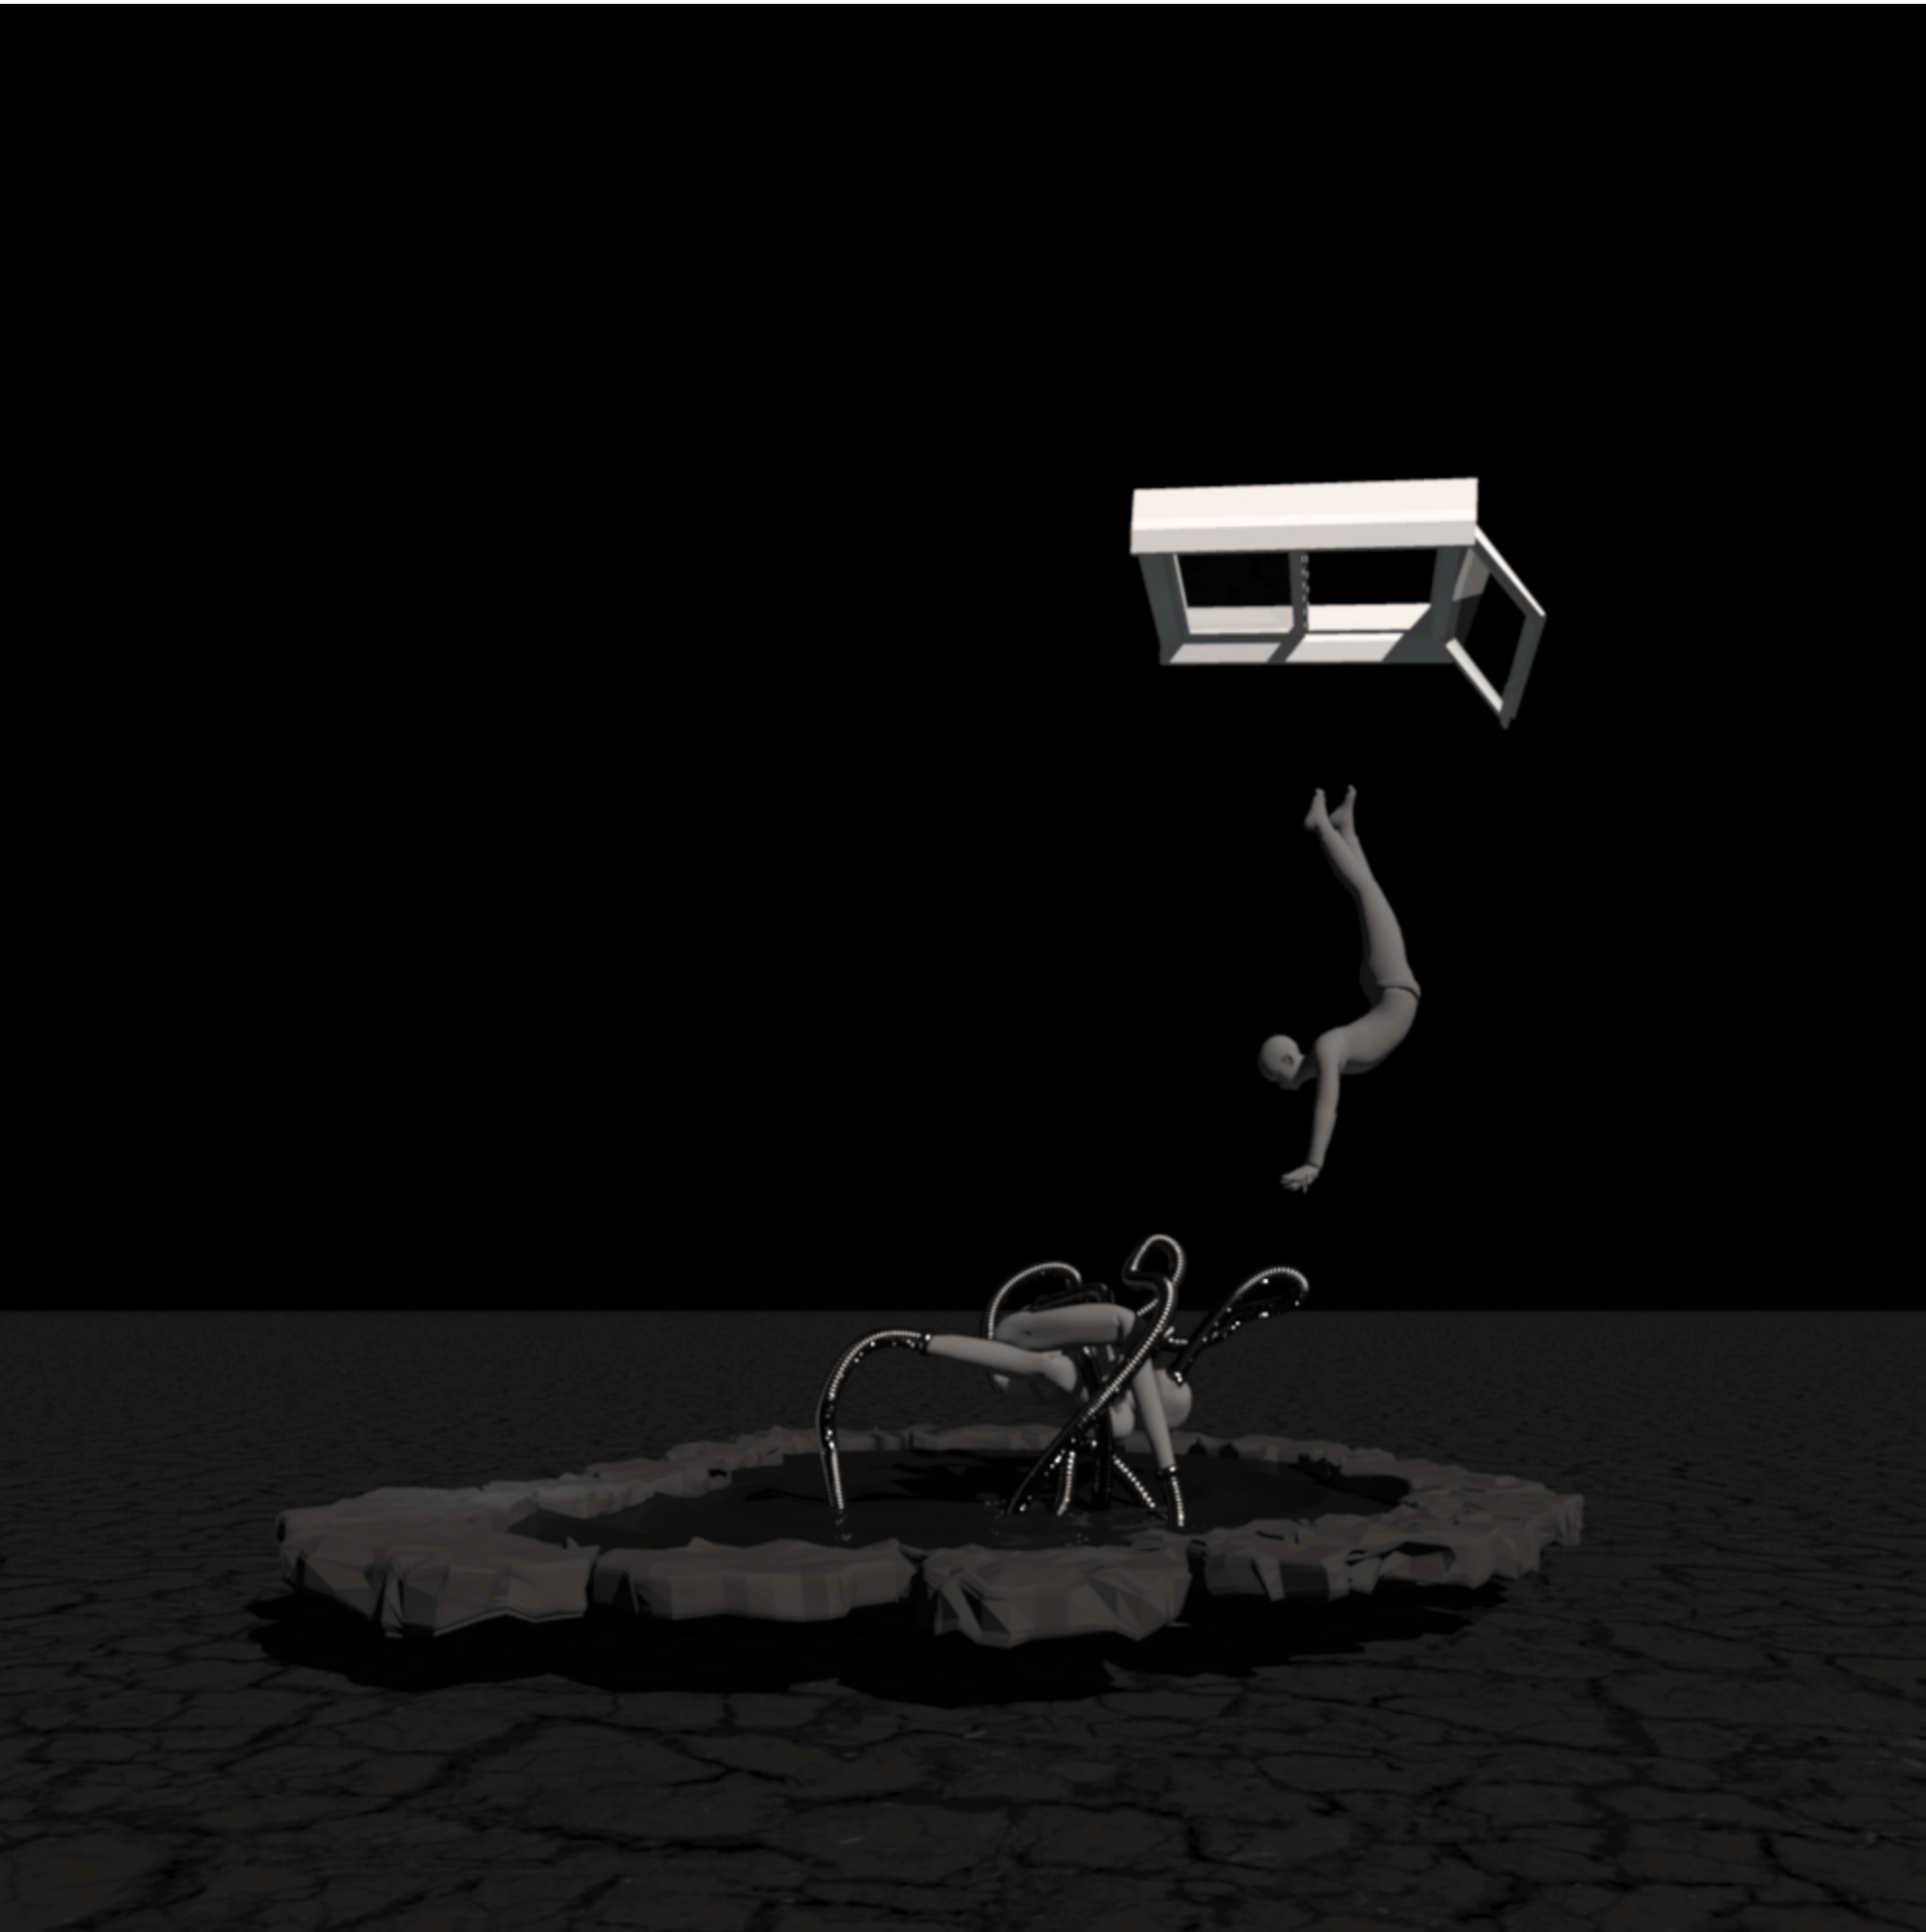

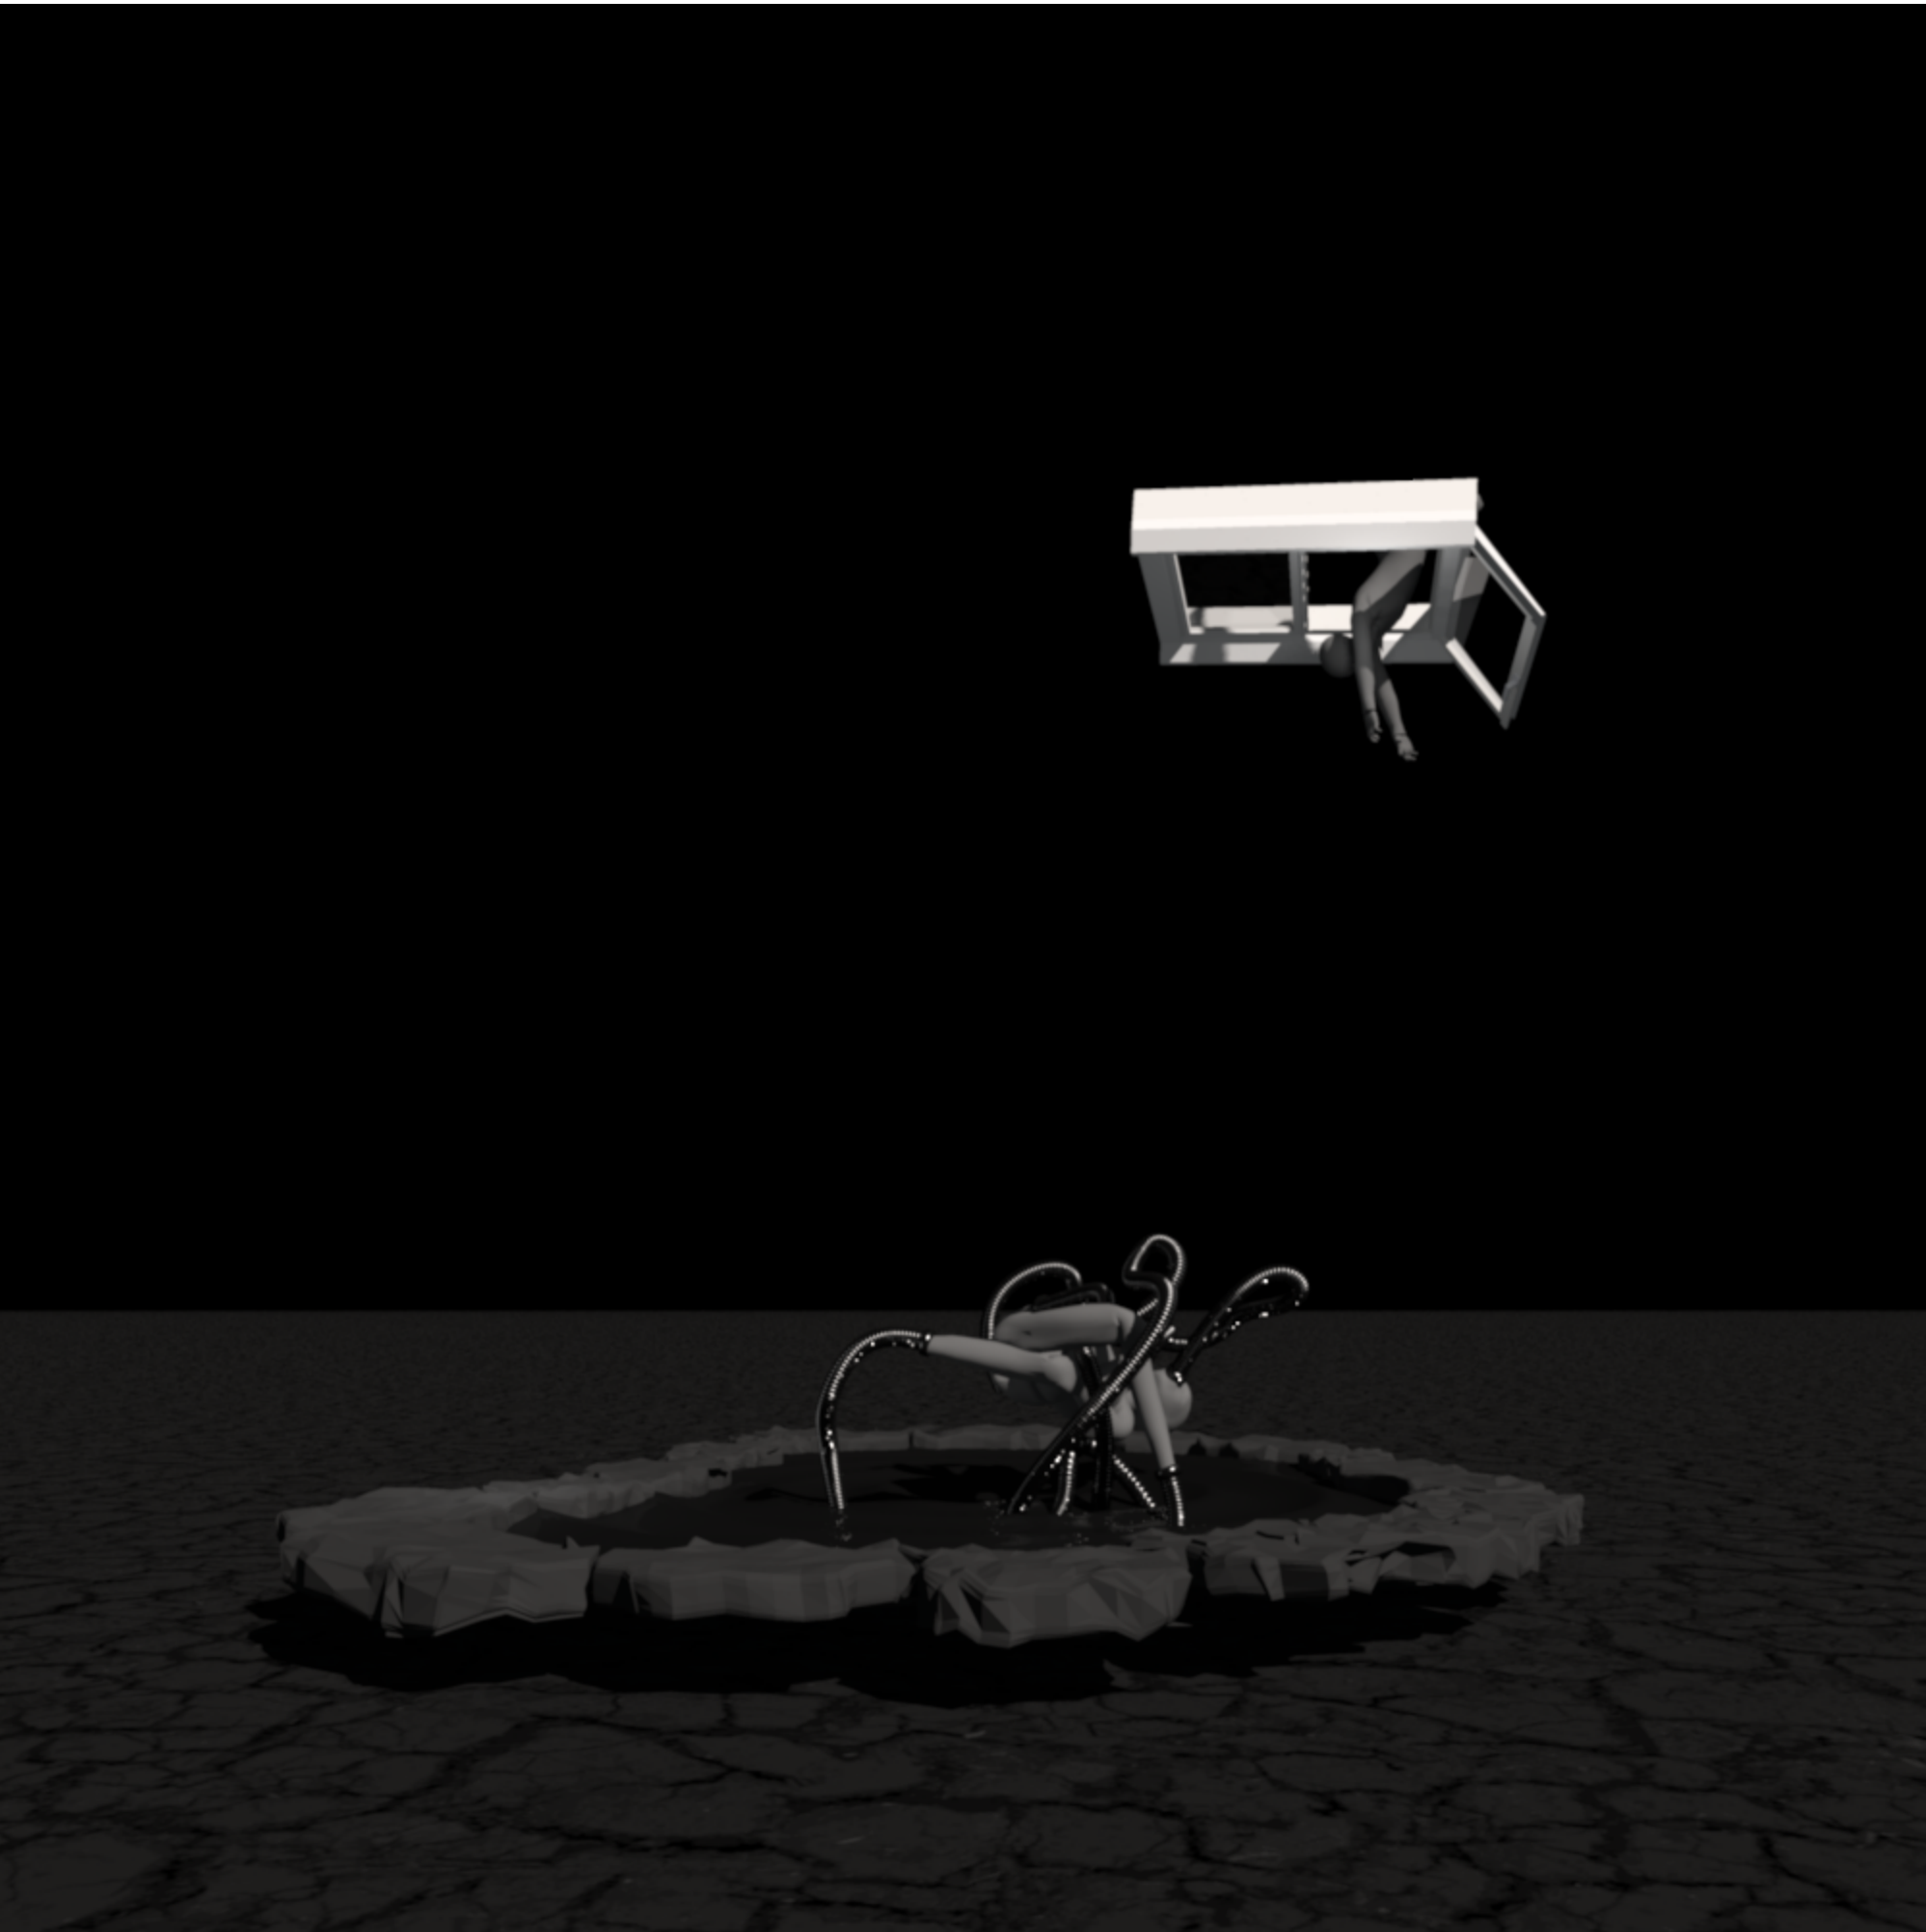

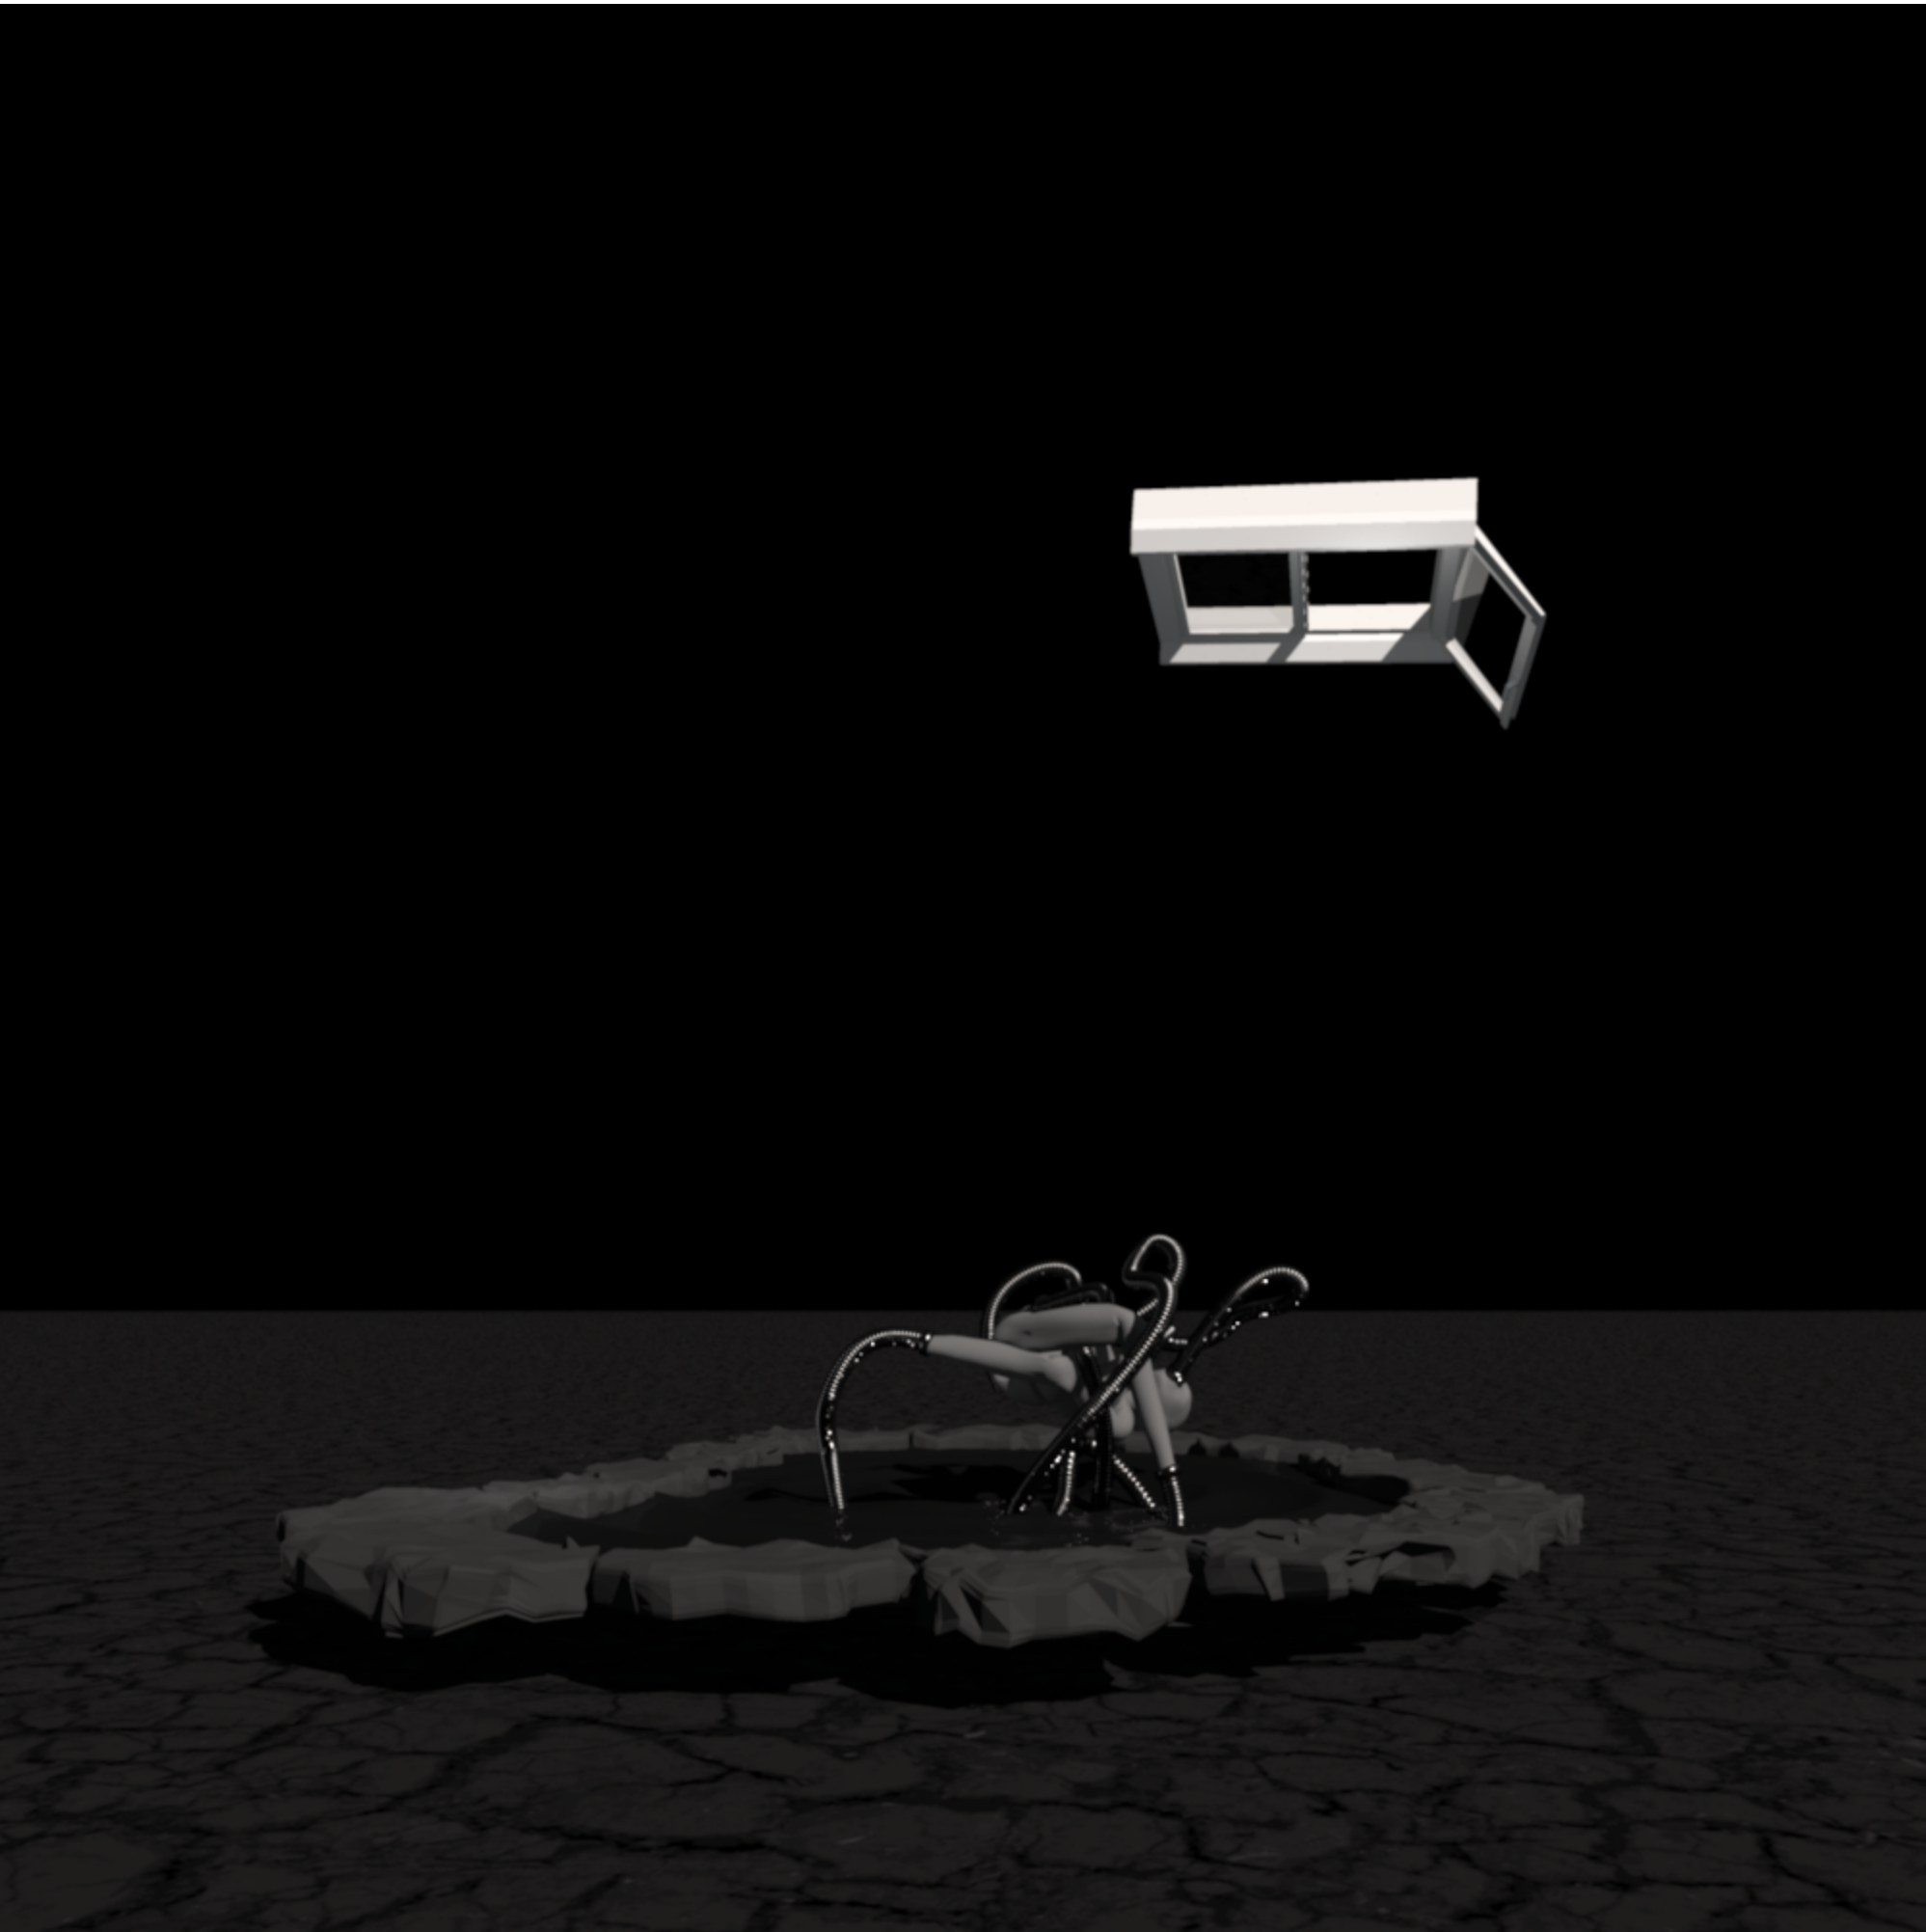

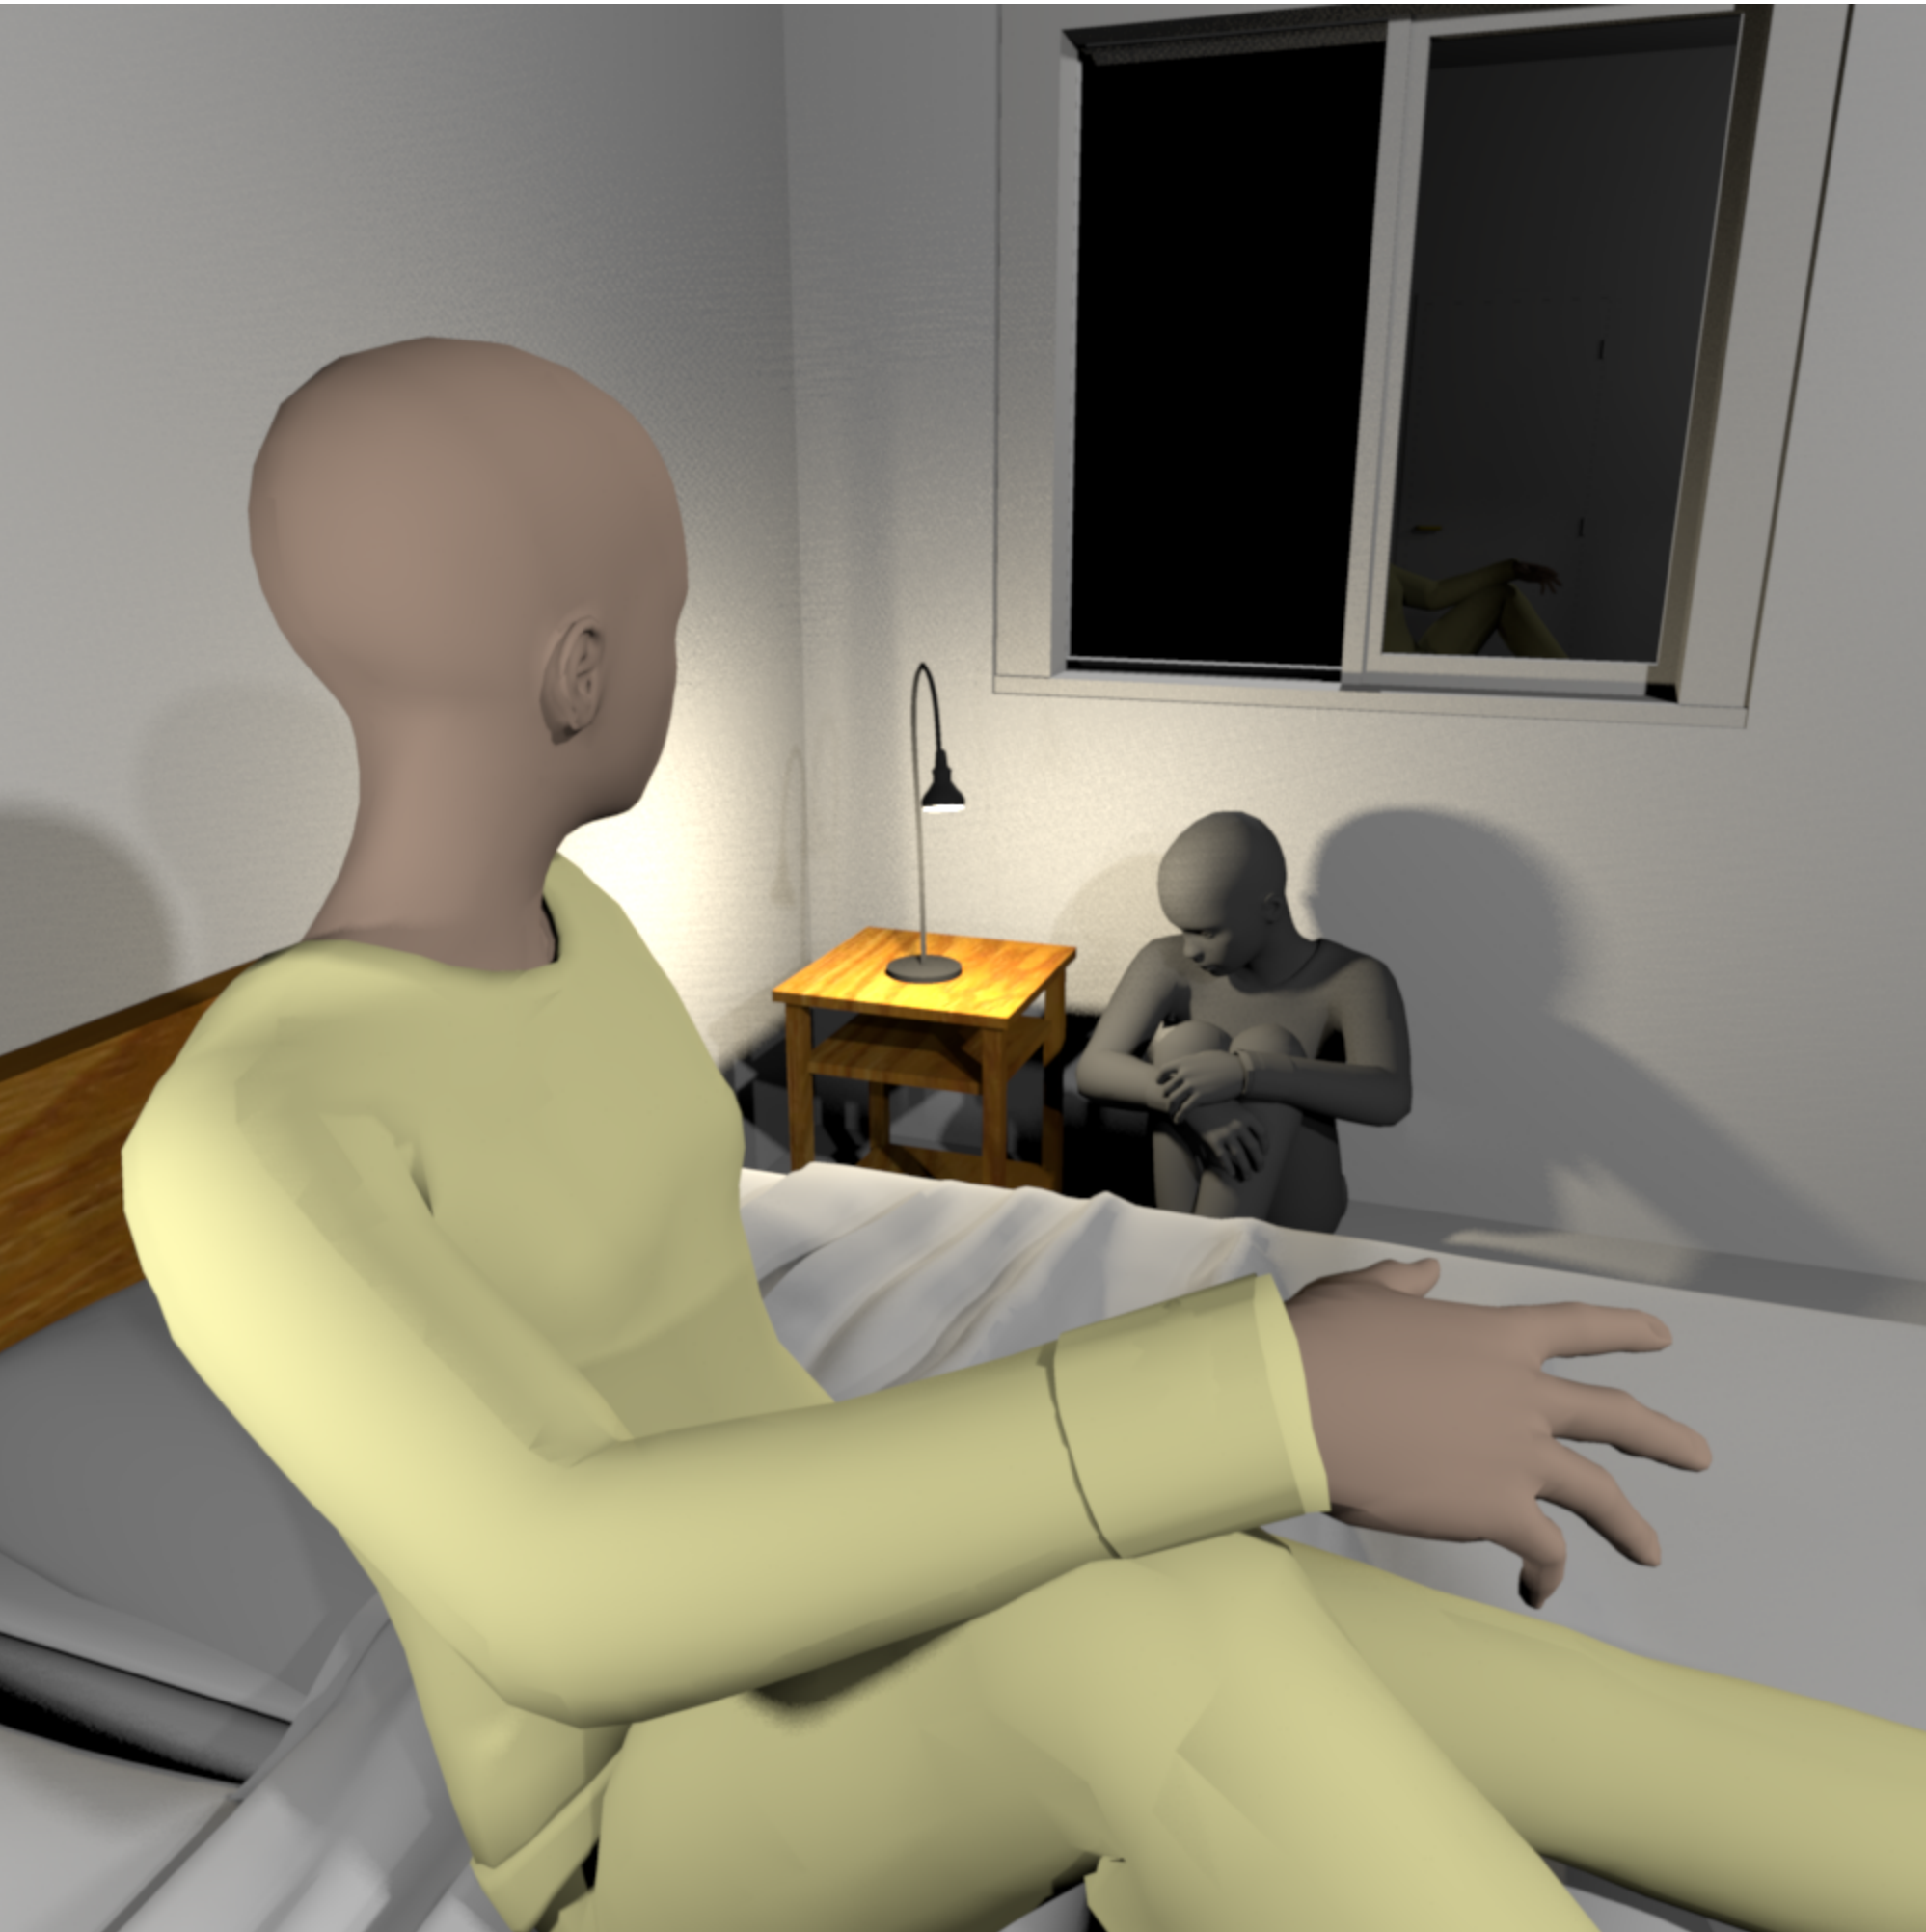

Oh! You're back!

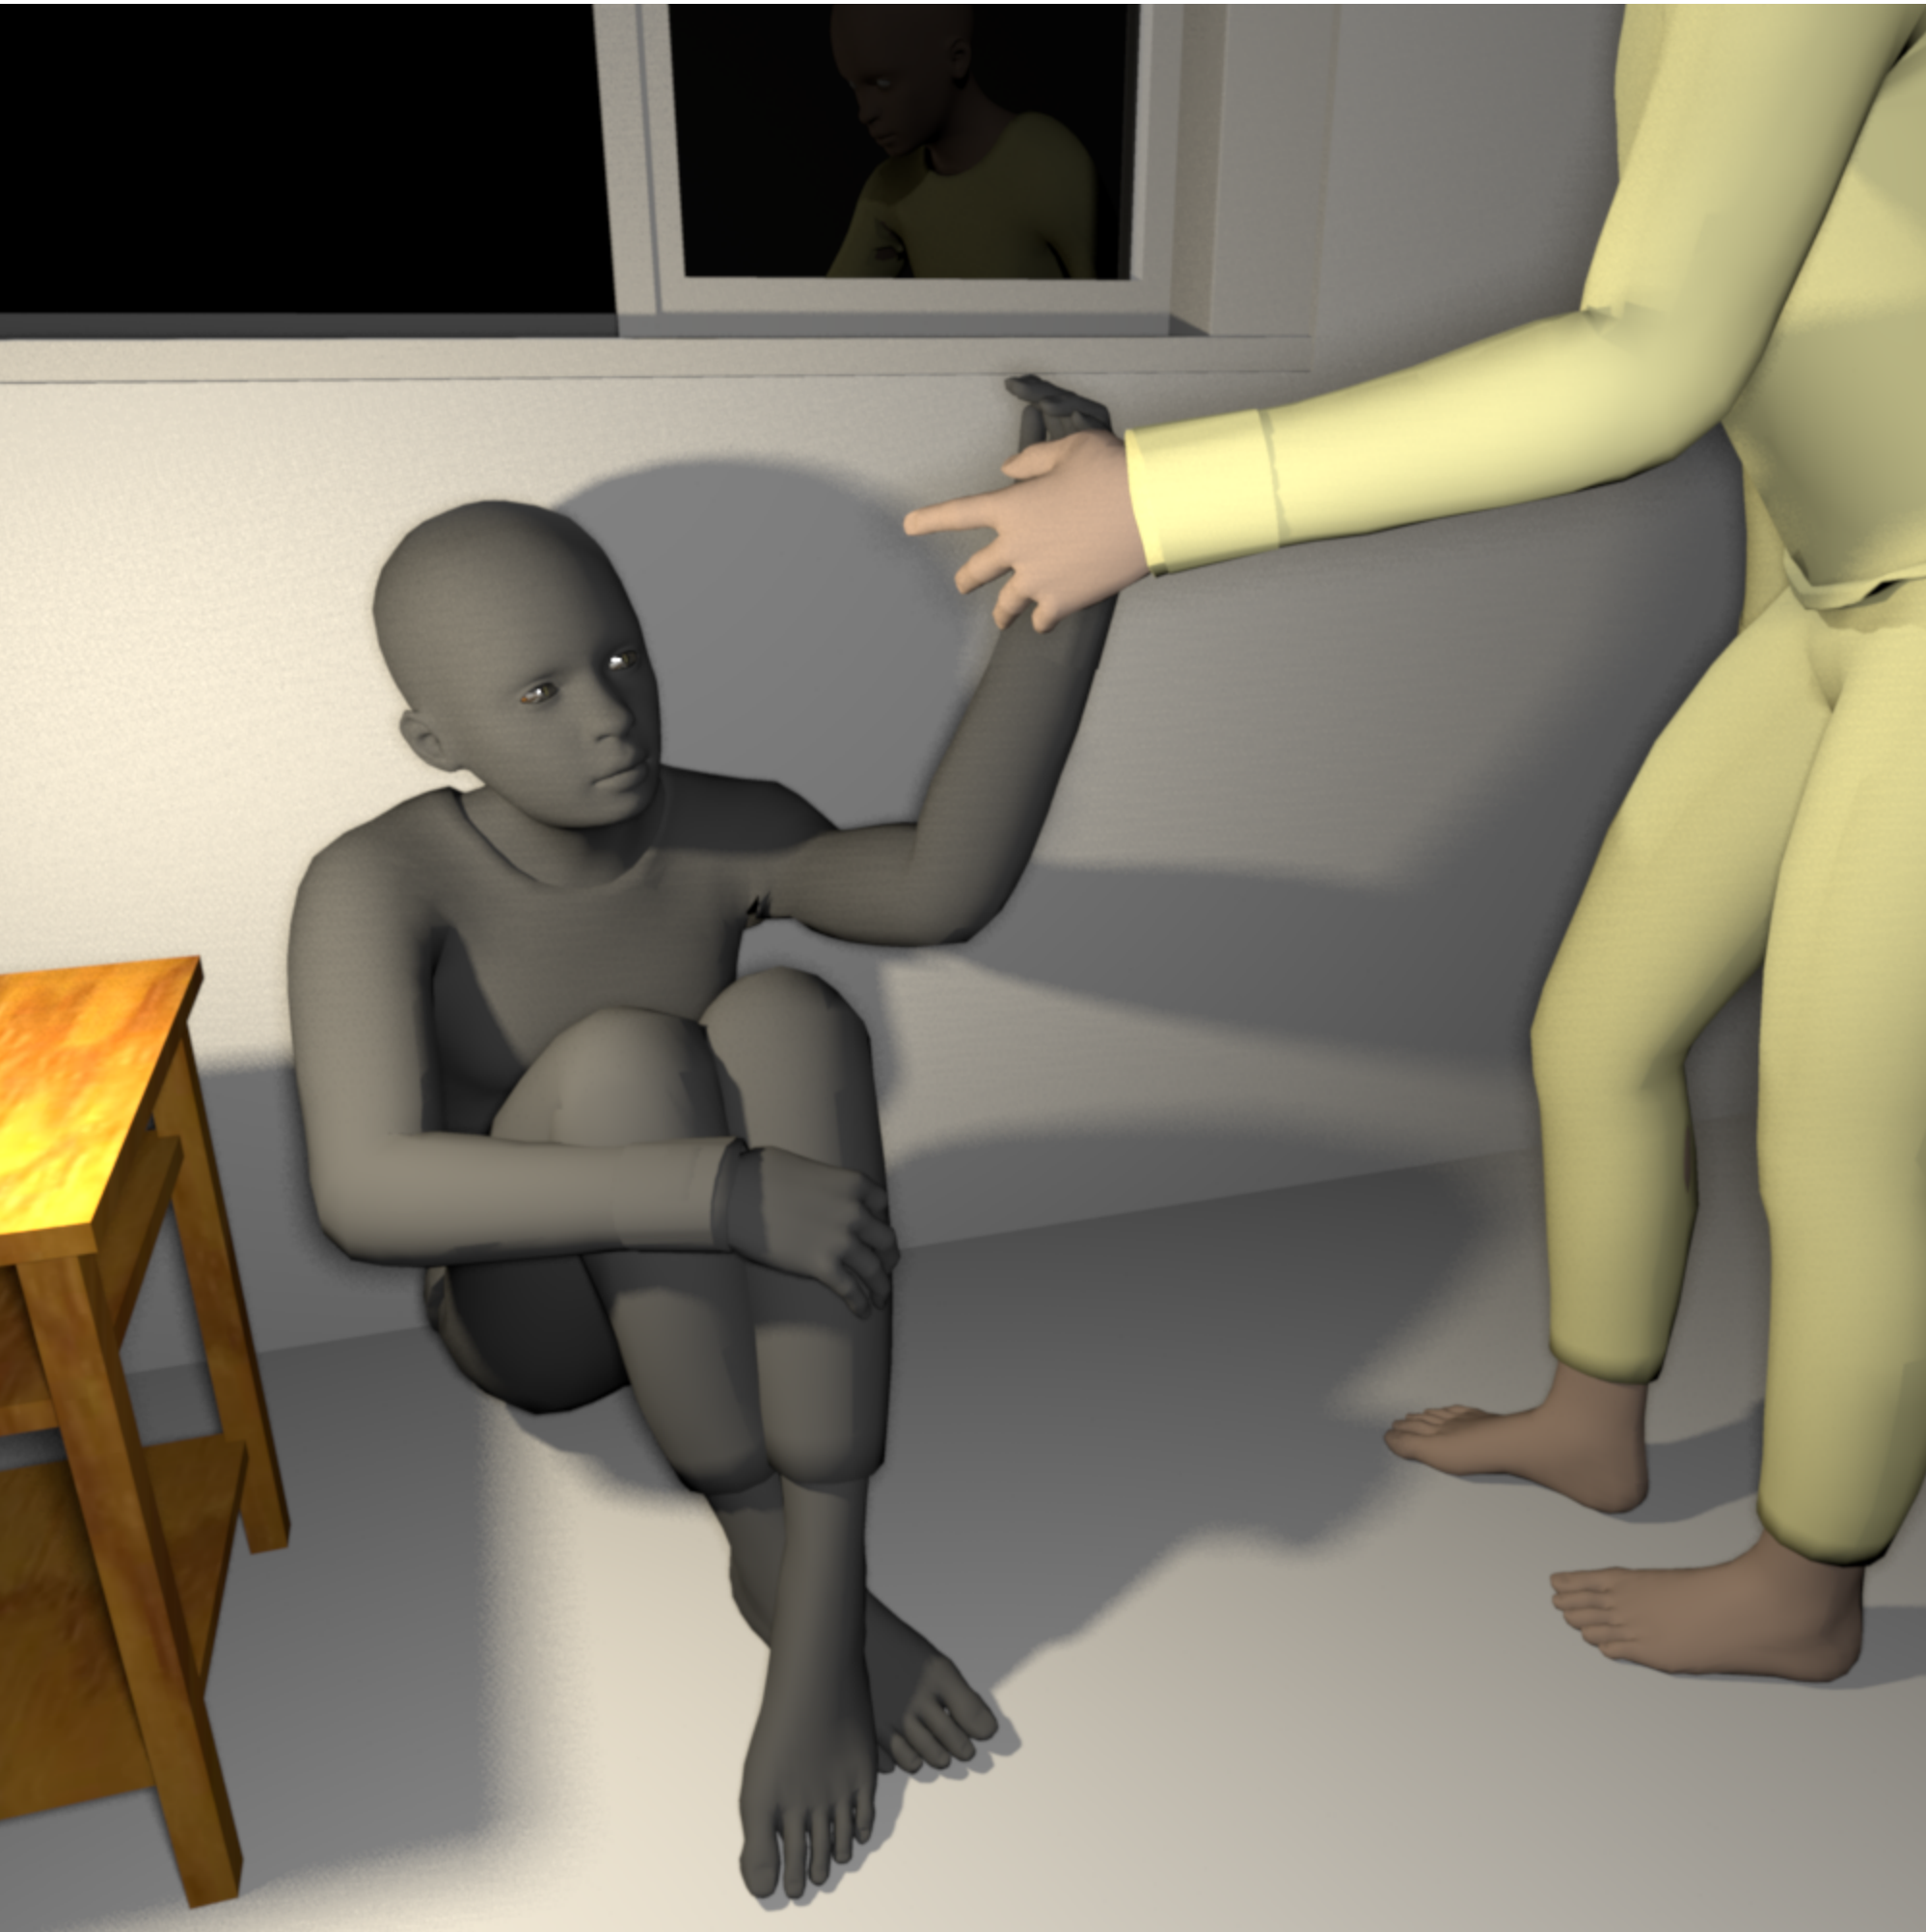

You're still grey
though...

Come with me,
I have an idea

A 3D rendered scene featuring a blue, bald humanoid figure with white eyes, sitting on a yellow chair. The figure is positioned in the lower-left foreground, looking towards the right. To the left of the figure is a tall, white, rectangular object with two drawers, resembling a refrigerator or a storage unit. The background is a plain, light gray wall. On the right side of the wall, there is a yellow horizontal handle or bar. A speech bubble originates from the right side of the figure, containing the text "So... how did you get back here?". The lighting is soft, casting a subtle shadow of the figure onto the wall behind it.

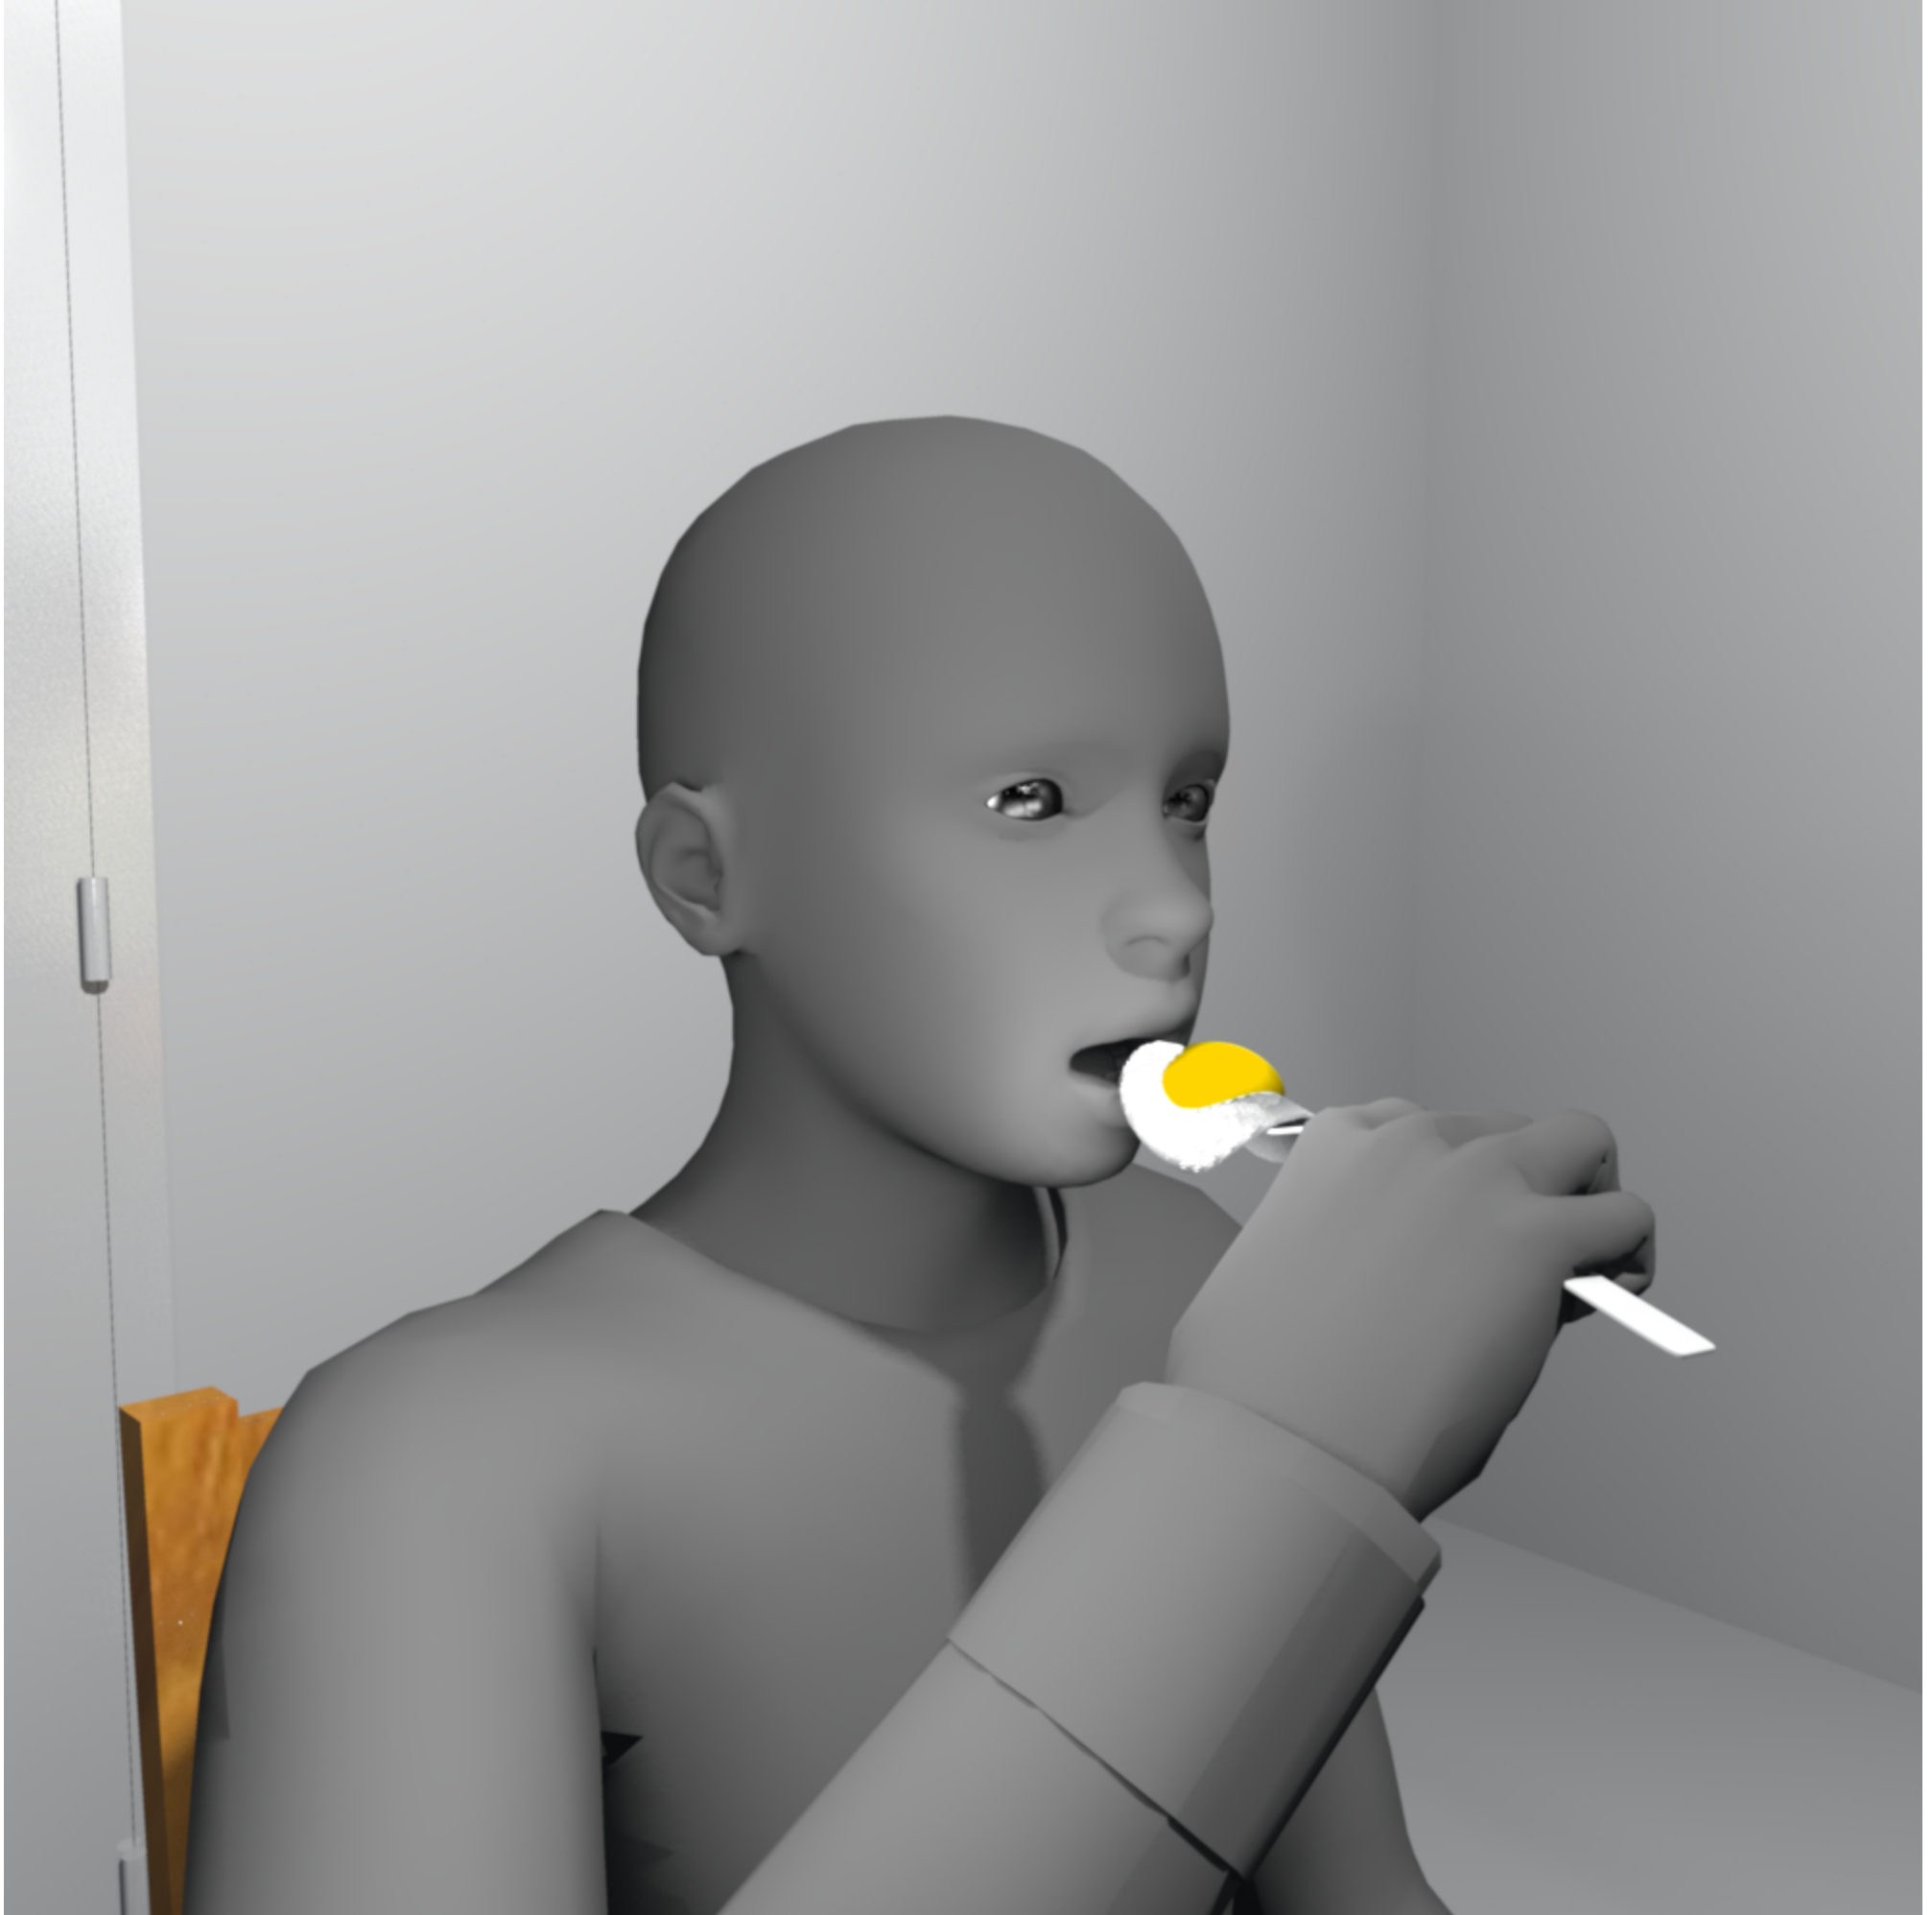

So... how did you get back here?

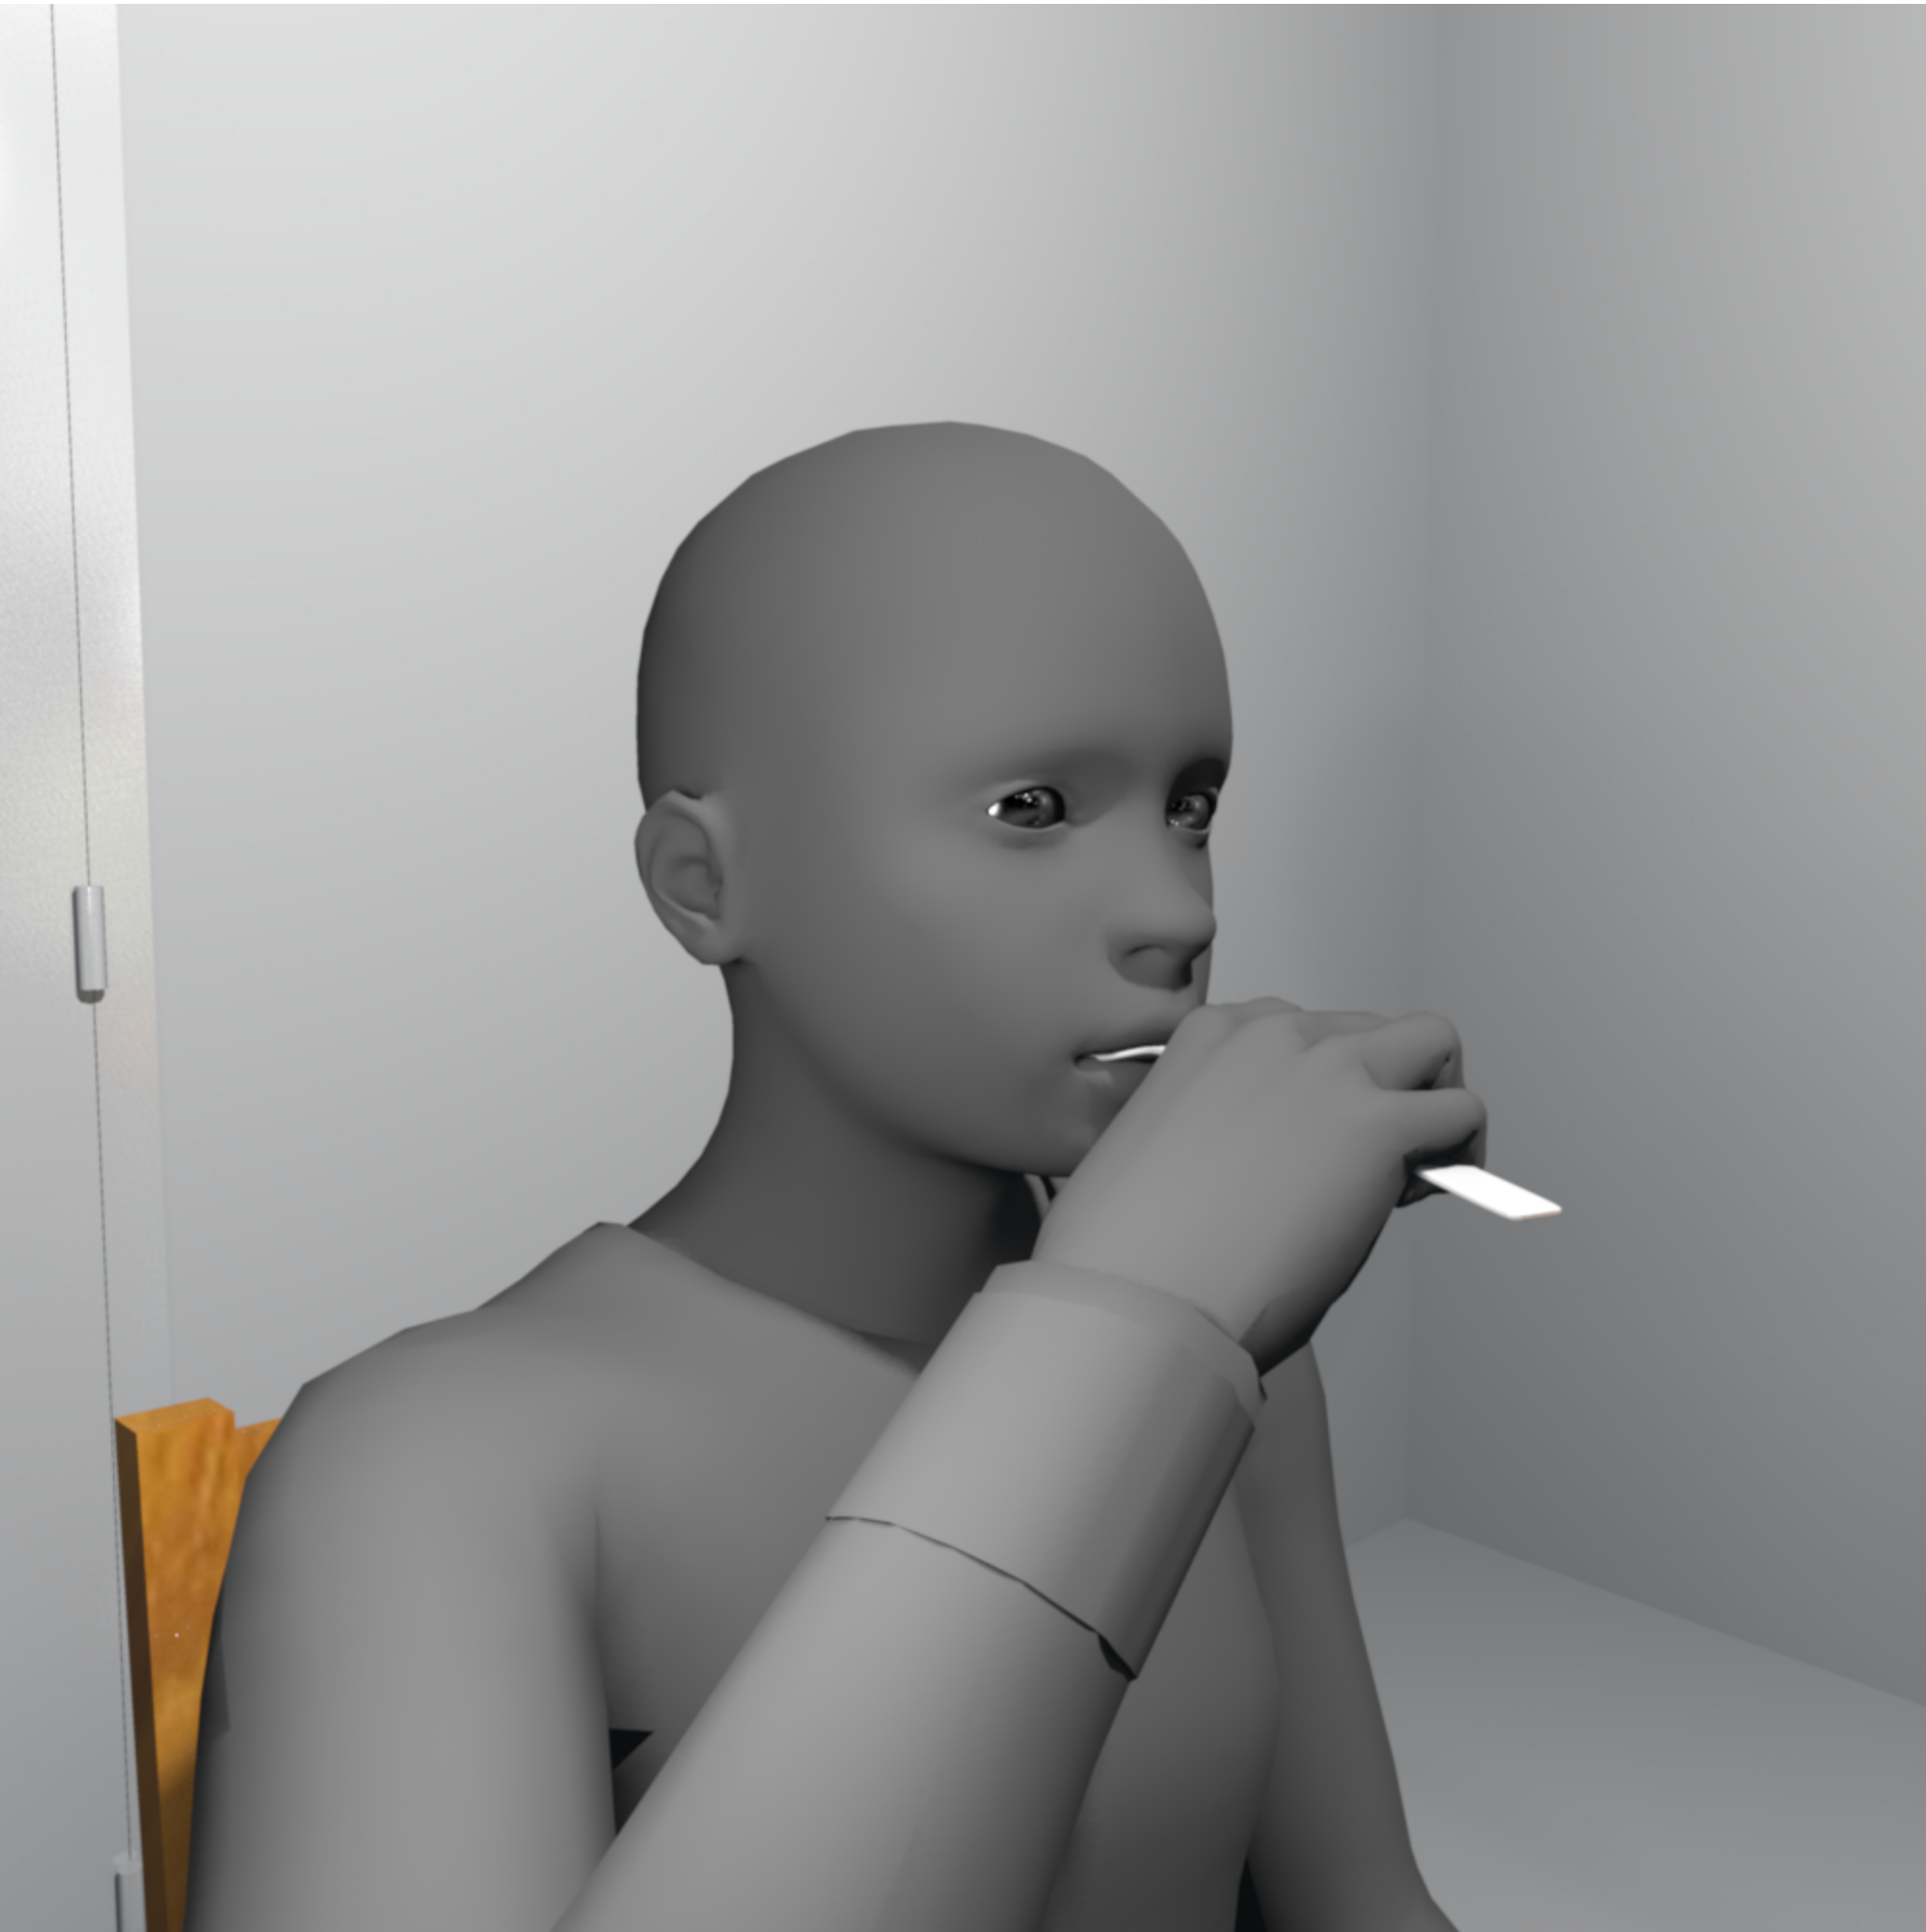

I think she'll be able to speak again
when she gets her color back

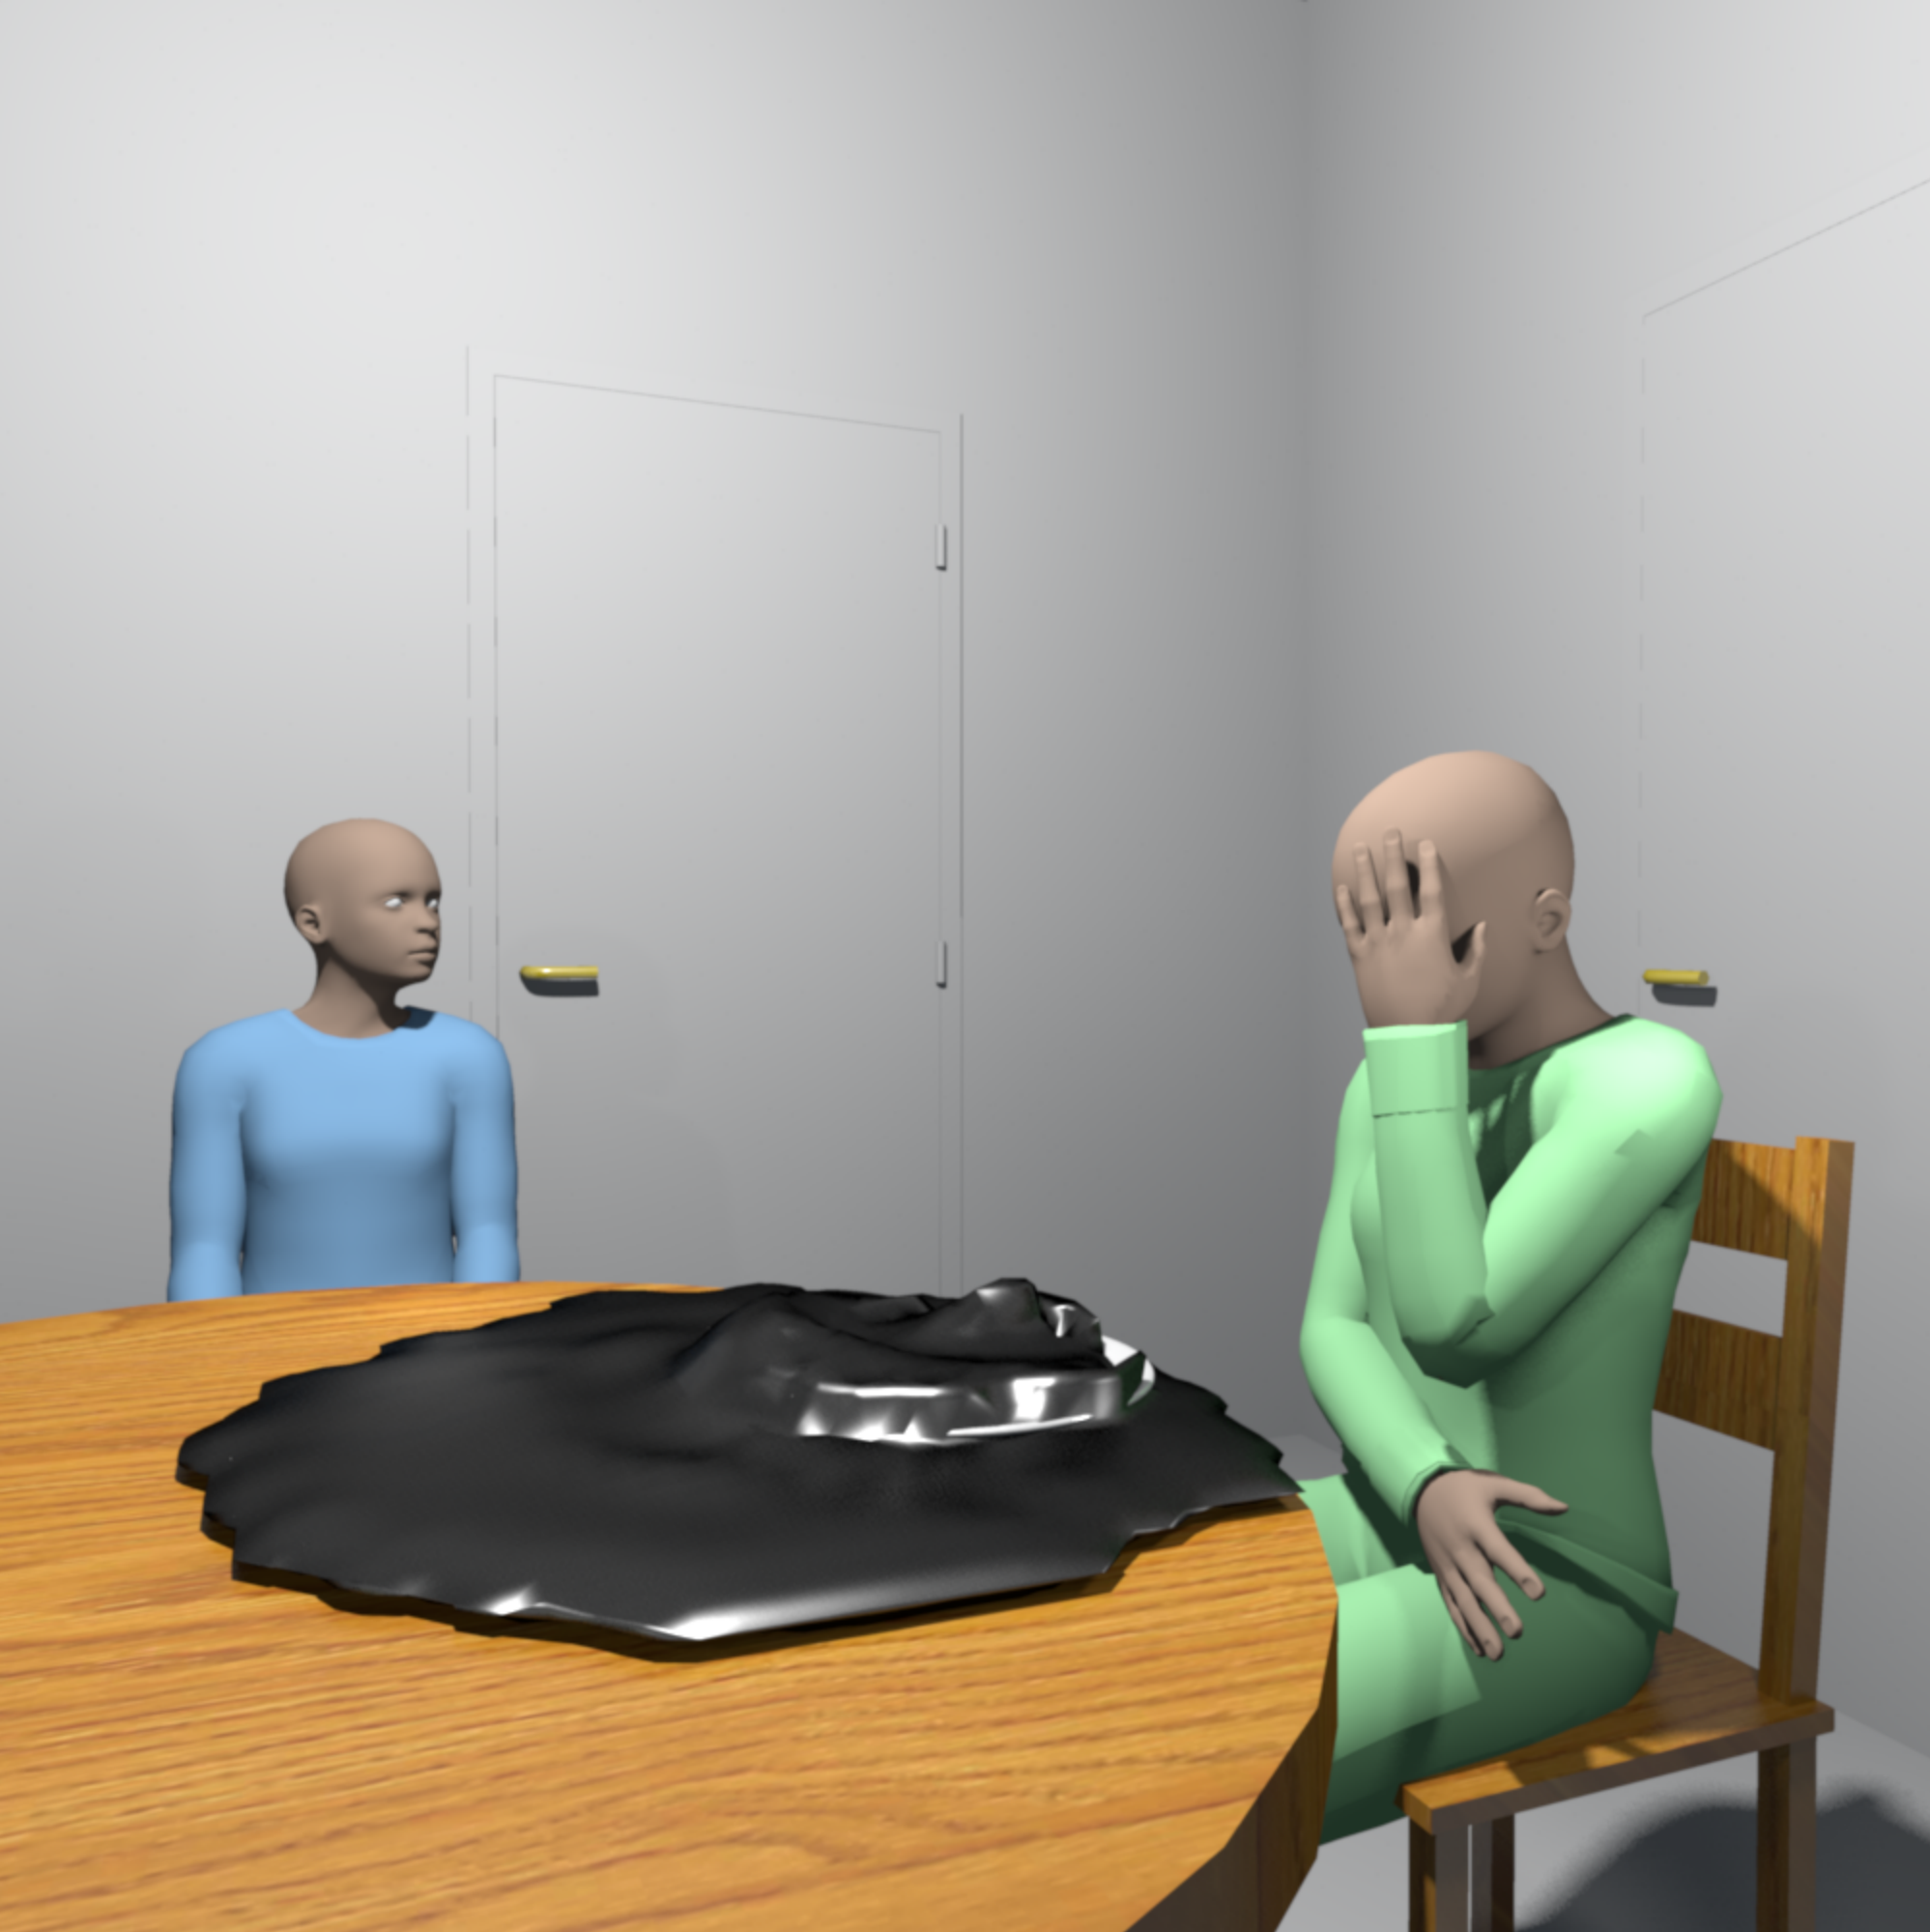

Green? You changed color?

I don't know who you think I am

But I've never met you before

PART 4

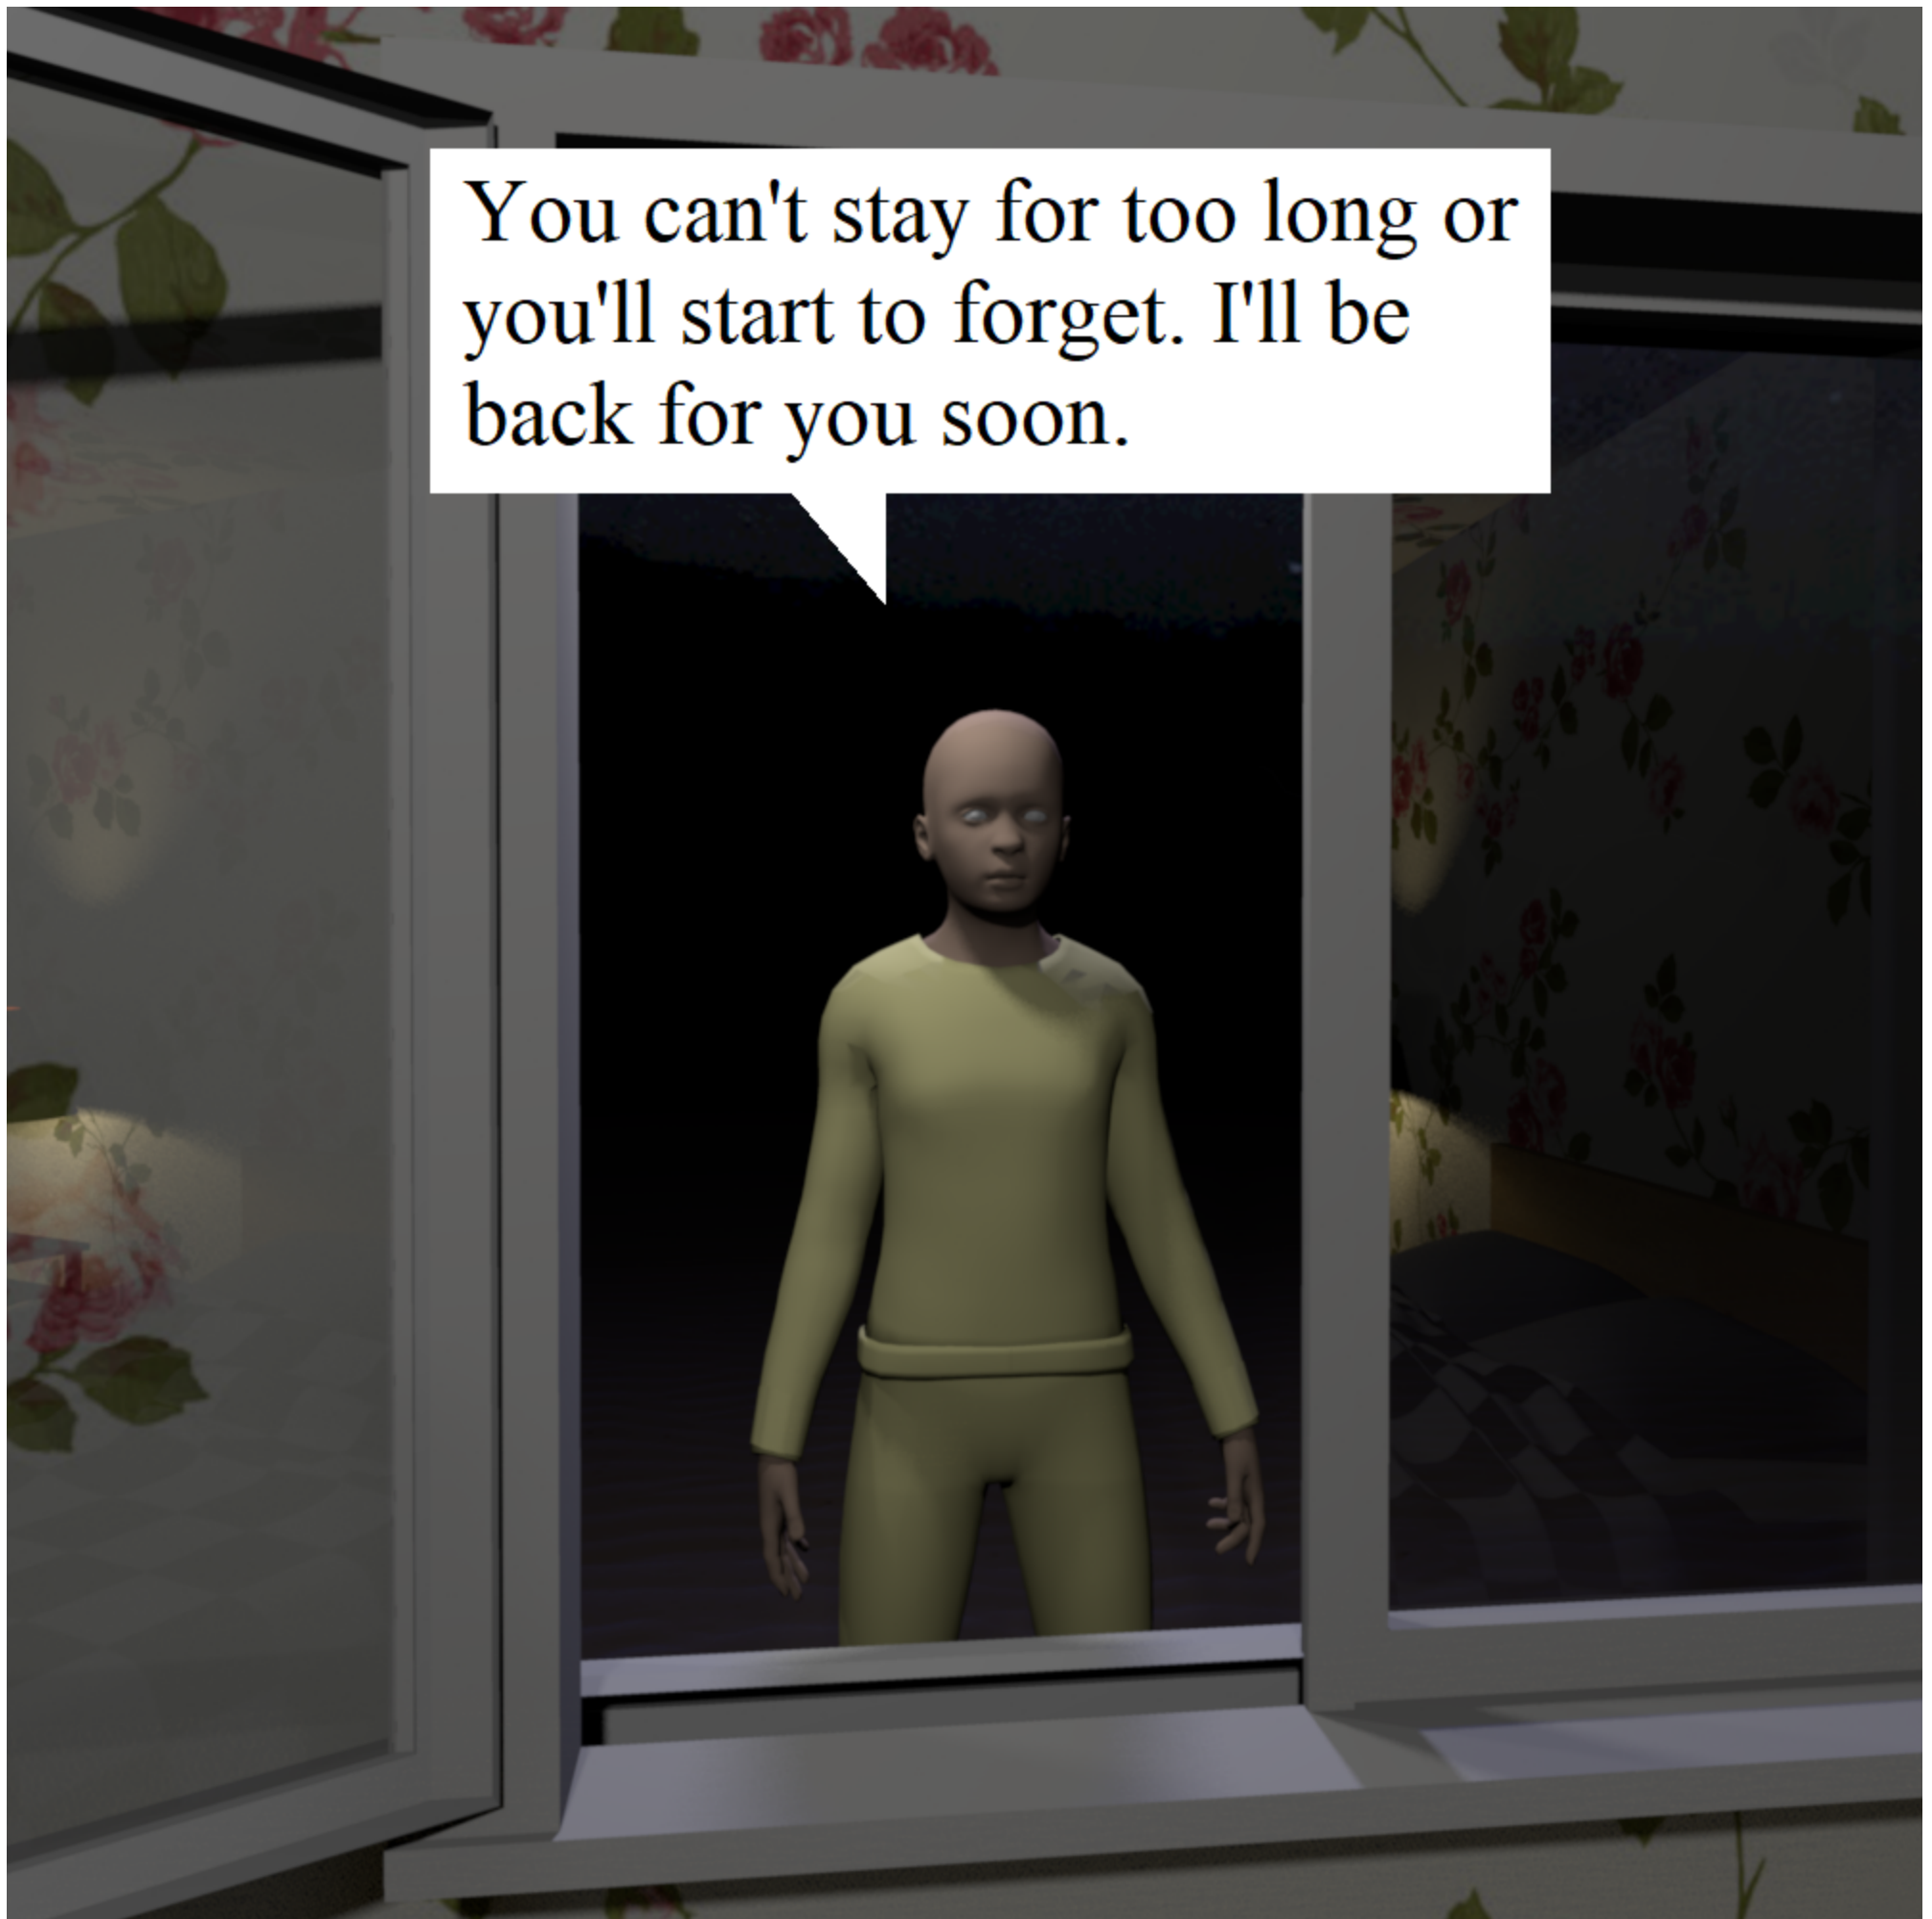

You can't stay for too long or
you'll start to forget. I'll be
back for you soon.

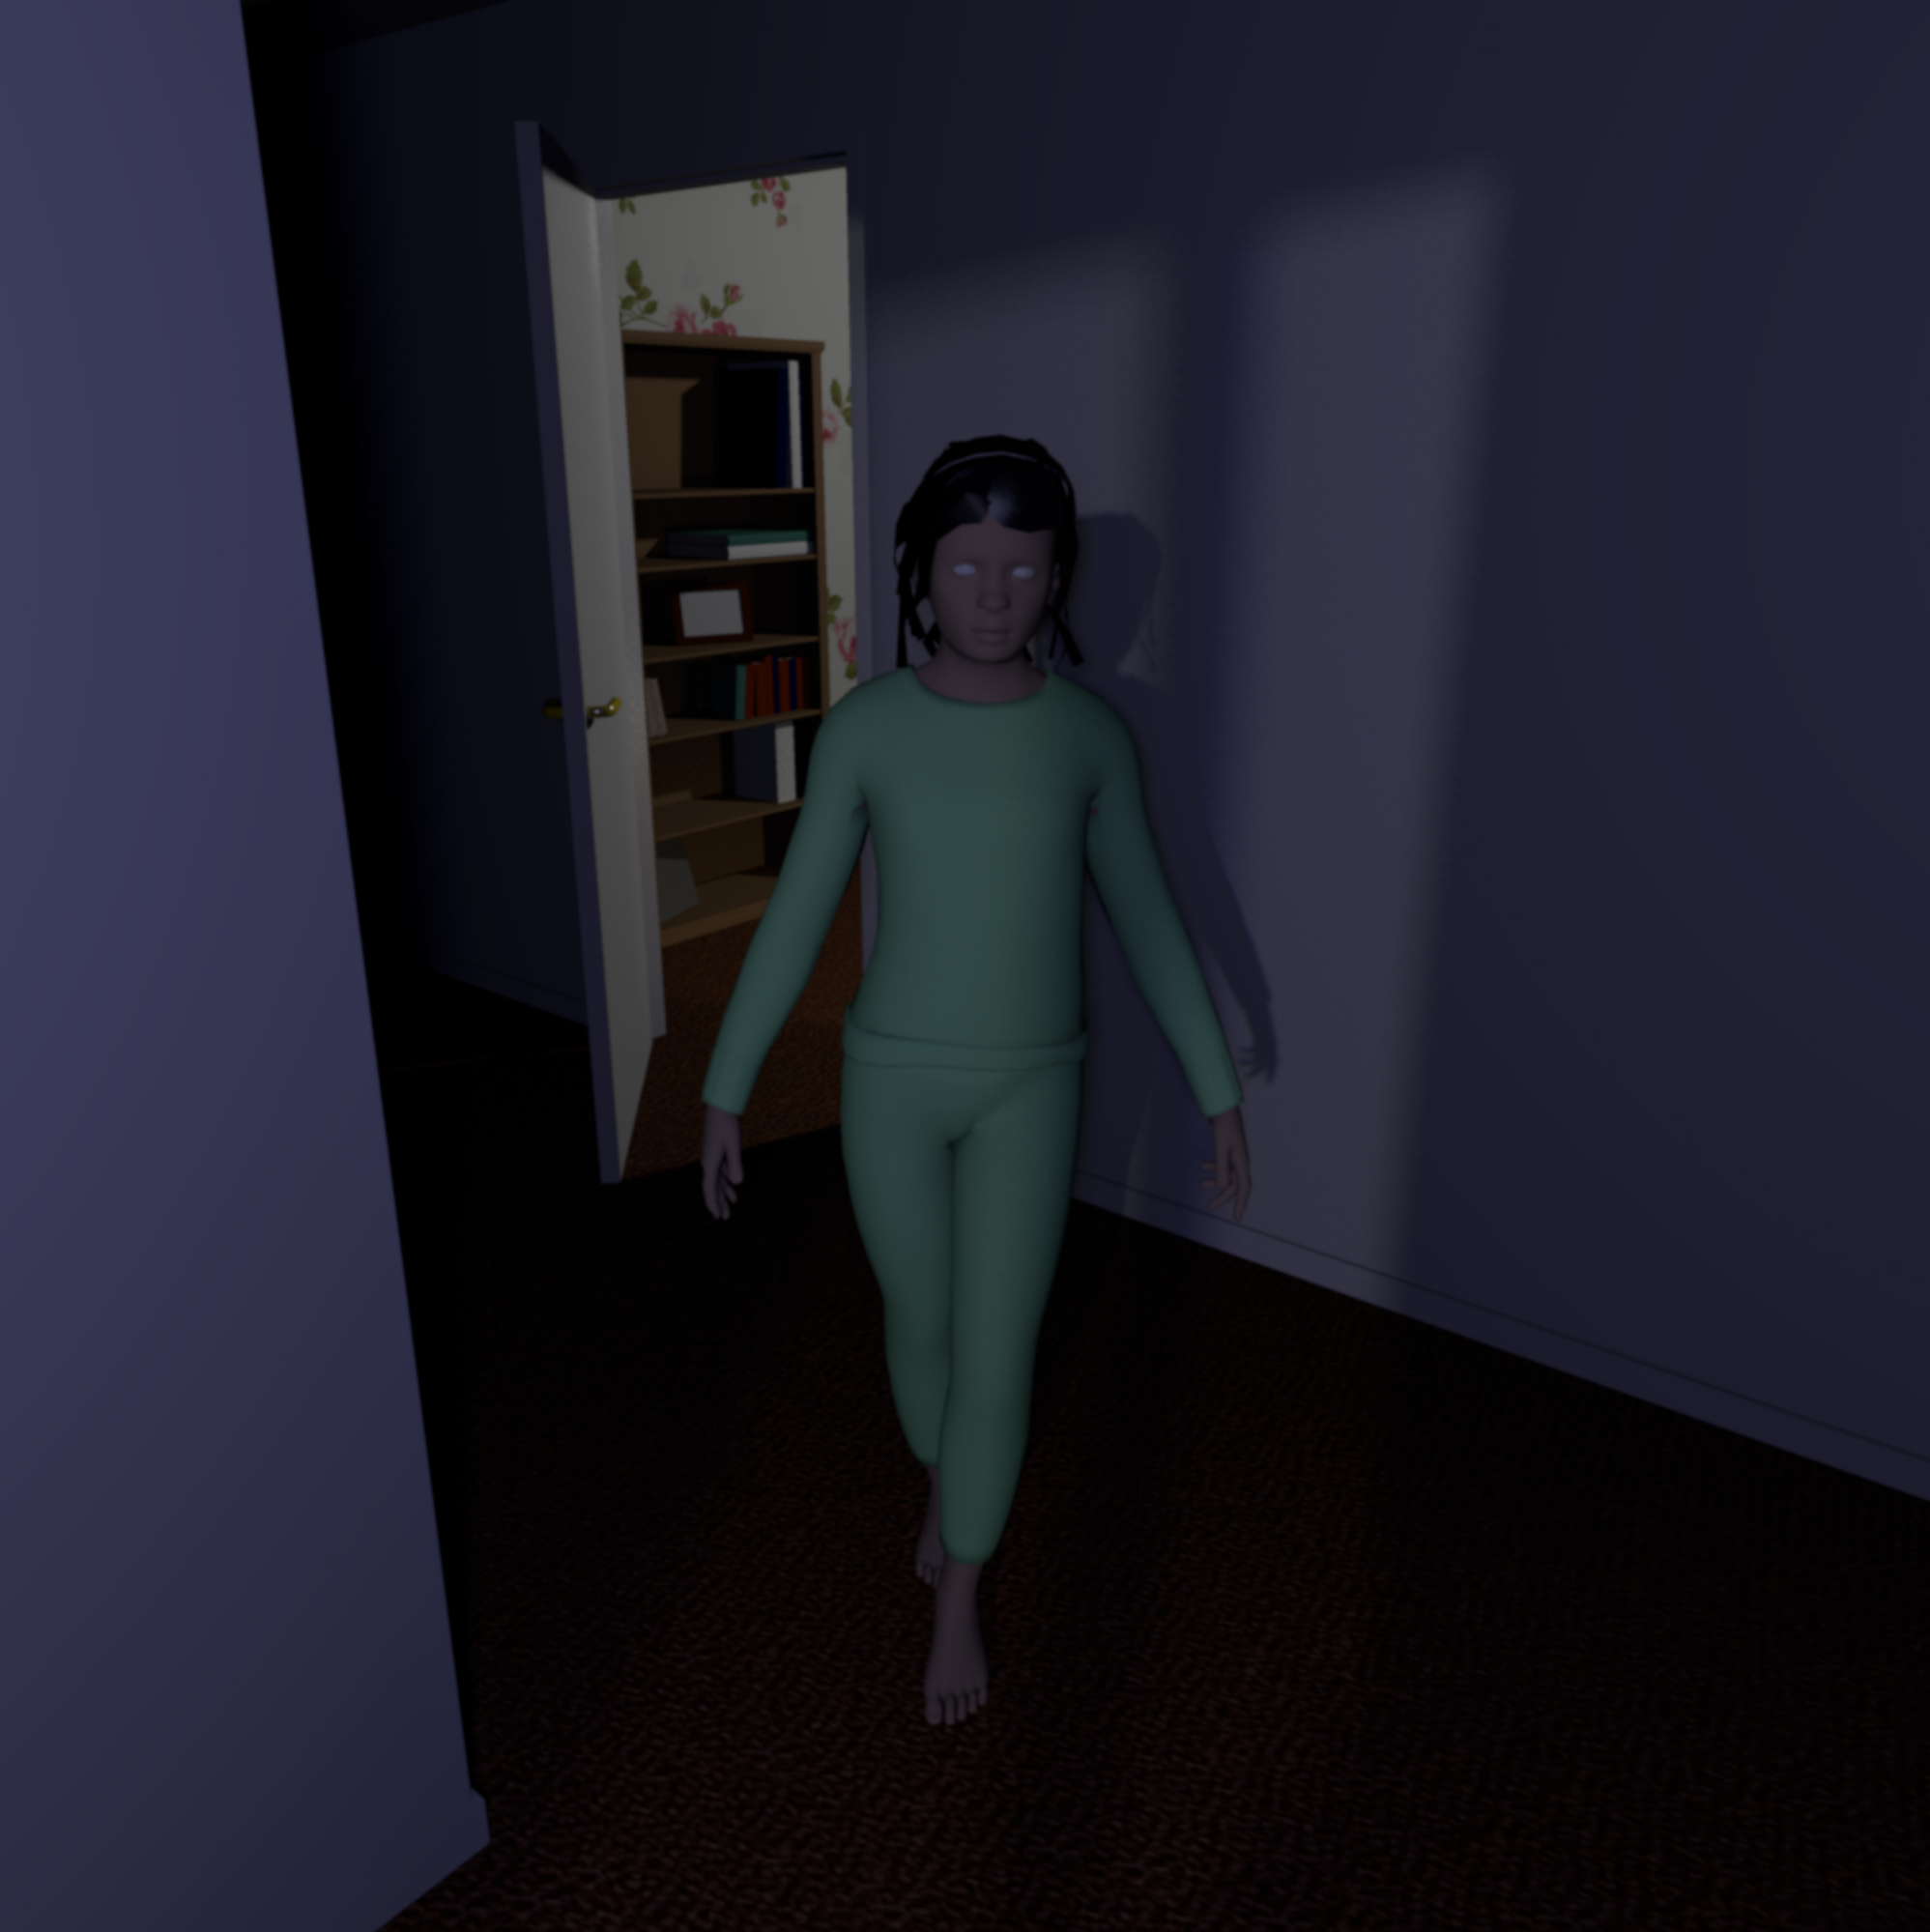

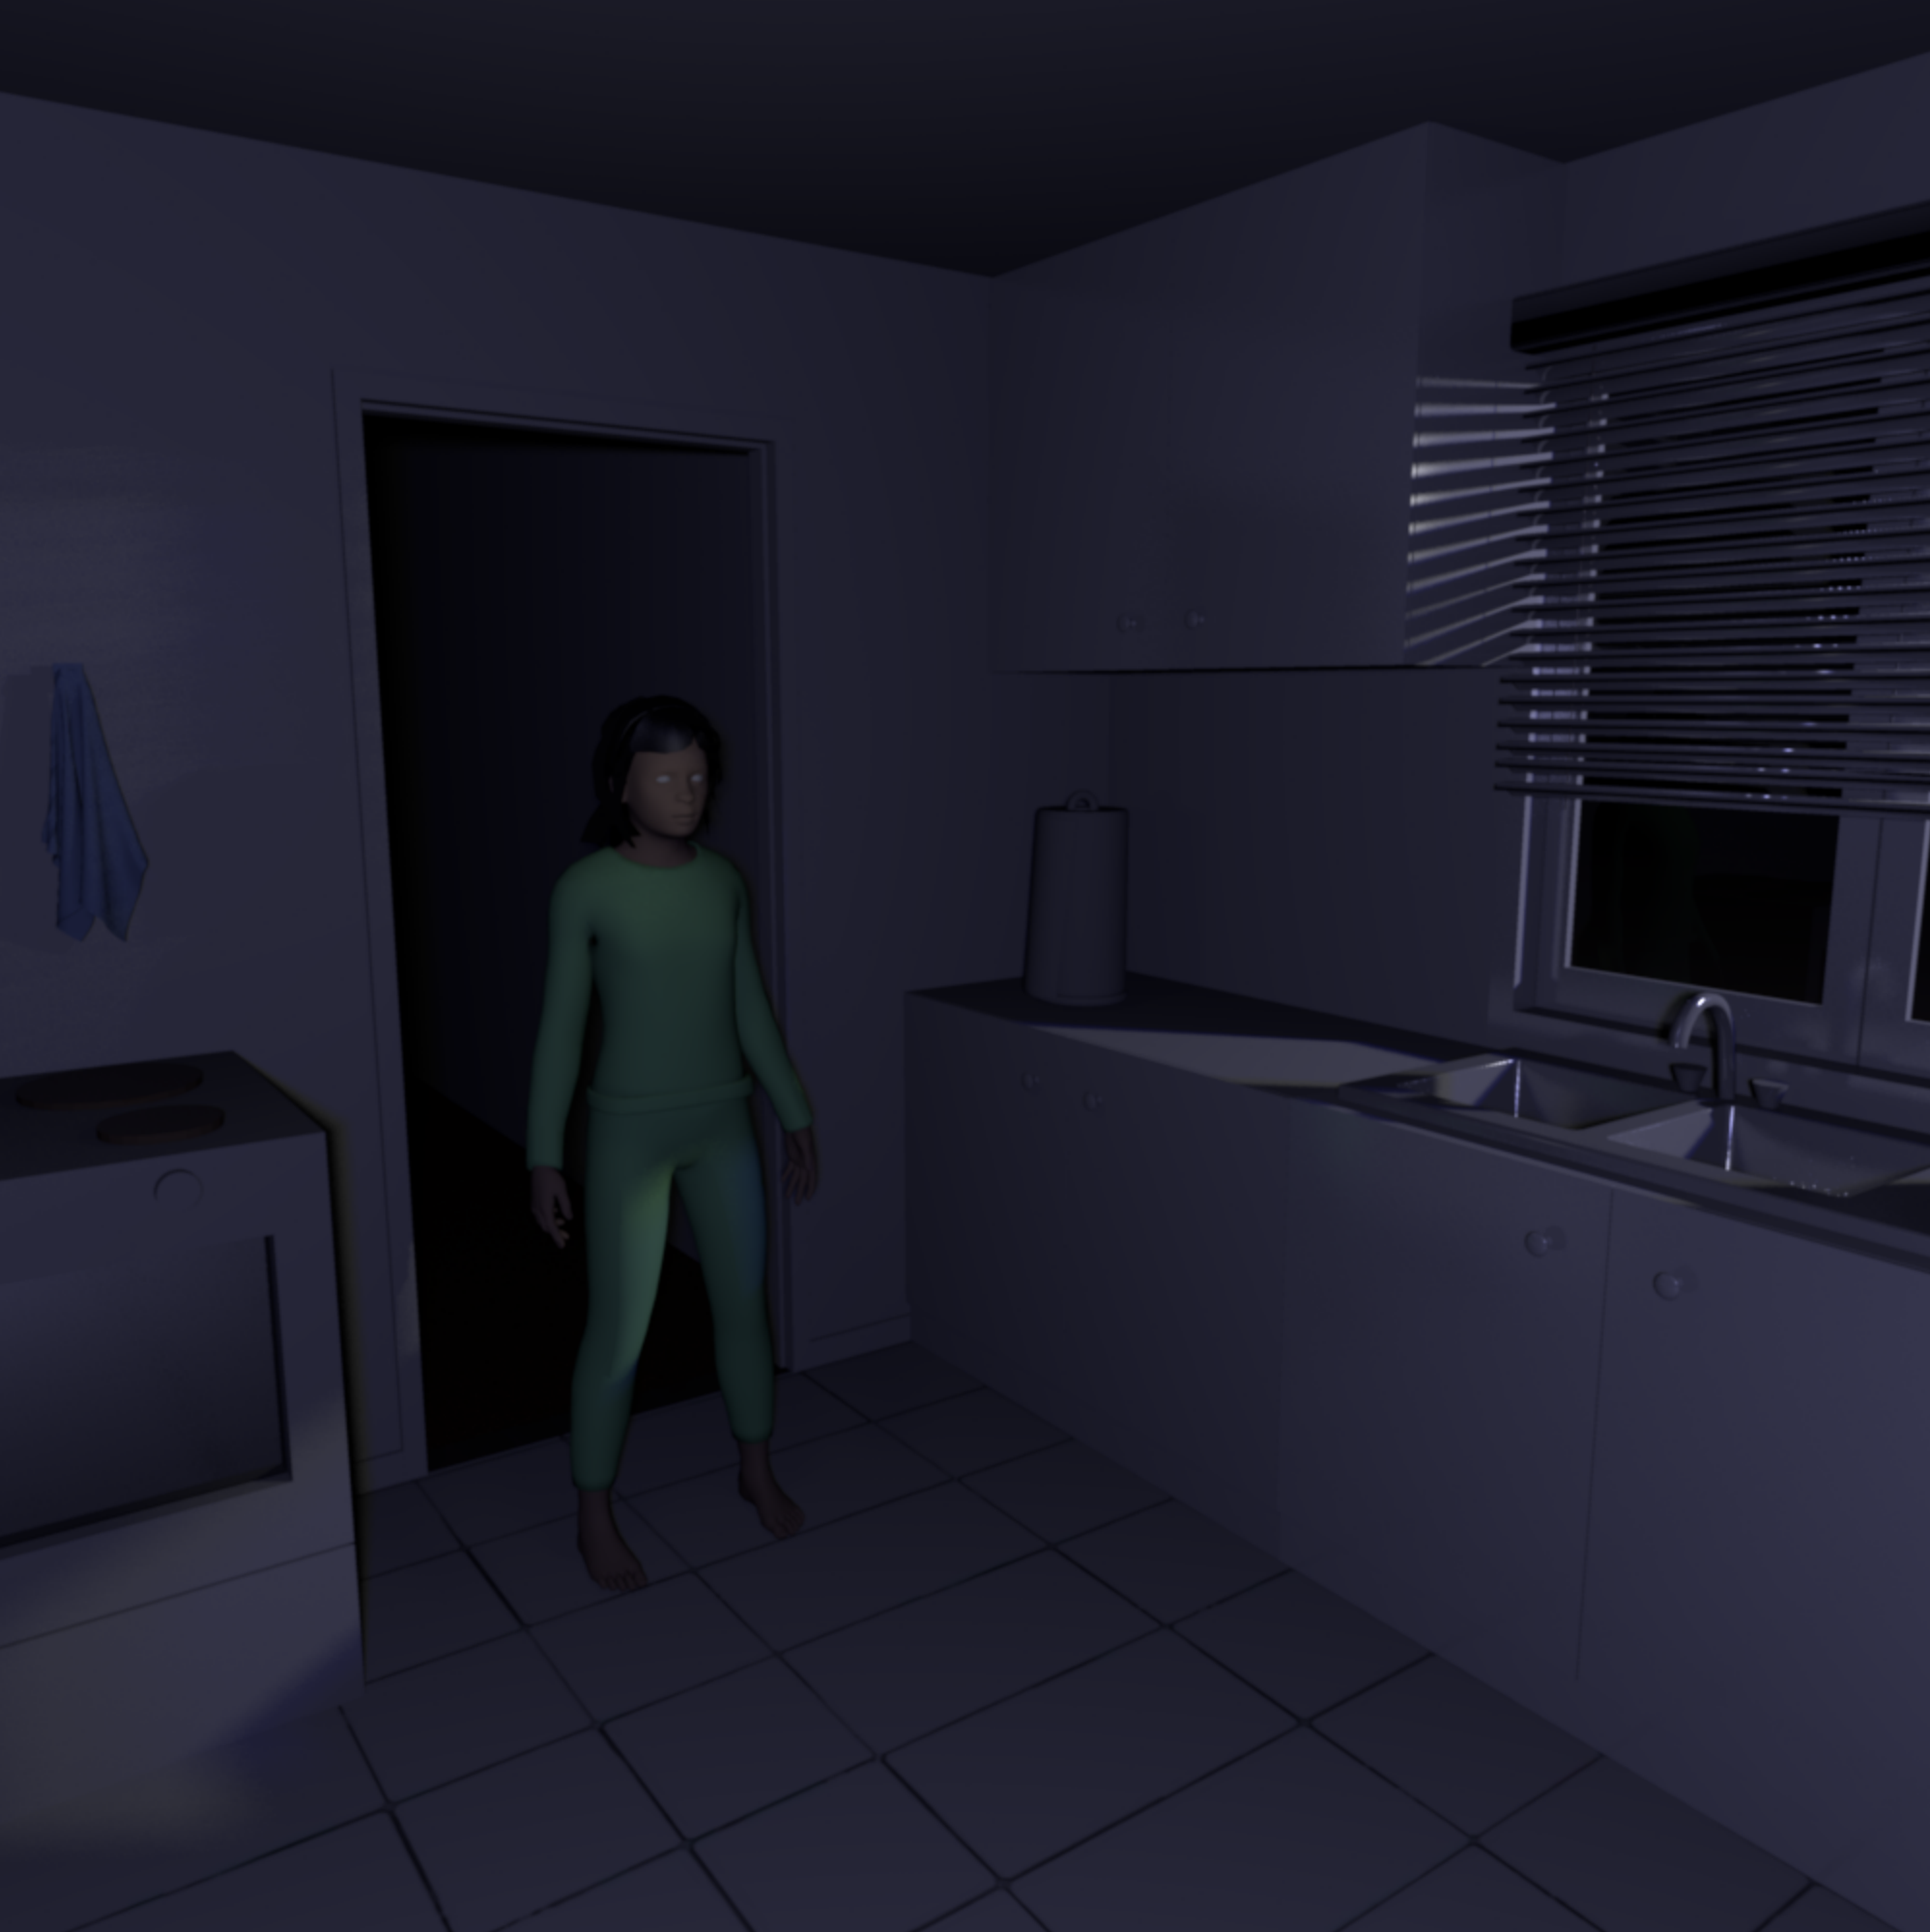

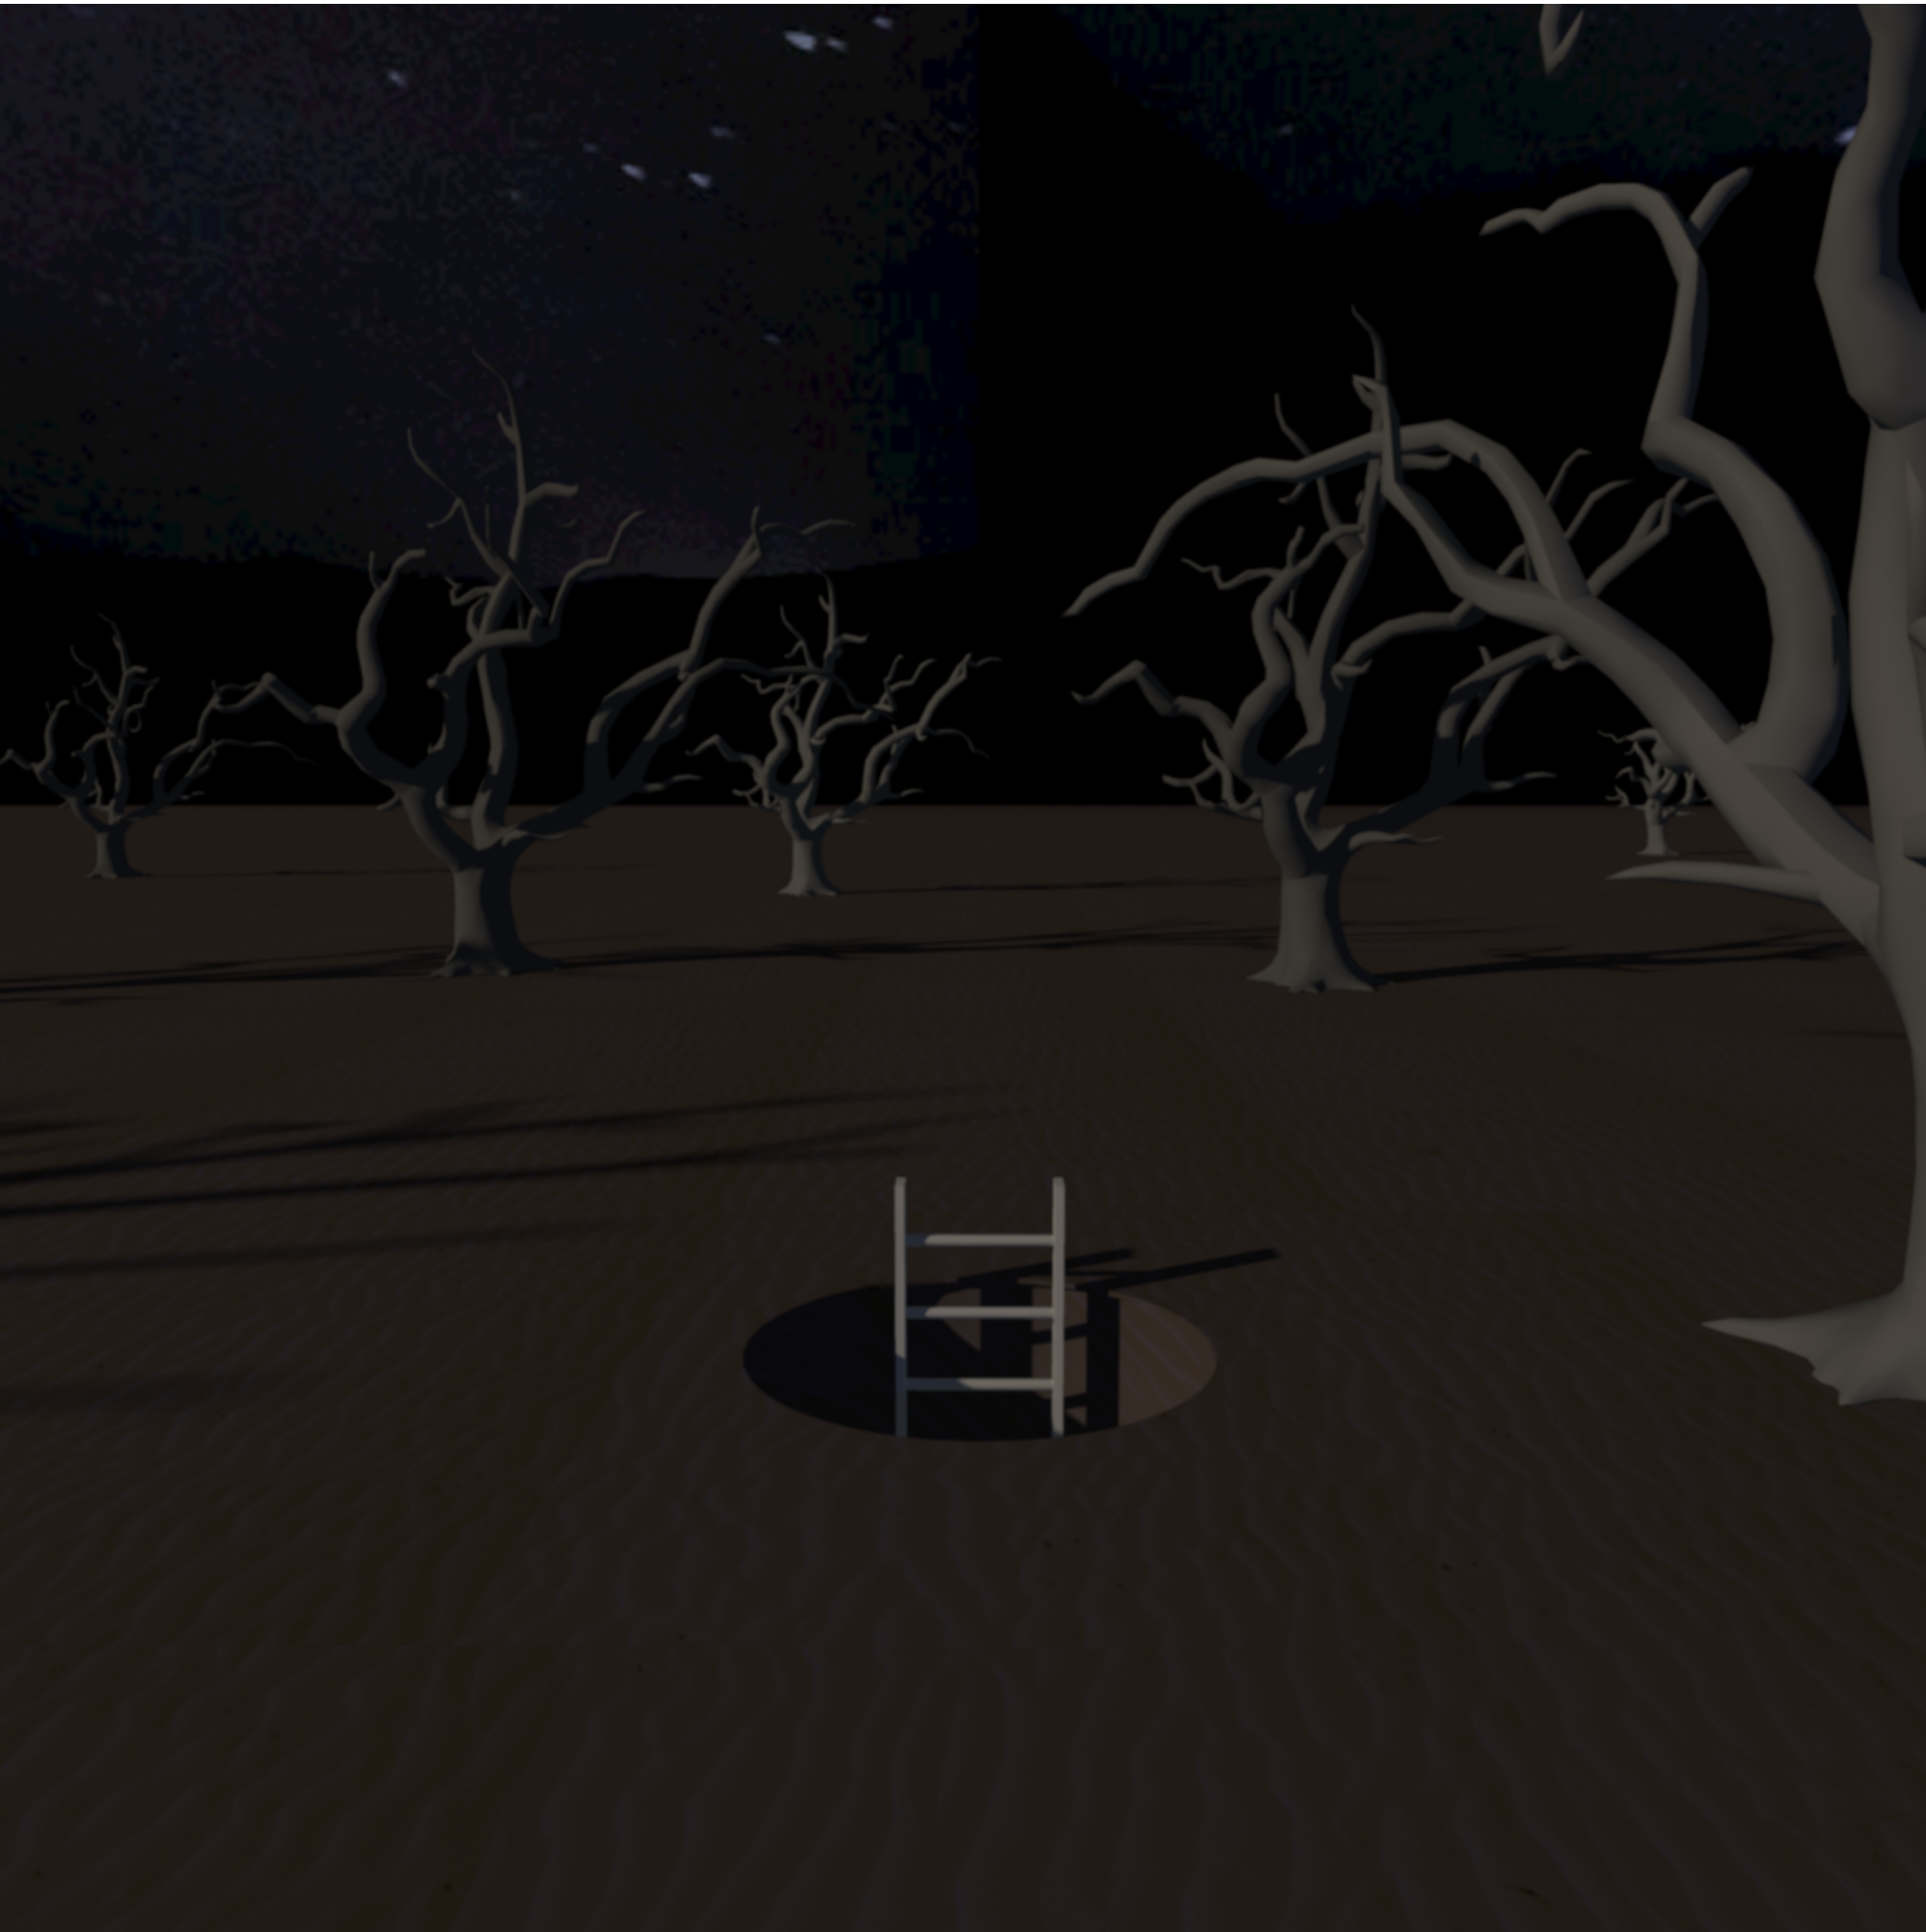

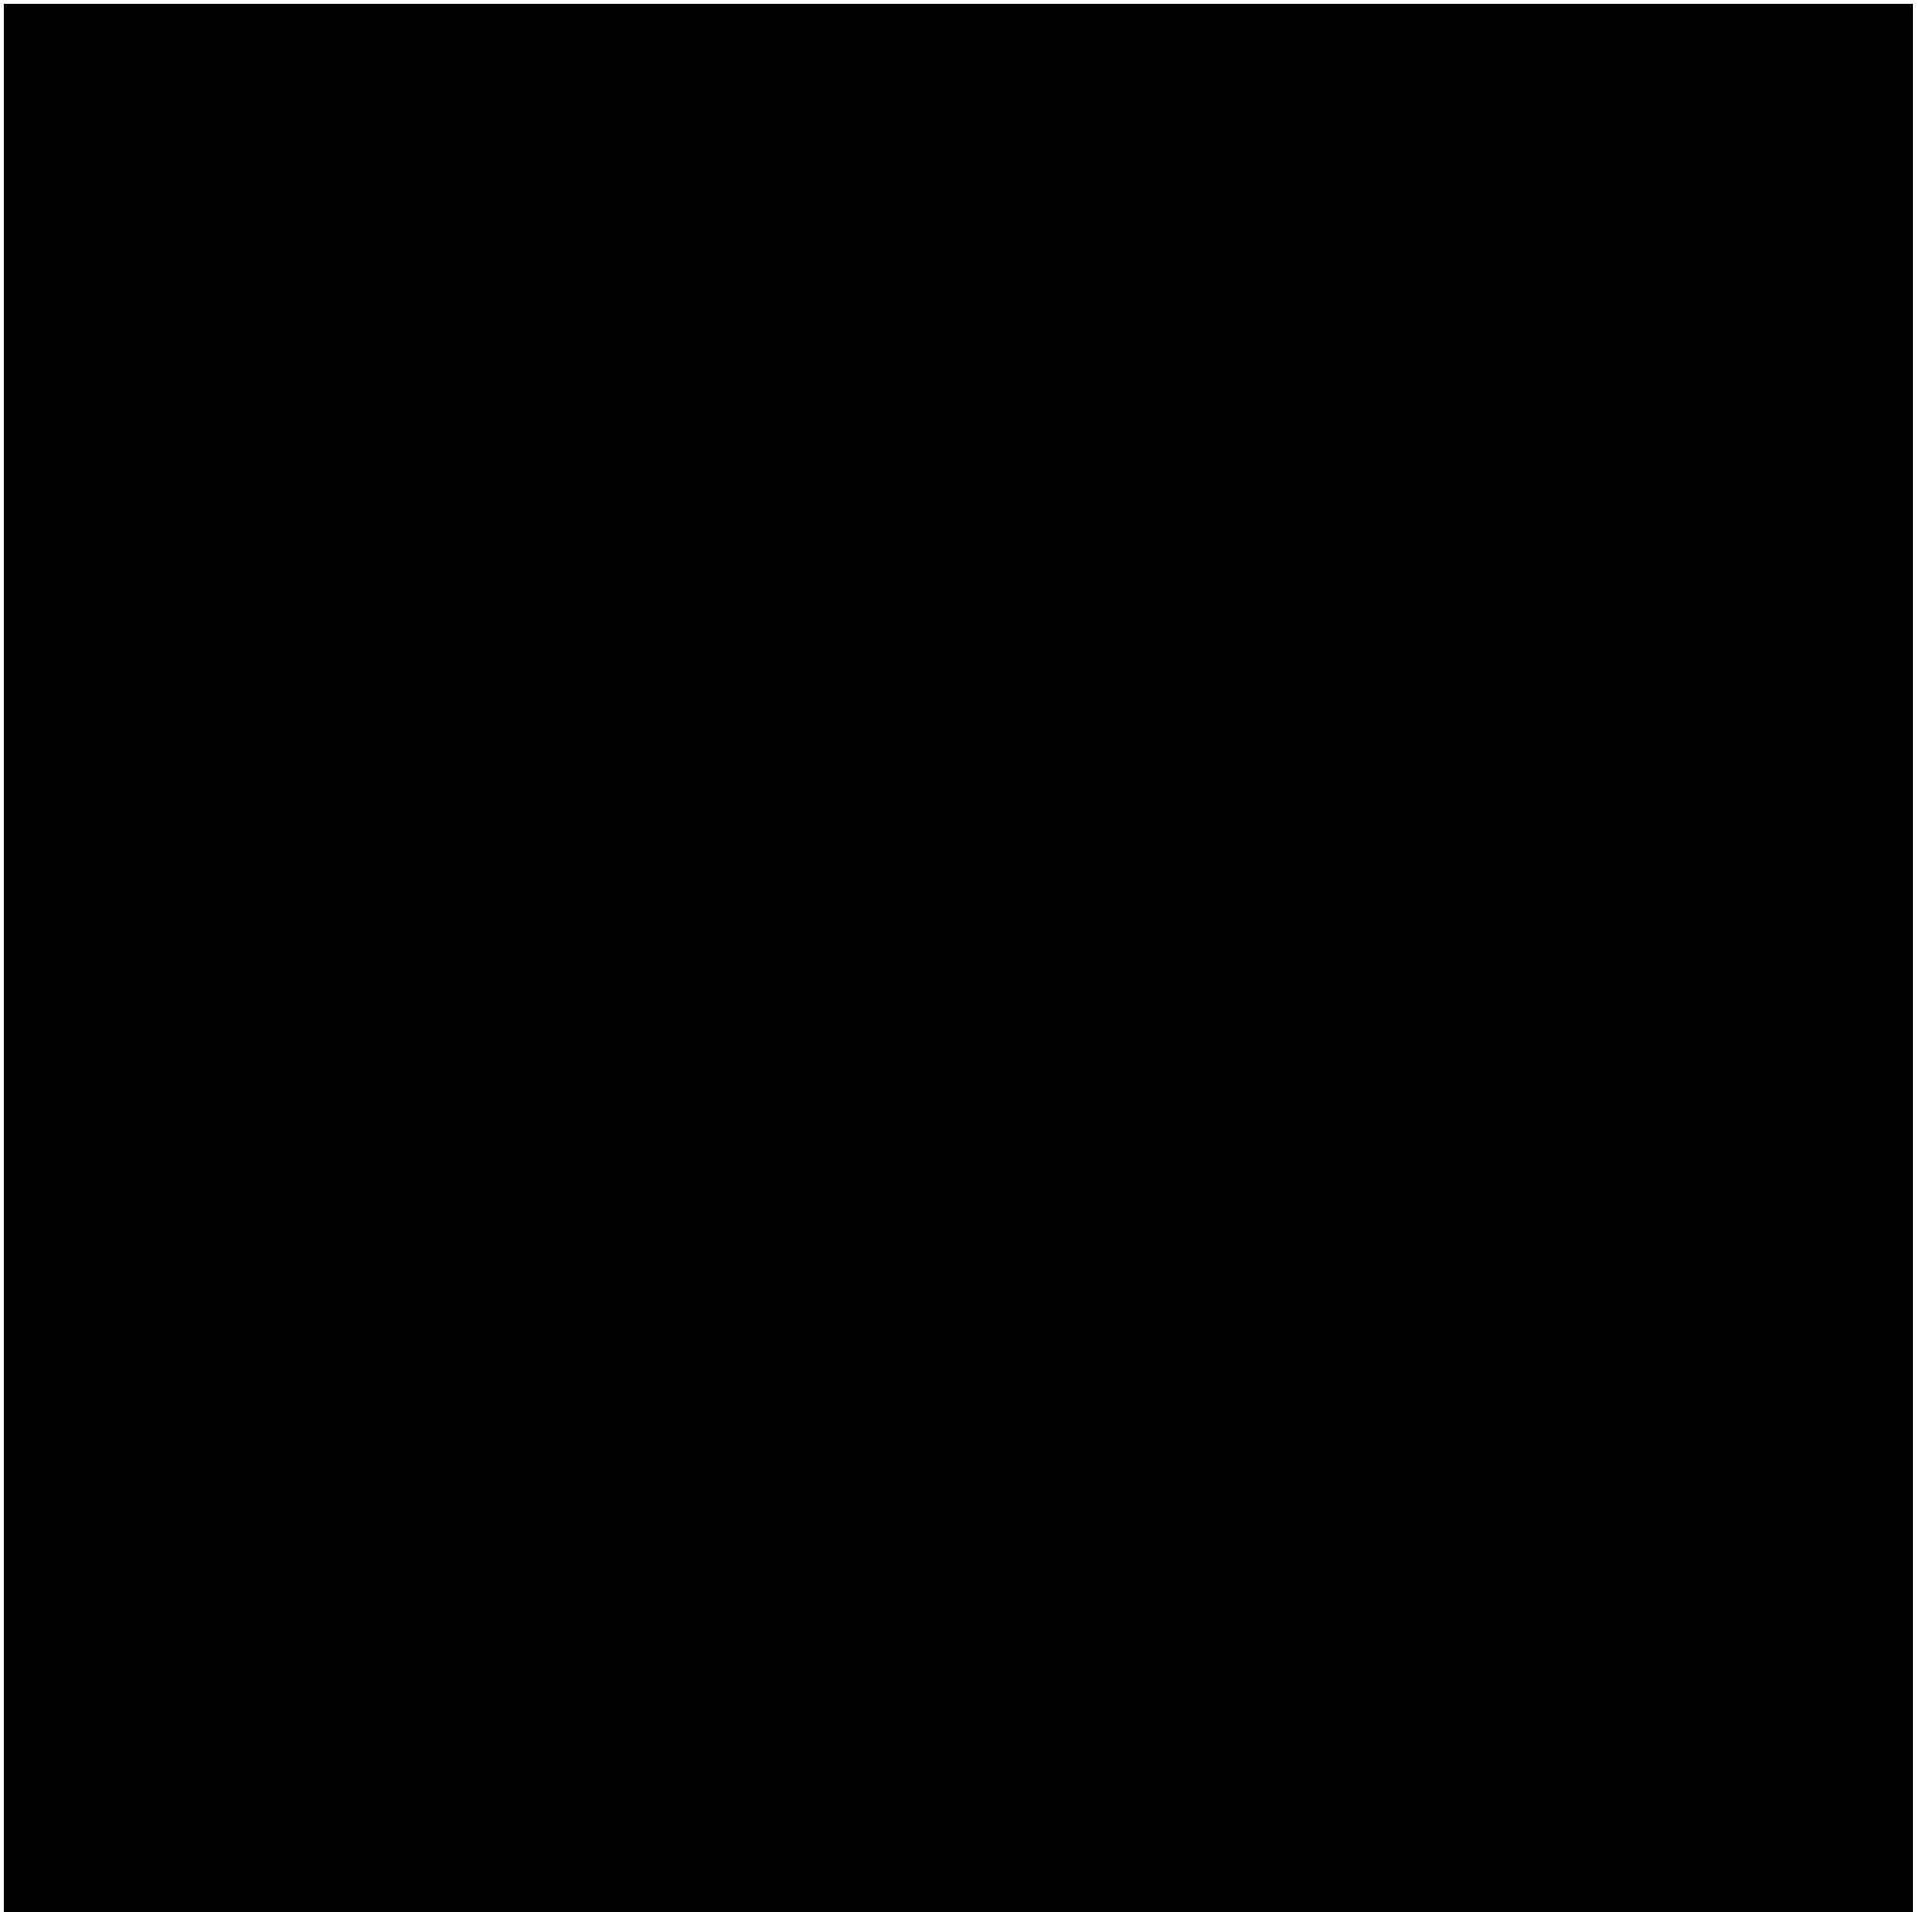

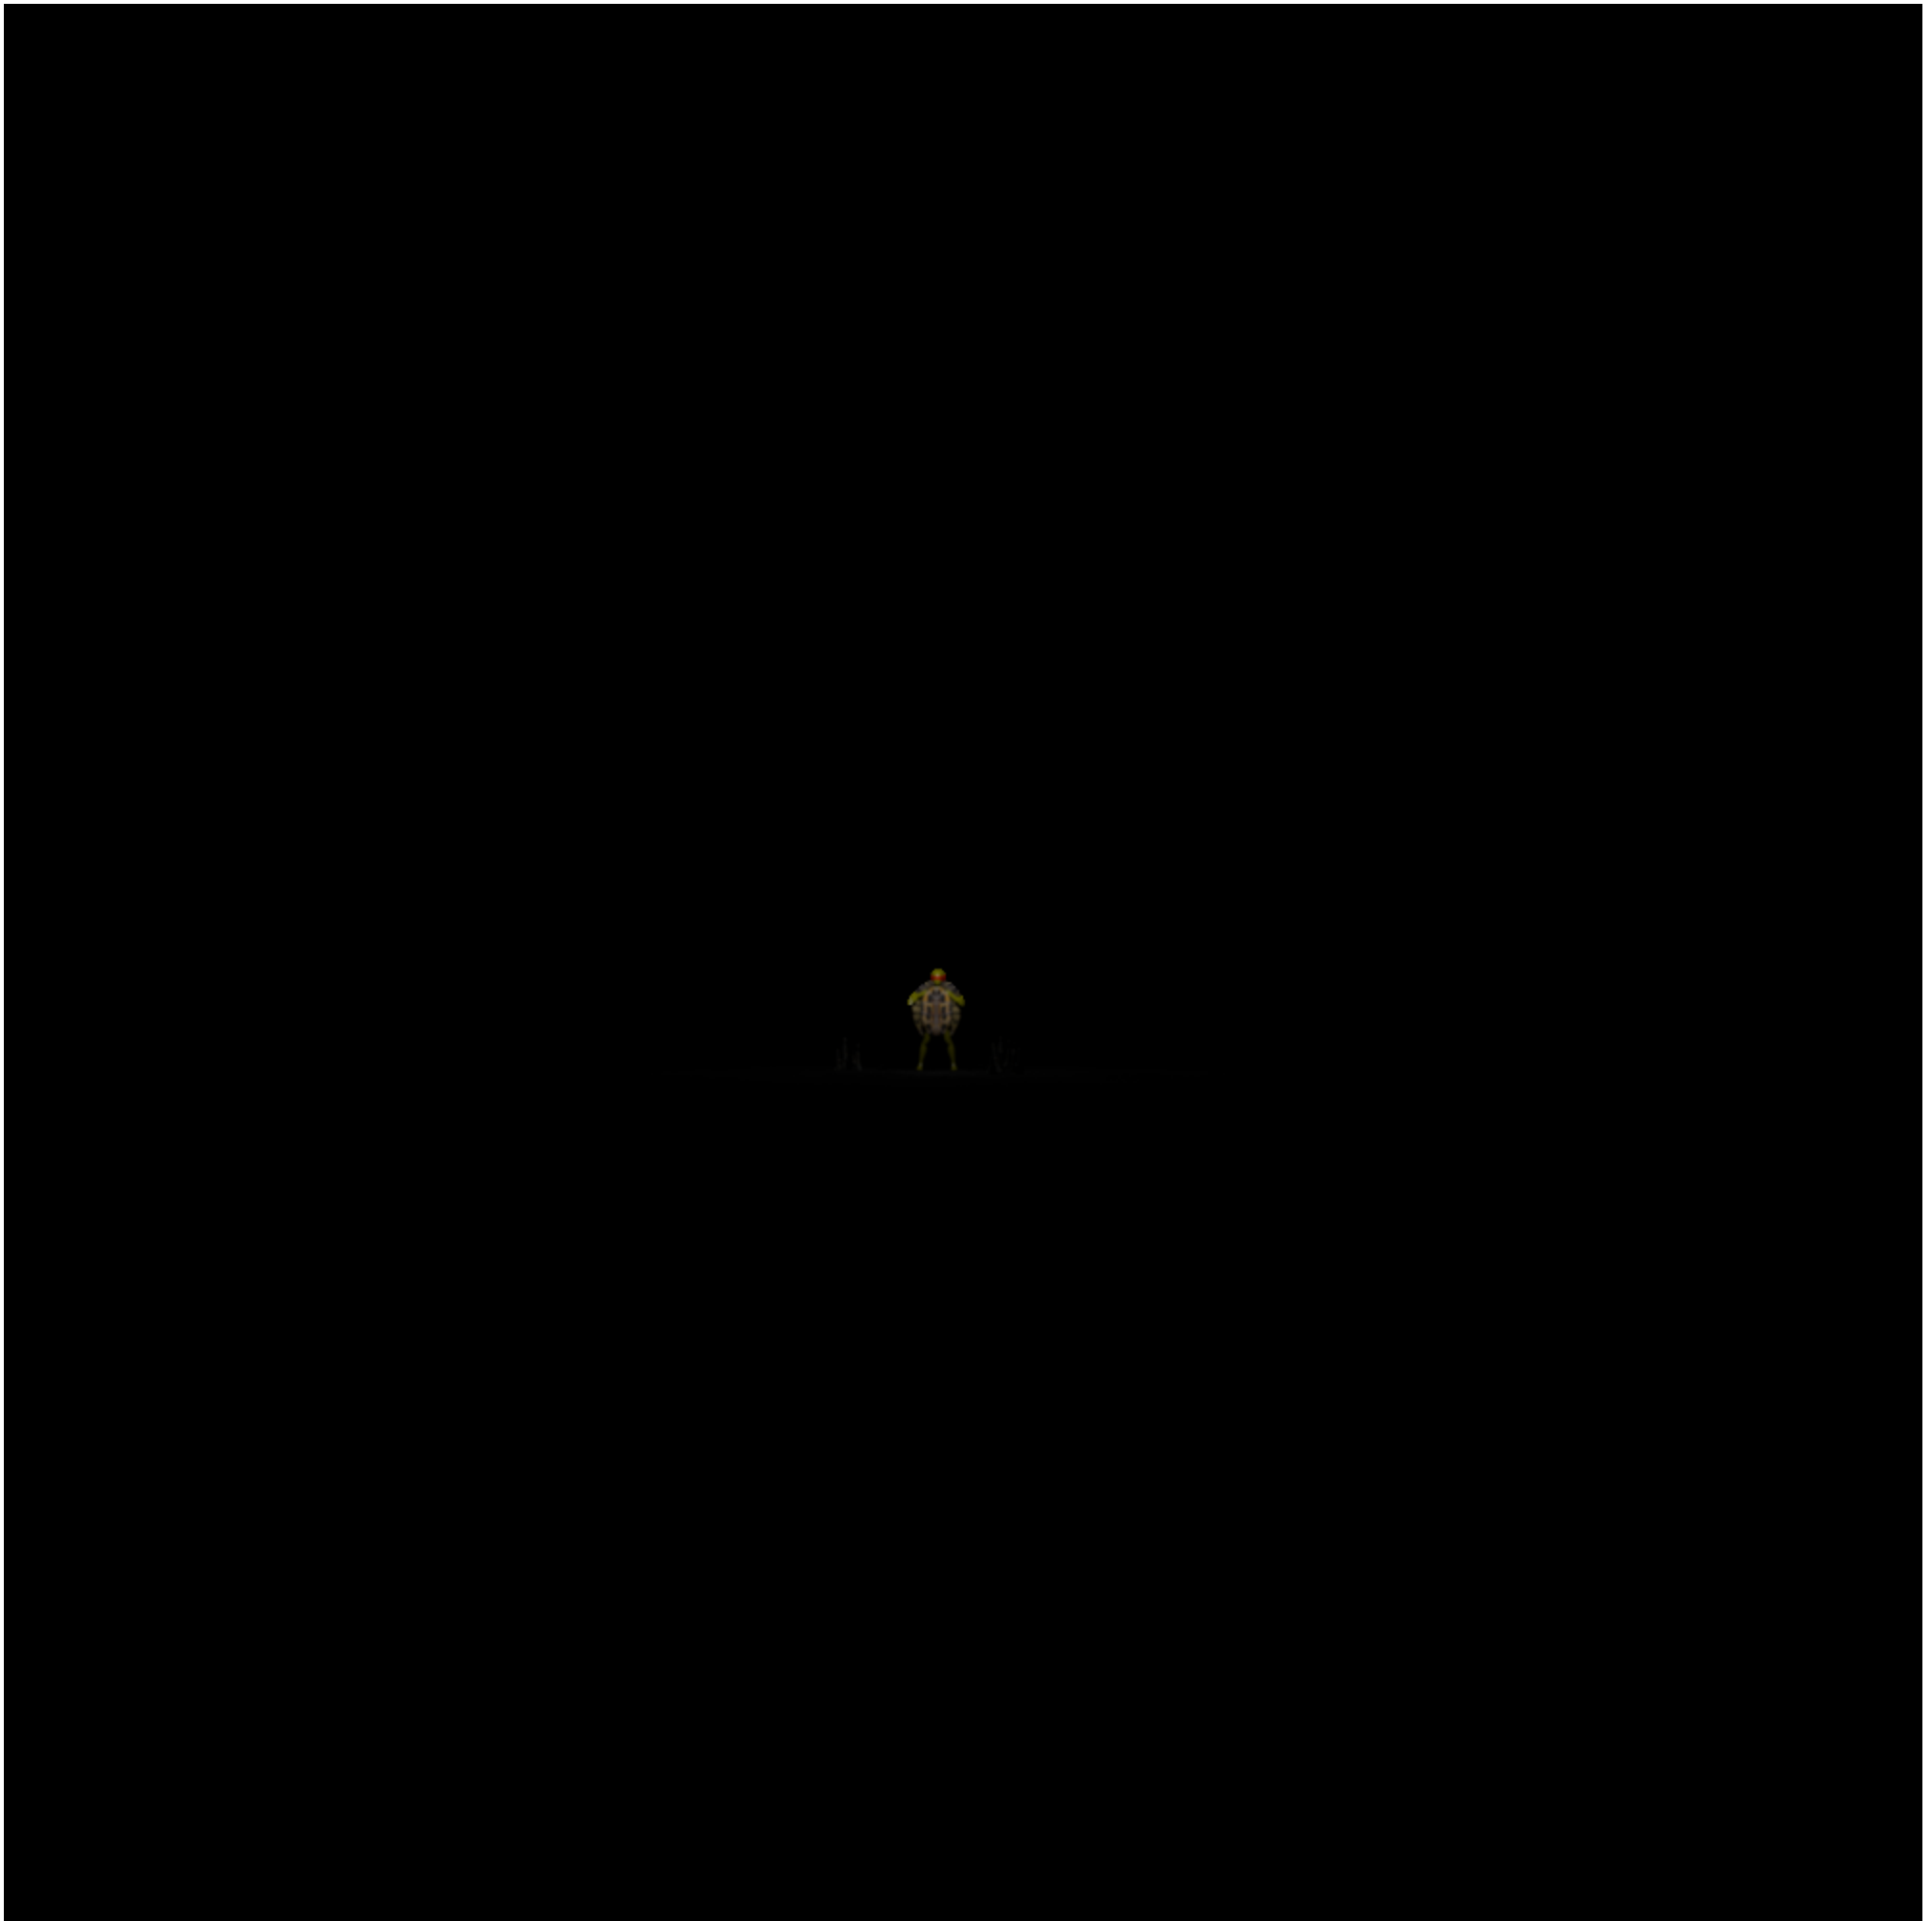

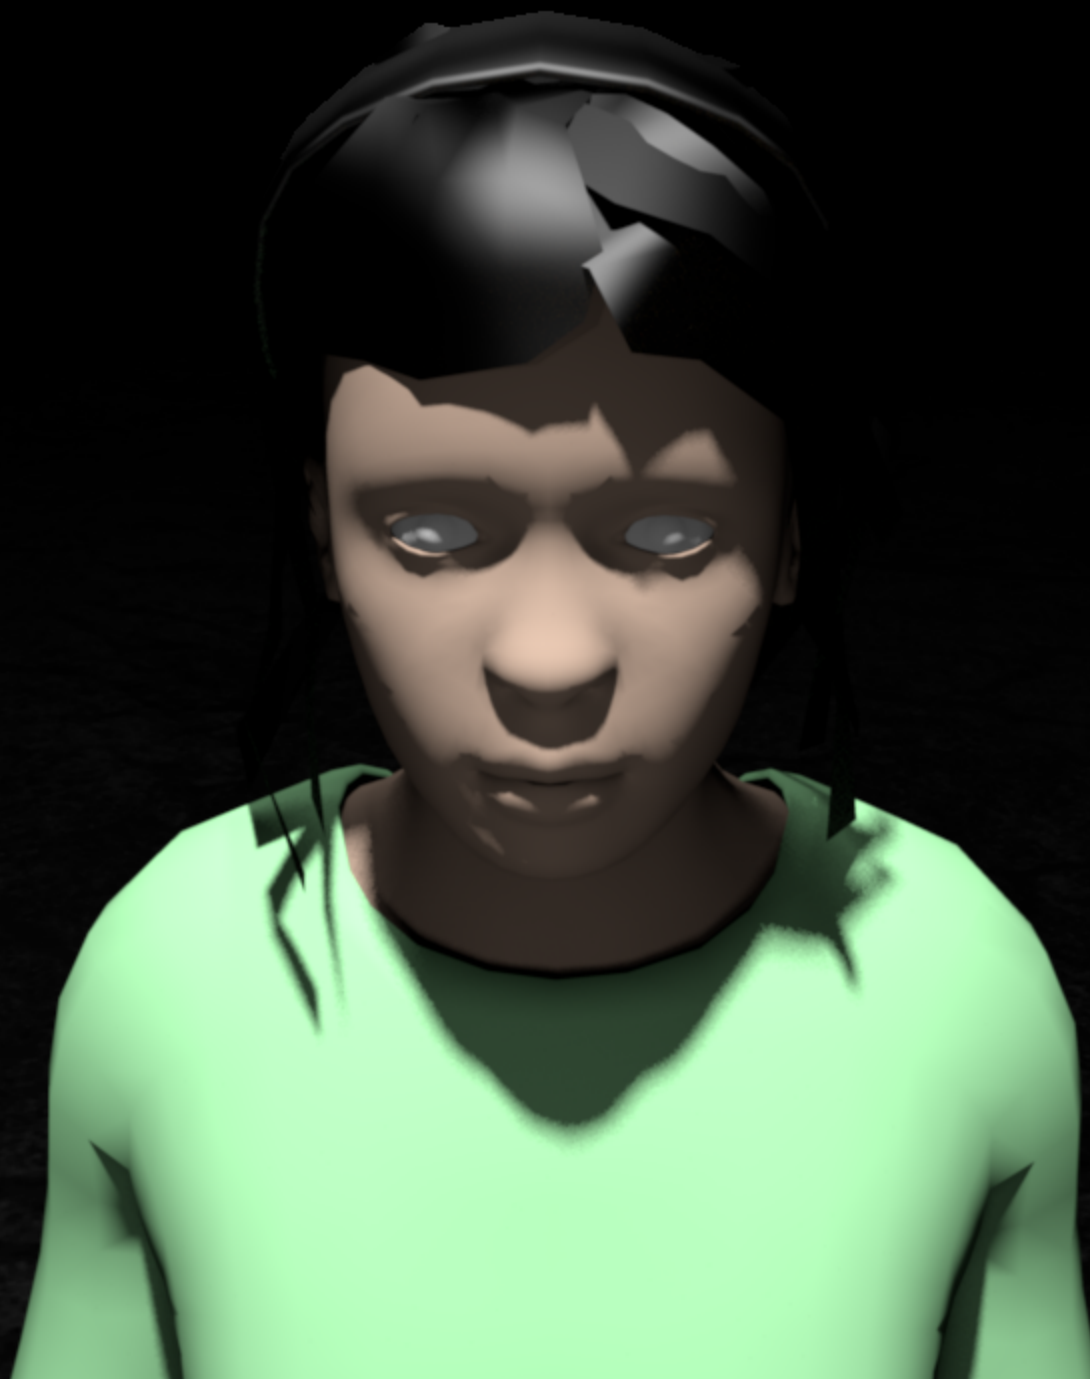

You look different

Forgetting has many layers.
Which are you on?

Who cares?

I want to show you something

Look closer

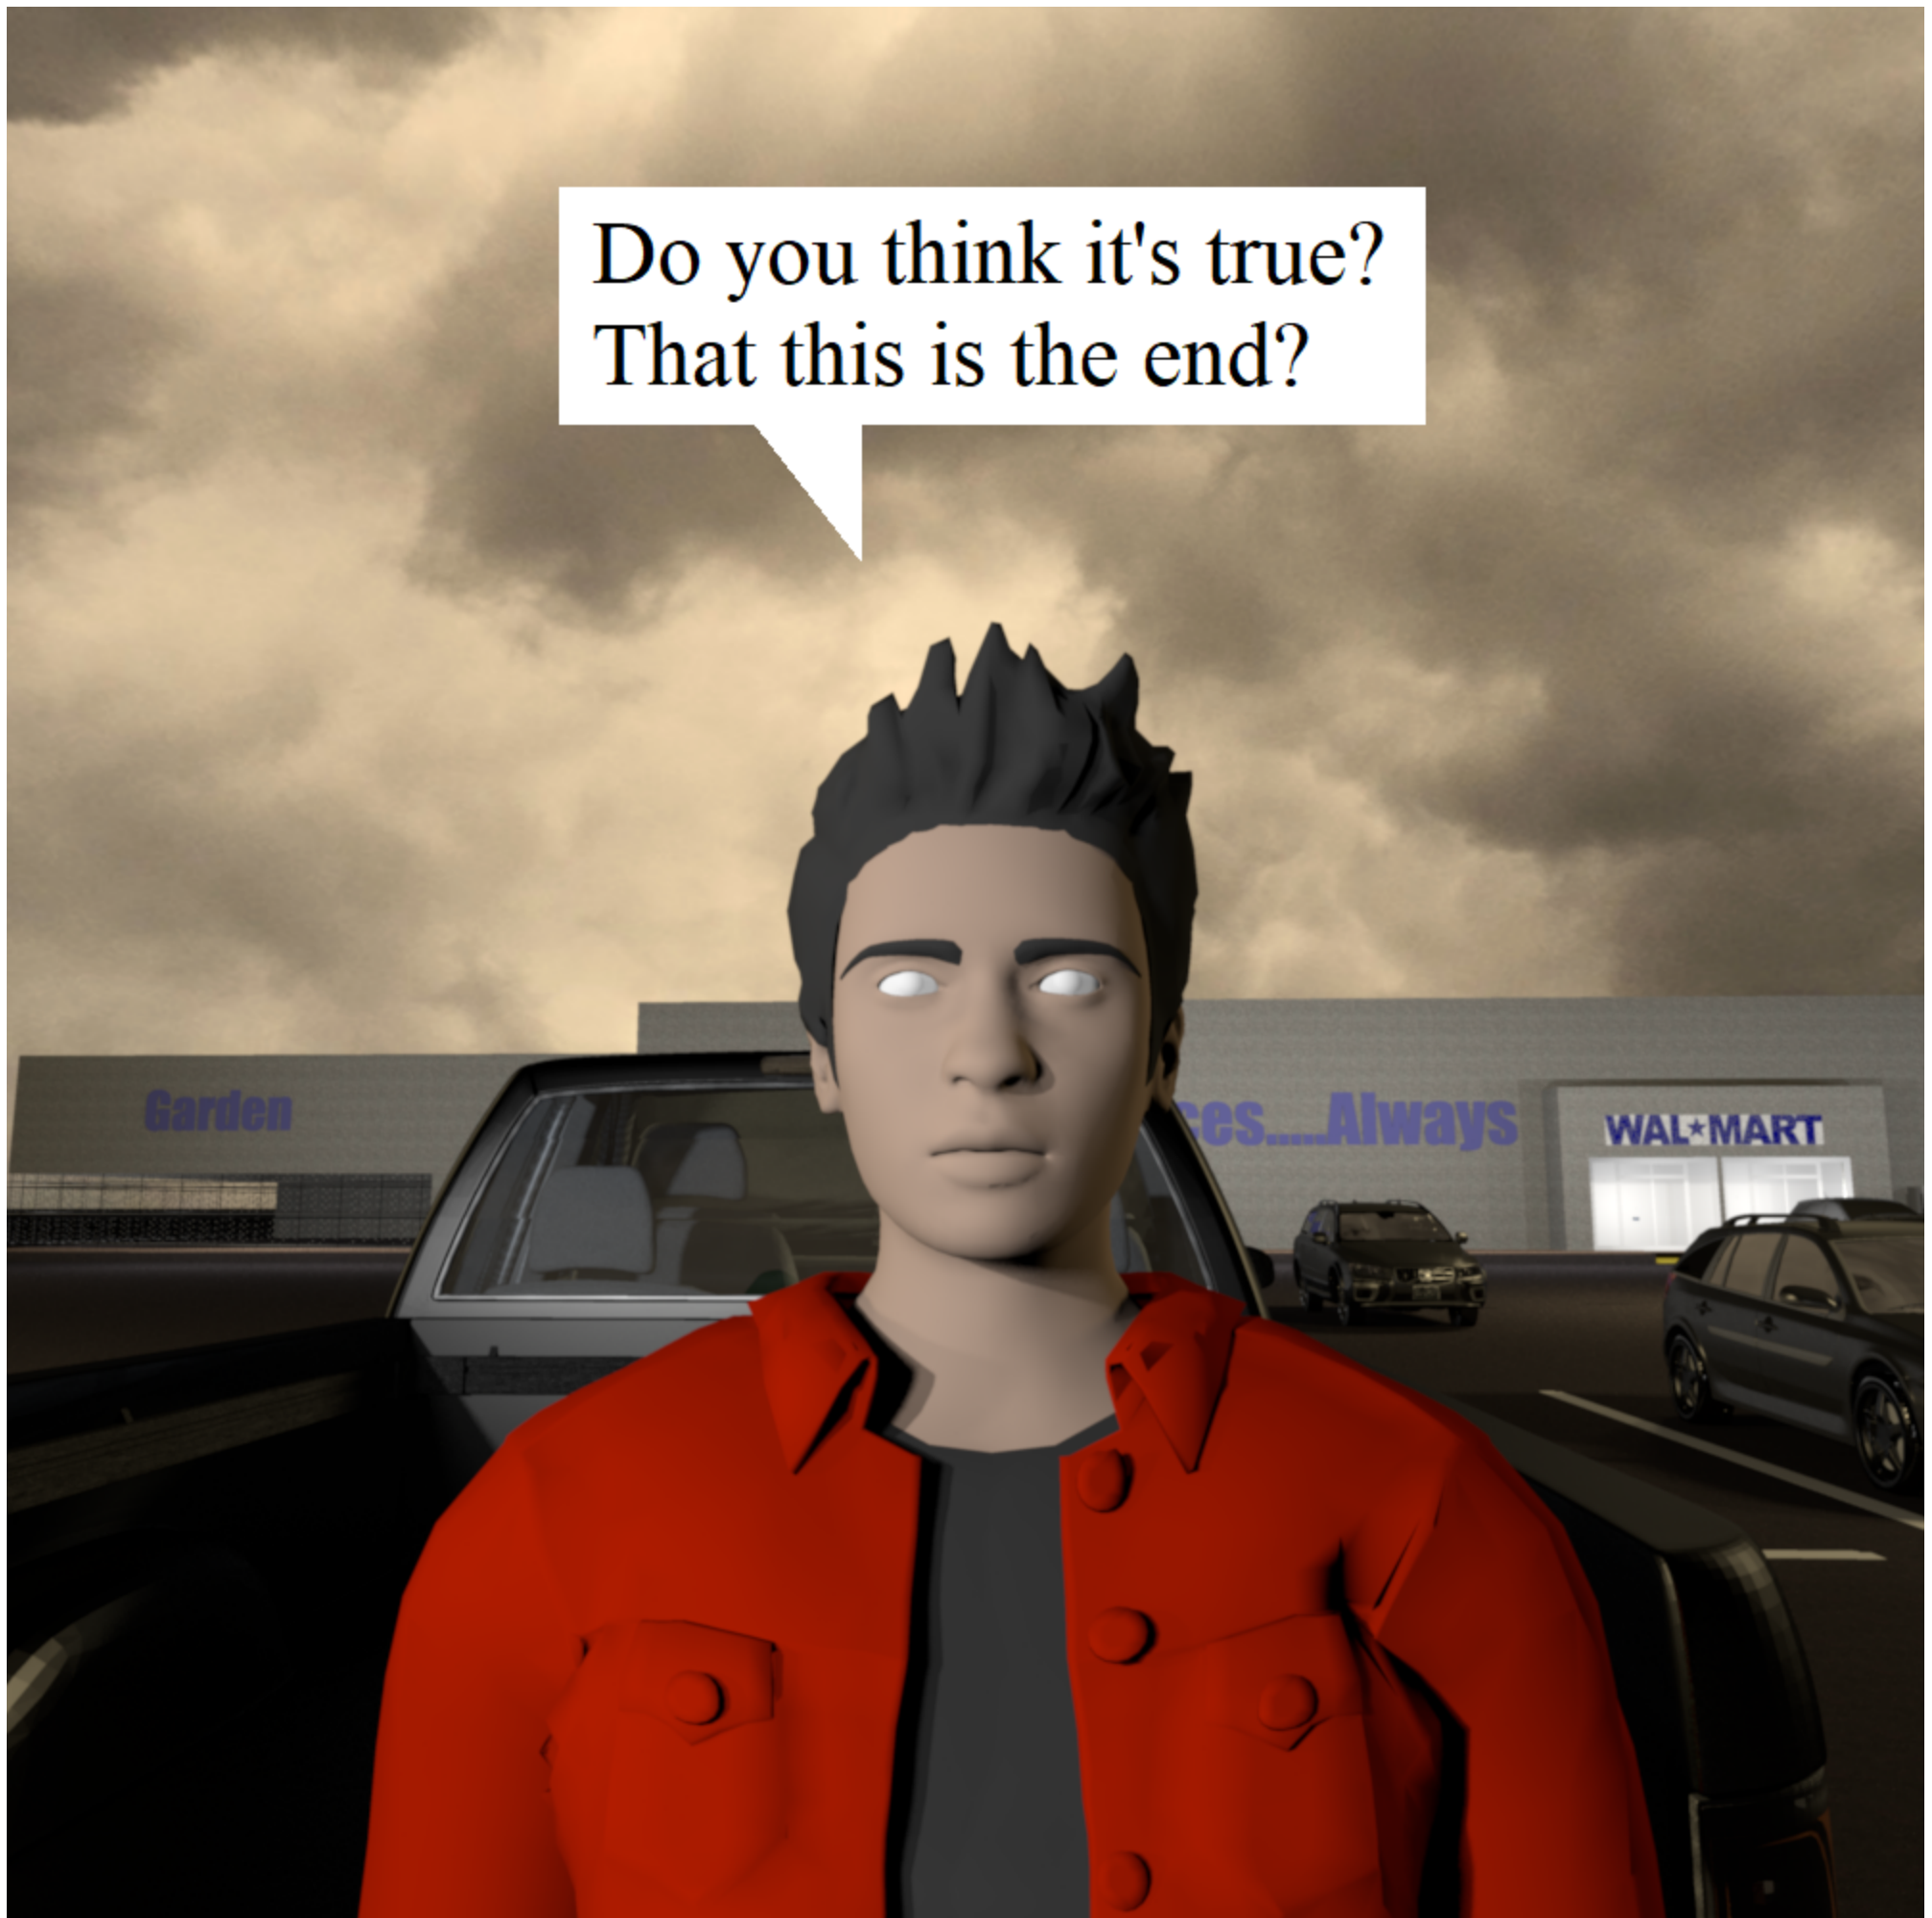

Do you think it's true?
That this is the end?

I hope so

You don't really
mean that do you?

Shut up, man
I don't know

Do you think we'll still get
to be together afterwards?
